Later, after the passenger trains were taken off the line, he became the conductor of a local run to the Corning terminus and was with that run at the time of his retirement from railroading.

Recently, Case was surprised to find in his mailbox one morning, a letter from the President of the New York Central lines, commending him on his long service to the huge transportation system and enclosing a Gold Annual Pass which will carry him anywhere over the entire NYC system.

"Pete" Case is particularly proud of that Gold Annual Pass, because the only men to whom that type pass is ever awarded is those who have served the railroad for a period of 50 years. He didn't expect to have one since he terminated his services 23 months earlier than the time required. He said that the prospect of getting that one type pass from the railroad firm was one of the reasons that he debated the idea of retirement from the road. He wanted that pass and was seriously considering staying on for the additional time required in order to obtain it. Now that he has the pass, he is content to have his days of railroading remain just a memory.

Hobbies he has none. He likes to fish occasionally and hunt, too. Most of his time now he says is devoted to his grandson at home and just staying at home and awaiting for the springtime and the grass to grow so that he can putter about the house.

His family, consisting of two sons and two daughters and his wife, is content too that "Pete" has decided to start "taking it easy." They feel that 48 years devoted to one job is enough for the life span of any man.

Residing with him at the Harris-av residence are his wife, daughter Jean and her husband, Fred Schaaf, and a grandson. His other children are Bob Case, manager of the Hilltop Swimming Pool, son, Jason, a grocer at Findlay, and another daughter, Ethel Garling. Six grandchildren in the family accord "Pete" Case the familiar greeting of "Grandpa."

Fire Destroys Westgate Home

Last Thursday a Hilltop family of four was forced to flee from their home into the sub-zero temperatures and a fireman suffered minor injuries when a fire struck the home of Mr. and Mrs. Willie Taylor at 378 Demorest-rd. The blaze gutted the one-story frame house and loss has been estimated at $7000.

Homeless as a result of the fire are Mr. and Mrs. Taylor and their two children, one a West High School student and the other a pupil in the elementary grade school. The home of a neighbor, John Hotnit, 370 Demorest-rd, is providing refuge for the Taylor family who lost their entire personal effects in the early morning blaze.

The blaze which was caused by a defective thermostat on a hot water heater, started after midnight. Bottled gas stored in the basement adjacent to the heater was ignited by the faulty thermostat, firemen said. The flames were battled for nearly a six hour period by one pumper crew dispatched from the Wheatland and W. Broad-st station.

One fireman, Albert Farrand, 425 S. Harris-av, injured his left arm and shoulder when he fell through the floor of the structure while battling the flames. He received treatment at the scene of the fire for his injuries.

Coffee for the embattled firemen was carried to the scene of the blaze from Kirwin's Restaurant, 2440 W. Broad-st, by Police cruiser.

New Scout Training Lodge Being Built

Construction of a training lodge at Camp Lazarus honoring the memory of the late scout executive, L. B. Bucher, was announced today by Fred J. Milligan, president of the Central Ohio Council, Boy Scouts of America.

Bucher, who served as scout executive for the Boy Scouts in the nine-county central Ohio area, died Oct. 6.

Milligan said friends of scouting have made possible the training lodge, which will be completed in March and will be dedicated to Bucher's memory. He said: "Thousands of scouts, their parents, and friends of scouting will be gratified to learn, particularly during the holiday season, that the great service rendered to boyhood in central Ohio by Les Bucher will be commemorated and perpetuated in this training lodge, which will be open and in use the year around for the training of volunteer leaders in the Boy Scout program."

Vet. Memorial Building Plans Are Postponed

Plans for the construction of the $5 million dollar Franklin County Veterans Memorial on W. Broad-st have been indefinitely postponed.

Dr. Wayne Brehm, president of the memorial board's trustees stated, "The plans have all been completed and we have submitted them for bids to 28 contractors. Due to present spiraling construction costs, none of the contractors would submit a bid without the inclusion of an escalator or cost-plus clause. We could not accept such bids since the law requires that the county may accept only fixed bids and prices."

Dr. Brehm intimated that the building might be further blocked by federal decision that its construction was not essential to the community.

He said, "The federally appointed defense building director will have to decide whether the memorial is essential. Since it contains a veterans' wing, there is that possibility; however, we would have to be assured that we could obtain building materials at fixed prices before we could continue our work."

"We probably won't do anything until the present world situation is straightened out. We must know that once construction is undertaken, it will be completed," the doctor added.

"Further," Dr. Brehm declared, "we want to assure the public that the project is not costing them any money while it is being held up. The revenue obtained from the property purchased for the construction is more than paying expenses."

Plan Wheatland-av Improvement Soon

According to information released this week from the office of Robert F. Werner, Columbus city engineer, one Hilltop street is included in an extensive street and alley improvement program mapped by the City of Columbus.

The local street being considered for further improvements is that of Wheatland-av from Springmont to W. Mound-st at a cost of $23,886. The Complete General Construction Co. has made a bid on the project in that amount, according to Werner.

It was indicated that the bid on the local street project would be accepted and awarded within the next few days. No information has been made available as to just when the actual construction work would begin locally.

Total length of projects through the city is 2.85 miles. The engineers' total estimate for the work was placed at $333,040.25 while the total aggregate of the bids for the street improvement program is $300,256.75.

Local Engineer Killed At Work

Franklin County Coroner Dr. Robert A. Evans issued a verdict of accidental death Thursday following an examination and autopsy of the body of John F. Focht, 61, 367 S. Eureka-av. Focht was killed Wednesday afternoon when his body was mangled after being caught in the refrigeration machinery at Borden's Moores and Ross Dairy Products Co., 165 N. Washington-av.

Focht, a stationary engineer, was found in the afternoon at about 2:30 p. m. in the engine room where he had been working alone. Fellow employes summoned fire department emergency squadman, who pronounced him dead on their arrival.

It is believed that Focht either fell into the machinery or brushed against a flywheel of the ammonia compressor and his overalls caught.

Borden's Moores and Ross officials said that Focht had a perfect safety record at the plant and was familiar with the machinery with which he had been working.

Focht is survived by his wife, Mrs. Zoe Focht, and a son, Russell E. Focht. Funeral rites were held Saturday at Cook & Son Funeral Home. Burial was in Green Lawn Cemetery.

"Dont give it to him," said the wife. "He doesn't need it."

Dog License Purchase Urged By Humane Group

Now is the time to buy a 1951 license for your dog. A reminder comes from the Humane Society of Columbus that all dogs three months of age and older must have licenses and wear them at all times.

In order to facilitate purchase for persons living out of the city humane officers will be stationed throughout the county to take applications for dog licenses beginning January 2.

Following are the dates and locations for purchasing dog licenses from local humane officers: Jan. 8., Rome, Harrison's Market, and Jan. 10, Hilliards, Arch Alder, Chevrolet dealer.

Licenses may be purchased daily in the office of the county auditor in the court house. Applications for dog licenses may be mailed to the county auditor's office, and must be accompanied by the license fee and a full description of the dog including sex and age.

License fees are $1 for male and spayed female dogs; $3 for female dogs and $10 for a kennel license.

SPORT SLANTS

By Dave Miller

West's basketballers made a grand comeback in the final half last Friday evening as they completed their holiday tours, defeating Marysville, 44 to 41.

The Cowboys, who now hold a 4-3 record in overall play, including their lone league defeat to Central, will start up play again in the rough City League tomorrow evening when they tangle with South's dead-eye shooting squad in the West gym.

The Cowboys were pretty miserable representatives to West in the opening two periods last week, but in the third quarter began to show some pep and took over where they left off in the fourth quarter to make the difference. Their shooting average, oddly enough under the bucket, was terrible.

The Monarchs had a dead-eye in James (Buddy) Hoffman, who accurately completely stole the whole show. He was a very aggressive player—being in the Cowboys' hair both on defense as well as offense. The five-foot 11-inch forward, who also is an all-state footballer, plucked in 21 points on nine goals and three of five free tosses.

The stocky forward hit for all but 20 of his school's tallies. Bob McCracken, Marysville's co-captain along with Hoffman, chimed in with nine, seven in the first quarter, while Jim Evans had seven and Bob Degood and Jim Kleiber two apiece. That's it — but that was enough to give West plenty of trouble.

The difference came about in the final period when West out-tallied the home forces, 12-9. Smith and Thornton, who also did most of the second-half rebounding, hit four apiece in that period while Trabue and Potts each had a bucket.

In the fourth period, once the Cowboys began to rebound things started to look bright and West held a 44-36 margin before Hoffman and Co. started a final minute spurge—only the fine stalling tactics of tricky Wimpy Potts held the ball for West the final 23 seconds.

SHORT BITS: When the Cowboy basketballers arrived in Marysville, and made the jaunt to the locker rooms, the gym was completely packed and things were planned for a reserve affair . . . However, West didn't bring its reserve squad—the contract calling for only one game . . . Incidentally, the loss injected by West was Marysville's first in 18 home games. North and Plain City were earlier victims in the gym this season . . . the gym has half-moon shaped bankboards.

Calvin Park, West High teacher, lives across the street from the school, and makes the trip to Columbus and back daily.

Hilltopper Aids Feathered Gentry

By Myron T. Seifert

Dr. Henry C. Shetrone, out Crescent-dr way, bird fancier, has done much to add to the comfort of the birds during the big snows. His locale is a sanctuary for the feathered friends where they congregate to have their banquets with the blanket of snow as a background in freezing weather.

The nature lover has had a mockingbird at his 3038 Crescent-dr home for the past several winters. He reports that there are so many berries on trees and shrubbery in the neighborhood that the bird is ignoring the food put out by Neighbor Shetrone and resorting to the repast of berries which thrive in abundance.

Dr. Shetrone, retired director of the Ohio Historical and Archaeological Society, also is well known for a great number of interesting hobbies, including flowers and cacti, which he propogates on a large scale. Shells, their history and story, is another diversion for versatile Mr. Shetrone.

Beauty Routine Starts With Old-Fashioned Cleanliness

Jean Simmons, whose hands are important to her both as an actress and as a woman, bleaches them with lemon before applying rich cream for smoothing them.

OLD-FASHIONED beauty tricks are often the best, according to Jean Simmons, well-known British film actress, who strives toward natural loveliness rather than sophisticated glamor.

Although her beauty routines are simple ones, she doesn't overlook the importance of regular care. She stresses that the basis of good looks is—first of all—cleanliness. Hair should be frequently washed, shining, well-brushed. Faces should be thoroughly cleansed before make-up is applied.

It's important, she continues, to concern yourself with beauty as a whole. Hands are too often neglected, she feels.

SHE suggests this routine for keeping them always ready for the spotlight of unexpected attention. Slice a lemon in two and rub the cut half over your hand. This will aid in bleaching, and in giving your hands the milky look toward which current fashion is trending.

To make certain they are smooth as well as white, she advises the use of a rich hand cream. Use this regularly before retiring, and supplement its good work during the day with a non-sticky hand lotion. Apply the lotion, after drying, to restore the oils that are lost when your hands are dipped in water.

LETTERS TO THE EDITOR

Dear Sir:

A real leader or an impostor—which?

We are living in an age of confusion. Today there is so much propaganda handed out to the people through the medium of the newspaper (the editor not to blame), the radio, and the television, that it is difficult to know whether what we read and hear is based on fact or just an expression of some in an effort to mislead the public that the individual may build a mind favorable to his scheme and to his personal welfare. It is this policy that has confused the minds of the people and has led to an unstable world.

If it is found that an individual is resorting to this kind of thing, it would be unsound to question his loyalty to the cause he represents whether in the political, educational, fraternal, or religious realm, but it is not unsound to impugn his judgment. The people have placed the leader in a responsible position, so it is their inalienable right to criticize the individual no matter who he is or what position he holds.

At this critical time there is no doubt that the people are more concerned about what is going on in the political world than in any one of the above mentioned realms. And well they may be, for if those who seek to destroy our liberties and ideals as guaranteed by the constitution of the United States (the greatest document of human liberties ever penned by the hand of man) should gain control, we would lose all the freedoms we now enjoy. Some of these are freedom of speech, freedom of the press, freedom of assemblage, political freedom, educational freedom, and religious freedom. These are not all that might be mentioned, but they are the main ones that have fashioned the American way of life. Should these be destroyed, the people would be subjected to dictatorship and become mere slaves to the dictator.

The trends of the present day seem to be toward the loss of our freedom and the loss of our right to interpret and decide in our own minds what is right and what is wrong. We must do as some one else says or take the consequences.

When God created man, in His infinite wisdom He imbued him with a faculty of the mind called conscience. This faculty enables one to know right from wrong. God also created man with a will which gives him the power of decision and enables him to decide whether to take the right road or the wrong road. This is freedom of thought and action, a liberty guaranteed by our constitution. The individual in exercising this right becomes responsible for his decision and frees himself from the dictator.

Two of the activities mentioned above, namely educational and fraternal, are not of such grave concern as the political and religious realm. However the schools of our country and the fraternal orders are doing a noble work in safeguarding our liberties.

In the world today the people have seen the result of the rule of the dictator. They have seen people lose their political and religious freedom. They have lost their right to think and act according to the dictates of their own conscience.

Who but a dictator would dare to attempt to control the religious life of a people? Who but an impostor would dare to assume the responsibility of driving people away from the place of worship? It would be bad enough to drive adults away, but to drive the youth of our land away from worship is a responsibility that only an impostor would dare assume and perhaps drive some youth to their eternal doom.

So then in our thinking we should lift our minds above the fog of a confused and unstable world. We should carefully analyze and weigh the policies of our leaders.

The Great Teacher of Teachers has warned us in His word to "Beware of false prophets which come to you in sheep's clothing, but inwardly they are ravening wolves. Ye shall know them by their fruits." From this warning we are to learn to always be alert as to the leader we follow in all the activities mentioned above, but especially to the political leaders.

If people would only lay aside their prejudiced views and think more of the rights of the other fellow, the fog in our thinking would soon be scattered, the propaganda gone, the world become stable and the rights and liberties of the public be restored. Let us choose wisely whom we shall follow in all realms of activity. Let those who will follow a demagogue, but as for me and my house, we will try to discern the real and true leader and follow him.

J. A. Downey,
155 N. Wayne-av.

Dear Editor:

In the interest of public safety would it be possible to insert the following information in your newspaper? I believe with co-operation from the dog owners of Columbus and the surrounding vicinity we could stamp out rabies.

Until several weeks ago I myself gave little thought to the fact that my dog could contact rabies in the winter months. I had him innoculated but wasn't impressed with the seriousness of the disease until a neighbor's dog died. The case was diagnosed as rabies.

Now Columbus has had a very small number of cases of rabies in the past few years. Only two cases in four years until last week, although there has been rabies in all the areas adjacent to Columbus during that time.

On Dec. 5 the first case within the city limits was diagnosed, although there had been about a dozen cases in an area just adjacent to the city in the last few weeks.

The health department, practicing veterinarians and the Humane Society are all aware of this dangerous situation and have been doing all that they are able to do to combat the spread of this disease.

Many people think that rabies or hydrophobia is prevalent only in the warm months, but this is not so. It can strike at any time of the year and when symptoms of the disease develop, there is no treatment that can be given that will halt it.

There are two things that the owners of dogs can do to prevent the spread of rabies. 1. Keep all dogs at home . . . Do not allow them to run loose or be tied in the yard unless there is a fence high enough to keep other dogs out . . . If dogs are taken for a walk, they should be on a leash. 2. Have your dog vaccinated . . . any veterinarian can do this and if all dogs are vaccinated, we could stamp out rabies in just a short time.

Please, let's all get together, we dog owners . . . do these two things and free ourselves of this worry. Let all do this before some human being is killed by this dread disease.

Very sincerely yours,
Mrs. R. R. Weatherington

The Gate Post

By Pat Martindale

This being the time of the year to make resolutions, we, at the Glenwood Recreation Center, can think of none better than to resolve to give the community the best programs ever to be had in the way of good clean fun and entertainment, sports and educational activities for 1951.

It is with great anticipation that we hope every one, young or old, resolve to take advantage of the programs offered.

The first issue of the Glenwood Echo will be distributed this week. Copies may also be obtained at the Glenwood Center.

News of the various activities at the center is told by the participants themselves in this issue. Other items include schedules, feature story, poems, a joke corner and news of interest around the Glenwood Center.

The Newspaper Club will hold its regular meetings on Tuesdays at 7 p. m. in the teen-age room. New members are invited to join. News items are acceptable from any one wishing to contribute by either writing in or calling the center.

The boys and girls of the center are collecting sales tax stamps to purchase a television set for added entertainment. A newspaper and magazine drive is under way to help the funds towards the TV set. Both tax stamps and papers can be brought to the Glenwood Center by anyone wishing to do so.

Special classes on basket weaving are now being held. This is a good opportunity for the ladies of the community to make bread-baskets, fruit baskets, sewing baskets and baskets for other personal uses.

Adult classes are held on Wednesday at 7 p. m.; for the boys, classes are held on Thursday, and girls' classes on Tuesday with joint classes on Friday at 4 p. m.

For boys and girls over 10, bowling teams are being formed at the Hilltop Alley on Friday at 4 p. m. Special rates have been extended to the Glenwood Recreation Center. Complete information may be obtained from Jeanne Williams.

Beginners' tap-dancing classes will start for boys and girls on Saturday at 11. The regular classes will continue at 10 on Saturday mornings. All ages are invited to join one of the classes.

The Glenwood Center is cooperating with the Hilltop YMCA in the girls intermediate basketball league. The league games begin play on Jan. 10 in the Glenwood gym at 7 p. m. There will be teams representing various "Y" organizations and Glenwood Center.

With four teams in the intermediate basketball league at present, games will start on Jan. 4 at 7 p. m.

The Junior boys have three teams in the league and their first game will be played Wednesday, Jan. 3, at 4 p. m.

There is space in the schedule for three more teams (boys from 10 to 14) and two more teams in the Intermediate League (14 to 18). Any boy who wishes to join a team please contact "Doc" Reister at the center.

It is the hope of the Golden Age Club that the membership increase with the New Year. The meetings are held on Wednesday afternoons at 2 p. m.

Any person 60 years or older is eligible for membership by merely attending the meetings. The meetings consist of short business discussions followed by cards or other games, reading or just visiting with friends. Refreshments are served after each meeting and once a month movies are shown. E. W. Leather is the president.

Young married couples and entire family gatherings are encouraged to take advantage of the Friday evening programs offered at Glenwood. Gymnasium activities, badminton, canasta and other games are held in the early part of the evening with round and square dancing starting at 8 p. m. Teen-agers are especially invited to attend the dances.

Special arrangements can be made for the use of a meeting room for clubs or community affairs by calling the center a few days in advance. The center opens on week days at 2 p. m. and closes at 10. Saturday hours are from 9 to 12 noon.

Wings To Sponsor Full Wrestling Show

All proceeds from the match will go to the work of Nightingale Cottage. At the present time there are 20 children at the cottage—where through its program of medical and nursing care, occupational and physical therapy, the staff devotes its efforts to attain maximum physical restoration of handicapped children.

Cake of the Month

By BETTY BARCLAY

Wintertime seems especially appropriate for a rich chocolate layer cake—with snow-white coconut-flavored vanilla pudding as a contrasting filling. The sugar topping, which gives the effect of powdered snow, fits right into the winter picture—all contributing to a cake that tastes as delicious as it looks.

Chocolate Coconut Cream Cake

2 cups sifted cake flour
1¼ teaspoons soda
¾ teaspoon salt
½ cup shortening
1½ cups granulated sugar, or 1½ cups firmly packed brown sugar
2 eggs, unbeaten
3 squares unsweetened chocolate, melted
*Buttermilk or sour milk (see below for amount)
1 teaspoon vanilla

*With butter, margarine, or lard, use 1 cup buttermilk. With vegetable or any other shortening, use 1 cup plus 2 tablespoons buttermilk.

Sift flour once, measure, add soda and salt, and sift together three times. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add eggs, one at a time, beating well after each. Add chocolate and blend. Add flour, alternately with buttermilk, a small amount at a time, beating after each addition until smooth. Add vanilla. Turn into two deep 9-inch layer pans which have been lined on bottoms with paper, then greased. Bake in moderate oven (350° F.) 30 minutes, or until done. When cool, split layers in half and spread with vanilla coconut filling.

For design on top of cake, cut a piece of paper into a scalloped pattern and place on the cake. Then sprinkle on confectioners' sugar. Carefully remove pattern.

Vanilla Coconut Filling. Prepare 2 packages vanilla pudding powder as directed on package, reducing milk to 1¼ cups for each package. Chill. Fold ⅝ to 1 cup cut shredded coconut into chilled pudding and spread between split cake layers.

Mrs. George Terry, 281 Maple-dr, entertained 24 members and two guests of the Ruth Circle in her home this past Thursday evening. Everyone enjoyed a pleasant evening of games and exchanged gifts and received the names of their silent sisters for the coming year.

Our community was greatly honored recently when visited by 12 young men and women from the four zones (French, English, Russian and American) of Austria, who were guests in the rural homes of members of the 4-H Club. They arrived in a chartered greyhound bus and had just attended a 4-H convention held in Chicago. Their leader, Joseph Mosser, 34, was the only one who spoke fluent English. He was the guest of Mr. and Mrs. Elmo Spring of Galloway. All other members of this group spoke German, almost exclusively.

Mr. and Mrs. Curtis Link and family, 3842 Fisher-rd, were hosts to Anton Voetter, 21, of Tyrol, Austria. He was delighted with the farm life of the Linke's and was utterly amazed to see Mrs. Link's fruit cellar and the beautiful canned fruits. When questioned about his obvious surprise, Mr. Voetter said that they had no fruit to can in his community. He was practically ecstatic over the jar of strawberry preserves given him by Mrs. Link and assured her that this was a real treasure.

Ludmilla Riegler, 21, a 4-H leader of Stiermark, Austria, and Anni Grundler, 16, of Tyrol, Austria, a talented accordionist, were guests of Mr. and Mrs. C. H. Brown, 635 Rome-Hilliards-rd, and daughters, Doris, who is a sophomore at Hilliards High School, and Janice, who is in the eighth grade. Both Anni and Ludmilla were pleased with our American way of life, and found the many dresses of the Brown girls, as well as their dolls, incredible, insofar as fabric content and actual number. These young ladies entertained the 100 guests at the 4-H banquet held at the Brown Township School Wednesday evening with accordion music and yodeling. Both were accustomed to having five meals a day (consisting of salt pork almost entirely) and seemed impressed with the amazing variety of our table fare.

Hilde Dornik, 21, daughter of an extension director, was the guest of Mr. and Mrs. Melvin Krieger and family of Galloway.

Johan Griesberger, 16, and Franz Hillinger, 17, were guests of Mr. and Mrs. Arthur Fisher and family of Hilliards.

Johan Ebner, 16, of Salzburg, Austria, was a guest in the home of Mr. and Mrs. Ellis Hoffman, 758 Rome-Hilliards-rd, and was impressed with all the electrical and mechanical wonders which we take for granted so casually. However, he indicated that our continual hurry was anything but casual.

These fortunate young people won their trips to this country through the Marshall Plan and their 4-H projects and endeavors, and felt they were indeed most fortunate to be awarded such a wonderful opportunity to make our acquaintance and to discover that we are a wonderful nation and most gracious hosts. They planned to visit in Champaign County and then continue on to North Carolina and then home on Jan. 5.

Mr. and Mrs. George Terry and daughter, George Anne, and son, Dick, 281 Maple-dr, were holiday guests of Mr. and Mrs. Raymond Swaney and family of Pontiac, Mich. During their visit with the Swaneys they celebrated the 25th wedding anniversary of Mr. and Mrs. Swaney. Mrs. Swaney is a sister of Mrs. Terry.

Hearty congratulations are extended to Mr. and Mrs. Frank Dougherty, 107 Lawrence-av, who celebrated their 50th wedding anniversary on Christmas Day, with an open house from 3 to 6 p. m., at the home of their daughter, Mrs. Vernita Hunt, 2023 Fairmont-av. The Doughertys are members of the Columbia Heights Methodist Church and have another daughter, Mrs. Meyer Ruden, 896 E. Main-st, and two grandchildren and two great-grandchildren.

Mr. and Mrs. Floyd Armstrong, 318 Lenox-av, entertained with a holiday dinner party for Mr. and Mrs. L. W. Johnson and Mr. and Mrs. Harold Hart of Hilliards.

With Mrs. Louis Durban's condition improved since her return from Mt. Carmel Hospital, she and her husband entertained Mr. and Mrs. Lawrence Judson and daughter, Marilyn Sue, 1155 N. Hague-av, Mr. and Mrs. Cary Crego, 52 Maple-dr, Mr. and Mrs. Louis Crego and family of London, Mr. and Mrs. William Lase of Columbus, Mr. and Mrs. Clinton Warner of Hilliards, Mr. and Mrs. Milton Nicol and son, Kenneth, of Milford Center, and Mrs. Warren Hilbert of Westgate, during the holidays.

Sincere congratulations are extended to Mrs. Durban, who will enjoy her 80th birthday anniversary on Friday. Friends wishing to congratulate her may do so at her address, 23 Buena Vista-av.

Best wishes were extended to Mrs. O. G. Riebel, 5290½ W. Broad-st, by the members of the Women's Missionary Society of St. Paul's Lutheran Church on this past Thursday at the conclusion of their meeting, when they presented her with a basket of beautiful gifts. Mrs. Riebel, who has been an active club woman and an interested and enthusiastic worker in all beneficial projects for the school and community, has been confined to her home and is recovering from a heart ailment. All her friends wish her a speedy recovery and miss her cheering smile and kindly greeting.

The Low Down On High Ridgers

By One of Them

The BELVIDERES and BUTLERITES not only saw the New Year come in, but a few of them saw the sun come up.

ELINOR WEAKER on Wrexham had a dramatic New Year's Eve party. At 12 o'clock sharp, her husband dressed as old man 1950 went out the door and down Wrexham, while ELINOR herself dressed as the 1951 model made her entrance at 12:01. Leave it to the Hi-Ridgers to think of that.

HERMAN SCHULZE still has a headache from the week-end. His illness wasn't due to imbibing, however. He got slugged in the head by a couple of bandits robbing his store.

DOTTIE MOMEN is a bad way. ADVERTISING for prosperity for '51.

The SCHOEDERERS and NOWMANS planted their Christmas trees in their front yards. Next Yuletide, they won't have to shop around for one.

The BROWNLEES gave a nice gift to ROBBIE, their son. The Pontiac wasn't a new car, but pretty near it.

MARY DEMOREST and CATHERINE CLOUSER had about the prettiest fireside decoration we've seen. It's still up, and will be until they celebrate "Little Christmas" next Saturday.

ALICE BERNHOFF was clever. Her husband bought her a dress for Christmas. It didn't fit, so she exchanged it for a suit which he'll be paying for now until she gets her spring outfit," he says,—but cheerfully.

TAKE THE ADVICE OF A TRUST OFFICER
THE TIME TO PLAN YOUR BURIAL ESTATE IS NOW
Your trust officer knows, better than any other man, the advantages of planning in advance. Arranging estates is his business. He'll tell you, "like any estate, your cemetery lot or family burial estate should be planned NOW—not left until the time when good judgment may be warped by grief, confusion, pressure of time and, all too often, the absence of the head of the family!" I DECIDE TO TAKE HIS ADVICE AND ACT NOW.

Fire may ruin you financially—destroy everything you own—wipe out your life's savings! Your only protection against loss is added insurance. If you have insurance, is it enough? Insurance, like everything else, is subject to progress. You owe it to yourself to bring your policies up-to-date.

GM Unveils Futuristic Test Car

An experiment in the automotive future is the low, sleek Le Sabre, a racing body sports car General Motors has unveiled in full-size model form. When completed this spring the actual car will be a "laboratory on wheels" to test advanced design and mechanical features for possible future use on production models. Only three-feet high at the cowl, the Le Sabre has a standard 6-inch ground clearance and ample passenger leg and head room. Magnesium and aluminum alloys are substituted for steel on the body and engine of the car, thereby greatly reducing its total weight. Harley J. Earl, GM vice president in charge of styling, shown with the car, said that it has been under development the past four years. The dramatic, sweeping lines of jet aircraft are incorporated in its styling theme.

Keep Up The Good Work

We like the report from City Auditor Barthalow's office to city council regarding the handling of relief cases.

And who could help but be amused at the retorts passed toward Hilltopper Bill Ferguson who made the investigations in which he found that relief clients were buying TV sets, etc.?

Bill is now being accused of not having the proper training to investigate relief cases, he doesn't have the proper sense of social responsibility, etc!

But one thing he does have that he isn't being given credit for; He has a desire to see that something is done about people who want to chisel on the government! Keep it up, boys!

Petition Urges Local Purchase Of Fire Truck

More than a hundred taxpayers of the Briggsdale-Brown-rd area met last Wednesday evening in the Briggsdale School and presented a petition containing 388 names to Franklin-twp trustees urging the purchase of fire equipment from a local source for the Briggsdale area.

The petition urged local purchase of the fire equipment for their area on the grounds that the men who would man the equipment are more familiar with, and favored the local product. They asserted also that with critical shortages of materials looming ever nearer, should replacement parts be necessary the local firm would be able to supply their needs immediately.

Purchase of equipment from other than a local source has already been made for the Franklin Heights and San Margarita areas as a part of the Franklin-twp fire protection plan approved by the electorate at the last election.

10% Off Five Local Stores Aid Kiwanian Suit Sale

That old suit or topcoat which you don't intend to wear again isn't going to do anyone any good hanging in the closet . . . it's what you might in a sense of the word, call a "hanging asset." This is January, 1951, and a very good time to liquidate some of those "hanging assets" into a 10% credit toward purchase of a new suit or topcoat.

Five Hilltop merchants cooperating with the Hilltop Kiwanis Club in its annual Old Suit Rummage Sale are currently offering that 10% credit toward purchase of new wearing apparel if your old suit or topcoat is brought into their stores in the period of Jan. 12 through Jan. 20.

Any old suit or topcoat which is clean and still in useable condition will be accepted by the Kiwanis for its rummage sale and if you don't have the time to bring it to any of the stores listed, a telephone call will bring a Kiwanian to your home to pick up the garment.

The five cooperating Hilltop stores are Bendure Tailoring Co., 3167 W. Broad-st, RA. 5830; Hilltop Cleaners, 3423 W. Broad-st; Seiller's Department Store, 2404-12 W. Broad-st, RA. 8413; Sunbrite Cleaners, 2130 Sullivant-av, RA. 5239 and Esquire Men's Shop, 2417 W. Broad-st, JO. 1259.

Federal Aid Loss Will Not Halt Mt. Carmel Hospital Completion

The loss of a reported $280,500 in federal aid grants to Mt. Carmel Hospital last month will not deter the building's completion, according to spokesmen of the United Hospitals Building Fund.

The money, $90,000 of which was slated for equipment in the new $3,500,000 addition to the hospital, represented a major goal in completion of the project.

"This means more money out of all our pockets," said Delbert L. Pugh, representing the building fund. "We shall have to appeal to the kind-hearted citizens of Columbus. They are the only ones who can help us."

Mr. Pugh, however, indicated a belief that the decision to slash the appropriation might possibly be reconsidered: "We know that hospitals are important to this country and in a case involving national defense, they assume an even more important role."

"Hospitals are in our first line of defense. If the present world situation should result in war, our hospitals would assume major responsibility for the community," he declared.

"However," he added, "Congress has yet taken no measures to reinsert the funds."

The new, L-shaped wing, one year from completion, will provide 185 beds for patients and 68 bassinets, complete and up-to-date surgical, obstetrical, physical therapy, x-ray and laboratory facilities.

The importance of Mt. Carmel to the community cannot be ignored. It is the only hospital in a position to service the western part of Metropolitan Columbus and Franklin County.

Excluding Ohio State University Hospital, Mt. Carmel will be the largest hospital in the city and county.

Figures on services rendered in the hospital register a 200 to 400 per cent increase during the past 10 years with no attendant increase in size of its physicial facilities.

Aiding the United Hospital Building Fund's drive to regain the money lost in the federal appropriations slash is a plan presented by representatives of the fund to local industrial and business men. The plan requests donations from industry and business in the amount of $52.08 for each worker employed by such industry or business.

One of the first local industries to boost this plan was Buckeye Steel Casting Co., whose president, Frank H. Bonnet, said, "There is no question of the urgent need for more and better hospital facilities in the city. The Buckeye Steel Casting Co. wants to do its full share to supply the additional hospital beds and the units required by our nearly 1500 employes and their families and by the community at large."

Members of the building fund hope that this plan, supplementing individual contributions, may add enough money to the stated goal of $6,750,000 for hospitals throughout the city to make up for the loss of federal aid. They state that Mt. Carmel will receive its more than $2,000,000 allocation.

Luckily, Mt. Carmel's contractors have nothing to fear from shortages of materials. Materials necessary for the building's final completion have all been purchased. All copper, lead and steel fixtures and parts are now on hand.

The eight floor addition is now partially finished on the exterior and interior work is under way. The new addition should open before 1952.

Drivers' License Law Clarified

Many West Siders may be driving our streets without drivers' licenses, through ignorance of the new state law.

The law specifies that a person may purchase a new license during a 30-day period before his first birthday after Sept. 30, 1950.

The law also grants a three month "grace period" after the date of the person's birthday, during which he may not legally drive, but before the end of which he may buy his license without taking another driving test.

If the license is not renewed within the three month "grace period," drivers must undergo another driving test.

Licenses may be obtained at the Hilltop Business Association office at 3183 W. Broad-st from 9 to 5 p. m. during weekdays and 9 a. m. to 12 m. on Saturdays. According to Jack Morris, the office handles operators' and chauffeurs' licenses, temporary permits and applications for duplicate licenses.

License tags will be sold at the Hilltop Business Association office in March. Sales will be handled by members of the Kiwanis. Drivers are reminded that tags will no longer be sold at the Bureau of Motor Vehicles.

Local Man Killed In Cycle Crash On 3-C Highway

Death claimed another local motorcyclist Saturday night when Clarence Baker, 31 of 324 Leehner-av was killed as the motorcycle which he was riding went out of control and crashed into a tree in the 3-C Highway at Briggs-rd.

According to state highway patrol reports, Baker with three other men was in a grill nearby and Baker borrowed the motorcycle of Del Barker, 171 Shults-av to take a ride.

Highway patrolmen said that Baker was headed south in the 3-C Highway when the accident occurred. His chest was crushed by the impact with the tree and he was dead on arrival at Mt. Carmel hospital where he was taken in a local ambulance.

Baker resided with his sister, Sylvia W. Baker at the Leehner-av address. Both parents are dead. He was employed as a motorcycle "pick-up" man at the Saeger Buick Co., on W. Broad-st.

According to H. M. Van Fossen, 1281 Sullivant-av, Ray Bandy, 4982 Sullivant-av, and Barker owner of the motorcycle, Baker had left their company at the grill only a short time prior to the fatal crash.

Gas Fumes Fatal To Local Woman

Mrs. Erma Lacey, 60, died Friday afternoon after she and her husband, Joseph L. Lacey, 60, were overcome by fumes from a defective gas furnace in their home at 491 N. Warren-av.

They were found by Sheriff's Deputy William D. Colvin. Deputy Colvin said that Lacey was just inside the front door on his hands and knees and was semi-conscious when found. Colvin carried him to the front porch and Lacey murmured, "my wife is inside."

Colvin found Mrs. Lacey in a bedroom.

Both husband and wife were treated by an inhalator from the Jerry Spears Funeral Home. The family doctor pronounced Mrs. Lacey dead and gave the cause as a "heart attack caused by gas."

Deputies ascribed the asphyxiation to a crack in the firebowl of the gas furnace.

Services for Mrs. Lacey were held in St. Patrick's Church Monday with burial in St. Joseph's Cemetery.

Auditor Scores Welfare Attack On Ferguson

William Ferguson of the Hilltop would not have been appointed as investigator of the relief situation for the City Auditor's office if he had been previously trained in "welfare work and its philosophy," said City Auditor R. P. Barthalow, Wednesday as he defended the local man against criticism which resulted from Ferguson's uncovering of irregularities which exist in the administration of relief offices in the city and county.

The auditor's comment was in reply to an attack on Ferguson by Franklin County Welfare Director Robert Stith following Ferguson's report of laxity of administration in the welfare department.

Stith's criticism came after Ferguson's report on relief chiseling in the county welfare department by "clients" paid from city funds. The report made findings of TV sets, property ownership, and autos owned by clients on relief rolls.

In his reply to Stith, Barthalow added:

"Mr. Ferguson is not indoctrinated with the welfare state idea. If and when he becomes so indoctrinated, then I shall find another investigator to cover relief cases.

"It has been my observation that all too many persons trained in social welfare work have been indoctrinated with the idea that the more money that is spent for relief purposes, the best results are accomplished, irrespective of how the money is distributed."

The auditor declared "there is no place in the properly administered public relief department for the socialistic idea of a welfare state."

RABIES Threatens Every Home Here

★ ★ ★ ★ ★ ★

Drastic Controls Needed

Nearly a score of rabies cases among animals in this vicinity have been discovered over a period of several weeks and more than three score humans are currently receiving treatment after contact with rabid animals . . . humane officers have been given instruction by the Franklin County Board of Health to arrest violators of quarantine measures which were set up.

That is all well and good. BUT . . . just what measures are being taken by health authorities to actually prevent further spread of the death dealing disease? It is one thing to say that you will do this, or that, to curb such a ravager of human health, but to take steps toward its actual prevention is another matter entirely. It has often been said, "An ounce of prevention is worth a pound of cure." Isn't it about time that preventive action is taken?

The Hilltop Record last week proposed that measures be adopted whereby compulsory immunization against rabies be placed into effect in order to reduce the incidence, spread and source of the disease. Health authorities and veterinarains agree that such a measure would do much toward lessening of the dread disease and that such a measure would eventuly give a measure of control over it.

One source pointed out that such a measure was once proposed in the Ohio legislature but was killed by a lobbying group from Cuyahoga County. It was also pointed out that the Ohio attorney general once ruled that owners of dogs could not be forced to provide immunization of dogs before a license could be issued. This seems to be a shortsighted method of dealing with a disease which is known to be fatal.

There is no sane reason for anyone who is a dog owner not wanting his dog immunized against rabies. The injection of serum does not make pets sick nor does it harm them in the least. It is a step taken by the owner to insure the good health of the animal to keep it from contracting rabies.

During the year of 1950 there were 31,078 dog licenses issued in Franklin County. During the year also there were in excess of 10,000 unlicensed stray dogs taken into custody by the Humane Society. This is a ratio of approximately one dog to every 10 persons. It is apparent, then, that without some enforcement toward immunization of these dogs, one out of every 10 persons risks the chance of coming into direct contact with rabies.

During the past year revenues from dog license sales were $47,798.50. Of this sum $3,088.70 has been paid in claims to farmers for animals killed by dogs; $4,221.23 was spent for administration; $4,789.56 expended for advertising, printing, etc., and $32,059.25 allocated to the Humane Society for its work as provided by state law. $22,000 of the sum to the Humane Society was in settlement for 1949 and this month there yet is to be given the Humane Society the sum of $21,045.86 as settlement for 1950 receipts.

From the receipts and disbursements it is apparent that license revenues is "big business." Some point out that a compulsory immunization order would lessen revenues and slow dog license sales. This may be true . . . BUT is that entire sum worth the life of your child or some other loved one in your family?

The time to do something is now!

The Hilltop Record invites its many readers to make known their views on this subject. Your letter in support of such a plan of compulsory immunization can help bring about such a measure and help prevent the dread disease from striking at some member of your household.

CAMP FIRE GIRL ACTIVITIES

The Pat-Ki-Ga Group of Camp Fire Girls has been very busy the last two months.

On Saturday and Sunday, Nov. 11 and 12, the girls, with their leaders, Mrs. James Matheny and Pat Snider, went to beautiful Camp Wyandot in the Hocking Hills. Everyone had a wonderful time, but it was necessary to keep moving continuously in order to keep from freezing. The thermometer registered 10 degrees above zero on Sunday morning and when the girls tried to drink their orange juice it was frozen in their glasses. Nevertheless, two invigorating hikes were taken and all the girls were very much interested in finding out everything they could about the camp.

The Christmas party for their mothers and sponsors (the latter being the Women of St. John Lutheran Church) was held at St. John's Friday, Dec. 15. The mothers were entertained by the girls with Christmas carols, stories of how Christmas is celebrated in other lands, by dances and games. The mothers even played several games with the girls and seemed to enjoy themselves very much. A delightful evening was concluded, with all kinds of delicious cookies and candy being served. Several of the girls had baked cookies themselves.

The week before Christmas, the group planned the Christmas basket for a needy family. Each girl contributed food, toys and clothing. The Tuesday Lutheran Ladies' Bowling League to which Mrs. Matheny belongs gave a substantial contribution of money. This was used to purchase a large ham for the needy basket. The Pat-Ki-Ga felt better bringing some cheer and happiness to a deserving family.

At their first meeting of the new year, the girls elected new officers. The following were named: Lois Ann Fox, president; Anna Trump, vice-president; Zi-Ann Pospichel, secretary; and Anna Lou Thompson, treasurer. Sixteen of the 20 Camp Fire Girls are planning to pass their Trail Seeker Rank Feb. 3 at the YWCA. The other four girls passed the test last spring. The entire group will start on their Wood Gatherer Rank the latter part of February.

Firemen's Glee Club Is Scheduled For Church Group Meeting

The Columbus Firemen's Glee Club will be the featured attraction at the regular meeting of the St. Mary Magdalene Holy Name Society on Jan. 11 when that group will meet in the church at 8:30 p. m.

A program consisting of numbers from their minstrel routine will form the basis for the program which is to be presented by the 28 voice singing group.

Alex Florio Joins Scioto Inn Staff

Announcement was being made this week that Alex Florio, well known throughout the Hilltop as a chef, has become affiliated with the Scioto Inn, located on Riverside-dr. The inn is owned and operated by Terry Kresge, who formerly operated a similar business in the Hilltop area.

In his capacity as chef for the Scioto Inn, Florio will continue to offer his specialty dish—spaghetti—for which he has gained renown among many Hilltoppers.

Uraes Encouragement To Returning Soldiers

Mary Hill serves coffee to Dorothy Smith of Weaver Trailer and Body Co. of W. Broad-st and explains her plans for an effort to bring more pleasure and aid to hospitalized veterans returned from Korea.

Mary Hill, 2079 W. Broad-st, manager of the soda fountain and snack bar at Economy Drugs, 2874 W. Broad-st, is conducting a "one woman campaign" these days as she serves coffee and lunch to her many patrons.

Subject of her drive is an effort to interest more local folk in the welfare of returning service men from the Korean war, now at Great Lakes Hospital where she recently visited.

Says Miss Hill, "Those boys have seen an awful lot of fighting and their biggest fight has just begun. After seeing the hospitalized boys there I believe it is only the right thing for us to do in trying to keep their morale as high as possible. I wish cards and letters could just pour in to them. Little presents too would be helpful in letting those boys know they are not being forgotten."

Miss Hill said that anyone in this area who feels that he or she would like to send something to the boys need only contact her and that she will see that it reaches its proper destination.

Local Pastor Urges Renewal Of Religious Life

"The crisis in which we find ourselves as a nation may be God's call to repentance and renewal of religious life," Rev. A. J. Wold told his congregation at the Hoge Memorial Presbyterian Church, Sunday morning. Speaking on the topic, "How God Calls Men," the minister explained that each call is unique and each person finds God through circumstances and experiences which take place in the individual's life.

This being the first in a series of sermons on the Prophet Jeremiah, the minister explained why he had chosen this Old Testament religious leader for the series. "Jeremiah lived in an age similar to our own, and faced problems very much like those the American people are facing today," said the minister. He labeled a call as "a coalition of crisis which makes a person ask, 'what shall I do with my life, and how can I best serve my God and my people'?"

Stating that Jeremiah saw the danger facing his nation he too wondered what stand his people should take when the great powers were moving to conquer the earth, Wold asked, "What should our attitude be as Americans toward the foreign policy of our country?"

"The Problem of Religious and Social Reform" will be his topic for next Sunday.

Following is a poem by one of Ohio's better poets who recently became a Hilltopper, and incidentally, a bride. She is now Mrs. J. L. Crownover, 69 N. Chase-av, but writes under her maiden name, Monica W. Smith. Her poem:

THE LAST GOODBYE

When you left, the pattern of your shadow
Fell upon the street—
The head, the arms,
The grace of flying feet,
The one quick, sudden turn
That made the arm upflung
Look like a Monday wash
All crooked hung . . .

Some time ago I met—via phone—a lady whose accomplishments and courage under handicap seem almost incredible. She is Mrs. Clara Davidson, a Hilltopper. She has been totally sightless for the past 17 years, yet does her own housework, washing, ironing, sewing, baking, house-cleaning, window-washing; tends her own furnace and even cuts her own hair! I gasped when she told me this and she evidently mistook my amazement for sympathy for she said quickly "Don't feel sorry for me." I assured her that I don't. Why should I? She gets more out of life than most seeing persons I know. Her hobbies are her dog, radio and baseball. Mrs. Davidson is a member of Wilson Avenue Church of Christ, Eastern Star, Amaranth, and Courage, Inc. She says she lacks the confidence to go places alone but attends church, meetings and other affairs when her friends take her. She said "You can do a lot of things when you have to," and she also says she has a lot to be thankful for. Mrs. Lester Borton introduced me to this remarkable lady; am grateful to Mrs. Borton, and to Mrs. Davidson, for the lesson in faith and valor.

The Low Down On High Ridgers

By One of Them

I'm sittin' here on the basement steps tryin' to remember why wifey sent me down here. She "orders" and I "do it," but now I can't think what it was to save my neck. It used to be that when I was in the army, the sergeant would hit me on the head and I'd remember in a hurry.

Speakin' of the army, if some of our MRS. HI RIDGERS would enlist, we'd have quite a number who'd expect to hold officers ranks. They're doin' all right as majors and captains in the Polio drive that started Monday. A very good cause.

MARK WAGGONER bagged a deer the other day. Said he saw a couple of dozen but this one was his only collection.

First aid was necessary in getting the band from ELIZABETH FISHBACK'S finger. A new ring was in order, but the emergency squad didn't supply.

AL HARRIS got a scare when his motorcycle backfired and caused a little damage. The firemen assured him he was o.k.

A new car for GEORGE BISCHE and the LOUIS BEILSTEINS. Fords seem to be most popular around here, but the same goes for all the others too, I guess. Can't keep up with 'em all.

Dancing school? Well, the MECKS and MERRILLS are both attending, and they say "It's loads of fun." They'll probably be dancing on TV next. Hope so.

MAUDE BEVINS is recovering frfom stitches in her finger nail. Not the kind the doctor put in either. She tried fastening her finger to the sewing machine, I guess. We can't quite figure it out, since she doesn't know herself. She claims though she's getting a vacation from washing dishes. She never will admit when her finger is well. Do you blame her?

A new TV set for the MILBURN HILLS. Milt says he was probably the last to get one and they've certainly enjoyed it over the holidays. I guess everyone has one by now. Radios are on the "shelf" for the TV viewers. However, we're still reading our newspapers, especially the Record. Have you all renewed your subscription?

Well, wifey's callin' me. She gives me cold shivers. Oops! That's what she wanted me to do—fire up the furnace!!

See you next week, folks!

Let Your Heart Move Your Hand

The March of Dimes is now under way.

Public response to the annual fund-raising drive of the National Foundation for Infantile Paralysis in previous years has enabled this humanitarian organization to do a magnificent job in meeting the increasingly widespread polio challenge.

The need for an enormously successful March of Dimes this year must be fully understood. Not only was 1950 the second worst polio year on record, but its timing, immediately following the worst year, in 1949, has created urgent financial problems. A recapitulation of some facts concerning the cost of infantile paralysis brings this home vividly.

By last fall, epidemic aid funds of the National Foundation were gone, despite a most successful March of Dimes the previous January. Every available dollar had been pressed into service to provide for aid of the stricken. Not only for 1950's cases, but also for patients from 1949 and other years who still required care and treatment.

The patient-care bill alone for the three-year period 1948-50 took more than $58,000,000 in March of Dimes funds—exclusive of the millions that went to underwrite research, and education for professional personnel.

Right now, in hospitals, homes and clinics throughout the country, there are thousands of boys and girls—and adults too—who look to the 1951 March of Dimes for continued assistance.

They will get the helping hand they need — only IF WE DO OUR PART.

Edgar Allan Poe once said: "Childhood knows the human heart." Let that heart now know the need for happy childhoods for our young people — all of them within reach of our generosity. Let your heart move your hand—Join the March of Dimes!

BIBLE COMMENT

In Ephesus, Paul Made Both Converts And Bitter Enemies

LAST week we discussed Paul's visit in Corinth, where he stayed for a year and a half.

Paul's next journey was to Ephesus and there he spent two years and three months. As in Corinth, he ran into strong opposition when he spoke in the synagogue and after three months the friction was such that he withdrew with the Christian disciples.

Determined to continue his discussions of Christianity, he "disputed daily" in the school of one Tyrannus, where he met both Jews and Greeks and made many converts. Miracles of healing also spread Paul's fame: "So mightily grew the word of the Lord and prevailed."

Trouble arose, however, when local silversmiths, who had a profitable trade making silver shrines for the worship of the Goddess Diana, found their business falling off. They traced the reason to Paul and stirred up a mob of people against him. As a result Paul found it advisable to go to Macedonia.

It was this incident alone that made it necessary for Paul to journey on for he had found little need to defend himself against the sort of rebuke that confronted him in Corinth.

For an adequate impression of the church at Corinth we must turn to the Epistle to the Ephesians.

The epistle dovetails into the Epistle to the Corinthians because both flow from the inner experience of a man deeply moved by his own personal circumstances and the power of the Christ who inspired him.

Running the Gauntlet Again

"SMALL BUSINESS"

BY C. WILSON HARDER

This week before Christmas a new cynicism prevails in Washington.

• • •

The current remark: "No Santa Claus? Haven't you seen the present government at work?"

• • •

No one argues need for defense money. Crosses on graves in Korea overshadowing many American homes this Yuletide prove that.

• • •

So far, American "toughness" has been only getting tough with American small businessmen and consumers.

• • •

To many others the gay, feckless Santa Clauses of Washington have been very generous indeed.

• • •

For example, Santa Claus Stuart Symington, Chairman of the National Security Resources Board, just arranged a fine present for Jones and Laughlin, a powerful steel corporation. Because the corporation agreed to expand its production a special tax plan is approved for it.

• • •

No provision of similar nature is made for a small metal fabricating plant that needs a new shear.

• • •

And during the five years of peace, steel supply was so short that these fabricators often had to pay "gray market" prices for steel to keep operating.

• • •

Because of government restrictions on the use of copper and aluminum, many independent businessmen look into 1951 with misgivings.

• • •

Yet, the ECA announces Marshall Plan dollars have bought in Canada $711,000 worth of aluminum for shipment to Austria and Sweden. In addition, $2,621,000 Marshall Plan dollars bought copper in Canada, Cuba, Chile and Bolivia for shipment to Germany, France and Italy.

• • •

It's also Merry Christmas in the Republic of Ireland, a country always neutral while Americans die.

• • •

Marshall Plan dollars, taken in a large part from the nation's 6,000,000 small business firms, have sent another $453,000 worth of tobacco to Ireland.

• • •

In fact, on a recent day, an ECA press release deemed it outstanding news that no money was given away that day.

• • •

The official press release states "No new purchase approvals to Western Europe were announced today by the ECA." But to avoid any suspicion there is laxity in showering American tax dollars around, the report further states "The cumulative Marshall Plan figure now is $10,421,204,000."

• • •

The American Santa Claus so aroused the emotions of youngsters in Udine, Italy, so the ECA reports, that they have sent as a gift of appreciation to the zoos in the Bronx and Chicago each one donkey.

• • •

Observers are wondering what symbolism was attached to sending Santa Claus Uncle Sam the gift of a donkey. There's room for speculation.

• • •

But American taxpayers will look in vain on Christmas morning for the big gift.

• • •

That would be a sweeping slash in non-essential spending of taxes to offset increased defense costs. Seemingly, politics must go on as usual, even though it was not possible for life to go on as usual for the thousands of brave Americans in Korea who will never again be present around the family Christmas tree.

Mum Society Planning First Annual Banquet for Tuesday

Frank Morgan (left) and R. R. Sidwell, president and treasurer of Columbus Chrysanthemum Society, reveal plans of initial annual affair.

By Myron T. Seifert

Mayor Jim Rhodes and Ray Dietz, superintendent of Columbus municipal parks, will be guest speakers at a joint banquet of the Columbus Chrysanthemum Society and the Highland Garden Club on the Hilltop Tuesday evening, Jan. 16, at 6:30, at Schmelzer's Restaurant, 3178 W. Members of both societies, with husbands, wives and invited friends, will convene to talk flowers and mums.

New Year's Resolution Takes The Cake

By JANE ASHLEY

It's never too late to make New Year's resolutions—so why not decide now to bake one cake a week in 1951.

Here's a quick 'n' easy recipe to help you start the year off right . . . Cream Velvet Cake, so named, because of its rich flavor, its soft fluffy delicate texture. Serve it plain or frost it with the family's favorite frosting.

It's fun . . . it's easy . . . it's thrifty to use salad oil for cake making.

Cream Velvet Cake

1¼ cups sifted cake flour
¾ cup sugar
2 teaspoons double-acting baking powder
¾ teaspoon salt
¼ cup Mazola Salad Oil
⅓ cup water
2 egg yolks
1 teaspoon vanilla
½ teaspoon lemon extract
¼ teaspoon cream of tartar
2 egg whites

Mix and sift first four ingredients. Make a well and add in order, salad oil, water, egg yolks and flavorings. Break egg yolks with spoon and stir into liquid; then continue stirring to mix in dry ingredients. Beat until smooth. Add cream of tartar to egg whites. Beat until whites form very stiff peaks. Gently fold (do not stir) first mixture into egg whites until well blended. Turn batter into ungreased 8-inch square pan. Bake in moderate oven (350° F.) 40 to 45 minutes or until cake springs back when touched lightly with finger. Remove cake from oven; let stand on rack until cold. To remove from pan, loosen sides of cake with spatula.

This cake may be baked in two ungreased 8-inch layer cake pans, (375° F.) 25 minutes, or in ungreased large cupcake or muffin pans (375° F.) 20 to 25 minutes. Cool as directed. Makes 12 cupcakes.

Job Wanted:

Handicapped Hilltopper Seeks Opportunity To Show Ability

William "Ernie" Jackson, 5½ Clarendon-av, is a world-beater in more ways than one:

1. He holds what is believed to be the world's record of 136 bone fractures.
2. He has lived more years than anyone afflicted with the rare bone disease, osteogenesis imperfecta.
3. In spite of his confinement to a sofa-bed and lack of work, he's a smiling, personable man.

Jackson, a 46-year-old Hilltopper is a victim of an extremely rare disease that causes imperfect bone structure development. The bones lack calcium and other necessary minerals and consequently are spongy and very easy to break. Jackson is spending his time in bed again, because he recently fractured his left leg.

"It looks like this time things may be a little bit worse," the pleasant little man with the neat mustache said. "The last time I broke this leg, the doctor said that one more break and it woud have to be amputated."

"But I'm not looking for sympathy," he added.

What "Ernie" is looking for is a chance to earn a living for himself and his wife.

But then there is a story to tell first.

The nature of his illness allows the least, very sudden or irregular twist of his body to snap a bone.

"If I can get my muscles in the correct position and tenseness before I fall, I probably won't break anything," he said.

He has broken both legs 12 times, thigh bones 27 times and every major bone in his body has been fractured at least once. He has broken his spine twice. Jackson inherited the disease. "My grandfather, father and a younger sister all had or have the disease," he said.

He attended Starling Junior High and West High Schools, in spite of his handicap. He engaged in normal athletics during his youth, although his activities often had to be curtailed because of a broken bone or two. His best sport was swimming.

At the age of 16 he worked for a downtown newspaper as an artist's helper. He turned out several drawings used on the editorial page.

At 17 years of age he went on the stage. With the advent of radio, he toured stations with his guitar and harmonica, appearing on Station WLW and two old Columbus stations, WAIU and WSEN. He also has had a showman-writer's experience doing a touring blackface stint as an advertising stunt several years ago.

When not on the stage he was, at various times, a cook, a restaurant owner, a riverboat cook and engine man, and a war plant worker.

Among his special abilities are line-drawings, sketching, commercial design and commercial sign composing, typewriter repairing, illustrating, song composing and commercial typing.

Jackson has had several offers of jobs since he returned to Columbus from a Huntington, W. Va., hospital, but they all depend on his ability to walk. Since he is confined to his bed and can do no lifting, he's still looking for work.

"What I want is work and not charity," he said. "I've got too much potentially useful talent for that."

Besides his worries about work, Mr. Jackson says he's bothered by the football coaching situation at Ohio State. An ardent football fan, he added, "I'll listen to every game Ohio State plays next year, but, gosh, I hope Vic Janowicz gets to play!"

January Commencement To Add 80 To West Alumni Rolls

If all of the young men and women who have received diplomas from West High School were aligned in a single commencement procession the line would extend many miles.

The January commencement group of more than 80 probable graduates will add to this long column of graduates who comprise the West High Alumni.

Approximately 7,650 sheepskins have been given to West High seniors since 1911 in 59 commencement exercises held at this school, records show.

The class with the largest number of boys was the June 1940 class with a total of 173 boys. Girls dominated the June 1938 class with 164. The January 1933 class had an equal number of boys and girls with eleven each.

The June 1940 class probably holds the honor of having the largest number of graduates, with 329 members, of whom 156 were girls and 173 boys.

The first class of West High, 1911, was the smallest with 21 members. The class included the following: Frank Randall (president), Emma Grantwitsch (vice-president), Edward Gerish (secretary), Naomi Cowling, Bertha Hatch, Dorothy King, Mable Richenbacher, Katherine Treyens, Carrie Weed, Mercedes Wedemeyer, Fannie Mackey, Homer Robinson, Russell Pierson, Frank Marsh, Glenn Durflinger, Walter Drusdt, Russell Sperry, Clifford Treyens, Jessie Dowdell, Ethel Bevan, and Gwilyn Evans.

The January class of 1941 was the largest to that time with 120 members. The smallest January classes were 1932 and 1933. Each class had 22 members. Mid-year classes did not start until 1932.

The 7,675 students who have received sheepskins from West High within two decades, are statistically by classes as follows:

June, 1911 21; June 1912, 35; June 1913, 38; June 1914, 36; June 1915, 51; June 1916, 67; June 1917, 54; June 1918, 65; June 1920, 80; June 1921, 101; June 1922, 90; June 1923, 105; June 1924, 144; June 1925, 164; June 1926, 174; June 1927, 146; June 1928, 116; June 1929, 124; June 1930, 135; June 1931, 172; Jan. 1932, 22; June 1932, 224; Jan. 1933, 22; June 1933, 250; Jan. 1934, 27; June 1934, 256; Jan. 1935, 37; June 1935, 251; Jan. 1936, 38.

Camp Chase Post News

By John Martindale

The recent amendment to the Charter of The American Legion now makes it possible for those serving in the armed forces of the United States during the Korean conflict to become eligible for membership in the Legion.

Camp Chase Post extends an invitation to these veterans to join with the veterans of World Wars I and II in our community post. We do not roll out any lush welcome mat before a sumptuous establishment but we do invite them to join with veterans who understand the problems of the veteran and who are endeavoring to better the conditions of the veteran but at the same time to serve in bettering the community, the state and the nation.

At the next post meeting which will be held Friday, Jan. 19, the new members of Camp Chase Post will be initiated. Past Commander Elmer Young will be in charge of a degree team to handle this initiation. It is hoped that all new members will be present that they may be formally welcomed into membership. All other members are requested to be present that they refresh themselves in the knowledge and the whys and wherefores of the Legion.

• • •

It is expected that in the next issue of the Record we will be able to announce the date of the Annual Past Commanders and Past Presidents Banquet. As the title implies this banquet is held annually to honor those who have served both the post and its auxiliary unit as commander or president. All post and unit members are urged to plan to attend.

Holiday Gifts By Boys' Group Is Commended

By Myron T. Seifert

Recently a group of boys in Room Auditorium C at West High School were responsible for providing Christmas baskets for a needy family on the West Side during the holidays.

In addition to the satisfaction of giving the baskets, the boys received a note of gratitude from Rev. H. E. Saxman of the Hill Street Methodist Church (residence 35 S. Dunlevy) who recommended the deserving family.

The boys delivered the baskets to the minister, who, in turn dispatched them to the family.

This week the note of appreciation was received by the boys. It read as follows:

Dear Young Men:

Just a line to let you know that your basket of food, gifts and Christmas greetings were well received. Everyone was more than happy as well as surprised as they did not know that Santa Claus was also bringing presents.

The parents both asked me to again thank you for your thoughtfulness and your fine selection of gifts. I wish you could have seen the "kids" with their "western outfit."

Also I wish to say that you fellows sure did a "bang-up piece of work." I also wish to say to each of you through this brief note, "Thanks."

How very weak a fellow feels
And how his innards riot,
When wife serves him skimpy meals
That fit her rigid diet.
A man is short of vigor when
His food is planned for slimmin'.
So why not menus for the man,
And womenus for the woman?

JOE BRIGGS Says:

Blindman's bluff is a fallow feeling for a fallow creature.

Blindman's bluff is OK for children . . . but dangerous for adults. Did you ever stop to think how many silly little things can happen . . . that will lead you right into court? Little things like a neighbor stumbling over your child's bicycle left carelessly on your front walk . . . or someone being "beaned" with a fly ball your boy batted out . . . or someone injured in a fall on icy sidewalks in front of your home. Don't be blinded by a sense of false security. You can protect yourself very inexpensively with one of our liability policies. JOE BRIGGS, 2506 Sullivant Ave. RA. 3194.

What happens to leaders of the senior class at West High upon graduation?

Their names make West High history — names familiar to Hilltoppers.

Almost three score of them served as president of their respective classes, and, for the most part, gave a creditable accounting of themselves in the world of affairs. Several made the supreme sacrifice in the service.

SPORT SLANT

By Dave Miller

West's Cowboys hit their stride of the season last Friday evening on the Cowboy floor as they sent South's dangerous Bulldogs down to a 69 to 53 verdict.

West left the visitors under a barrage of shots — the Cowboys showing, for the first time this year a great rebounding strength as well as a well-balanced scoring attack. In the Grandview game, won by West, 66-46, the Cowboys were shooting very well and rebounding excellently. However, the Grandview lads were shorter than those representing South last Friday.

Both quintets set up a zone defense attack and for the first couple of periods it was a typical South-West brawl with points coming fast and heavy. The Cowboys overall hit 29 of 90 shots for an even 32 per cent on shots while the Pug Hood-visitors grabbed only a 17% mark.

The Bulldogs were minus their high scoring guard, Bob Strawser, who previously was averaging 17 points per game. His loss was definitely felt by the Bulldogs.

The Cowboys' 90 attempted shots is a story in itself. All season long West was held pretty low in shots attempted because of poor rebounding. However, they broke loose in the South fray and with Jerry Trabue and Roger Smith not only leading the scoring parade but also the rebounding power, the Powell-av school was a mighty tough one to beat.

Both teams wasted no time in hitting the nets and within three minutes of the first period the two teams had pulled even at eight points apiece. Numerous fouls slowed up the game at this point, and sent the scoring practically at a standstill. However, Dick Ruh and Chuck Haws of the South Siders sank consecutive free tosses near the end of the period to provide the visitors with a 15-13 edge.

They continued at their free scoring style in the second period with South just barely holding on—hitting only one of 16 attempts from the field but gathering seven of eight free throws to pull within 24-28 of West at halftime.

Almost the same story prevailed in the third period as West outscored South 17-7 and completely dominating play in the quarter, both rebounding and scoring. Smith and Trabue again paced the attack in this period, together getting 11 of West's tallies in the quarter. South again hit only one shot from the field, and West found the going pretty easy by the duration of the third canto, holding a 45-31 margin that was never later threatened.

The points came fast for both teams in the final period, West barely out-tallying the Bulldogs, 24-21, but it was too late for a South win. Big Roger Smith, a dangerous man under both boards, pumped in 11 points in this period to get the "hero's award."

Smith was high point man with 25 points, coming within two points of the West all-time individual scoring record for one game. The mark is held currently at 26 by Paul Theisen, Bill Thrush and Phil Young. Jerry Trabue increased his CL scoring to 46 points with 21 in the South fray to take runnerup honors. Jack Keller topped South with 18 tallies.

The reserve fray was won by West in a real thriller, 39 to 31. Bill Haire was practically a one-man gang for West with 16 points while Dick Wilson hit eight for runnerup. West led all the way, but was threatened by South as close as three points in the final quarter—but an 11-point splurge pulled the game out.

After a steady round of medical shots the sailor staggered out of sick bay singing: "The object of my injections is to change my complexion from white to rosy red."

New Year - - New Dishes

By BETTY BARCLAY

Over and over, as the years roll on, I have suggested new dishes for the New Year. It's a wonderful idea to clean out your recipe file early in the year. Retain your choice recipes. Discard your seldom-used ones. And add recipes like the following for new delights:

Holiday Rennet Desserts

2 cups milk (not canned)
1 package chocolate rennet powder
Sweetened whipped cream
2 tablespoons chopped raisins
2 tablespoons chopped nuts

Set out 4 or 5 dessert glasses.

Warm milk slowly until lukewarm, stirring constantly. Test a drop on the inside of your wrist frequently. When it feels Comfortably Warm (110° F.)—not hot, remove at once from heat. Stir in entire contents of package of rennet powder at one time. Mix until powder is dissolved—not over one minute. Pour at once, while still liquid, into dessert glasses. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time. Just before serving chilled rennet desserts, top with 1 tablespoon whipped cream, raisins and nuts.

Brown Sugar Cookies

2 cups sifted all-purpose flour
1½ teaspoons baking powder
½ teaspoon baking soda
1 teaspoon salt
1 teaspoon cinnamon
*1½ cups brown sugar, firmly packed
½ cup salad oil
½ cup water
2 eggs
1 teaspoon vanilla
1 cup raisins

Sift together first five ingredients. Make a well and add in order; sugar, salad oil, water, eggs and vanilla. Beat until smooth. Fold in raisins. Drop by teaspoonfuls onto greased cooky sheet. Bake in moderate oven (350° F.) 12 to 15 minutes. Cooky dough may be covered, stored in refrigerator and baked as needed. Makes about 5 dozen cookies.

*If desired ½ cup granulated sugar and 1 cup brown sugar may be used.

Butterscotch Almond Tapioca

1 package prepared vanilla tapioca pudding
2 cups milk
2 tablespoons butter
2 tablespoons brown sugar
¼ cup slivered toasted almonds

Place pudding powder in saucepan. Add milk and mix well. Cook and stir over medium heat until mixture comes to a boil and is slightly thickened. (Do not overcook, pudding thickens as it cools.) Remove from heat.

Melt butter in saucepan. Add sugar and cook until dissolved, stirring constantly. Then add to hot pudding. Cool, stirring once after 15 to 20 minutes. Chill. Fold in almonds. Turn into sherbet glasses or serving bowl. Makes 4 servings.

Coconut Mystery Cookies

2 egg whites
⅛ teaspoon salt
½ cup sugar
½ teaspoon vinegar
½ teaspoon vanilla
1 cup coconut
½ cup chocolate chips

Beat egg whites and salt until foamy throughout. Add sugar, 2 tablespoons at a time, beating after each addition until sugar is blended. Then continue beating until mixture will stand in stiff peaks. Add vinegar and vanilla and beat well. (Entire beating process takes about 10 minutes.) Fold in coconut.

Drop small amount of mixture from teaspoon on greased cooky sheet. Place 2 chocolate chips in center of each cooky and cover with small amount of mixture. Bake in a very slow oven (250° F.) about 30 minutes. Makes about 3½ dozen cookies.

They're telling about the Boston salesman who visited Texas and heard one particular Texas boasting about the heroes of the Alamo who almost alone, held off whole armies.

"I'll bet you never had anybody so brave around Boston," challenged the Texan.

Did you ever hear of Paul Revere?" asked the Bostonian.

"Paul Revere?" answered the Texan. "Isn't he the follow who ran for help?"

You've got to do your own growing no matter how tall your grandfather was.

Letters to Editor

Dear Mr. Hartley.

Today I read in the RECORD that one of your subscribers had written you expressing gratitude for the good job the paper does on the Hilltop

When I read the article I felt a little guilty for I had intended to write you some time ago expressing the same feeling.

The generous cooperation our church has received from your paper in the six months I have been the minister has been deeply appreciated This makes my debt to you a double one—both for the enjoyment I receive from the paper as a reader, and the cooperation I have received from the paper as a minister.

Please accept my thanks in behalf of the church for the space you have given us in the paper and the friendly attention we have received from your staff.

Yours sincerely,
Carl Smith, pastor

"Get It Done In '51"

Best wishes from this community go to John Nippert on taking the office of president of the Hilltop Business Association.

For many years now this association has been a leader in work for good for this community. It has earned a reputation as the leader in such groups in the city. Each year has seen this group grow a little stronger with a wider scope of community activities.

It was interesting to hear Mr. Nippert outline his hopes and ambitions for the association last week. We are looking forward to seeing many accomplishments along these lines this year. He deserves the encouragement of the entire community.

It might be well to adopt the slogan of "Get it done in '51".

NO CANDY — Local Schoolboy Forsakes Goodies His Pennies Aid Polio Fund

Nine-year-old Rickey Banker does his bit every day toward furtherance of the local March of Dimes program by contributing his pennies and dimes to the miniature iron lung. Mrs. Frank Ruth, cashier of Trott's Super Market looks on as Rickey makes his regular contribution.

"I like candy, sure I do, but I like the "March of Dimes" program better," said Rickey Banker, a nine-year-old West Broad Street School youngster as he dropped his remaining pennies and dimes into the little box replica of an iron lung at Trott's Super Market this week. "I think the March of Dimes is a good cause. It helps people and I like to help people."

Rickey's mother, Mrs. Harold Banker, 74 N. Westmoor, stood close by and watched her son, repeat a performance he had done many times in the past. Each coin in the youngster's hand went into the polio fund box. He turned from his task with a grin, "I haven't any more money left to put in here."

Mrs. Banker's purse was opened, several clerks within hearing distance of the [illegible] momentarily in their work and hands went into pockets for loose change. They too, knew that whatever money Rickey possessed would find its way into the polio fund although goodies and candies of all description were close by.

It all started quite a while ago when Rickey was sent to the store by his mother. Invariably he would ask a nickel, dime or pennies of his mother. Finally a quarter was asked, and then Mrs. Banker decided that perhaps Rickey should not eat so much candy. Inquiry at the store however disclosed that the boy's change was not being spent for candy, on the other hand he was contributing every cent to the "March of Dimes."

Mrs. Frank Ruth, 127 N. Huron-av, a cashier at the super-market, noticed young Rickey's unselfishness and passed the word along to other members of the store personnel. Whenever Rickey came to the store and found that he had just the right amount of change for the purchases the store employes usually came up with a stray nickle or dime for the youngster to place in the March of Dimes container. Never once has the boy permitted his pattern to be changed, every penny or dime goes to the fund.

"The March of Dimes helped my Uncle Bob when he had polio," said young Rickey, "and if they can help him I know they can help lots of other people. That's the reason I put my money into the little iron lung box. I guess other people need help more than I need candy."

"He is always wanting to help some one," said Mrs. Banker. "Why one day I was here in the store with him when he started in on me for a quarter. I thought at the time that candy was his desire and told him, "No more candy." He finally broke me down though and received a quarter which he promptly spent for a can of dog food, and then went out side to feed a stray dog standing on the corner. He does things like that all the time."

Third Hearing Date Is Set On Ditch Project

The third hearing on the Hamilton Ditch improvement was set for Feb. 9, after a turbulent meeting last week.

Protests were registered at the meeting by four persons who asserted that they were being assessed for acreage which is not drained by the 13½-mile-long ditch. The drainage ditch runs from south of Alton to near Hilliards.

Acting on the protests, county commissioners ordered engineers to resurvey properties belonging to Wensel O. Early, Arthur Fisher, Clarence Weldon and Elmo Spring.

Four damage suits have been filed because of the ditch improvement: John Murray claims $150 damages, David A. Roberts, $2000; William Harvey Jones $500, and John L. Thompson, $400.

The final ditch hearing was postponed first from Dec. 15 when land owners protested the $48,000 project.

Trustees Name First Franklin Twp. Fire Chief

James C. Moffitt

The board of Franklin-twp trustees reached agreement Sunday on selection of the first fire chief for the newly formed township fire fighting organization. James C. Moffitt, 6304 Riverside-dr, was given the nod for the position and began duties as fire chief on Tuesday, Jan. 16.

The 47-year-old Moffitt is no novice in the business of firefighting, having for the past 12½ years been chief of the Dublin Fire Department, a position he has resigned to become fire chief locally at a salary of $3600 per year.

The new fire chief indicated that his headquarters would be set up in the new building opposite the Franklin-twp hall on Sullivant-av. He said that it was the general concensus of opinion that the main headquarters be located as near the central portion of the township as possible in order to be available to both Briggsdale and San Margarita fire stations.

Moffitt said that the preliminary task of organization of the 90 man volunteer group into one unit would be his first official duty and indicated that a new fire truck would be delivered to the Franklin Heights station near the first of February. North American fire equipment for the Briggsdale area was ordered by the trustees last week.

Moffitt is a member of Ohio State Firemen's Association, Ohio Fire Chief's Association, Franklin County Firefighters' Association of which he is a past president, and currently a member of the executive board, and a member of Evening Star Lodge 104 of IOOF.

In other action taken by Franklin-twp trustees in the Sunday meeting all of the 90 volunteer firemen became employes of the township on a $1 per year basis. This move was made in order that the members of the volunteer organization be made eligible for compensation benefits should they incur any injury in the line of duty.

He is a member of Glenwood Methodist Church; West Gate Lodge of F&AM, Scioto Consistory of the Scottish Rite, Aladdin Temple of the Shrine, Hilltop Kiwanis Club, Hilltop YMCA and committee member of the Southwest District of the Boy Scouts of America. He is a graduate of West High School.

Dog License Sales Off 50%

Dog license sales to date are less than 50 per cent of the total in 1950. With the deadline for purchase of licenses set for Saturday, Jan. 20, it appears that many owners will have to pay a penalty plus the amount of their license, or be fined $25 and costs for not having a license for their dog.

Unlicensed dogs are considered stray dogs and can be picked up and impounded as such.

Owners who wish to redeem their dogs must pay a $2.50 impounding charge and a 50 cent charge for board each day the dog is held in the shelter. In addition to these costs, the owners of the dog must buy a license and pay the licensing penalty, before the dog can be taken from the shelter.

Owners who cannot go to the court house to purchase their dog licenses may mail their application to the county auditor in the court house. The application must contain the owner's name and address, a full description of the dog, including sex and age, and the proper amount for the license.

License fees are $1 for male or spayed females, $3 for female dogs and $10 for a kennel license.

TURKEY DINNER PLANNED

Mrs. Herbert Rasor, 200 Cypress-av, is chairman. Reservations may be made by calling Ra. 7837.

AN EDITORIAL — Rabies Threatens Every Hilltop Home Why Must We Be So Complacent?

In any community where rabies is present or even suspected, every animal that inflicts a bite upon man must be suspected of having rabies. Treatment of the wound and isolation of the dog are measures which must be taken promptly.

The above statement is one which is universal among veterinarians and medical doctors. It is no figment of the imagination. Action must be taken and taken at once if a person so bitten is to be spared the ravaging and deadly consequences of rabies infection—or even death.

In this community we are faced today with the specter of death haunting every street and by-way where dogs are permitted to stray at large. Rabies has been proven in epidemic proportions within this community. Quarantines have been levied by the Franklin County Board of Health. Arrests have been threatened for dog owners who permit their animals and pets to stray without restraint . . . AND STILL this community sits complacently by, without any show of concerted action to remedy a situation that can at any time bring death into any Hilltop home.

What then is the answer? Are Hilltoppers so oblivious of the threat that abounds all around, that they believe they are cloaked with some special type of immunity? OR—is it, on the other hand, just plain downright bullheadedness that is holding back any concerted action by the populace to combat the threat of rabies?

WHY? Must some innocent youngster be afflicted by the curse of rabies and the horrible death that is sure to follow before the citizenry of this community will be awakened to the fact that a real and ever present danger exists here? Why must some owners of dogs and other pets be so stubborn as to recognize the fact that their pets can be the harbingers of death within their own families and to the children and families of neighbors who live about them?

The Hilltop Record has gone on record as favoring a compulsory measure to be enacted by the Franklin County Board of Health (and it is entirely within the province of that body to cause an order to be drafted which would cause every dog to be immunized before a license could be issued). The Record has asked the support of this community in forcing such a measure. THE RESPONSE HAS BEEN NEGLIGIBLE. Everyone is apparently living in a smug and complacent aura of believing that "it won't happen to my family or loved ones. Let George do it!" And therein lies the reason why the rabies epidemic is still prevalent in this area. Let George Do It seems to be the general consensus of opinion . . . The trouble is there are not enough Georges.

Have you looked closely at the dog that is caged in the photograph at the left? That is a rabid dog of the furious type. Would you, or would you want your child to come into contact with such an animal?

Undoubtedly you wouldn't . . . so NOW is the time for you to take just a bit of time to sit down and write to your county health officials and urge the passage of such measures as would force compulsory vaccination of all dogs (most prevalent carriers of rabies) before licenses could be issued. Act NOW to prevent death by rabies in your home.

In the past week a measure has been introduced into the Ohio Legislature requiring compulsory immunization of all dogs. You can do your part in helping to rid this community and the state of Ohio of rabies by adding your voice by letter or telephone call to your representative or health board, urging complete accord with this bill. Do it now, lest your child or even yourself some day encounter such a rabid animal as is pictured at the left and then it CAN and MAY BE too late.

Brown Victor Over Hilliards

By Richard Hanson

Hilliards was on the short end of a 73-55 decision with Brown High School, Jan. 9. This makes Brown's 13th straight win with no losses, and Hilliards' third win and fourth loss.

Both teams were fairly even in the first and second quarter but Brown pulled away to a 16-point lead in the fourth quarter.

Paul and Bob Sheets were Brown's high scorers with 21 and 16 points. Jack Galbraith and Dick Hansen were Hilliards' high scorers with 22 and 21.

Brown's reserves also came through in high colors by winning a 27-26 decision for an exciting ending.

Mr. and Mrs. Clyde Barber, formerly of 2021 Ray-av, are now moving from 283 Columbus-st, to their permanent home at 58 Lotz-dr, Grove City.

I turned them into verse,
And paid the rent.

Value Your Health More Than Riches

Some folks think that fine clothes and fine, big houses are the most important things in life, but these things really don't mean too much if a person doesn't feel well enough to enjoy them. Most folks don't realize this, but Mrs. Lucy Braswell, of Route 2, Stone Mountain, Ga., realizes it very well. Mrs. Braswell takes HADACOL, and by taking HADACOL she found she is helping her system overcome deficiencies of Vitamins B1, B2, Niacin and Iron, which HADACOL contains.

Here is Mrs. Braswell's own statement: "I have been sick for some time with stomach disturbances. I began taking HADACOL and I have been taking it about six weeks. I am so much better and much stronger. I will continue to take HADACOL. It sure has helped me. I tell my friends about HADACOL. I can't praise HADACOL too much. I am 59 years old."

West Band Is Seeking Talent For Future

Instrumental music and its appreciation knows no age!

It is no uncommon practice for adults to "take-up" a musical instrument and master its playing.

For children, however, it is a "must," and a natural for them. Every child wants to play a musical instrument. Rhythm is a part of his make-up.

West High School musicians, mindful of the fun they had, when they tackled the instrument, in their elementary and high school days, now share their enjoyment of playing the instruments in the West High School Orchestra.

Under the direction of Clair Barnard, top-flight instrumental director at the Powell Avenue School, the teen-age musicians are making a tour of the elementary schools on the Hilltop, in an effort to interest pupils in playing musical instruments.

By the time these elementary students reach high school level or before these musicians of tomorrow will be prepared to qualify for membership in the high school band or orchestra.

West High musicians report an interesting trip and the elementary students, awed and interested, focused their attention as the teenagers "gave-out."

Making the trek (and the instruments played) were: Joyce Arbaugh (flute), Billy Baker (violin), Biff Borland (violin), Marg Calhoun (clarinet), Mildred Collins (cello), Charles Dailey (cello), Paul Forgrave (violin), Jack Galloway (violin), James Garrett (violin), Richard Gilvert (flute), Kay Glass (oboe), Bill Grim (clarinet), John Hagans (saxophone), Barbara Harlow (trumpet); Judy Harvey (violin), Norman Hensel (trombone), Jane Horabaum (violin), Mary Holmes (violin), Myrne Johnson (violin), Bob Johnson (piano), John Kimes (horn), Erwin Kunp (violin); Joan Leaman (violin), Charles Cockwood (horn), Ruth Lorenz (violin), Mary Martindale (flute), Ned McMillen (violin), Dave Miller (trumpet), Julia Morgan (violin), Bill Rayburn (trumpet), John Redick (violin), Viola Scott (violin), Carolyn Stilwell (violin), Nancy Timmons (piano), Harry Ventola (violin), Barbara Wendel (violin), Charles Wood (violin).

The Low Down On High Ridgers

By One of Them

What's new in the neighborhood?

Well, in the first place we hear that MR. AND MRS. BILL SCHAEER are adopting a child, thus creating three happier hearts. They enjoyed a far better Christmas this year than they had for a long time, with their NEW daughter, MARY.

A NEW refrigerator for PAUL MANUS' wife. Her old unit went bad two weeks ago, so "that's a gift for her birthday next week," hubby says.

A NEW wristwatch for a clerk at Schulze Mkt. I can't recall her name, but do you suppose it was a hint to get her to work on time? Or was it so she'd get up in time to get hubby's breakfast?

A NEW dress—in fact three, for GERTRUDE FOWLER. Yes, three spring dresses already, and snow still in sight. She's brave.

A NEW puppy last week at RED CALLIF'S house. Do you still have it, or is it up for sale?

Tires are quite a problem, especially when you're all set for a trip. When AL COADY started off for a drive to Cleveland, he started down the street with a bump-bump. He stopped in a hurry and was surprised to see his NEWEST tire had been sliced with a large broken pop bottle he had just run over. Something like that can ruin a disposition as well as a tire.

MINNIE FORBES bought a NEW snow shovel Saturday so she wouldn't be snow-bound like she was last month. She wanted to be on the safe side, so what does it do? Rain—rain—all day long the very next day. So she's contemplating trading it in for some hip boots to suit any weather that might happen along. This year, MINNIE, anything can happen.

A NEW deck of cards—in fact, a whole canasta deck, had to be bought when TOM COLLINGSWORTH burned a cigarette hole accidentally through a half dozen cards when he left the table for a few minutes and his cigarette fell off the ash tray.

A NEW set of dishes for FRANCES BEALE yesterday. Now you'll really have to learn how to cook, Fran. I hear it's fun. Anyway, it's always fun to eat. I'm always ready, anyhow.

A couple of sips satisfied his thirst for knowledge.

Aids March of Dimes Drive

As part of the county-wide program of the "March of Dimes," Herman Apel, Business Manager of the Beasley-Grove Ford Dealers, has mounted an iron lung on top of a 1951 Ford truck which is touring the neighborhood this week during the "March of Dimes" drive by the women of our community. Pictured above is left to right Herman Apel and Thomas Sebrey, Campaign Chairman of Franklin County. The display is being used by the women of Franklin County Chapter to help boost their campaign as they call on every house in their community for the annual contribution to the "March of Dimes."

Camp Chase Post News

By John Martindale

Did you ever see a washing hanging on a line. Not much difference in them, is there, except that some are larger than others. Let's hang out a wash. Nope, no dirty wash, and we won't hang up any with a name label on them so that your neighbor can say look at old Joe's drawers with a big patch in them. And don't forget, if you are the blushing kind, everybody has to hang up a wash once in a while somehow or other.

The kind of a wash this time is what you and I do about what we want done. When we were little we talked about what we were going to do when we get big. Sure we were going to be this and do that. Maybe we soon changed our minds and had other plans but we were going to DO.

What a difference a few years make. We now want a lot of things done but we want George to do it. George. What a beating that guy takes. We want that poor bloke to do this, that and the other, and then we lambaste the hide off of him if he does or if he doesn't. Do we ever pat him on the back except when we are after him to do just one more job?

Sure, there are a lot of people like you and me in every community and in every organization, including the Legion. Not many Georges, though, are there? Did any one try to get you to take an office or serve on a committee? The odds are that you dug down into your bag of tricks and pulled out that old alibi you had gotten away with before or maybe you invented a new one. Well, they went on and maybe were able to get some poor old overworked George to do it and you relaxed happy that your story worked. Then whambo. All at once something comes along to make you remember that somebody was supposed to do something but it either hasn't been done or not the way you thought it should be done. Then what did you do? Yep, I have done the same thing—tell everybody about it but not do one thing to correct it.

Every organization we belong to can give us something we want, or we would not belong to it. Never saw one yet that it didn't take more than dues to make it tick. Did you ever think about it? The Legion could do things, we could set a lot of things straight, we could make things a heap better for a lot of folks; and we could even make Joe Stalin stay back in Russia or stop meddling with other people's business, IF you and I will try backing up our dollars with some work. YOU are The American Legion.

Suggested reading: Dig out your last Ohio Legion News and read more than just the headlines of two articles on the front page: (1) "An American says: 'Licked? We Haven't Begun to Fight'," by department chaplain, and (2) "Wanted: Able Legionnaires For Job Ahead," by department commander.

Next meeting Friday, Jan. 19 This will be initiation night. New members and old are urged to attend. Know your American Legion.

Coming events: past commanders' banquet; million dollar party; annual post birthday party Dates to be announced later.

Help Wanted: Legionnaires to train for civilian defense work. All post members will be contacted in the near future. There is a job for you.

When asked why he never got excited no matter what happened, a man replied, "Oh, it's a matter of environment. You see I have a wife, five children, two dogs, a cat and a cigarette lighter.

Politeness is like a parachute—there's nothing in it but it eases the jolt.

District Scouters Hold Annual Winter Camp

The Southwest District of Scouting conducted its annual winter camp, "Operation Snow Drift", Jan. 6 and 7, at Camp Lazarus. Some 200 scouts and 40 leaders participated in the week-end encampment.

During the Saturday evening camp fire, Stan Hughes, Explorer Adviser, and Jim Walton, scoutmaster, presented to Cliff Matthews, field scout executive, on behalf of the scouters in the district a leather briefcase as a going away present. Matthews, who has served the district since 1947, has accepted a staff position with the Greater Cleveland Council and will report for his new assignment on Jan. 29.

Following the camp fire the leaders were invited by the district staff to a steak fry in the staff lodge.

John Nippert, district chairman, conducted the Sunday morning Protestant church services in the exchange lodge.

Troops, leaders and scouts present included:

Troop 214, St. Mary Magdalene; leaders, John Martin, Howard Harris, Frank Boehm and Bill Davis.

DEFECTIVE VISION

The eyes can be described as minute cameras of the most wonderful balance, which constantly take pictures of the different objects we "see". All day long the eyes adjust themselves to light and shadow, and focus in order to give you perfect pictures.

For perfect vision, perfect teamwork is necessary between the tiny muscles that move the eyeball, the pupil or "shutter" of the camera, and the lens that automatically adjust the rays of light to focus on the retina or "film", at the back of the eye.

When you begin to receive imperfect pictures, it can be from any one of a number of causes. May be caused from eye-strain or a need of glasses. It may be due to a serious systemic condition, or directly due to some diseased state in the eye itself.

Defects in vision are often an early sign of some general disease, and only a physician who studies general diseases and then eye defects is capable of recognizing these systemic diseases, which first manifest themselves to you, as a defect in vision.

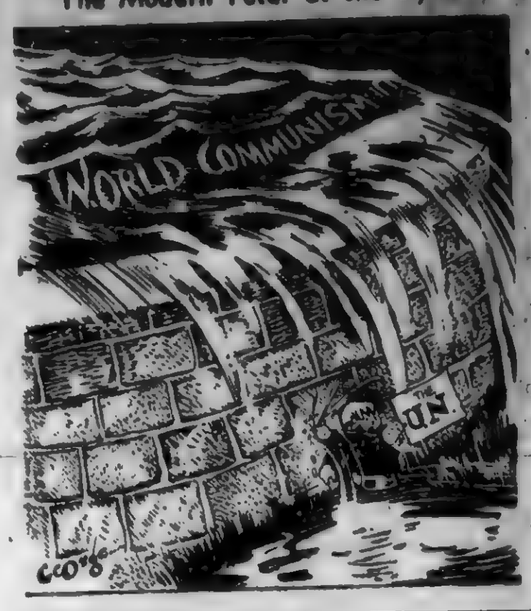
Stamp 'Conquered' Over Polio

We had a lot of infantile paralysis in this nation last summer. Too much of it. Even one case of polio is too much. Just one kid, robbed of his God-given right to run and walk, and have fun, and grow up in health, is one youngster too many to have polio.

But let's face it, and realize that last year was the second worst in the recorded history of the disease in the United States.

At the same time, let's ponder the following and very hopeful fact: Research into infantile paralysis never has presented a brighter front than it does today.



We can thank the March of Dimes for a great deal of our reasons for optimism.

During the past 13 years, scientific investigators have come a long, long way since one Dr. Underwood, an English physician, noted polio's peculiar symptoms in the 18th century.

Scientists now know what causes infantile paralysis: a group of viruses. They didn't know that too many years ago. They now know how to grow the virus in test tubes—a truly important step in the search for a vaccine, drug or serum to control the disease. That was achieved only two years ago. Scientists have also reduced tremendously the high fatality rate in bulbar polio, most serious form of the disease. This alone is a notable blessing.

Yes, we've had a rough polio year. A lot of kids and grownups came down with infantile paralysis. But we can take heart in the knowledge that research is advancing. Some day, you can bet your last dollar that superimposed over the word "polio" will be the word "conquered." The $9,000,000 authorized so far by the March of Dimes organization fon virus research will have had a lot to do with final victory. It's worth bearing in mind when you make your contribution to the 1951 March of Dimes.

The Modern Peter at the Dyke

IN SMALL BUSINESS

By C. WILSON HARDER

America enters the second half of the 20th Century. A new Congress will convene. Both events reflect important milestones for American Independent Business.

In the first half of this century great monopolies made their longest strides. It was also the period when legal safeguards for small business such as the Clayton Act and the Robinson-Patman Act became law.

Independent business needs little, if any, additional legislation to prevent liquidation by monopoly.

The problem is adequate enforcement of existing laws. For example, there are adequate laws against larceny. Yet it is easy to imagine the growth of larceny that would ____ if peace officers failed to ____ arrests, or if there were no funds for peace officers.

The long established Federal Trade Commission is supposed to take action when Federal business laws are violated.

But the Federal Trade Commission has been almost strangled to death by lack of funds. This fact came out the other day at a joint conference between the anti-monopoly Advisory Committee of the House Small Business Committee and the FTC with Chairman James Mead and Commissioners Ayers, Carson, Mason and Springbarn present as well as leaders of organized small business.

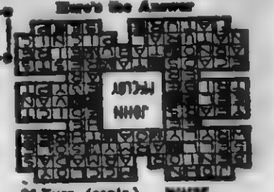
Members of the FTC state they would like to do more, but lack the funds. An attempt will be made to get funds.

©National Federation of Independent Business

Little David slew huge Goliath, but David did have a slingshot. And a Congress which can vote money to be used by the Marshall Plan to publish and disseminate a booklet advising tourists who they should tip and how much, when traveling abroad, as reported by a recent ECA bulletin, can vote a small amount for enforcement of national laws.

The FTC does have to tangle with the Goliaths. The current spark plug case is an example.

Manufacture of automotive spark plugs is a virtual monopoly of three corporations. The FTC now has evidence showing that in 1947 when the lowest price independent wholesalers could buy spark plugs was 16c, one of the "Big Three" motor companies paid 6c for plugs used in original equipment, 22c for plugs it sold wholesale to its dealers. Yet, as soon as the FTC started action, monopoly propaganda became so extensive and misleading that even independent wholesalers and dealers, damaged by this practice, became confused over the issues involved. More news on this later.



A prediction for 1951.

Communist sympathizers in Washington will step up their drive to force J. Edgar Hoover out as head of the FBI. A "Smear Hoover" campaign is well under way, spearheaded by a book written by one Max Lowenthan, of dubious background and unknown financing. This drive will continue despite belief of people J. Edgar Hoover is as important to National Defense as the Atom Bomb.

GOOD HEALTH

Answer to Question No. 1:
1. The use of hospitals has grown remarkably in recent years. One important reason is the spread of hospitalization insurance, which has eased the financial burden of hospitalization. A more important factor is that the advantages of modern medical practice are often best obtained in hospitals.

Answer to Question No. 2:
2. Some people joke about it, saying they're allergic "to work." But real allergy is not funny: it is a physical reaction to a source of irritation. The physical reaction may be sneezing, hives, headaches or other unpleasant symptoms. The source may be any of a thousand things—pollen, down pillows, foods, animals, household dust, clothing and so on. Your doctor can track down the source, do much to relieve symptoms and prevent recurrance.

Answer to Question No. 3:
3. Heart disease kills more people today than any other ailment. Frequent check-ups by your doctor are advisable, and especially if you have recurrent or frequent pain in the chest. Chest pains may be caused by many other conditions but only your doctor can determine which is responsible.

Hilltop 'Y' Sponsored Cage League Opens Season's Action

By Dave Miller

Hoge Memorial, Burgess EUB, Hilltop C. of C., and Arrows were returned the victors in play held in the Hilltop Intermediate "Y" League last Wednesday evening at John Burroughs School.

High scorers of the evening were little Bob Swartz of West Park, and Bob Shivers of Hilltop C. of C., who had 21 points each.

In games contested last week, Hoge downed Highland Friends, 26-17; Burgess swamped St. Paul, 53-18; Hilltop C. of C. outscored Hillcrest, 38-25, and Arrows defeated West Park, 39 to 36.

The league, directed by Hilltop YMCA secretary, Jack Downing, is hoping for the best year ever this season. Mr. Downing succeeds Averille Thorn, who was called to the service recently, and the former is predicting the loop to be the best organized of the four-year-old loop.

Summaries of last week's games:

Hoge-Highland

In the night's lid-lifter, Hoge edged Highland in what many fans thought was the championship game in the making. Both squads were ranked as pre-game favorites, and oddly enough, the league's opening fray pitted the squads against each other.

Hoge, the team that dominates West Side church league basketball, whether it be junior, intermediate, or senior, was hardly ever threatened in the game after grabbing a convincing 7-3 first period margin. Not a basket was tallied in the final quarter as each team matched three gratis points to provide a rather thrill-packed finish.

Dave Wahrer was high for Hoge and both squads with 13 tallies while teammate Fred Lederer had seven. Big Dane Lizenby paced the losers with nine.

Burgess-St. Paul

Burgess walloped small St. Paul in the night's second affair, 53-18, in a rather dull game, St. Paul very lacking in height, pulled a 9-10 deficit in the first period's duration, but from here they were unable to registar a point in the next 11 minutes.

Meanwhile, Burgess racked to 26-9 at halftime and to 35-9 before St. Paul finally scored in the third period—the first time since the initial period. John Bolg had 17 for Burgess—13 in the last half while Ronnie Grant, also of Burgess, had 12. Bing Reeves topped St. Paul with seven.

Hilltop C. C.-Hillcrest

Hilltop C. of C. broke loose with eight points to Hillcrest's five in the final period to provide a 38-25 verdict in this one. Entering the last quarter, the ultimate winners held only a 30-23 margin, but found the fourth period to their liking.

Bob Shivers was practically a one-man gang for the winners in the first half—getting 14 of Hilltop's 18 points in the first two periods. Shivers finished as high scorer with 21 tallies while Phil Redick's seven paced Hillcrest.

Arrows-West Park

Little Bob Swartz was the star of this fray although he was on the losing West Park side, who, although trailing most of the way, last a real thriller in the last moment.

West Park led at the first period by 10-8, but five straight points by the ultimate winners cinched a lead that they never lost for almost 15 playing minutes. However, Swartz and Co. started hitting near the end of the fray and tied the count at 35-all with less than a minute to play.

Gilbert Suttle and Bill Robinson hit two straight bunnies for the Arrows while Swartz was sinking a free throw for the difference in the last minute. Swartz of West Park was high with 21 as Suttle and Fred Kerner of the Arrows had 14 and eight points respectively.

Strikes and Spares

By Bags Urban

Some of the people at the Hilltop Alleys seem to think the Businessmen's loop is one of the closest in the city. Three teams with 32-35 records are tied for first. Then they come like this, one with a 31-36, the next with 30-37, the sixth with 25-32, and two are tied for last with 23-34 records.

Dick Knipfer found the pocket again as he connected for 234-203-245 in a fine 681 total. Ben Brew Beer had 656 and Kent Brothers Construction Co. for 2794 in the Recreation 943-2835.

Kate Cecil and Marg Steward captured city honors with the former's 223 and the latter's 553. Broadview Tile connected for 866-2341.

Mary Froggett had 209 and Lorene Kelso 537. West Side Mtrs. had 845-2208. The Pastime showed Ruth Calvert's 212 and Edna Latscha's 480. Lytles Pure Oil posted [illegible]

The Businessmen's loop again produced some good scores as Dick Ardle posted 243. Two teammates, Curley Alberry and Jim Fox staged a red hot battle for totals; the former had 645, and the latter 644. Riviera Nite Club soaked up 967-2770.

Carl Latscha, Sr., and Walt Smith each posted 254's as the former came out victorious on totals with 637. Lockhart's Grill had 952-2601 to lead the Commercial.

East's Bengals Swamp West 71-51 In City League Fray

East High's cagers made West their ninth victim in the rapidly-progressing 1950-51 season last Friday as the tall cagers from E. Broad swamped the Cowboys, 71 to 50, on the East hardcourt.

West took the lead, 1-0, on Rog Smith's free toss in the initial five seconds of the game. However, the Tigers came roaring back with two straight buckets before Jerry Trabue broke the West nets with an under shot.

The big Tigers found the Cowboys to their liking at this point, splitting the nets with consistency from that time onward. Big Rollie Harris, Fred Andrews and Ronnie Watkins were the main thorns in the sides of the Cowboys, together hitting for 24 of Easts 37 points in the first period. Big Rog Smith hit two side shots just before the finish of the first quarter to enable West to pull behind East at 11-17.

In the first period West shot three more times than the Bucky Walters quintet (21) but hit only four shots while the Tigers split for seven of 18 from the field. Most of East's shots were from close range while West was forced to shoot from at least 15 feet out most of the time.

Both squads attempted 19 shots at the boards in the second period, and East sank eight while West hit one less. However, West didn't chance a free toss in the period, while the Tigers netted three of three for a 17-point second quarter. West was trailing, 34-25, at halftime and was still pretty much in the running.

Then East, paced by the amazing assists of Romeo Watkins and the great under-the-basket work of 6-7 Rollie Harris, went to work to outscore West in the third canto, 18-14. Harris grabbed 10 points in this period on four buckets and a duo of gratis throws.

East's great difference in the final score was mainly due to the final period as the East Siders outscored West, 19-11, in the canto. After East's fast-breaking type offense started to mount up the score in the last quarter, both coaches cleared their benches.

West ended with a .275 per cent of shots on 21 successes of 76 attempts while East netted 30 of 72 for a .416 per cent.

East reserves snapped West's seconds five-game wining streak in the night's curtain raiser, 32 to 24, with a last quarter uprising by the baby Tigers spelling the difference. East led by two at the first quarter and West was in front, 16-15, at halftime. The host five led by 23-21 entering the last quarter, but outscored West in the final period, 10-3, for the deciding factor.

West hit 10 of 43 shots while East meshed 15 of 51 attempts in the fray. East's Bob Campbell was high man with 12 points while Bill Haire and Ken Anderson, both of West, collected six each.

West Jr. Cage Squad In Win

A determined group of cagers representing West Junior walked onto the court at Franklin last Friday afternoon and grabbed a 36 to 32 win over Red Tomkins' Eastsiders.

"Those boys played every bit as good as any basketball team I ever coached in junior high playing away from home," were the words of Coach Red Lehmen of West Junior following the win.

The Gate Post

By Pat Martindale

This year should be bigger and more significant than ever before. In planning the weeks ahead let's remember that we all like good times and good times are more appreciated if enjoyed in the company of good fellowship.

To help the "Hilltoppers and Westsiders" get away from "Work-a-day Blues", Glenwood Recreation Center has set every Wednesday aside for a full evening of fun and relaxation for the adults.

Whether interests are in handicraft, mastering the game of shuffleboard, checkers, card games or gymnasium activities. Glenwood has it.

Family gatherings and young married couples are encouraged to make Wednesday "Family Fun Nite" at Glenwood.

There has been a great demand for Golden Age Clubs to be organized in different parts of Columbus and since Glenwood already has such a club they are inviting all persons over 50 to join.

For persons not wishing to climb the many steps at the front entrance of the center, walk one block south on Lechner to Fairmont, then turn east one-half block to the side entrance of the center.

The next meeting date will be Jan. 15, at 2 p. m. at which time a special party is being planned. There are no dues or expense connected with the membership.

• • •

It was announced this week that a checker tournament is being planned at Glenwood Center for the Junior boys and girls and adults. The junior ages will play on Tuesdays at 4 p. m. and the intermediate ages and adults will play at 7 p. m. Thursdays. Entry blanks may be returned from Jeanne Williams.

• • •

A new juke box is expected to be in the center in time for the Friday night dance. The dances are given for the benefit of those who wish to learn either round or square dancing.

No admission charged and it is hoped that the public will take more interest in community dancing. All ages are invited.

• • •

A ping pong league will be started for all ages at Glenwood. Boys and girls in the junior group will play on Monday at 4 p. m. The intermediate and adults will play on Tuesday at 7 p. m. There is no fee and to enter the league entries must only be present.

• • •

Because the Junior Basketball League plays on Monday and Wednesday at 4 p. m. wrestling classes have been rescheduled. The junior boys will wrestle at 4 on Friday and the intermediate classes have been moved to 7 p. m. on Mondays and Wednesdays.

• • •

It was announced this week that new tap-dancing classes will be limited to ages over 10 years.

New craft classes for girls will commence on Monday at 4 p. m.

• • •

Doris Welch, Ohio State University instructor, will teach square dancing, round dancing and other types of dancing Thursdays at 7 p. m. Junior ages, teen-agers and adults are invited to take advantage of the instructions. There is no fee.

• • •

Junior boys' wrestling classes started Friday to enable boys to learn the sport.

• • •

The week of Jan. 22 will be "March of Dimes Week." All activities at the center will be contacted to contribute to the Polio Fund. March of Dimes containers are in the center and contributions will be accepted at any time."

HILLIARDS School Notes

The Hilliards Chapter of Future Farmers is holding a pest hunt, in which the whole chapter is participating. This contest is to eradicate some of the community pests. Currently leading in the contest is Lionel Wilson, and second is George Dierker. Prizes will be given to the three high men.

The school has received two new sets of books. They are twelve new volumes of World Encyclopedias and six volumes of science books. They are, "Sun and The Welfare of Man," "Minerals from Earth and Sky," "North American Indians," "Wild Animals", "Hour of the Zoo," "Man from the Past," "Old and New Plant Lore," and Great Inventions."

We hope the students get a lot of study from them and we wish to give our sincere thanks to the board of education for these fine books.

Eileen Crager celebrated her birthday Jan. 8 with Sally Flowers television program at station WLW-C.

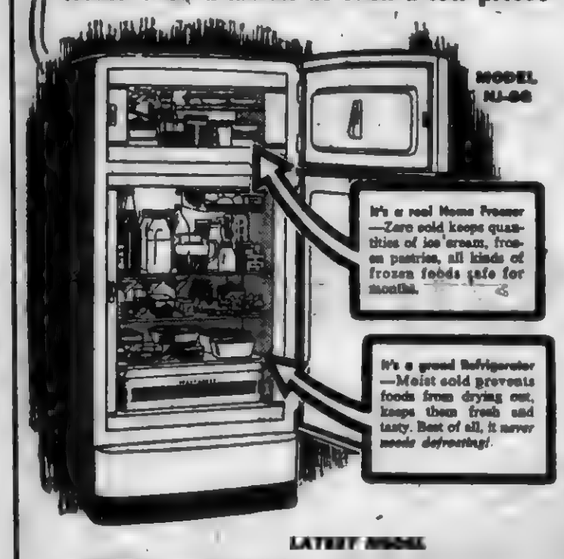
Holiday Wedding Unites Couple Now Living Near University

A holiday wedding uniting Miss Ellen Jean Williams, daughter of Mr. and Mrs. Fred Williams, 52 Bowhatan-av, and Mr. A. Lindsey Bergh, son of Mr. and Mrs. Abram L. Bergh, 1406 Minnesota-av, was read by Rev. Joseph Shellhaas, at Glenwood Methodist Church, Dec. 27 at 4:30 p. m.

The bride, given in marriage by her father, wore a ballerina length gown of old rose imported Chantilly lace, over matching silk taffeta. The gown was designed with a strapless bodice and a matching metallic hat, and she held a cascade of snowy eucharis lilies, centered with a fuchsia throated white hybrid orchid with holly leaves interspersed. Tucked in the bouquet was a Belgian lace handkerchief, a gift from the bride's aunt, Mrs. Robert Gibbon.

Mrs. Joseph Allen Moore, cousin of the bride, was her only attendant. She wore a gown of navy Chantilly lace and net over navy taffeta, in a style similar to the bride's gown. Her hat was of a lighter blue metallic fabric and she carried a semi-cascade arrangement of small pink poinsettia blooms and all green holly leaves.

Mr. John Mahoney served as best man and the guests were seated by Mr. James Shumaker, Mrs. Theodore Wetterstrom and Mr. Fred A. Williams, Jr.



A dinner for the families and a few close friends followed the ceremony in the Blue Room of the Seneca Hotel. The bride's mother received her guests in a gown of steel gray crepe, with which she wore rust velvet and black accessories. She wore a shoulder corsage of rust daisy pompons and dracina foliage. Mrs. Bergh chose a gown of blue crepe with brown accessories and a shoulder corsage of pale pink camillias.

When she left for her wedding trip through the East to Washington, D. C., the bride wore a wool costume suit with purple and black accessories. Pinned to her purse was the orchid from her bridal corsage.

The new Mrs. Bergh was graduated from West High School and attended Ohio Wesleyan University, where she was pledged to Alpha Chi Omega Sorority. She is at present employed at the Ohio Fuel Gas Co.

The bridegroom was graduated from Linden McKinley High School and now is a student in the school of petroleum engineering at Ohio State University. He is a member of Phi Mu Delta Fraternity.

Armchair Pilots and Engineers Find a Haven at Local Store

How many times have you watched a fast passenger train speeding along the tracks, a fast plane overhead or sat in the grandstands and heard the roar of a racing car motor and wished that you were an engineer, pilot or racing car driver?

It's not an uncommom desire and its proof lies in the advancing surge of interest manifested in recent years by many, in the hobbies of tinkering with electric trains, model airplanes and scale model racers. Every time you see one of those grown-ups or advanced teenagers at the controls of an electric train, airplane or model racer, you are in all likelihood looking at a person whose secret longing has been to some day handle the controls of a full sized train, a racer or airplane. Psychologists might call it the satisfaction of a repressed desire, but most of us term it a "hobby."

Here on the Hilltop located in a small section of the Gearhart Hardware, at 2387 Sullivant-av can be found a haven for those who would fly a plane, push the throttle of a locomotive or sit behind the wheel of a racing car without the dangers or hazards that are found in these occupations.

Genial Jack Boyer, 3134 Wicklow-rd, manager of Gearharts, and Earl E. Weekly, 541 Helen-st, hold sway over this department of the store where can be found model kits for almost any type hobby you desire.

Boyer said the hobby shop originated with himself at the store about 20 years ago when he first worked at the store as a boy of 14 years of age. He at that time suggested to the owner stocking of such merchandise. The suggestion was carried out with a few items, the business grew and eventually a permanent department was established.

In the early days of his association with the hobby department Boyer said a group of his chums and other boys in the neighborhood organized a hobby club. It flourished for several years until they all became older, married and then drifted apart. The hobby parts department however stayed on at the store and is still continued.

Of recent years though, according to Boyer, the trends toward hobby crafts have taken a downward trend and as manager of the store he has veered the department to specialization in electric trains of the Lionel, American Flyer and H.O. (half "O" gauge) type.

"I always wanted to be a driver of one of those midget racing cars myself, but knew that I'd never have that opportunity," said Boyer. "For a while I toyed about with midget model cars to sort of satisfy that longing, but my cars weren't fast enough and I soon lost interest."

One of the chief reasons for his loss of interest in the pastime, according to Boyer was the fact that some of the model racers cost as much as $700 and that at that rate it became too expensive.

Today he has reduced his stocks to where model kits carried are of the type and cost that are within the financial range of the boy hobbyist and he reports there are an amazing number of local youth who participate actively in the pastime.

On Sunday morning at 10:30, Rev. J. M. Falkenberg, executive secretary of the Bible Meditation League, will speak at the Highland Avenue Friends Church, representing the work done by that organization.

The League supplies Scripture material of various kinds, including Testaments and Bibles, as well as study courses all over the globe. This material and the Scriptures are prepared and forwarded in 30 languages, to 62 countries over the world, to transport ships, hospitals, army camps and naval headquarters for the forces, as well as to missionaries, teachers and ministers.

Oh for the spirit of '76 and the prices of '36!
YOU CAN'T BEAT PRICE WITH PRICE. You might take a chance on a cheap watch . . . but you wouldn't take a chance on a cheap life preserver! You might buy a cheap suit . . . but not a cheap parachute! You might buy a cheap pen . . . but not cheap auto insurance! Because . . . There's no chance to try it over again if the first one fails! Automobile insurance is bought because of its emergency value—hence the best is the kind to buy! See or call JOE BRIGGS, 2596 Sullivant Ave. RA. 1125

LIBERATION

Now Exhibited At Local Library

By WILLIAM "DOC" CAMPBELL

Some of us thought they they would be a SCREAM . . . I don't mean the artists, but their work. Well . . . a SCREAM is a raucous, disturbing mass of raw color with no definite organization. The two art professors of OSU, Robert and Marian Gatrell are what I call "Conservative moderns."

Three of the Gatrells' splendid showing, now at the Hilltop Branch of the Columbus Public Library (open week days 9 to 9 p. m., Saturday 9 a. m. to 5 p. m.) are certainly compelling!

The focal point of the show is the big "television make up" a vivid chalk effect in intense whites and yellows . . . stunning in drawing and really entertaining. Then a smaller painting of a white fish sparkling in color and design pattern is a vigorous arrangement apropo of a fine music composition. BUT . . . the great picture to my mind (in photo above) is not large but painted in a keen reflective mood. The title, "LIBERATION" (Mr. Gatrell had seen that decimated city of Lidice) depicts the fury of the Germans of War II. These corpses are "liberated" . . . the spirit is FREE but nothing remains of this small city but an abject void. The painting, a water color, is a pale lavender and paler greens . . . depicting, I believe, the grandeur (though in tints) of the PASSING OF A SOUL. Many (about 13) other entertaining and intriguing paintings are in this lovely room

Hilltoppers . . . where are you . . . with the magnificent cooperation of Will Collins . . . head librarian, and the local staff, and with the untiring devotion of all the artists of the five recent exhibitions . . . you people (adults) who live in one of the most progressive sections of Columbus . . . why so indifferent? You have cars and can go anywhere in five minutes from your homes to this beautiful building . . . but . . . again why so apathetic to your culture? Is it too much football or other matters? It is not enough to merely "take a book" to the library and GLANCE at the exhibits . . . why not make definite effort to "keep abreast of the times" by careful study of the best art of Columbus, without charge, brought to your very door step . . . so to speak.

Remember, this town LOST its Boys' Choir, and its wonderful orchestra, and . . . soon, if you do not make a pilgrimage in the near future . . . your ART.

The Gatrells' exhibition is a modern one (not dressed as youth in levis) but . . . very decorative . . . very full of fine design . . . and can be viewed without repulsion. The collection will remain throughout January. Let's not pass the library door without seeing the work of these professors of art and their desire to give to you their full measure of personal creativeness, so that you . . . the onlooker, may keep "growing and growing—and growing—in the modern enjoyment of art for art's sake."

In Passing

by PEYTON WEAKLEY

THE SEASONS TURN

We praise Thee for each passing day
That brings its shadow and its light—
Another change to prove Thy [illegible]
Another song to sing at night.
We thank Thee for the bird that flies;
He sings Thy love to us anew.
The flowers sleep — but nothing dies—
Only are hidden from our view.
Marion C. Ellenwood.

Max Graf, [illegible] W. Brighton-rd, Columbus, would like all your old Christmas cards for use in educational therapy for spastic and cerebral-palsied children. If you will call him (Ja. 4230) he will call for the cards and take charge of their distribution. Please do not send envelopes in which cards were sent. This is a very worthy cause and I hope Mr. Graf and his Grotto co-workers will receive thousands of cards.

From somewhere:

Worry is like rocking
In a rocking chair.
It gives you something to do,
But you don't get anywhere.

The Magical Menges are Mr. and Mrs. Norman Menge of the Hilltop. They are widely-popular magicians; now have a show each Sunday afternoon on WTVN-TV, and judging by their show of last Sunday, they will be seen for a long time to come. Mrs. Menge is one of the city's best-loved vocalists, and has sung at many Hilltop weddings and on radio. She is also a church soloist.

Benjamin Franklin said it: "A man wrapped up in himself makes a very small package."

• • •

This is one of my favorite poems. It is reprinted from Ted Malone's "Between the Bookends" and was written by Mayheward Austin McEachern.

"AND THIS I ASK"

The "Now I lay me's" floated in
Rare eloquence, that once more sin
Be pardoned, shamed the sunset's glow.
And clouds grew thick with thanks.
Below
Earth held up hands for Heaven to fill.
God leaned against His window-sill
In pensive brooding . . . Through the noise
A sob cut clearly. Then a boy's:
"If Rags should die before I wake,
I pray Thee, Lord, his soul to take."
God's hand, past priest and pedagogue,
Reached out to heal a small boy's dog.

• • •

Speaking of Ted Malone who is heard over WCOL each week day at 12:45, he recently quoted a wounded soldier in Korea as saying the boys preferred to die with honor than to live without it.

• • •

It's no wonder I never amounted to much as a poet, or amounted to much period. They say the successful person must have encouragement. Since I must blame somebody, will blame my Dad. About 15 years ago he read one of my alleged poems in "Dog World" and wired me collect (from Oregon) "I knew I should have drowned you when I found out you were a girl and not waited till you brang disgrace to the family name by writing poetry stop Have turned [illegible] picture to the wall."

• • •

From my unanswered mail: From a poet of the old or traditional school: "What are the modern poets going to use for poetry to describe beauty . . . they abhor all the old poetic clinches and are beginning to develop a complete set of their own . . . they must not mis-name what they write, and call it 'poetry'." Maybe he's right and maybe he's wrong, I duano.

• • •

One of my two readers sent in this quotation by William Allen White: "This world is made better by every man improving his own conduct, and no reform is accomplished wholesale."

William Bretz, 324 S. Richardson-av, clerk at the W. Broad Post Office, is now at his home recuperating from a leg injury. Bretz wishes to thank his friends for the cards and other thoughtful messages he received while confined to Grant Hospital for two weeks.

Hilltop Community Council Installs Officers For 1951 In Ceremony At Glenwood

SHOWN ABOVE are the new officers of the Hilltop Community Council immediately following installation into office last Wednesday evening at Glenwood Recreation Center. Left to right are Mrs. A. R. Page, treasurer, Mrs. L. B. Raffsnider, corresponding secretary, Mrs. H. C. Booths, secretary, Jerry Spears, Jr., president and Jerry Spears, Sr., who conducted the installation rites. (J. C. Allen Photo)

By "Pat" Martindale

Oath of office was administered to newly elected officers of the Hilltop Community Council last Wednesday night in an informal, but impressive meeting by Jerry Spears, Sr. Installed officers were Jerry Spears, Jr., 2622 W. Broad-st, president; Averille Thorne, 392 S. Glenwood-av, vice-president; Mrs. H. G. Booth, 319 S. Roys, secretary; Mrs. L. B. Raffsnider, 3003 Crescent-dr, recording secretary, and Mrs. A. R. Page, 65 N. Powell-av, treasurer.

In his installation speech, Spears said, "It has been an annual event for me to come here and install the officers It is logical too in that I began to work with the youngsters when there was only a Saturday night dance. Out of that dance has grown this council as well as the Hilltop YMCA and added positive influence favoring other constructive phases of our civilian life.

"Some progress has been made here, in the Glenwood Recreation Center. The building is now clean and is being used as it should have been used long ago. Here we have a trained staff and a program that is reducing juvenile delinquency to a remarkable degree.

"You, the officers must carry on and with the help of all of us you will do better work than we have done in the past." Spears added that it was an honor to install his own son as president of Hilltop Community Council.

The new council president in accepting the oath of office said, "We will not always agree, but lack of agreement is very often the essence of education." He continued by asking for the same support given Russell Carter, past president in 1950 and congratulating Carter for his service.

After installation ceremonies, the following standing committees were appointed: Mrs. K. L. Martindale, publicity; Mrs. H. C. Booth, Mrs. Lowell Raffsnider and Mrs. Harrison Jones, telephone committee; Mrs. Booth, Averille Thorn, Russell Drake and Mrs. Earl Abbott, community camp committee; Russell Drake Mrs. Raffsnider, Mrs. Ray Cave, auditing committee. Other committees will be appointed latter, according to Spears.

Franklin County Health Officials Plan Action To Halt Current Rabies Epidemic

Revelation was made today for the first time to the public of the content of a proposed regulation by the Franklin County Board of Health which would bring about the compulsory immunization of dogs in an effort to curb the rabies epidemic which is currently threatening the health and well-being of this community.

This regulation is the one which is to come under the scrutiny of various health agencies in the county this week and its adoption will see the first steps taken in Franklin County toward control and eradication of this dread disease.

During the past several weeks The Hilltop Record has vigorously campaigned editorially for the adoption of such a regulation as is now under consideration. The Record in taking the lead in this endeavor is again FIRST in giving its readers the entire content of the proposed regulation.

DEPARTMENT OF HEALTH
FRANKLIN COUNTY, OHIO
Regulation governing the ...

The Board of Health of Franklin County, Ohio, deems it necessary for the protection of the public health to adopt regulations governing the control of rabies in dogs, cats and other animals and the immunization of dogs against rabies.

A rule and regulation of the Board of Health to protect the public health by controlling the spread of rabies by the immunizing of dogs. Defining "health commissioner", "veterinarian," "immunization" and "person." Requiring the immunization of all dogs and the keeping of records thereof. The enforcement of the regulation and the fixing of penalties.

Whereas, an emergency exists due to the prevalence of rabies, which said conditon endangers the health and safety of the public, now, therefore,

Be it resolved by the Board of Health of Franklin Couhty as follows:

Section 1. Definitions. The following definitions shall apply in the interpretation and enforcement of this rule and regulation.

A. Health Commissioner. The term "Health Commissioner" shall mean the Health Commissioner of Franklin County or his authorized representatives.

B. Veterinarian. The word "veterinarian" shall mean a veterinarian duly licensed by the State of Ohio or a veterinarian licensed by any other state having laws regulating the practice of veterinary medicine that are comparable to those of the State of Ohio, or a veterinarian duly authorized by the United States Government to perform certain duties of a veterinarian.

C. Immunization. The word "immunization" shall mean the application of a biological product authorized by the United States Department of Agriculture and/or the Ohio State Department of Agriculture and deemed adequate, by the veterinarian administrating the biological product, to protect the animal, so treated, against rabies.

D. Person. The word "person" shall mean person, firm, corporation or association.

Section 2. Immunization. Any person who keeps or harbors a dog, or dogs, within the limits of Franklin County, shall on or before (date to be determined) have [illegible] against rabies and each twelve (12) months thereafter shall have such dog, or dogs, re-immunized. Provided that any method, other than that of re-immunization described above, approved by the Health Commissioner and authorized by the United States Department of Agriculture and/or the State of Ohio Department of Agriculture, may be used. Provided further that dogs need not be immunized before reaching the age of three (3) months. And provided further that dogs entering this jurisdiction temporarily for dog shows, performances or exhibition purposes shall not be allowed out of the owner's, keeper's or handler's control, unless properly immunized, and all dogs entering this jurisdiction for field trials or hunting purposes, or any other purpose shall be properly immunized and immunized dogs shall be accompanied by an immunization certificate accomplished by the veterinarian that has immunized the dog.

Section 3. Records. All veterinarians immunizing or re-immunizing dogs against rabies shall keep a record of such immunization or re-immunization and shall without delay give to the owner or keeper of the dog immunized or re-immunized a certificate of immunization which shall include a number identifying the individual record, a complete description of the dog, place where dog is kept or harbored, name of owner, keeper or harborer and the dog and his or her address, date and type of immunization or re-immunization and such other pertinent information as is needed, and the signature and address of theveterinarian. The veterinarian shall also without delay forward the information, required on the certificate described in this section, to the Health Commissioner of Franklin County or to an agency authorized by the Board of Health to keep these records.

Section 4. Fees. The certificate described in Section 3 shall be made on forms provided by the Health Commissioner or the agency authorized by the Board of Health to the veterinarian, at a [illegible] fee of 50c for each certificate. This fee shall be used to provide for the enforcement of this regulation.

Section 5. Tags. All veterinarians who immunize or re-immunize a dog against rabies shall provide a tag approved by Health Commissioner, which shall have thereon permanently affixed the year of immunization or re-immunization and the number indicating the record prescribed in Section 3 of this regulation. Such tag shall be securely fastened to the collar or harness worn by the dog.

Section 6. Penalty. Any person, firm or corporation who shall violate any provision or provisions of this rule and regulation shall be liable to prosecution under Section 4414 of the Ohio General Code, which provides as follows:

"Whoever violates any provision of this chapter or any order or regulation of the Board made in pursuance thereof, or obstructs or interferes with the execution of such order, or willfully or illegally omits to obey such order, shall be fined not to exceed one hundred dollars or imprisoned [illegible] for not to exceed ninety days, or both, but no person shall be imprisoned under this section for a first offense, and the prosecution shall always be as and for a first offense, unless the affidavit upon which the prosecution is instituted contained the allegation that the offense is a second or repeated offense."

Section 7. Repeal Clause. All rules and regulations or parts of rules and regulations in conflict herewith are hereby repealed to the extent of such conflict only.

Section 8. Unconstitutionality Clause. If any section, [illegible], sentence, clause or phrase of this rule and regulation is for any reason held to be unconstitutional, void or invalid, the validity of the remaining portions of this rule and regulation shall not be affected thereby.

Section 9. For the reason stated in the preamble hereto, which is made a part hereof, this resolution is declared to be an emergency measure and shall take effect and be in force on and after [illegible] date as the determined.

The new council president in accepting the oath of office said, "We will not always agree, but lack of agreement is very often the Harrison Jones, telephone committee; Mrs. Booth, Averille Thorn, Russell Drake and Mrs. Earl Abram, community camp committee; Russell Drake Mrs. Raffsnider, Mrs. Ray Cave, auditing committee. Other committees will be appointed latter, according to Spears.

Mum Societies Plan Fall Show

By Myron T. Seifert

Plans for making the Hilltop the "Community Beautiful," with flowers, is gaining impetus from two floral-minded groups, the Columbus Chrysanthemum Society and the Highland Garden Club.

Mayor James Rhodes and Superintendent of Municipal Parks Ray Dietz, speakers at the first annual banquet of the two societies, held at Schmelzer's Club Room, Tuesday, Jan. 16, spared no words in acclaiming the Hilltop floral movement for its efforts to make this community and Columbus, the Mum Capital of the Universe.

The 67 members and guests of the two groups heard city officials laud the local groups for their efforts in promoting the growth of flowers, and its importance in civic development.

Colorful floral pictures and slides of community interest, shown by members of the Chrysanthemum Society, elicited much interest.

Mums, artistically arranged, bedecked the tables, and lapels of the banqueteers, on this evening.

Ralph Schmelzer, restaurant proprietor, who donated use of the club room last fall for the flower show, was surprised with a picture of himself, flanked by mums, as he entertained visitors at last fall's amateur chrysanthemum show.

The second annual Mum Show will be held next fall. Date will be announced later.

Dear Mother and Dad,

I have really been in a whirl since I arrived here. I have seen the Acropolis, and many of the famous sights here in Athens. They are beyond words when one comes to see them. Things that I have read about and studied about now have real meaning.

Athens is a modern city. Not too different than some of our American cities. They have things that look funny to us but are not to them. They are extremely poor but living costs are high. I paid 47 cents for a regular sized bar of Lux soap. A copy of the Saturday Evening Post cost me about 40 cents. Many people in Greece have only bread to eat and not too much of that. The country has been overrun several times in the past few centuries and most of its resources drained out. It is a pathetic situation. They really need help. The attitude toward the U.S. is a very good one. The people appreciate what the Americans are doing for them but they want to get on their own feet.

I have met some of the top people in agriculture in the Greek government and they keep stressing the point that any projects taken on should be so developed as to fit into the economy of Greece.

They are treating me fine; the weather is excellent (about like Miami), the food is good; and I am enjoying it although I miss the family very much.

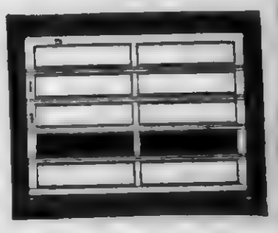
Teenager Gets Appetite Back; Thanks Hadacol

HADACOL Supplies Vitamins B1, B2, Niacin and Iron Which Her System Lacked.

According to Sara Loraine Beck, Box 253, Coker, Alabama, when a person is only 18 years old and feels terrible, can't eat or sleep the way they should, it's mighty bad. That is the way Loraine says she used to feel, but that was, of course, before she started taking HADACOL. Loraine found that taking HADACOL helped her system overcome deficiencies in Vitamins B1, B2, Niacin and Iron, which HADACOL contains.



Here is Loraine Beck's own statement: "I was run-down, sick and skinny, and weighed only 90 pounds before I used HADACOL. I would not eat because I had no appetite. Now I weigh 123 pounds and have an appetite. I feel a lot better. I have been taking HADACOL 10 months and am still taking it. I am 18 years old. HADACOL has done me lots of good."

DON'T GRIPE, JUST GIVE

At this time of year there seems to be a constant drive for one thing or another. We get a little weary sometimes of being asked for so many donations, but suppose there were no societies interested enough in our welfare to conduct such campaigns. How many men, women and children would be able to obtain the needed treatment for tuberculosis, heart-disease, cancer, cerebral palsy and polio?

How many people could secure enough donors for emergency blood transfusions if we did not have such a place as the Red Cross Blood Center? How many more of our wounded soldiers would die for the lack of blood?

It frightens us to think of such things.

Many years ago—on second thought it wasn't so many years ago if one member of a family contacted tuberculosis, it was not only incurable but eventially every member of that family was afflicted with the same disease. To-day, even advanced cases confined to sanitariums fully recover.

Without these sanitariums, x-ray machines and far from least, the sale of Christmas Seals most TB patients couldn't begin to afford the proper treatment.

Without the "MARCH of DIMES" and other generous donations, polio would remain the dread killer and crippler that it once was.

Many persons have spent long and tireless hours in medical research, treating and campaigning for funds to carry on. Americans are healthier and happier for it; therefore the cause must be justified even if we individuals do sometimes get a little tired of being asked for contributions.

Who knows, the very cause to which you donated, might benefit you or your loved ones some day.

Not a Very Healthy Sign

"SMALL BUSINESS"

By C. WILSON HARDER

A significant victory for those sincere leaders of small business during the past years has been gained by the passage of the anti-merger bill. This bill plugs loopholes in the old established Clayton Act.

* * *

The need for this new bill just passed by Congress is interesting. The original Clayton Act prohibits monopolies from swallowing their smaller competitors by buying up the stock in these companies.

C. W. Harder

* * *

But the problem still existed despite this prohibition due to a curious legal maze based on a Supreme Court decision.

* * *

That decision was that the Clayton Act did not prohibit a monopoly from buying up the assets of a small competitor. Then, after the assets were bought, if the monopoly acted before the Federal Trade Commission acted, the stock control would be taken over. Thus, mergers were completed with no recourse by the public, for whose protection all anti-trust laws are written. This loophole is now plugged.

* * *

Don't be misled by the first official public apathy to the pre-Christmas speech made by Herbert Hoover on the need for this country to prepare to defend itself militarily and economically, and to stop trying to carry on with a global WPA.

* * *

Hoover's speech bit deep; will be referred to again and again in debates coming up in the new Congress convening on Monday. His speech was well received by the majority of small business, especially when he so strongly pointed out that if Europe and America are to be united in joint defense, Europe must put up an equal share. In the meantime, American boys should be kept at home.

* * *

As it stands now, America is at an economic crossroads. But signs are encouraging.

* * *

Strongly organized independent business could become the key factor in the defense program. The new Congress may take steps to assure that the nation's independent business receives a greater share of government orders.

* * *

There are some who take the viewpoint that the appointment of the head of a big corporation to head up defense production, Charles Wilson of General Electric, makes such a move doubtful.

* * *

But Wilson, hailed as a production genius, is accustomed to operating mass production lines that depend on hundreds, thousands of parts suppliers. Besides, in the past, Wilson has been very cooperative with small business. He could engineer a plan whereby thousands of small manufacturers in towns all over the nation would turn out the produce.

* * *

This would not only mean local payrolls, happier workers, but also greater national security in event a few large production centers were A-bombed.

* * *

It is not believed the new Congress will continue to allow so many security eggs to nest in one basket. Leaders of organized independent business may make even greater progress in this Congress.

BIBLE COMMENT

For Comfort or For Faith, Turn To the Holy Bible

THE horrors of war bring fresh torrents of passion from the lips and pens of poets, writers and armchair philosophers—words that ring hollow in the ears of those who have met grief first hand in the person of a succinct telegram from the Department of Defense.

Genuine grief more often expresses itself in faltering words and glistening tears than in highly polished eloquence. And genuine comfort that truly assuages the aching wounds of the heart is more often couched in simple, plainly stated words.

It is by virtue of their simplicity that the words of the Bible have endured these many centuries. Whether words are sought to console the loss of a loved one, strengthen wavering faith, provide hope, inspire repentance, or give counsel, the Bible's simple words serve as no others can.

In an age of turmoil and tension, the words of the Bible flow as placidly and steadfastly as "a river of water, clear as crystal." In Psalm 18, it is declared that the heavens declare the glory of God and that "There are no speeches nor languages where their voices are not heard."

The wisdom and compassionate strength of the Lord pervades every paragraph and parable of the Bible, offering help to all who seek it, as well as rewarding companionship.

And in contrast to the embellished verbiage of many modern-day orators, the words of the Bible are not bombastic, or inclined to make boasts in the midst of their [illegible].

Instead, they lay quiet in their sacred resting place, ready to serve those who turn to them.

West, Marion Fives Collide Saturday Night

West will travel to Marion Saturday evening to do battle with Harding High's always-dangerous cage five on the brand-new Marion Coliseum.

According to reports from the Marion school, the Presidents are suffering from a rather lean season, having lost eight of 11 games. However, their schedule is no light one, they having encountered some of the top fives in the state.

West and Marion have only one common opponent—Bexley. The Cowboys defeated the Lions, 53-48, the night after Bexley had trounced Marion, 48-38.

Marion edged out tough Tiffin Columbian, 44-41, last Friday night in their most recent game, and from all reports the squad seems to be improving as the games go along.

The Prexies will have one very decided advantage in their favor—that being that the game will be staged in the Coliseum, something that will be entirely new to West. The Cowboys, expected to arrive just previous to game time, won't have a chance to get the "feel" of the extra large court.

Last season West visited Harding and the two teams were forced to play in the small Edison Junior High gym. Marion won, 62-49.

West, entering the game with their won-seven, lost-five record, will probably rule as a slight favorite due to their better record. Marion has romped over Tiffin Columbian, Lima South and Willoughby. Defeats have come from Bexley, Lima, South, Galion, Bowling Green, Findlay, Fostoria, Fremont and Ashland.

Three returning men from last season's Harding team form the nucleus for the starting five this year. Forwards Jack Daum, brother of football and basketball star, Merle, and all-state footballer, Paul Ludwig, make up the starting forwards. Both stand over six feet.

Dean Ludwig (no relation to Paul), another football standout, is the starting pivot man. He is an especially promising center, and has been the team's high scorer thus far this season. Two inexperienced boys will start at the guards—Dick (Chief) Bender and Paul Colby.

Last Monday's game was the finale for two West basketballers, and through graduation last night they are ineligible for duty at Marion. One guard, Earl Potts, a real sparkplug, will especially be missed, in addition to Dave Caton, who hasn't seen much action this year.

Three Teams Tie For 'Y' Cage Leadership

By Dave Miller

Hilltop, Burgess and Arrows won their second games in as many tries last Wednesday evening in games played in the Hilltop YMCA League contested at John Burroughs gym.

Hilltop wasted little time in disposing of West Park, 37 to 18; Arrows swamped Hillcrest, 33 to 13; Burgess blasted Hoge Memorial, 29-18, and Highland scored at ease over St. John's 48-15.

Bob Shivers took over the league's scoring lead with 15 points in games last week for a two-night total of 36 points. Bob Swartz of West Park and John Bolg of Burgess followed close with 29 and 26.

Hilltop-West Park game action was rather close in the first quarter, but Hilltop pulled away gradually in the second and third periods to cinch an easy 37-18 verdict.

After only a 10-9 lead at the first period, Hilltop Church of Christ white-washed West Park in the second period, 11-0, and in the third quarter, 8-2 to sew up things without much doubt. Shivers was high man with 15 while teammate Bob Dixon and West Park's Bob Swartz each had eight tallies.

Holding a commanding 12-5 first quarter lead, the Arrows went on to spear Hillcrest rather handily, 33 to 13 in the night's second fray. The game was fairly even following that first quarter until the Arrows (Dietrech's Markets) outtallied Hillcrest again in the final period, 11-2.

In what was probably the most exciting game of the year thus far, Hoge Memorial went down in defeat to Burgess EUB, 29 to 18, in a game that wasn't, oddly enough, very close.

It was Hoge's second loss in three years of the Intermediate loop.

Burgess wasted little time making Hoge an easy target. Before anyone had a chance to be seated, the EUB's hopped off to a 10-0 first quarter lead, but the margin had been narrowed down to 14-11 at halftime. Burgess playing without two regulars, jumped to a 24-14 third quarter lead. Both teams scored only one two-pointer in the last period, but Burgess sank three free tosses to Hoge's two in the period to climax a thriller.

In a rather dull affair, Highland Friends wasted little time in disposing of a small St. John's team, 48 to 15, after grabbing a 10-point lead at halftime and the final score, in fact, being the biggest difference between the teams for the entire night.

West Jr. Hi-Y suffered its second straight one-point loss in Monday night's opener to the Pythergarians, 25-24, although the winners were outscored in the final quarter, 13-10.

Seagraves paced the winners' cause with a 17-point spree while Gary NeBinger topped West Junior Hi-Y with 10 points. Chappelear of the losers had eight points for runner-up honors.

Hoge Memorial continued on its winning wayMonday in this one, taking a rather easy 23 to 17 win over the Glenwood Methodist five.

Joe Hutchison of Hoge was high point man with 12 points, while Bob Pressler's five topped Glenwood. Incidentally, all of Hutchison's points came in the first half, as Glenwood was successful in "closing up" Hoge's pivot.

After grabbing a runaway 14-0 first period lead and 26-7 half-time margin, West Torch scored at will Monday in defeating a small but scrappy Burgess team by a 50-18 margin.

West Junior Cage Squad Is Idled

By Dave Miller

West Junior will be idle for the next two weeks during the graduation exercises now being held throughout the eleven city junior high schools. West won their third win of five games in the loop last Friday afternoon, downing Champion, 36 to 23, on the local court.

Feb. 2, West will host to Roosevelt, in their first game of the new semester, West having lost six players through graduation exercises held yesterday afternoon at the school. The six completing their eligibility were Sheryl Singer, Bill Smith, Jan Sullivan, Dave Green, Jerry Ruffner, Ronnie Bowman, and Fred Elder.

In the Champion fray, West and the visitors hit a new low in the first period as West held a low 5-4 edge at the first period, but the locals broke loose with 14 points in the second quarter to Grab a 19-14 halftime lead.

The game was hardly in question from the half onward although the visitors pulled up to 28-25 early in the fourth quarter. At this period, Holsclaw and Vincent tossed in long shots and Ron Bowman meshed a free throw to hand West an eight point lead which later increased to 13 by the game's end.

Holsclaw was high point man of the game with 10 points while Kimball had nine and Vincent eight. Ruben Young and Bob Williams paced Champion, each gathering six.

West Defeats Linden 58-51

West's cage team evened its City League record for the first round at three wins as against the same number of defeats last Monday night, trouncing Linden's scrappy Panthers, 58 to 51, on the latter's floor.

It seemed as though West would have little trouble in grabbing the win. However, Coach Johnny Rawn's Panthers had a different idea as his Lindenites threw a scare into West numerous times throughout the game. Linden pulled to within five points of West on four occasions.

Trabue was high scorer with 19, while Harold Hines and Bob Vennett had 15 and 11 tallies, respectively, for the host five. Earl Potts, playing his last game for West, played another sensational floor game, intercepting passes, breaking up opposing plays and the like.

West's reserves set their first round record at 4-2 by taking the curtain raiser from the baby Panthers, 42-34. Dick Hutchison, sinking eight of 11 free throws, was high scorer with 12 points while Bert Heyder and Earl Redman each had 11. Paul Martin paced Linden with eight.

'Hotshots' Lead Glenwood Loop

Through Thursday, Jan. 18, the "Hotshots" were leading in the Glenwood Basketball League standings with three wins against no defeats.

Schivers of the Hilltop Church of Christ is currently leading in the scoring with 24 points, Runners up are Todd (Hotshots), Wilson (Burkes), and Grabill (St. Aloysius) with 22, 18 and 18 points respectively

The standing through Jan. 18 were:

Team	W.	L.	Pct.
Hotshots	3	0	1.000
St. Aloysius	2	1	.667
Atomic Five	2	1	.667
Burkes	1	2	.333
Hilltop	1	2	.333
Pepperdines	0	3	.000

Ten top scorers through January were Schivers, Hilltop, 24; Todd, Hotshots, 22; Wilson, Burkes, 18; Crabill, St. Aloysius, 18; Prebs, Burkes, 15; Stieff, Burkes, 14; Rose, Hilltop, 14; Killian, Atomic Five, 13; Manicho, St. Aloysius, 13, and Grooms, Hilltop, 12.

West Loses Two To Polar Bears Cage Quintet

By Dave Miller

North's Polar Bears entered the West High gym last Friday night and surprised everyone, including themselves, finding West's basketballers a bit astray at finding the nets, and winning over West, 48 to 38.

Things went at no surprising pace in the first quarter. The period finished with West in front, 12-9, and the game looked as though West might have no trouble in grabbing their third City League win against two defeats. Both teams entered the fray with 2-2 marks, now both will no doubt finish the first round with even records.

Gardell and Forsyth were the big scorers for the visitors, grabbing 17 and 14 points respectively. Earl Potts was high for West with nine while Trabue was held to only eight.

Free throws made the difference in the reserve game, North winning in the final seconds, 35-32. Both teams sank 14 buckets—West in 45 attempts and North in 47. However, North's seven successes from the free throw lane compared to West's four spelled victory from defeat.

Jay Blackford, North sophomore, was high scorer with 13 tallies while "Lefty" Booker of North and Dick Wilson of West each had eight for runner-up.

STRIKES and SPARES

Many of the Hilltop bowlers will participate in the city tournament which starts Feb. 3. Walt Thrailkill had a city high of 279. Dick Ardle had a 626 total. The Vee-Dee-Ers had 983-2797.

Bob Barok shot 235 and Andy McKenzie came in with 646. Grotto Gam shot 957-2853. Boot Maier shot a nice 232 and Bill Frasure had 615. Kent Bros. Construction had a fine 1004-2710 to lead the Tuesday Niters.

Larry Seipel had 223-601 to lead the Suburban. Schmelzer's Bar had 962 and Hilltop Van and Storage had 2683. Art Helms paced the Commercial with 241-589. Arco Electric connected for 942 and Wahl Builders had 2636.

Mary K. Hughes had 202 and Ruth Perry had 565. Broadview Tile had 826 and Corner Cafe had 2315.

West Twirlers To Show At State Tourney

By Myron T. Seifert

Something new in rope-twirling will be annexed to the state high school basketball tournament, come Mar. 31, when the semi-finals and finals will be played at the Coliseum—and West High School is the reason for the innovation.

By virtue of the performance by the West High rope twirlers, under the guidance of science teacher, E. T. Stone, the twirlers will be out in front when they display their abilities between halves at Class B finals Saturday afternoon, Mar. 31, and at the Class A finals of the same day.

The twirlers have attained a high degree of dexterity in rope twirling, a popular extracurricular activity at the Cowboy school.

They devote many hours to training routine, under the guidance of Mr. Stone, who is also adept at rope twirling.

Trained in the art of "handling the manila," the local twirlers refuse to take a back seat with any other high school rodeo-twirling group in the country.

Traditionally a part of West High, the story of West High ropers stems back to the year 1946 when, among others, Jim Cockfield and Don Watkins, later students at Ohio State, introduced to West High School the adroit handling of the lasso.

Those girls who will spin the ropes between halves at the basketball tourney have completed a rigorous course of instruction. Mastery of unusual rope throwing techniques must be performed to gain varsity twirling berths.

An innovation this year is the "homespun" dress worn by the girls.

The outfit, costing only $4 per girl, is original and styled by the girls themselves.

It is a blue denim with vest and cullottes, bedecked with red fringe, made from genuine leather. Western buckles and regular western shirts and cowgirl boots are also worn.

The girls made the uniforms from a pattern designed by an aunt of one of the girl-twirlers, Barb. Gordon, and copied by the home economics instructor, Rhoda O'Harra. Girls who wear these uniforms must be advanced and experienced in rope-twirling, Adviser Stone said.

Those qualifying this year were Frances Wright, Thelma Lou Mugrage, Carolyn Gordon, Barbara Gordon and Arlene Frances.

Pins and letters are also given the girls for their service.

A colorful show is anticipated at the halves when the girls perform on Mar. 31.

Come In . . . Let Us Drain Dirty Oil Now! Protect Your Car At Your Neighborhood Standard Oil Dealer

WHEN IT'S COLD OUTSIDE...

Your car engine manufactures as much as a gallon of water for every gallon of gasoline burned. Most of this water passes out through the exhaust pipe. Some slips past your piston rings into the crankcase.

IT RAINS INSIDE YOUR ENGINE...

In the summer, high engine temperatures keep most of this "blow-by" moisture from condensing. In winter, cold engines, shorter trips and slower driving leave the crankcase cold—ideal for condensation. When it's cold outside, it literally rains inside your crankcase!

CONTAMINATES YOUR OIL...

This condensed water drips into your oil. Unburned fuel from extra cold-weather "choking", together with by-products of combustion enter the oil. Oil, water and unburned gasoline are churned together into a thick, gummy substance called cold-sludge.

AND HERE'S THE RESULT!

Cold sludge plugs oil screens, piston rings and oil lines, preventing proper oil flow and lubrication. It increases oil consumption. Hurts winter gasoline mileage. Leads to engine damage and repair bills. There's only one simple, effective solution—get the contaminated oil out of the crankcase often in winter.

Big Bear Stores Erecting New Super-Market

Monday morning of this last week, ground was broken for the erection of a Big Bear super market, at the location on what is known as the Powell ground, located on the south side of West Broad-st, between Powell and Chase-av.

Boyajohn Barr Co. are the general contractors and builders, for Harry J. and Beatrice C. Haney, who in turn have leased to Big Bear Stores It is reported that the building will be one story above ground, with full finished basement.

The Big Bear Stores have also taken a long time lease on the parcel of ground at the southwest corner of W. Broad-st and Chase-av, for parking purposes.

Leases were negotiated through the office of O. H. Craft Realty, 2661 W. Broad-st.

This parcel of ground was originally owned by a group of five local physicians, who originally had intended to build a medical center. They never completed their original plans. Over a period of several years, attempts were made to negotiate improvements without success. Early in 1949 Mr. Haney acquired three-fifths interest in the property and in 1950 complete ownership, and leasehold with Big Bear.

Try A Souffle

By BETTY BARCLAY

Try a souffle for a dinner at home. Many order this tasty dish regularly in their favorite restaurant or hotel dining room, but seldom if ever, treat their family by serving such a dish at home.

A cheese souffle, prepared from the following recipe takes on added delicacy when flavored with Lea & Perrins Sauce. It's easy to prepare, too. A bottle of this Sauce, by the way, is a wonderful aid when placed on the table with the salt and pepper. It can be used for flavoring fish, meat, soup and vegetable dishes.

Individual Cheese Souffles

2 tablespoons butter
2 tablespoons flour
½ teaspoon soda
½ teaspoon salt
¼ teaspoon paprika
½ cup milk
1 cup grated cheese
4 eggs, beaten separately
2 teaspoons Worcestershire Sauce

Melt the butter, add the flour, soda, salt, Worcestershire Sauce and paprika and stir until well blended. Add the milk gradually, stirring constantly over boiling water until the sauce thickens. Remove from the fire and stir in the grated cheese and the egg yolks, beaten until thick and lemon colored. Then fold in the stiffly beaten egg whites. Bake in individual paper cases or in well-buttered custard cups which can be sent to the table. Have the oven moderate (350°-375° F.) and bake about 12 minutes. Serve immediately. This will make 8 to 10 ouffles of custard-cup size.

Letters to Editor

Kalamazoo, Mich.

Dear Mr. Hartley:

We do know that the freedom of many is almost non-existent in the U. S. and even at some points in certain matters on the Hilltop for many minority peoples; we know that faith in peace has become subversive; and that to call for patience in compromising differences is no longer in style as the war drums beat faster and louder.

Hence it was particularly encouraging to read last week's Hilltop Record editorial, "Understanding Is Necessary," where you pointed out the real tragedy of intolerance, prejudice and bigotry, and called for faith in peaceful settlement and patience in compromising differences.

I hope the editorial won't be too far from what is actually happening on the Hilltop in these matters—that is that profession and deed will be synonymous.

Most sincerely,
Don Mathews

"Where there is no vision, the people perish." How true this quotation is and how applicable it is to the conditions in the world, in our nation and in the community today. The people are suffering mentally, spiritually and many are not only suffering physically, a great number are perishing because of the lack of vision.

Now this word vision may be applied in three distinct ways, namely physically, mentally and spiritually. How important then that the people who hold responsible positions should have clear vision.

The importance of good physical vision is pretty well understood. It is well known that the safety and welfare of the people depend on good physical eyesight. As an example, driving on the highway and in heavy traffic.

Important as physical vision is, it is far more important that those who are at the head of our institutions from the nation down to the smallest organization have clear mental vision. They should see clearly in their mind's eye the road they have mapped out and where they are leading the people. Without a clear mental vision they will go blundering along committing error after error and then try to cover up their mistakes by enforcing their policies upon their constituents instead of meting out justice to them. In most cases their weakness is due to a lack of experience. Before an individual can have a safe mental vision he must have seen years of experience. He can then look back through the vista of years and note the good and bad policies—proved good or bad by application. With this retrospective view he can trace the course of events and project the trend into the future. In this way the ones in control of our institutions can to a reasonable degree of accuracy see where they are going and what the results of their policies may be. He can avoid the mistakes of others and follow those that have proved successful.

So much for those in authority. Now what about the people who compose the nation and the institutions of our land? In any institution or organization, including the nation, the people are responsible for selecting the ones to head the organization to which they belong. If they have chosen wisely, there will be unity of thought and action. If they have chosen unwisely there is certain to be confusion and dissension. In this matter of selecting the one who is to lead, is where spiritual vision enters the picture. Spiritual vision is not necessarily that which Abraham had in the plains of Mamre, nor Saul, afterward Paul, on his way to Damascus, nor John on the Isle of Patmos. But it is in a practical sense spiritual insight by means of which people can analyze and see through personalities.

Spiritual insight is the background of mental insight. If individuals lack mental and spiritual insight, whose fault is it? Certainly not God's fault, for He created man after his own image and God is a spirit. Therefore the real man is spiritual, the image of Him after whose likeness man is formed. So in man is implanted the germs of mental and spiritual vision or insight. If he lacks these discernments, it is to a great extent his fault because he has failed to develop them. The responsibility is his for not having used the opportunities which would aid in the development of vision. But it requires years of experience to bring them to the fullest development possible in human beings. This does not mean the youths of our land and men with little experience have no value. It does mean that years of experience in many of the useful activities of life has a value all its own and can not be acquired in any other way.

How much better the world, our nation, and all the institutions therein would be, if the heads of all these and the people who compose them had a clear vision. Decisions must be made but not hastily. If it is found that a decision has been made unwisely, they owe it to the nation, the state, the community, and institutions to correct the mistake at the earliest possible moment. These mistakes cause disunity. Where there is disunity, there is always confusion and dissension.

"Where there is no vision, the people perish."

This week saw the first editions of the "Buckeyeneer" a publication of the Naval Air Reserve Station at Port Columbus printed at the Hartley Printing and Publishing Company at 2485 W. Broad-st. Editor of the Naval publication is Charles D. Stokes, 26, of 713 Sullivant-av.

Stokes is no newcomer to the West Side having been a resident here all his life with exception of the time he has spent in naval service for six years.

Prior to his rating as a journalist with the navy he was rated as a naval bombadier gunner. In the field of journalistic endeavor with the navy he has served as reporter with the "Stinger" of Jacksonville, Fla., and with the "Klipper" of Kanohoe, in Hawaii. In private life he was associated with the Columbus Bowling News, assistant manager of RKO Grand Theater and with the Academy chain of theaters as manager of the Cleve and Beechwold theaters.

At the present times Stokes is assigned to the Naval Air Station and lives with his wife and three boys, Charles 4, Bruce 2, and Mike 4 months, at the Sullivant-av address.

Local Physician Faces Sentence

Dr. Palmer L. Cordray, 61, 44 Woodland-av, was found guilty Wednesday in traffic court of leaving the scene of an accident.

Dr. Cordray was charged with driving an auto which seriously injured a Hilltop woman, Nov. 19, at Broad-st and Lechner-av. He was arrested at Broad and Highst when a patrolman noticed that a rear view mirror and a headlight were missing from the doctor's car.

A mirror and a headlight had been found at the scene of the accident.

Judge John M. Matthias deferred sentence until Jan. 24 pending a motion for a new trial.

Dr. Cordray plead not guilty.

Sacred Concert Scheduled For Hillcrest Baptist

Marian Embleton, 1633 E. Main-st, will be presented in a sacred concert by the Keystone Bible Class of Hillcrest Baptist Church, Sunday, Jan. 28, at the local church.

Miss Embleton's soprano voice is highly recommended by Ellis E. Snyder, voice department of Capital University, with whom she has studied. Her parents are both evangelistic singers. A native of Columbus, Miss Embleton has sung numerous other concerts on the Hilltop.

The musical program, arranged to bring a spiritual message, will be titled, "Song of the Soul." The public is invited.

Six Hilltoppers Escape Injury

Six members of a Hilltop family escaped a serious accident with minor injuries Wednesday when their car collided with another auto at Demorest-rd and Sullivant-av.

Mr. and Mrs. Elmer J. Althouse, 156 N. Southampton-rd, and their children, Kathryn, 3, Elmer, 4, Jeanette, 2, and Charles, seven months, were released after treatment at Mt. Carmel Hospital.

Police said Althouse was driving north on Demorest-rd when his car struck an auto driven by Kenneth Sidner, West Jefferson, traveling west on Sullivant-av.

Elmer and Charles Althouse were thrown from the car by the shock of the collision.

Broadlawn Housing Project Taking Form

Broadlawn addition, another in the chain of Tonti projects, is rapidly taking form. This new addition will be comprised of homes of brick and masonry units construction, containing five rooms and bath. One hundred of these homes will be held for rental purposes and the first one should be ready for occupancy within 40 days.

Broadlawn lies south from W. Broad-st at Volney-av, just fourtenths of a mile west of Southampton-av.

Al Tonti of Tonti Bros., builders of the new addition, feels that Broadlawn is a natural expansion brought about through pressure of West Siders who desire to rent a home on the Hilltop.

Plans Aid For Handicapped Children

Help for the mentally handicapped child who lives at home is the stated purpose of the new parents' council organized last week.

The Franklin County Council for Retarded Children held its first meeting Thursday, elected temporary officers and planned a second meeting Feb. 15.

Dr. J. William Rossel, 2082 Andover-rd, was elected temporary chairman. Mrs. Charles Emory is secretary-treasurer, and an executive board of three includes Dr. Herschel W. Nisonger, Mrs. D. L. Rankin, Jr., and Dr. Roger Gove.

According to Mrs. Gerald Sharp, publicity chairman, the council grew from a small ART (Aid for Retarded Children) Club, formed by interested parents to aid the programs of the Neil Training School, 4914 W. Broad-st.

The new council is patterned after a similar group in Cleveland and is designed to promote the welfare of the mentally-handicapped child who is not eligible for inclusion in the school's slow-learner classes.

The February meeting will be held at the home of Dr. Gove, 1601 W. Broad-st. Parents interested in the council may call Mrs. Don Wallis, Jo. 2331 or Paul Leonard, Ra. 4916.

Now, Take Cereal..

By Betty Barclay

PROBABLY you do take cereal—every morning for breakfast. But, if you have a tendency to place cereal in the breakfast pigeonhole and leave it there, you miss many a fine bet in good eating. So, take cereal down from the shelf more often to use with other good foods in appetizing main-course combinations such as this Sweet Potato Sausage Casserole—a hearty and delicious cold-weather dish your family will love. So will your budget!

Sweet Potato Sausage Casserole

1 pound sausage meat
1 cup raisin bran
¾ cup milk*
2 cups mashed cooked sweet potatoes
½ teaspoon salt
¼ teaspoon nutmeg
¼ teaspoon ginger
1 tart apple, cut in rings
¼ cup brown sugar, firmly packed

Mix sausage, raisin bran, and ½ cup of the milk. Place mixture on bottom of 1-quart casserole.

Combine potatoes, remaining milk, salt, nutmeg, and ginger. Spread over sausage in casserole. Place apple rings on top of potatoes, pressing in slightly. Sprinkle with brown sugar and additional nutmeg. Bake in hot oven (400° F.) 40 minutes, or until done. Makes 6 to 8 servings.

*For extra richness, use ¾ cup undiluted evaporated milk.

Rabies Epidemic--

(Continued from Page 1)

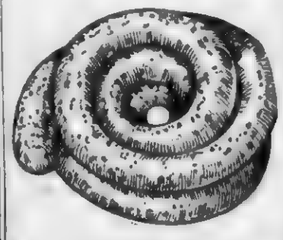
commissioner, and Dr. Homer L. Mitchell, Franklin County Health Commissioner, have revealed that since Nov. 1, 30 dogs taken to the animal shelter have been found rabid. In addition three other animals also have been found as positive cases of rabies—these were a cat, a skunk and a bull.

Dr. Thomas E. Rardin, president of the Metropolitan Health Council of Columbus and Franklin County, has added his support to the plea for compulsory immunization regulations.

For the past several weeks The Hilltop Record, as a community service, has campaigned editorially for such a regulation and it is pointed out that the newspaper's campaign has focused attention on the health situation to such extent that an aroused public has demanded action by the various health agencies to curb and prevent the spread of the current rabies epidemic.

Also a deciding factor this past week in pointing up the present danger was the discovery of another positive case of rabies in a large shepherd dog near Alton and the picking up of another dog on Fisher-rd suspected of rabies.

A final meeting has been tentatively scheduled for Thursday evening by veterinarians and the various health agencies to iron out final phases of a compulsory regulation that will best meet the present need, according to a courthouse spokesman.



Dr. Guy Hulett Founded Local Community Home

Dr. Guy Hulett, superintendent of the Community Hospital Nursing Home, who maintains his offices at 2413 W. Broad-st, opened the hospital for aged and infirm at 721 S. Souder-av in 1947. The hospital, a home of a former Columbus judge, is situated in the middle of a five-acre garden and lawn plot at the end of Souder.

Dr. Hulett, a past president of the Hilltop Eagles, past exalted ruler of the Columbus Elks and a member of the Shrine, occupies a third floor apartment at the hospital.

Home Again—

and won his wings at Williams Air Field in Arizona in 1944. He spent the rest of the war as an instructor. In December of 1946 he was sent to Kimpo Air Field in Korea. After six months, he was sent to Japan for training in jets.

When fighting broke out, Joe's group followed the fighting up and down the peninsula. After he had completed 100 missions, he was was given the chance to go home.

He refused, he said, "because I wanted to stay and see the fighting through. We were nearly up to the Yalu River and I thought it would all be over by Christmas."

But then the Chinese Communists entered the fighting.

Speaking of Russian aircraft, Joe said, "We encountered some Russian-made MIG-15 jets, but they had the advantage; they could duck back across the Yalu anytime they felt like it and be safe."

After he re-entered this country, Captain Rogers said he was astounded at public apathy about the Korean situation.

"I could hardly believe that there were some cities that could not even meet their Red Cross Blood Donor quotas," he said. "A lot of people don't even seem to realize that Americans are dying in Korea. I was shocked at their lack of interest."

Captain Rogers has been recommended for 14 air medals, four Distinguished Flying Crosses and the Silver Star.

He is officially accredited with 13 tanks, two locomotives and a large number of ground troops.

The Gate Post

By Pat Martindale

Although the days of the new year are filled with uncertainties and in many respects the future may look black, let us remind ourselves that we have gone through uncertainties before and that the American spirit of cooperation in work and play and initiative will win out. But we must pull together to keep that spirit.

To help accomplish this, we at the Glenwood Recreation Center pledge to do our best in the scope of our abilities. We feel that we can do our part in helping the people of our community by offering good programs both entertaining and instructive.

Our programs are sponsored by the City Recreation Dept., headed by a capable staff, and are given to the public.

You are cordially invited to become a part of our daily programs.

On Wednesday nights at 7 the adults will invade the craft room to do basket weaving and shell craft. Girl Scout leaders, Camp Fire leaders and any adults working with children are invited to attend the classes.

Beginning Jan. 30, adult activity night will be held every Tuesday from 7 to 10. The gym will be reserved for the adults for activities such as volleyball and badminton. The social room and game rooms will also be available to all.

Beginning Wednesday, Jan. 31, a noon Business Men's program will be held at the center from 11:30 to 1:30. Any one free during lunch hours is invited to engage in adult activities. To enjoy a noon hour of relaxation the men can engage in pingpong, volleyball, badminton and other activities.

Two OSU students, John McCoy and Doris Welch, are helping with the programs at the center. Doris gives square dance instruction on Thursdays and helps with the junior girls' basketball teams. John works with the junior and intermediate boys' basketball leagues. Both students are assigned to the center to gain practical experience in the field of physical education.

Sunday, Feb. 4, has been set for the first paper drive pick-up. Newspapers, magazines, scrap paper and cardboard should be tied or boxed and placed at curb. Pick-up will be made between Lechner-av and Hague-av from Broad-st to Sullivant-av.

Pickups in other sections will be made at a later date. A television set will be purchased from the proceeds for the center. A drive on sales tax stamps is also under way.

VACATIONS IN FLORIDA

Marie Fisher, a 9B at Starling Junior High School, was fortunate in being able to spend her Christmas vacation in Florida. She made the trip with her mother and father.

There was one great disappointment in the trip. They were unable to go swimming because of the weather. About the only thing there was to do in the evenings was to go skating. Marie admits she missed having snow and a northern Christmas, but she says she had a wonderful time even though she is very glad to be back again. Peggy Messer.

The Low Down On High Ridgers

By One of Them

BOB BELL is taking the greatest step in his life. VIRGINIA CARPENTER has said "yes." Best wishes and loads of luck!

Playing ball in the street isn't such a good idea, but children WILL do it. Little EDGAR LARKIN ran after his ball and didn't look to see a car coming. Brakes squealed and the car was under control, luckily. However EDDIE had a bad fright and had a hard time trying to stop crying.

Congrats to MR. AND MRS. HOWARD SCHAFER who have a little son. He's our newest little Hi Ridger.

Glad to see MARIE SHELDON back from the hospital, and home again. She's recovering from an extended illness.

ARTHUR TRAYNOR was eating his lunch at work when he opened his vacuum bottle and found it was empty. MAE, his wife, had forgotten to pour in his coffee. The irony of it, she didn't really forget it—but had made soup, instead, and failed to pour it in.

A surprise happy birthday party was given to MARTHA SOWLES Saturday night. Her husband sent her to a movie with her sister and said he had to work until 10 p. m. Her relatives and a few friends attended, including MR. AND MRS. ALBERT JONES on WREXHAM.

New seat covers on their car for BILL WATSONS. They needed new ones and didn't want to wait until spring. So the inside of their car looks like new.

Back from a vacation in Los Angeles are BETTY MAYFAIR and MYRTLE LONG who had to go back to their offices after a six-week leave of absence.

EMILY HAGGERTY has taken up crocheting. The table cloth she started should be finished by spring. Will you enter it in the fair next year, MRS. HAGGERTY? After all that work and time you should show it to more people than just your household.

Dear Friend:
This letter is directed to our Hilltop friends, not so much as a scare letter but as an actual statement of facts. You have no doubt read in the newspapers about a cut back in appliances and television sets. Talking to our manufacturers and distributors we know there will be at least one half cut back, and in some articles a complete stoppage of manufacturing. We think you will be wise to replace any old or obsolete equipment at once.
If you are contemplating purchasing additional equipment why not do it now while our stocks are complete? You only have to think back ten years when we thought these items could become scarce and maybe we didn't act in time only to suddenly discover they were frozen in the dealers warehouses. We have for immediate delivery Frigidaire refrigerators, electric ranges, water heaters, washers, home freezers, and air conditioners. Also Maytag, Blackstone and ABC Washers, Ironers, Youngstown Kitchen Cabinets and sinks. RCA, Motorola, Admiral and General Electric Television Sets. Complete stock of plumbing supplies and bathroom outfits. At the present time our hardware division has an excellent stock of hardware, fence, nails, stock tanks, hog waters and metal troughs.
If you have any used equipment to trade we are always in the market. Many liberal time payment plans as well a grain trades are available for appliances.

The local vet stopped by the drug store to pick up the farmer, who had called the doc to look at a sick cow. After driving along the rough back country roads the vet and the farmer reached the farmer's home. The farmer jumped out of the car and said: "Okay, doc, you can go back to town now. I haven't got a sick cow. The taxi driver wanted to charge me five dollars to bring me home and you charge only three dollars for a visit."

Camp Chase Post News

By John Martindale

This age of movie cameras and home projectors is sure something. Last summer when you were fishing up at Lake Hookedabigone and struggled for hours to land the biggest fish you ever saw only to have him get away, wouldn't it have been great if somebody had taken a moving picture. Now you only have the memory of an event you can't get anyone to believe. After a while you will get to the place you will begin to wonder if it was all a dream. What a difference pictures would have made.

Now this isn't a fish story. I just want to tell you about a "George" who does things for other people and he is so happy in the doing of it that he wants to tell others. He knew that pictures tell a better story than he could so he got a friend to take the pictures, good pictures. Now he can show and does show others what can be done. This man is a hard working Legionnaire who has kept on working when most of us would have said we would have to take it easy and let someone else do it. He is Emory Adams of Comrade Post No. 490. Here is what Emory did—

Last summer when the Legionnaires of Columbus and Franklin County made it possible for 250 children to go to Camp Greenwood it made Emory as happy as it did those children. Emory knew that these children really needed to get out like this for they were children from homes where they didn't always get what they needed. Some were undernourished and all needed God's out-of-doors. Camp Greenwood is just outside of Delaware and is operated by the Salvation Army. It is a fine camp and a place of beauty with a lake, a swimming pool and lots of trees. Emory knew that if people could only see what we can help to do for children like these then more and more children will be helped. That is the why and wherefore of Emory's picture story.

Comrade Emory Adams showed these pictures at Camp Chase Post last Friday night as he has been doing before many groups. Emory, we want to thank you for bringing to us your picture memory of those children at Camp Greenwood. We now know that we can be proud of the child welfare program of the American Legion, and Legion dollars with Community Fund dollars are well spent through such an agency.

Announcing The Winners!

By Betty Barclay

Lend variety of fresh fruits at this time of year has the advantage of turning our attention more frequently to the possibilities of dried fruits. Stewed dried apricots, for example, have a tangy freshness you just can't beat. What's more, you can use them in desserts that are right up there in the Blue Ribbon class. Try this Apricot Tapioca — you can make it in no time with quick-cooking tapioca—and you'll see what we mean. It's a winner!

Apricot Tapioca

¼ cup quick-cooking tapioca
¼ cup sugar
¼ teaspoon salt
2¼ cups apricot juice and water
1 cup cooked apricot purée
1 tablespoon lemon juice

Combine quick-cooking tapioca, sugar, salt, and apricot juice and water in saucepan. Place over medium heat and cook until mixture comes to a full boil, stirring constantly. Remove from heat. Add apricot purée and lemon juice and stir until blended. Cool, stirring occasionally. Chill. Serve in sherbet glasses. Makes 6 servings.

For apricot juice and purée, cook ½ pound (about 1⅓ cups) dried apricots in 2 cups water until tender. Drain and add enough water to juice to make 2¼ cups. To make purée, rub apricots through sieve.

The trouble with many broad-minded people is that they are flatheaded.

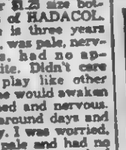
These Folks Once Suffered, Too!

Mary Helen Deemes was rundown and fatigued due to a lack of Vitamins B1, B2, Iron and Niacin.

Mrs. Verna Riley, suffered stomach distress due to a lack of Vitamins B1, B2, Iron and Niacin.

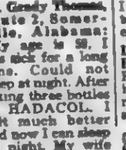
Mr. Grady Thomas suffered from nagging pains due to a lack of Vitamins B1, B2, Iron and Niacin.



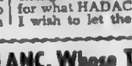
TODAY THEY HAVE RELIEVED THE CAUSE OF THEIR SICKNESS

Aches and Pains, Stomach Disturbances, Indigestion, Fatigue, Due to a Lack of Vitamins B1, B2, Iron and Niacin in Their Systems

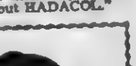
Why Settle for Symptomatic Relief When HADACOL Has Helped People Like These with Such Deficiencies



Mrs. Dennis Desmes, 111 Florence Street, Hot Springs, Arkansas: "My little girl has taken four $1.25 size bottles of HADACOL. She is three years old, was pale, nervous, had no appetite. Didn't care to play like other children. At night, she would awaken many times frightened and nervous. She would only sit around days and was very easy to cry. I was worried, because she was so pale and had no appetite at all. Then, I had heard of the wonders that HADACOL had done for so many people, both young and old. So I decided to give it to my little girl. I did so, and the third day after she began taking HADACOL, she was more cheerful and began to eat. She awoke hungry on the 3rd morning, and has been both eating and sleeping fine ever since, and isn't nervous at all. She is as cheerful as any child can be. Thanks to the makers of HADACOL, we are a HADACOL family. My little girl's name is Mary Helen Deemes."



Mrs. Verna Riley, 514 Missouri Avenue, Jeffersonville, Indiana: "I had been sick off and on for a long time. I am now 51 years old. After I heard about HADACOL, I have taken two bottles. I don't have that fullness in my stomach and I can eat anything I wish. I sleep much better at night now. Myself, I wouldn't do without HADACOL. My family also takes HADACOL."



Mr. Grady Thomas, Route 2, Somerville, Alabama: "My age is 58. I was sick for a long time. Could not sleep at night. After taking three bottles of HADACOL, I felt much better and now I can sleep all night. My wife says she believes I could sleep a week. I can do a full day's work on my farm. Before taking HADACOL, I couldn't work more than an hour or two at a time. I am very thankful for learning about this product."

Mrs. Marjorie Mullins, Jewellridge, Virginia: "I feel like HADACOL has helped me in many ways. My health was very poor, till I decided to give it a trial. I got one economy size bottle. It helped so much, I decided I wouldn't be without it. So now I am on my 4th large bottle. Before I took it, I wasn't able to do my housework, and care for my family. Every month, I would have to give up and think I was going to die. But thanks to HADACOL I never feel those weak spells any more. I tell my neighbors about it. I do my housework, my washing and never felt better. I am 42, but don't feel like my age is getting me down now. I am the mother of eight children and have been a widow for 10 years. I worked hard and sent my children to school, and now they are old enough to help me."

Mrs. C. H. Strack, 1851½ West Second Avenue, Pine Bluff, Arkansas: "Before using HADACOL, I was rundown, nervous, and had upset stomach. My friends could not understand the way I was acting. After I took HADACOL, I felt better than I have ever felt. I am not at all nervous and my friends have remarked at the change in me. I am forever grateful for what HADACOL has done for me. I wish to let the whole world know how much I praise HADACOL."

Bennie Hollingsworth, Box B, Simms, Louisiana: "I am ten years old. I have been sick for a good while. I was nervous. I could not sleep at night. I did not want to study my school lessons. Then, some of my friends told me about HADACOL. Now I have taken only three bottles of HADACOL. I can say that HADACOL has helped me a lot. Now, I can sleep. I am not so nervous. I do not hate to get my school lessons. I want to thank my friends for telling me about HADACOL."

Lloyd E. Schultz, 4945 Erie Avenue, Houston, Texas: "Before I took HADACOL, I did not know what it was to sleep for over an hour at night. Since using HADACOL I sleep all night without pains. I have taken three bottles of HADACOL and the relief has been wonderful. I have started on my fourth bottle."

SENATOR DUDLEY J. LEBLANC, Whose Tireless Efforts For Relief Of Suffering, Have Brought Humanity Today's Great HADACOL

Senator LeBlanc in all of his political activities has always championed the cause of the oppressed, and the poor and underprivileged.

He was the first candidate for Governor to advocate a specific Old Age Pension . . . and today in Louisiana, he is known as the Father of the Old Age Pension. In the course of his long, lone fight he has had his critics, but to those who opposed him he has continually stated: "If you do not believe in Old Age Pensions, remember the mandate of the Lord himself—'Honor thy Father and thy Mother that thy days may be long upon the land which the Lord thy God giveth thee.'"

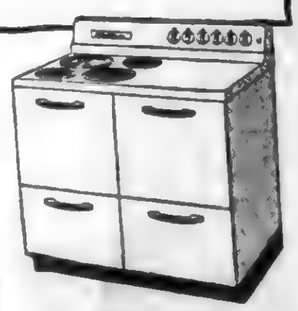
Senator LeBlanc is known as a friend of the veterans. He introduced and successfully passed the law that created the State Service Commissioner whose duty it is to see that every service man receives his just compensation from both State and Federal governments. His activities in public life in behalf of the working man are too numerous to mention here.

It was only natural that in his sincere desire to serve the people, that Senator LeBlanc would seek and find a product that would tend to assist the poor and ailing, that would help them lead a more happy and contented life. His tireless study and effort resulted in today's wonderful HADACOL.

Senator Dudley J. LeBlanc

Why Wait?

Why experiment, why give up, why suffer from a lack of Vitamins B1, B2, Iron and Niacin? Why not make up your mind to start taking HADACOL today with the positive assurance that it will help you if you suffer from such deficiencies or the Senator will gladly send back your money. You have to be satisfied, and since Senator LeBlanc has proven by his past activities that he is your friend, you know you can depend on what he says and what he does. Ask for HADACOL now. Trial size $1.25; large family or hospital size $3.50.



Refuse substitutes. There's only one true HADACOL.

Local Churches Observe World Day of Prayer

"Perfect Love Casts Out Fear" will be the theme for the annual observance of the World Day of Prayer when the churches of the Hilltop and Westgate join together in the fellowship of prayer at the Highland Avenue Friends Church at 2 p. m. Friday, Feb. 9. The 1951 observance will be a testimony to the power of Lay Prayer and is the result of the belief of praying women that "God is the author of peace and not of confusion."

The World Day of Prayer was the inspiration of Mrs. Darwin R. James, a Presbyterian Church Home Missions worker who requested all women of her own church to gather together to pray for home missions. Encouraged by the popular response to the project a few years later two women of the Baptist faith, Mrs. Henry Peabody and Mrs. Helen Montgomery enlarged the program to include foreign missions. From 1890 to 1919 the program was denominational, but since 1919 has been interdenominational. In 1920 Canada joined with the United States and the first Friday of Lent was set aside as the day of prayer.

Today a circle of prayer girdles the whole world and the observance will start when the sun comes up over the Fiji Islands and will continue throughout the day until it sets on Alaska and the Tonga Islands, thus uniting all the Christians of the world in the common bonds of prayer.

Each year the service for the World Day of Prayer is written by women of some country chosen by the United Council of Church Women. This year's program has been prepared by the Christian women of Germany and they, with the Christian women of 92 other countries will join hands with the thousands of women in the United States and the hundreds of women in our own community in the firm belief that

More things are wrought by prayer
Than this world dreams of. Wherefore, let thy voice
Rise like a fountain for me night and day.
For what are men better than sheep or goats
That nourish a blind life within the brain,
If, knowing God, they lift not hands in prayer
Both for themselves, and those who call them friend?
For so the whole round earth is every way
Bound by gold chains about the feet of God.

—Alfred Tennyson

Partnership With God Nets Church $570

Going into partnership with God netted $510.66 during 1950 for the Eastwood Seventh-Day Adventist Sabbath School Investment Fund for missions. The total Sabbath offerings for the year amounted to $4678.22. Of this, including this special investment fund, $4155.70 was contributed to help support the Seventh-Day Adventist world-wide missions, and $522.52 was designated for local Sabbath School expense, Ruth A. Michaelis, 177 N Terrace-av, secretary, reported.

Last June, Mrs. C. N. Brown, 586 Larcomb-av, leader for the program, launched this fund-raising campaign for missions. Twenty-five $1 bills were donated by one member and distributed to individuals who would invest them in any good enterprise, the proceeds of which would be dedicated to God. Many and varied were the activities engaged in which yielded a good increase by the end of the year for this investment.

Floyd Gisbell and his mother invested their $1 bills in baby chicks. By fall this netted $15 profit. Mrs. S. M. Archibald's homemade cookies brought $12.50. Mrs. Sadie Plummer raised 65 by baking doughnuts. Others made fancy work, sold berries, etc. Several who did not take the $1 bills invested their own money or dedicated some special fund-raising activity such as baby sitting to this project. One woman sold some of her jewelry which she had laid aside when she became a Seventh-Day Adventist.

A rescue ship on the high seas was the device used to encourage participation in this investment project. The ship was named for Mrs. L. B. Terry, the first one to turn in $25. Life savers extending from the ship were named for everyone contributing $5.

The junior department under the leadership of Thomas Hastilow raised $50 for this fund. The Primary department gave $20.50 and the Kindergarten $21.32 their leaders, Mrs. Leroy Brown, 523 Belvidere-av, and Mrs. T. W. Wilson, reported.

In Passing

By ESTHER WEAKLEY

MANY THANKS TO THEE

Have I ever told You, Lord, since You were born—
I've been happy and no longer alone?
Have I told You, Lord, since that holy morn—
This earth is brighter and sweeter with song?
Have I said I'm sorry I sent You out to wander
Yonder Bethlehem's streets to find a manger?
Lord, I've never known just what to say,
But I'm really glad You are here to stay.
I want to thank You, Lord, for love and life,
Blessings of laughter and music and candlelight!
I love You, Lord; here is my silence broken.
Take my heart, these are my thoughts unspoken!

Laura Hank Hilton, former Hilltopper and one of Columbus' policewomen, is also a poet of wide renown. The February issue of a detective magazine carries a story about Columbus policewomen and among other complimentary things, the story says that without exception, the gals are youthful, attractive, intelligent and decidedly feminine. Mrs. Hilton is the only one I know but that accurately describes her.

It really gets windy in Texas. One of the boys in Army maneuvers came floating into camp near the Davis Mountains. When he was brought to the officers' tent, slightly bruised, he was told, "You've got real nerve to come down in a parachute with this 100-mile wind blowing. That's dangerous!" "I didn't come down in a parachute," said the private, "I went up in a tent."

Surprise of the week: Bill Brabson, one of the more popular d-js of Columbus (WVKO) usually clowns through his record shows. He is clever and witty without working too hard at it, and doesn't take himself very seriously. The surprise came when Bill read "Meditation From Memory," and read it extremely well. So well that his listeners think he should do it more often. Some of the professional poetry-readers could take lessons from this versatile lad.

Obscure news item (heard indirectly but not read): Eleven-year-old Jimmy Jones, of Cleburne, Texas, who is a devotee of fishing, had coaxed his dad to take him fishing in the Brazos River. Dad Jones was busy, so when the kid persisted and insisted, as kids will, in order to get him out of Dad's hair, Dad told Jimmy that Tennessee owned the river because the Governor of Texas had lost it to the Governor of Tennesse in a bet on the outcome of the Cotton Bowl football game. So Jimmy wrote a letter to Governor Browning of Tennessee, asking permission to fish in the river. The Governor's reply came promptly; in part it read, "Dear Jimmy, this letter will be your authority to use this property (the Brazos) and I hope you will catch a lot of fish." A fine country when a busy governor takes time out to answer a small boy's letter. Don't you agree?

CAN DO
Knowledge of Woods Important to You

THERE'S infinitely more to a knowledge of types of wood and their uses than can be told in this space, but while those January winds are yowling around your front door, let's talk about them for a little while, anyway.

You may have the finest set of tools that your hardware dealer has to offer, but unless you know what wood to use and where and when to use it you still can do a poor job on any given piece of work you might attempt.

For instance, some woods stand up much better than others when exposed to the weather. Redwood is a good example here. Remember redwood if one of your winter projects is to make some trellises or lawn furniture for use next spring and summer. Cypress is another excellent wood for this purpose. Although it has a tendency to splinter, it is particularly good for outdoor items that must rest upon or come in contact with damp soil.

With woods, as with any other subject, there are any number of isolated facts which, of themselves, are very often good to know. Sometimes a stray fact is worth its weight in gold. Such as:

If you need a tough wood that will withstand all kinds of strains and shocks, like a mallet head would get, you will find cocobolo the best, with curly maple its near-equal.

If you're seeking an attractive combination of wood for inlaying or built-up turning work, walnut or mahogany and holly or maple will furnish a fine contrasty appearance.

When making a piece that will be held together with nails or screws, remember that beech, oak, mahogany and yellow pine have the greatest tendencies to split when screws and nails are driven into them.

The moisture content is especially important in wood which you plan to use for building furniture. It must be between 6 and 8 per cent if the finished product is to be non-shrinking and non-warping. That 6 to 8 per cent moisture content can be achieved automatically by storing wood for three or four weeks in the same atmosphere in which it will be used.

Here's an easy way by which you can check the moisture content of any questionable wood. First, weigh a small sample exactly, then put it in your kitchen oven at about 275 degrees. Check the weight periodically until the wood ceases to lose weight. Subtract the final weight from the original weight and divid the difference by the original weight to get the percentage of moisture content.

What Now?

By Betty Barclay

THE Christmas greens have been discarded; the tinsel and balls stored for another year. The excitement is over. Not so much fun to plan dinner today as it was yesterday. Not so much to do it with, either — if you splurged for the holidays. What now? Now, fresh ideas are in order — ideas for economical, easily prepared dishes that specialize in flavor. What fits that description better than this oyster casserole?

Baked Oyster Casserole

- 2 tablespoons butter
- ½ cup flour
- 1¼ cups milk
- 1 pint Bluepoint oysters
- ½ cup oyster liquid
- 1 teaspoon salt
- ⅛ teaspoon pepper
- 1¼ teaspoons Worcestershire sauce
- 2 cups soft bread crumbs
- 1 cup canned whole kernel corn
- ¼ cup butter

Melt 2 tablespoons butter in saucepan. Add flour and blend. Add milk gradually, stirring constantly, and cook until thickened. Drain oysters; add ½ cup liquid gradually to thickened sauce mixture. Add seasonings, oysters, 1 cup of the bread crumbs, and corn and turn into greased baking dish.

Melt ¼ cup butter and add remaining 2 cups bread crumbs. Sprinkle over oyster mixture and bake in moderate oven (375° F.) 25 minutes, or until crumbs are golden brown. Makes 6 to 8 servings.

If all the trucks in the world were lined up they would reach around the world. And oooh—the things their drivers would shout at the guy in front.

Mrs.: "I took the recipe for this cake out of the cook book."

Mr.: "Good. It should never have been put there in the first place."

Experiences In Korea Related To Several West Classes

Dick Holycross, Jan., 1949, graduate, recently visited several West classes to relate a few of his experiences in the Korean War.

Dick, who joined the Marine reserves in Oct., 1948, for the sole purpose of getting fatigue clothes to wear to school, was in combat training for 56 days before being shipped overseas.

He is a member of the Seventh Marine Corps, Third Battalion, H Company. Dick stated that the "Chinks" and "Gooks" (Chinese and Koreans as nicknamed by the Americans) swarmed over the rugged and mountainous terrain like ants.

"The Koreans always attack at night, and some are equipped only with grenades," he stated. Dick was equipped not only with his weapons but also other equipment.

With all his clothing and equipment, Dick weighed well over two hundred pounds. His normal weight is 156 pounds.

At night the temperature was always five and ten degrees below zero. One night it even reached 18

below. Sometimes it would be so cold that not only the hands but also the guns of the Americans would be frozen. Then their only alternative would be to flee the onslaught of the Communists and Koreans.

Dick was lucky in that he received no actual wounds, but his toes and fingers were severely frostbitten and necessitated his being sent back to the states for medical treatment.

"You have to use your head and live like an animal," Dick said. He quoted one of the commanding officers when explaining the big retreat. "We didn't retreat; we just fought in different directions."

Dick saw many of his former school buddies during the 28 days he was in Korea.

After his leave Dick returned to a Philadelphia hospital for observation before rejoining his company.

To Harry S. Truman, Dean Acheson and Other Cabinet Members

I'm not a man who can call himself a diplomat, a political leader, a big shot in industry, a military genius, a congressman or anything even closely related to such high sounding titles. I'm just a "little Joe, like millions of others who call themselves Americans.

I was taught from very early childhood to have a patriotic love of my country and from the day of my birth I was dedicated to the defense of the flag, the Constitution and the democratic, free way of life. As I grew, I became more and more imbued with the spirit of patriotic free endeavor. I was taught, and I learned well the fundamental principles of the Bill of Rights which grants every man in America the freedoms which we hold so dear and for which we would lay down our lives to maintain and keep.

As I have written before, I am not a learned man who professes to know the ways of international politics and the devious manners of diplomats, but today there are matters that trouble me and cause me to wonder. I, in my own mind, wonder if America has lost its will, its courage and its initiative. I wonder WHY we must act as the little Spartan of fabled story who held the fox to his cheat and lost his life. We are doing just that, it seems, in permitting those who would destroy our way of life to openly malign us, threaten and browbeat us on the floors of the United Nations.

I wonder WHY the men whom we have placed in the roles of statesman are so spineless as to permit other nations to "bite the hand that feeds them." WHY MUST AMERICA, a few short years ago recognized as the leader of the world, accede to the wishes of appeasing countries and have them tell us what we should or should not do? Has America lost all courage to stand up as a nation of free men and say to the world, "We pay tribute to no one. We shall make our own decisions. We will not be led down the road of appeasement and forced to bow down to the will of aggressor nations who would destroy our way of life."

Has America lost initiative? Must we consult with others who are living off the fruits of our labors and thrift today, before we can act as a free nation of men? Because others have accepted the credo of socialism which is nothing more than a refined word for communism, MUST AMERICA TOO, follow that same road to ruin because we lack leadership that is courageous and strong enough to speak for the people they represent?

Sometimes I wonder if Americans aren't being misled by those who are sworn to uphold and protect the Constitution of the United States. I believe it is time that the true voice of America is raised in a clarion call that will resound around this troubled earth and tell the peoples of the world that we Americans who have borne the burden of feeding, policing and rehabilitating the world have reached that point where we will have no more bullying tactics pulled on us.

I believe it time that "the fairweather friends" who have been aligned with us these past few years for the handouts of money, food and everything else, be told, "If you would appease and kneel down to the forces of evil, then go your way. If you have no faith in free men, then live under the heel of a dictator. America will continue to remain a free people. We owe and will pay tribute to NO nation. If we want men to fight for the causes of freedom and democracy we want those who are not mercenaries to fight our battles."

I think that America is being "sold down the river."

You may wonder why I speak as I do. I'll tell you.

It was only a few short days ago, that I went into battle on the Korean War front. I believed in the United Nations and believed that in fighting aggression I was aiding the cause of Peace and Unity throughout the world. I and my buddies fought as best we could, outnumbered and against innumerable odds and many of us went down and gave our all on the sacrificial block for the cause of peace.

It was but yesterday that one of our patrols found me. My buddies lifted my broken and torn body and tenderly placed it in a grave dug in the frozen ground of Korea. I speak to you from across that vale of tears and ask that we who have died here as Americans, as freedom loving men be not forgotten. I speak in the hope that America will not go on permitting her banner to be besmirched and dragged down in the mire of appeasement.

Keep faith with us America . . . be strong have courage and be not afraid to speak at the conference table in defense of American rights.

I've died for freedom's cause. Others, too, have paid the price. Don't ever permit it to be taken away by appeasement by spineless diplomats or political opportunists.

Carry On For Freedom, the torch is yours.
A Marine Buried in Korea.

Another Year Of Progress For YMCA

A total of 103 members of the Hilltop YMCA were present for the third annual meeting of the organization held last Thursday evening.

This is an increase of about 40 over the previous year's meeting.

It is gratifying to see the increased interest shown in this program and it forecasts the ultimate realization of one of the finest things that has ever happened in this community.

It was good to be able to report that over 700 youngsters of this community are now enrolled in the program and that further enlargement of the activities is planned for this year.

As we get well along into the new year it is well to recall that we must continue to hold our sights high and continue to strive for the development of a bigger and better Y program on the Hilltop.

HASTILOW RECOVERING

Roy W. Hastilow, 37 Letchworth-av, injured in an accident Jan. 9 west of Chicago when he lost control of a truck and crashed into the side of a bridge, is now at his home recuperating from burns received in the accident.

City Council Approves New Expressway System

A $39,000,000 system of innerbelt and outerbelt expressways received City Council approval Tuesday. Included in the approved plan affecting West Siders were plans for a suitable interchange of traffic from Spring-st to Sandusky-st, a Hague-av underpass at the New York Central Railroad, Sandusky-st and Olentangy River-rd connections with Goodale and Fulton-sts and McKinley-av widened into a four-lane highway.

The long-studied expressways belt was passed in the form of legislation to be put before the voters in a special election to be held Apr. 10. This vote will provide the city's share of the program.

According to Ernest H. Stork, city planning director, the county's share of the extensive program would be $2,500,000. County commissioners must submit this planned amount to a vote. The balance of the finances, according to Stork, would come from state and federal matching funds. Matching funds run from 50 to 85 per cent of the 39 million dollar total cost.

Each end of Columbus would be touched by the inner-belt system. Motorists would be able to enter and leave the super-highway system at only a few points. The highways would vary from 100 to 300 feet in width.

The plan would remove both transient traffic through the West Side business district and the residential sections. It would also divert truck traffic.

Overall bill for the city's program would be approximately $35,000,000. Taxpayers would obtain more than $29,000,000 from federal and state sources.

The expanded plan calls for the widening of McKinley-av into a four-lane express highway from Sandusky-st to Grandview, using Sandusky-st and Olentangy River rd to link Goodale and the Fulton-

Capt. D. Gentile Famed War Ace Killed In Crash

Capt. Don S. Gentile, Ohio's top World War II ace, veteran of 182 combat missions, died in the crash of a T-33 jet trainer, Sunday.

Capt. Gentile, husband of the former Isabella Masdea, 163 Powhatan-av, was killed in a training version of the F-80 "Shooting Star" with an air force sergeant, when the two crashed during a routine proficiency flight over Maryland. He had "taken-off" from Andrews Field just 25 minutes before the crash.

Credited with 19 German planes in air combat and with six destroyed on the ground, Capt. Gentile became the top air ace in Europe.

He was among the most decorated pilots of the war. He was awarded the Distinguished Service Cross with an oak leaf cluster, the Air Medal with three clusters and a presidential unit citation with two clusters. He also received the Belgian Croix de Guerre and the British star.

Witnesses reported seeing the jet plane dive at a steep angle. It sawed off several tree tops before it crashed into a wooded area. The plane burst into flames almost immediately. Capt Gentile was found about 20 feet from the wreckage.

The 30-year-old veteran pilot was attending the University of Maryland in an Air Force training program.

Captain Gentile is survived by his wife and three children, Don, Jr., 5; Joseph, 3; and Pat, 1, and by his parents, Pasquale and Josephine Gentile, of Piqua, O.

Cub Scout Troop Entertains Parents

Cub Scouts of Troop 181, sponsored by Hillcrest Baptist Church, are entertaining their parents and families Friday, Feb. 9, at 7:30, in the church fellowship room. Projects will be on display.

A short program is planned, to be followed by colored movies and refreshments.

Bus Hearing Postponed

The Binns-blvd bus "back-around" hearing was again postponed by Common Pleas Judge Myron B. Gessaman until Monday, Feb. 5. Judge Gessaman postponed the full hearing on the Mound-st bus line injunction suit on a motion for continuance of the plaintiff, Charles S. Blackmore, 689 Binns blvd, to allow his new attorney to familiarize himself with the case.

Blackmore contends that the Binns-blvd back-around at the western end of the recently extended bus line violates the city's traffic code. Common Pleas Judge Joseph M. Harter dissolved an earlier injunction.

Clarence Addison is joining Fred W. Postle as co-counsel for Mr Blackmore.

Blueprint For Action

Hilltop Women Open Campaign To Aid Blood Donor Program

A group of Hilltop women, who are vitally interested in procuring more blood donor recruits for the Red Cross, met at the home of Mrs. Carl Turner, 3039 Crescent-dr, Monday, Jan. 29, to blueprint plans for a telephone campaign to to stimulate action in behalf of the American Red Cross.

Mrs. Feris Hamilton, chairman of the personal solicitation division of the local chapter, held an instruction meeting for the needed project.

Mrs. Hamilton pointed out the great need NOW for blood donations, to be dispensed among our boys in the Korean theater, and for use in times of emergencies and civil defense in our own country and comumnity.

The West telephone unit is one of many now in the formative stage of organization.

It is proposed that every name listed in the Columbus telephone directory will be contacted to alert subscribers on the critical need for blood donors—and Hilltop women have already begun to contact prospective blood donors by way of telephone.

Attending the initial meeting at the Turner home were Jean Ferguson and Mrs. Carl Turner co-chairmen, Mrs. John Rohr, Mrs. Fred Daubner, Mrs. Edward Planck, Mrs Tom Fletcher, Mrs. Earl Dutoit, Mrs. Gene Hayes, Mrs. Melvin Senerius, Mrs. F. YOUTH . . . Has Its Say . . . In Junior Town Meeting

Signing the proclamation of "Junior Town Meeting Day" in Columbus for Feb. 4 is Mayor James A. Rhodes (center). Jerry Mock (left), program producer, and Robert S. McMahon, panel moderator, look on.

Mayor James A. Rhodes has given official recognition to the junior town meeting series "Youth Has Its Say" in which students from the Hilltop have played an important role during the last two school years.

In recognition of the fine "community service and the job of building future citizens" the program has been doing, the mayor has proclaimed Feb. 4 "Junior Town Meeting Day" in Columbus.

Since the series began a year ago, students from West Side schools have appeared on many programs. This year West has had two students participate and Holy Family, one.

Roy Martin of West participated in a discussion of: "What is the most important problem facing our community?" Gail Hinton was a member of a panel which asked "Should Western Germany be allowed to re-arm?"

Holy Family's participant was Sue Collins who discussed: "Will the Atlantic Pact promote peace?"

The program is aired each Sunday at 4:30 on WTVN, and is scheduled for the remainder of the school year. West is scheduled to participate through Warren Northrop, Jr., on Feb. 11. The topic that day is: "Should Spain be admitted to the United Nations?"

Fr. Robert Harwick, superintendent of schools for the Catholic Dioceses of Columbus, John Sittig director of Audio-Visual Methods for the Columbus Public Schools and representatives of the various private schools, supervise the series. Individual teachers and principals make the selection of the students and aid them in preparing their topics.

Edwin Kaylor, director of speech and dramatics at West High, supervises that school's participation in the series. Sister Mary Thomas of Holy Family's faculty, makes the selection for that group's participation.

The series has been widely recognized by educators and recently was featured in "Civic Training," a national education publication. It was cited as a "pioneering series in the use of television education."

Six Hilltop Residents Are Fined For Ignorng Health Board Edict

Franklin County health authorities in cooperation with the Humane Society and law enforcement officials this past week began to take more drastic action in their battle to curb the incidence of rabies in this segment of the county as they followed through on oft repeated warnings and began making arrests.

Six Hilltop residents this past week have paid fines in the court of Franklin Township Justice of the Peace William S. Brown, for violations of the rabies quarantine. Arrests of dog owners by Cecil G. Crosby, Franklin County dog warden, began on Saturday of last week after health and enforcement officials had sounded their final warning to dog owners to keep their pets in restraint or run the risk of fines and further court action.

Three Hilltoppers appeared in Justice of the Peace Court Saturday to answer to charges of permitting a dog to unlawfully leave the premises in violation of Sec. 5652-16 of the General Code of Ohio. (This is the section of law which gives teeth to the dog quarantine order issued by the county board of health.)

Arrested and fined Saturday were:

Harry Hazelton, 339 N. Algonquin-av, $10 and costs of $8.85.

Charles Staten, 361 N. Sylvan-av, $10 and costs of $8.85.

Fire Razes Local Home; Damage Set At $7000

A fire apparently caused by sparks from a chimney swept the second story of the home belonging to Maurice Robinson at 4583 Haydn Run-rd near Hilliards. Damage was estimated at $7,000.

Mrs. Robinson and her six-year-old son, Donald, were driven out by the flames after the blaze started on the roof and swept through the second floor of the home.

According to Harold Shriver, Dublin, most of the furniture on the first floor was saved, but everything on the second was destroyed. Firemen from Hilliards and Dublin fought the blaze for three hours before it could be brought under control.

Applications Being Taken

Search For Talent Is Now On For 22nd Hilltop Minstrel Show

The field is wide open for all types of novelty acts, dance teams, singers and other forms of entertainment as preparations are beginning to get underway for the 22nd Annual Hilltop Minstrels which is to be staged at West High School on April 12 and 13, according to C. C. Hartley who has been named the 1951 chairman of the event.

First call for new talent and new acts was made last week by the Hilltop Business Association Committee which annually for the past 21 years has produced a community show which has gained fame and popularity throughout Central Ohio. Several applications for spots in the Minstrel production have already been received by the committee and many more are expected from the many Hilltoppers who aspire to an appearance in the 1951 version of the huge community enterprise.

Stressed is the fact that particular emphasis is being placed this year on the effort to obtain a new variety of acts for the show which is to have a two-day run at the local high school auditorium. As soon as sufficient number applications is received and evaluation made of the variety numbers available, applicants will be called in for auditions.

Local Druggist Named Colonel In Army Reserve

George P. Wilson, 123 Torrence-av, pictured above, has been promoted to the rank of full colonel in the Army Reserve Medical Corps. Col. Wilson, owner of Wilson's Pharmacy, 2467 W. Broad-st is the executive officer of the 306th Hospital Center, ORC, which has its headquarters at Fort Hayes.

It's Time to Personalize Your Home

MANY people today have more skill as house-furnishers than as home-makers. Intent upon the efficiency and space-saving necessary to modern living, they forget to add the final small touches that give a house personality.

Perhaps grandmother overdid things—but when you walked into her house you could tell whether she was handy with her crochet needles, or whether her talents ran to china-painting and indoor cultivation of geraniums.

No matter how handsome a decorator's sketch may appear, it's a mistake for you to copy it in every detail. Your home should reflect you—and your own individual likings.

In today's hustle and bustle, take time for little extras. Cover your stools with needlepoint, if that's your taste, or your walls with impressionistic paintings if your leanings are more modern.

Take your favorite pitcher out of your china cupboard; fill it with flowers and place it on the hall table for everyday enjoyment.

Hang that handsome plate you received for a wedding present upon the wall, instead of hoarding it for semi-annual dinners.

It's a good idea to strive toward graciousness as well as personality in your house. To make your guests like you, as well as your home, remember small courtesies like fresh fingertip towels in the bathroom, books on the bedside table, or a special set of cosmetics in the drawer of the guest-room vanity.

This guest enjoys her stay in a house that has both personality and graciousness. Fingertip towels, fresh daily, add to the home's hospitable atmosphere and enhance the decor of the bathroom.

Two Burglary Suspects Are Arrested Here

Richard Dillworth, 34, 1499 Union-av, and his wife, Norma, 30, were arrested by police early Saturday and held for investigation of suspected burglary.

Dillworth was arrested after police fired five shots at him during a chase through alleys and streets near Terrace and Sullivant-avs. His wife was arrested at her home, where officers said they found a large amount of loot. Police believe that Dillworth had broken into five business places in the vicinity.

Dr. Erle Wildermuth, 2546 Sullivant-av, phoned police at 3:30 a. m. and reported that two men were attempting to break into Joe's Shoe Shop, 2544 Sullivant-av.

Cruisermen allegedly found Dillworth attempting to pry open a side door of the Del Monte Cafe at the corner of Terrace and Sullivant-avs when they arrived on the scene.

According to officers, Dillworth concealed a wrecking bar under his coat and attempted to stroll away casually when he spotted the cruiser. When the officers tried to stop him, the suspect threw the crowbar at the patrol cruiser, denting the hood, and ran north on Terrace-av.

After a running chase and five shots, Dillworth was finally apprehended in an alley north of Sullivant-av, between Eureka and Terrace-avs.

Police found that during the night Dr. Wildermuth's office door was forced; the front door of the Ritz Theater, 2548 Sullivant-av, was forced, and attempts had been made to enter the C. and S. Dime Store, 2558 Sullivant-av, and Riepenhoff's Cleaners, 2530 Sullivant-av.

Dillworth, who said he had been married only a month, was employed as a machinist at Jaeger Machine Co. and he has a police record. He also was picked up last July 3 for investigation of burglary and two days later was turned over to state parole officers for violation of a previous parole.

Detectives who questioned him believe that he was the cause of the recent burglary wave on the West Side. They learned that he had been fired at several times by persons who saw him prowling in their neighborhood.

Felicia: "I didn't accept Jim the first time he proposed."

Alicia: "No, dear, you weren't there."

Local Eagles Plan Prayer For Peace

A nation-wide movement for a 30-second silent prayer for peace to all civic and public gatherings has been instituted by the Fraternal Order of Eagles, and Columbus Aerie No. 297, local Eagle unit, has pledged its wholehearted support and cooperation, Forrest Morlan, chaplain of the Aerie, announced today. The opening ceremony of all subordinate units of the Eagles now includes a silent prayer to God for peace for all peoples.

"We are living," said M. L. Brown, administrative director of the order, "in a turbulent world threatened with the devastation of our spiritual, moral and material resources. We have come to the conclusion that the one universal way through which we can aid in defeating communism, prevent war and promote peace can be by the mobilization of the prayers of our more than one million members."

From the time of Hippocrates (the Greek physician who lived about 350 B. C.) until a comparatively short time ago, the physician devoted practically all his time to curing disease AFTER it had developed.

More and more doctors are practicing Preventive Medicine, which is nothing more nor less than the PREVENTION OF DISEASE. As knowledge of definite causes increases, disease falls back before the advance of Scientific Medicine.

Smallpox was for centuries the scourge of the world. Vaccination is practically wiping it out.

What has become of those great fatal epidemics of Yellow Fever and Diphtheria? Scientific medicine has all but eliminated the one, and will gradually eliminate the other as the public co-operates more fully toward prevention.

More recent victories of Scientific Medicine in the fight against sickness are discovery of insulin for control of diabetes, and discovery of liver and ventriculin for pernicious anemia. Many victories remain to be won, but scientific men of medicine are laboring to conquer these yet unconquered diseases.

Chit Chat Club Is Outstanding Alumni Group

By Myron T. Seifert

Most singular group of West High alumni girls is the Chit Chat Club, composed of graduates of almost a decade ago.

Several of the girls attended elementary school together, and this friendship, stemming from school days, has resolved itself into this social club, which meets monthly at the homes of the members where they talk over old times, and hold "gab sessions."

All is not social, however. Philanthropy plays an important part in their meetings. At Christmas the group adopts a needy family and helps make bright the lives of less fortunate folks.

Annually, they entertain their husbands and friends to a Christmas party, and come summer a family picnic, for the children in particular, will again be held at Maple Shade, southwest of the Hilltop.

West High School spirit is much in evidence at their meetings, and nostalgic notes of school days may be heard on every occasion. They are boosters for their alma mater.

Last week the winsome girls appeared on Irvin Johnson's TV Early Worm Party, and made a decisive hit with Maestro Johnson, the studio audience and TV fans in general.

Next meeting will be held in the evening, Feb. 7, at the home of Mrs. Walter Stone, 727 S. Hague-av.

Officers of the Chit Chatters are Mrs. Harold Jones, (Joan Nichols, nee) president, and Sue Saint,, secretary-treasurer.

Membership roster, (both maiden and married names) include: Mrs. Bob Grashel, (Norma Corn), S. Oakley-av; Mrs. Bill Elliott, (Juanita Geis), 523 Northridge-rd; Mrs. Chas. Mitchell, (Ruth Klien), 203 S. Burgess-av; Mrs. Harold Jones, (Joan Nichols), 1610 Ransburg-rd; Mrs. Glen West, (Edna Blackmore), 368 King-av; Mrs. Robert Krull, (Betty White), Oxley-rd; Mrs. Robert Edgar, (Ruth Schmidt), 650 S. Camp Chase Post News

By John Martindale

Sometimes I wonder whether any members of Camp Chase Post read this column. However I keep hoping that maybe some of them do. The active member may find my stuff just a re-hash of what he has heard so often. With an organization such as the Legion there are however many members who are not active and who are not so aware of what the Legion is doing. It is this type of member I hope to reach as you and I who are interested in the future of this nation need his help as well as we need the help of every red blooded American.

The other day I heard of a man who was of the opinion that the Legion should confine itself to veterans affairs and stop meddling with such matters as Universal Military Training and Communism. In this American way of life he is entitled to his opinion but he must realize that the Legion feels a far greater rsponaibility to this nation than to be just an organization of has-beens thinking only of has-beens. From the very beginning the war veteran has been the one who realized best the real price of war. Some people measure its price in dollars and cents. The veteran knows that is only a small part of it. As to the UMT the Legion has advocated it for many years, not as an additional cost to the nation or as something calculated to bring more tears to loving mothers. A study of the years since World War I will prove the Legion's point because we are now paying a far greater price in dollars, blood and tears than a prepared America would have had to pay.

As to Communism I suppose that man must be like many people who have been asked "What is wrong with Communism?" and did not know enough about it to give an answer. Some people are still confused. They don't know that the Marxist Communists have taken what was once an idealistic way of life and made of it an agent of destruction of all that is good. The results of complete investigation and the statements of sworn communists prove that they will use every trick known to the underworld and more to attain their ends and while claiming the rights of American citizens they vow allegiance only to Russia.

Should the Legion shut up?

Letters to Editor

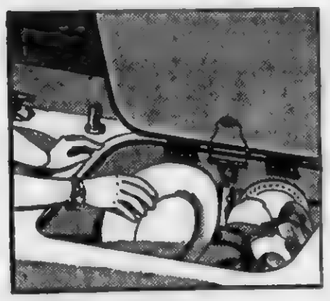
To the Editor:

I am bringing to your attention some unfortunate experience which we have had with Hilltop youngsters this past week, with the hope that you may be able to help us eliminate them.

Last week we ran an advertisement in your paper for new baby sitters, using our La. 8623 and a Je. 1239, the latter being new in our advertising, so that we know the calls were as the result of this ad as many were on that phone.

Since that ad appeared we have been deluged with prank calls from youngsters asking for baby sitters to sit with guinea pigs and baby chicks, boy friends, or inquiries for male sitters for themselves. These are all from young girls and the tragic part is that most of the calls come at night. Four came during the night following commencement, the last at 4:20 a. m (both phones were used), and there were three last night, the last at 5:10, after which the phone was taken off the hook in desperation, so the youngsters reported this to the phone company and trouble resulted.

All of us who had a perfectly normal youth were guilty of any number of pranks, and we're still young at heart ourselves. A few of these calls in the daytime could be tolerated with a smile. But here is the situation. The telephone work of our little business is handled by myself and one helper via an extension in her home. I am nearly blind and trying to support my two children in this way. My helper is almost bedfast with arthritis and a heart condition, and must take a lot of sedation to rest. She is helping me to get money to take cortosone. After a few calls such as we have been having she can get no rest. It can be arranged so that neither of us hear our business phone at night but there is no way that her private phone can be fixed so that she doesn't hear it, so the youngsters have found. We really don't want to shut the business phone off at night, for we have been receiving some emergency calls.



Unless this can be stopped immediately, she will have to give up her part in the work, and I may need to in turn, because I must have a helper. Therefore, could you possibly make some mention of this situation in the next issue of your paper in the hope that it will reach the right parties and by apealing to their better nature this can be eliminated. I shall apreciate whatever you can do.

Sincerely,
Mrs. Evelyn Dennen

A Community Asset

February, a month of notable birthdays, sees the celebration of a "birthday" in which all Americans can properly join. Boy Scout Week, Feb. 6 to 12, reminds us that one of America's largest youth organizations has reached another milestone.

The Boy Scouts of America has reached its 41 anniversary. Since Feb. 8, 1910, more than 17,750,000 American boys and men have been influenced by the Scout Oath and Law. They have benefitted by using their leisure-time energies in outdoor living and activities of cultural and practical values which lead boys to become dependable men.

Today over 2,750,000 boys and men are actively enrolled in over 75,000 different units. Fortunate indeed are communities where Scouting flourishes. American adults of good character give generously of their time to give leadership. Others help by raising funds and are members of Local Boy Scout Councils which in turn provide training for leaders, camp facilities, worthwhile year-round activities, personal advancement and opportunities for Scouts to render community service.

In celebration of this birthday, the Boy Scouts are engaged in a nationwide clothing collection to meet emergency needs abroad, are stepping up their training for Civil Defense and are promoting greater interest in conserving the nation's natural resources.

May you have many more happy birthdays, Boy Scouts!

GOOD HEALTH

Answer to Question No. 1:

1. More women die because of accidents each year than from any other cause except heart disease and cancer. It's just carelessness that prompts women to use kitchen chairs for ladders and matches near cleaning fluid. Last year 30,000 women died in accidents. Seven out of eight deaths of women over 65 were the result of accidents.

Answer to Question No. 2:

2. Yes, and physically superior to what they have been in the past. American soldiers in World War II were on an average ½rds of an inch taller than those in World War I. American-born children of certain immigrants tend to be several inches taller than their parents unless they retain their own national food habits. This would indicate that increased knowledge of nutrition is paying off to the American public.

Answer to Question No. 3:

3. There is no one perfect food but milk comes closest to the ideal, especially for babies. Of the 111 healthful elements present in milk, the more important are calcium, phosphorus, and other minerals, proteins and Vitamins A and B. Adults should include milk in their diet.

BIBLE COMMENT

Christians Who Malign Minorities Are New Betrayers

IT is hard to believe that in this modern world of ours there are still those who condemn the Jews of today because of the betrayal, denial and condemnation of Jesus.

If a Jew did betray Jesus, many other Jews were loyal and faithful and endured much persecution for his sake.

Only the promulgation of this fact can halt the insidious wave of hatred that certain bigoted persons are encouraging against Jews and other minorities in our American communities.

But for those who have suffered the injuries of anti-Semitism there is some consolation in knowing that Jesus too paid a heavy price for his convictions.

With the world in turmoil, we must censure those who focus their time and energies upon the deeds of a certain few who lived centuries ago. We must arm ourselves with truth, understanding and patience and create love where there is distrust, faith where there is doubt, and harmony where disunity flourishes.

By dedicating our lives to all those who have suffered for their convictions in dungeons or prisons, on crosses and gallows, we can perpetuate and glorify that truth which stands ever shining before those who seek it.

Recognizing those so - called Christians who teach prejudice as new betrayers of Jesus, we must be quick and strong in our defense of the maligned but merciful and compassionate in our dealings with the betrayers.

It is from small mistruths that great lies grow and erupt into bloodshed. By wiping out intolerance and anti-Semitism, that harmony which may some day restore peace to this war-troubled planet can be effected.

As Jesus said, "Father, forgive them; they know not what they do."

Joe, the auto mechanic, looked long and thoughtfully at his sleepy girl friend, then he spoke, "Either you need a new battery or your eyes are burned out."

Instructor: "Is this theme original?"

Freshman: "Oh, you may find a few of the words in the dictionary."

Pity the newly-married man—he has one reputation to live up to and another reputation to live down.

Arrows Take Undisputed Lead In "Y" Intermediate League

By Dave Miller

Arrows continued along their winning path in games played in the Hilltop Y Intermediate League at John Burroughs after the final returns had been counted following last Wednesday's games.

Heretofore undefeated Burgess and Hilltop C. of C. took their first defeats of the season on the chins last week to Highland and Arrows, respectively.

Arrows are now unbeaten in three games while Highland, Hilltop, Burgess and Hoge all hold down second place with two wins in three tries. Bob Shivers, of Hilltop, although making only four points, continued as the loop's high scorer with 40 points, with Ted Collins and Bob Schwartz in runnerup spot eight points behind.

St. Paul-Hoge

In the night's opener, Hoge Memorial took their second straight win by downing a scrappy St. Paul's quintet, 33 to 29. The loss to St. Paul was their third straight while Hoge has won two of three.

Both squads exchanged a bucket and two free tosses in the first quarter for a four-up deadlock by the period's end. However, Hoge broke loose with nine tallies to St. Paul's four in the second quarter to take a 13-8 halftime lead they never relinquished.

A hectic third canto followed with 26 points swishing the nets—14 for the winners—but the decision was hardly in doubt although the four-point win was a true representative score to the scrappy affair.

Ted Collins of Hoge was high scorer of the game with 12 points as Gene Harrison and S. Chappalear each hit 10 for St. Paul.

West Park-Hillcrest

In what was the season's best comeback thus far, West Park fought from a 15-point deficit at halftime to take a thrilling 29 to 28 victory over Hillcrest. It was the latter's third consecutive loss while West Park holds a 2-1 record.

Hillcrest hopped off to a convincing 11-1 first period lead and a 22-7 halftime lead, and seemingly had the game "in the bag." West Park, however, out-pointed Hillcrest, 8-4, in the third quarter, put the finishing touch on things in the fourth period as they out-bucketed and out-played their opponents, 15-2, to take the close and exciting one-pointer.

Arlowe Bryant paced the winners, hitting for 12 from his guard spot, while Bob Lamb of the losers draped 11. Bob Guyton of the winners scored nine and was the spark in West Park's last-minute drive.

Arrows-Hilltop

The undefeated Arrows knocked off previously unbeaten Hilltop Church of Christ, 27 to 13, in one of the night's less exciting contests.

Hilltop didn't present much of a problem to the rather small league leaders from start to finish, and after Arrow team hopped to a 13-3 halftime lead, the outcome was never in doubt. In fact, the Arrows held a 10-point lead most of the way.

Hilltop felt the loss of top rebounder and scorer Bob Shivers, who fouled out early in the second half, after being able to connect for only four points. Bob Robinson of Arrows was top point-man of the game, tallying nine.

Burgess-Highland

Paced by sharp-shooting Bill Killian and Dave Lazenby, Highland knocked Burgess from their unbeaten perch. Highland took over in the second period, and won going away, 36 to 28.

The final score, however, doesn't indicate the real closeness throughout the highly-exciting game. Burgess led at the first period, 8-5, but Killian and Lazenby began to hit in the second period to lead at halftime, 18-13, and from there on, although threatened on numerous occasions, Highland led the majority of the time.

New Plymouth Combines Beauty and Riding Ease

Detroit, Mich.—Spectacular new qualities which produce driving and riding ease heretofore unknown in automobiles of any price feature the new line of Plymouth cars. Combining smart new body lines with unprecedented interior luxury, the new Plymouth will go on display in dealer showrooms throughout the United States Saturday, Jan. 13.

Designers have given the Plymouth a striking new silhouette, and refinements in the interior are innovations in the lowest price field. The styling improvements retain the traditional roominess of the cars.

Easier to drive and more comfortable, the new cars have greater beauty, more safety features and broader ranges of vision than ever before.

Engineers say the new "Safety-Flow ride" takes the bounce and wallop out of bumps. A new application of hydraulic flow control in the shock absorbers provides a more gradual change of resistance during spring deflections and thus a softer ride when driving on average roads. It also exerts extra resistance on rough roads to a degree where driver and passengers are almost completely freed of the discomfort of being jolted around.

The "Safety-Flow ride" is one of the greatest contributions to driving comfort and safety in recent years, according to D. S. Eddins, president of Plymouth Motor Corp.

"The new Plymouth gives you roadability never before offered in any car," he said. "There is no necessity for steering wheel fatigue to control the car on difficult roads. The driver is no longer required to focus full attention on the condition of the road. He may be more watchful of oncoming traffic, pedestrians, curves, crossroads and other potential hazards."

Eddins called the new development a major step toward restful motoring. More confidence is gained by driving or riding in a new Plymouth with the "Safety-Flow ride," and as a result there is less driver and passenger fatigue, he said.

The lines of the new Plymouth have been beautified. An appearance of massiveness combined with smart streamlining is induced by a new grille, beautifully redesigned front fenders and hood, a wider windshield and a larger rear window. Narrower windshield pillars together with the wider windshield provide additional lateral vision. To utilize fully the greater vision through the new rear window, the rear view mirror is two inches wider. The chair-height front seat and the new design of hood and front fenders permit the driver to see the road nearer the car.

There are numerous mechanical improvements. Windshield wipers are electrically operated, and are of the single-speed, self-parking type.

A unique pressure-vent radiator cap, which has been added as standard equipment, permits the cooling system to be operated at atmospheric pressure during normal driving conditions. Under high-load, high-temperature driving conditions, the new radiator cap provides a pressurized cooling system to allow high coolant temperature without boiling or loss of anti-freeze.

All Plymouth engines now have a built-in by-pass cooling system permitting water circulation and resulting in more uniform temperature throughout the engine during the warm-up period. The new system consists of a passage in the cylinder head and block providing direct access to the water pump, and a choke-type thermostat to regulate coolant flow to the radiator.

The generator output has been raised to 45 amperes, an increase of five amperes, providing greater electrical capacity for the operation of car accessories. The new hand brake "T" control handle is more accessible, and, as on former models, it operates independently of the foot brake as an added safety measure.

In the convertible club coupe, the spare tire is mounted vertically as in other coupe and sedan models, rather than on the trunk floor.

The new Plymouth interiors offer the finest selection of upholstery and trim and the most harmonious color schemes in the company's history. The colors which have been chosen provide throughout the interior a pleasing combination of shades in harmony with the car's exterior color. Designers say the interior is an unparalleled achievement in combining practicality with luxury. Always noted for spaciousness, Plymouth now has even more head room and more room to stretch out in comfort in the rear seat.

To go with the high quality of the upholstery, there is a handsome new instrument panel which features a more convenient grouping of controls, newly shaped instruments and improved coloring and lettering for easier checking while driving.

The wide, deep chair-height seats, the ease of entrance and exit, and all the other traditional Plymouth features for driver and passenger comfort have been retained.

There are nine body-types in the new Plymouth line: the Concord series includes a two-door sedan and a three-passenger coupe as well as the two all-metal utility models, the Suburban and the Savoy; the Cambridge series has a four-door sedan and a club coupe; and the Cranbrook series includes a four-door sedan, a club coupe, and a convertible club coupe.

The Suburban and the Savoy, with their smart, distinctive lines are all-purpose vehicles. They have the beauty and comfort of a sedan, and by simply lowering the rear seat flush with the floor they become sturdy cargo carriers for farmers, salesmen, sportsmen, tourists or others who require large cargo capacity. The Savoy, called the "country-club companion" of the Suburban, provides a greater variety of luxurious interior appointments and more exterior refinements to enhance the car's striking appearance.

Among the "high-priced car" features which are retained are six-cylinder, 97-horsepower engine with a 7 to 1 compression ratio, the combination ignition and starter switch, automatic electric choke, super-cushion tires, safe-guard hydraulic brakes, and safety-rim wheels.

Lady at sales counter, talking to clerk: "Goodness, the way I've been writing checks lately I suppose I should open a checking account."

SPORTS LAST

By Dave Miller

West's Cowboys did themselves proud in the huge and brand-new Marion coliseum, last Saturday evening as they downed the Harding Presidents from Marion, 59 to 52, before a big turnout.

It was feared that the bigness of the huge coliseum—something entirely new to West—would make a marked difference in not only the shooting but the all-around play of the Cowboy cagers.

However, just before game time, Coach George Williams of the Hilltoppers told his players:

"If you're going to make your mistakes, make them this game. I don't care if you make a thousand mistakes, we came here for a tune-up and to get some experience. We don't care who gets the points, just so plenty of them are marked up under 'West'."

That did it. The Cowboys walked onto the coliseum and certainly did themselves and Columbus West proud.

Big 6-3 sophomore Bob Thornton tied a West individual scoring record for a single game by bagging 36 points. The tally tied the mark currently held by Paul Theisen, Bill Thrush and Phil Young. Rog Smith missed it by one point in the South game this year.

Behind Thornton for West was big Rog Smith with 13 tallies while Jerry Trabue and Jerry Johnson each had eight. The latter was driving in from his guard post in a great style, sinking three buckets on his drive-in under hand lay-up, being fouled in the attempt in addition on all the occasions.

Dean Ludwig with 19 and Jack Daum with 18 paced the Marion attack.

SHORT BITS: Russ Friend started in place of Wimpy Potts, who, although he graduated last Wednesday, made the trip with Dave Caton, another mid-year grad with the team, both seeing limited action . . . Russ, who suffered first degree burns on two of his fingers on his right-hand, played one of his best games, taking Potts's place in very good style, intercepting passes, knocking dribbles astray, and the like.

The new Marion coliseum is a sight to behold . . . For basketball games, it can seat 3500, while with temporary bleachers in one huge open end, the capacity can be increased to 5800 for stock shows, ice shows, etc. The Horace Heidt show drew 4600 in the huge structure two nights previous to the West-Marion game . . . The Harding school entered the game with a 4-8 record while West sported an overall 7-5.

At any given moment there are 1,800 thunderstorms in progress throughout the world—still wanna go on that picnic?"

Boy Scouts Mark 41st Anniversary

Official poster marking the 41st birthday.

President Truman will greet 12 outstanding Boy Scouts in the White House on Feb. 8 opening the 41st anniversary of the Boy Scouts of America. Boy Scout Week will be observed Feb. 6 to 12 in every part of the nation by more than 2,750,000 boys and adult leaders. "Strengthen Liberty" is the birthday theme.

At "birthday parties" during Boy Scout Week throughout the nation each member will repledge himself to the Scout Oath or Promise. Hearts and Flowers with Eye Appeal

By BETTY BARCLAY

Without a doubt, the most sentimental day in all the year is Valentine's Day—the day of "hearts and flowers." So let's set our party table accordingly, with a gay bouquet and a delicious holiday dessert that's both appealing to the eye and easy to prepare, highlighted as it is with gelatin hearts in any of the popular Valentine-red flavors—raspberry, cherry or strawberry.

St. Valentine Hearts

1 package fruit-flavored gelatin (any red flavor)
2 cups hot water
1 sheet cake

Dissolve gelatin in hot water. Pour into shallow pan to a depth of ½ inch. Chill until firm. Cut hearts from gelatin with cooky cutter or sharp knife, using paper pattern. Cut cake into oblong pieces, about 2 x 3 inches. Place gelatin on top of cake. Serve with custard sauce or whipped cream, if desired.

Whether your Valentine guest of honor is husband or bashful beau, remember that Cupid's smiles are often caused by good taste-teasers. You can satisfy a good appetite without taking time out for complicated kitchen work if you depend on taste-tempting canned spaghetti products for your party supper mainstay. There's a wonderful sauce in eight-ounce cans, made with either meat or mushrooms, that adds excitement to a dish of spaghetti because of its subtle flavoring and satisfying taste. A tossed green salad and crusty bread, fruit or ice cream and coffee, make an ideal menu. And it's all accomplished with little trouble. If your party menu is for two you might use a packaged spaghetti dinner, including spaghetti, grated cheese and sauce, or a can of spaghetti with meatballs, tender and flavorsome, and a wonderful sauce. You'll gain the reputation of being a real chef when you serve these treats.

Cranberry Rennet Desserts

½ cup cranberry sauce
2 cups milk (not canned)
1 package raspberry rennet powder
Chopped nuts (if desired)

Divide cranberry sauce among 4 or 5 dessert glasses. Warm milk slowly until lukewarm, stirring constantly. Test a drop on the inside of your wrist frequently. When it feels Comfortably Warm (110° F.)—not hot, remove at once from heat. Stir in entire contents of package of raspberry rennet powder at one time. Mix until powder is dissolved—*not over one minute.* *Pour at once, while still liquid,* into dessert glasses over cranberry sauce. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time. Just before serving, top chilled rennet desserts with chopped nuts.

Cherry Tarts

⅓ cup sugar
3 tablespoons all-purpose flour
¼ teaspoon salt
⅓ cup light corn syrup
2 tablespoons water
2 cups drained canned red sour cherries
¼ teaspoon almond extract

1 recipe Easy-Mix Flaky Pastry
½ cup heavy cream, whipped

Combine sugar, flour and salt in top of double boiler. Add corn syrup and water and mix well. Add drained cherries. Place over boiling water and cook, stirring constantly, until mixture thickens (about 10 minutes). Cover and continue cooking about 10 minutes, stirring occasionally. Remove from heat. Add almond extract. Cool. Turn into baked tart shells. Chill. Just before serving top with whipped cream, sweetened to taste.

Easy-Mix Flaky Pastry

Makes 6 large or 12 small tarts
(All measurements are level.)

Sift together 2 cups sifted all-purpose flour and 1 teaspoon salt. Combine ⅓ cup salad oil with ¼ cup plus 1 tablespoon ice water in measuring cup. Beat with fork until thickened and creamy. To avoid separation, immediately pour (all at once) over entire surface of flour mixture. Toss and mix with fork. The dough will be moist. Form into ball.

Shape dough with hands into flat round. Place between 2 squares wax paper (about 12 inches square). Roll out until dough forms circle, reaching edges of paper. Remove top sheet of wax paper. Cut rounds, remove from wax paper and fit into tart pans. Fold edge and flute. If desired, fit rounds of pastry over the back of large muffin pans and trim to fit. Prick entire surface of crust. Bake in hot oven (475° F.) 8 to 10 minutes.

Note: Always prepare pastry just before ready to use. Do not store.

Strawberry Bavarian Pie

1 package strawberry flavored gelatin
1½ cups hot water
⅓ cup sugar
Dash of salt
2 tablespoons lemon juice
1 box quick-frozen strawberries, crushed
1 cup cream, whipped
1 baked 9-inch pie shell

Dissolve gelatin in hot water. Add sugar, salt, and lemon juice. Chill until slightly thickened. Add strawberries. Then fold in cream and turn into cold pie shell. Chill until firm.

Chantilly Coconut Tapioca

¼ cup quick-cooking tapioca
½ cup sugar
¼ teaspoon salt
1½ cups water
1 cup orange juice
1 teaspoon grated orange rind
½ cup cream, whipped
1 cup coconut, cut

[illegible] quick-cooking tapioca, [illegible] salt and water in saucepan. Place over low or medium heat and cook until mixture comes to a full boil, stirring constantly. Add orange juice and rind and remove from heat. Cool, stirring occasionally. Chill. Then fold in whipped cream and coconut. Pile lightly in sherbet glasses. Garnish with [illegible] coconut. Makes 6 servings.

New Professional Accounting and Tax Service Announced

Just announced is the opening of a new professional accounting and tax service by Charles Morelock, 2636 Woodstock-rd, who was formerly associated with the Haddad Construction Co. and Howard Phillips, Inc., as an accountant.

Morelock is recognized as well trained and experienced in proprietorship, partnership and corporate accounting. He is married and resides with his wife and one child at the Woodstock-rd address.

Downed Squirrel Bites Three Captors

According to an old saying, "a worm will turn"; three boys found out Thursday that a squirrel will turn, too.

The three children, aged 8, 11 and 13, spied a squirrel in a tree and with the accurate arm of youth, they knocked the animal out of the tree. When it hit the ground they picked it up and the squirrel bit them.

The boys were treated at Children's Hospital for bites on their hands. To revamp another old saying, "a squirrel in the hands is worse than two dozen in the bush."

New Meat Plant Opened Locally

Specializing in beef and pork products, Howard Boetcher has opened the Quality Meat Packing Co. at the rear of 753 W. Mound-st. The retail and wholesale market is operated in conjunction with the packing company to provide inspected meats at lower costs.

The plant, formerly known as the Freddie Meiers Packing Co., is managed by Eddie Gechenour, former butcher at the B and G Market on the Harrisburg Pike. One of the market's special services will be the preparation of meats for both home and commercial freezers. Free delivery on larger orders is also part of the market's service.

Store hours will be 7 a. m. to 6 p. m. week-days, except Fridays, when the store will remain open until 8 p. m.

Bright Plaids Invade Bedrooms

BY EDNA HELMS

PLAID, which may be found everywhere these days from a child's hair-bow to a man's dinner jacket, has invaded the boudoir with a bang.

Bright, bold colors and forceful patterns give a new look to rooms that once bespoke a rather timid femininity in pale pinks and blues.

If your daughter's a teen-ager, chances are she's mad about plaid, and would happily repeat the tartan of her favorite skirt all over her room.

This being the case, let gaiety prevail and go all-out with matching coverlet, petticoat and pillow sham for her bed. And repeat the pattern in ruffled draperies. The effect is as lively as a football rally.

Perhaps you, too, feel your bedroom could use a bit of vibrant pattern. Your husband in particular should be pleased with a change. Few men find lacy ruffles to their taste.

An eye-catching effect is achieved when you adorn your bed with a plaid petticoat, a harmonizing coverlet in a solid color, and a plaid bolster. Leave your draperies plain to tone in with this more subtle combination.

This dancing plaid bedroom ensemble, made of sown, tailored and ruffled cotton taffeta, should bring gaiety to any room. The staccato plaid set includes petticoat, coverlet, pillow sham, curtains and valance.

Physician Fined

Dr. Palmer L. Cordray, 61, 44 Woodland-av, was fined $100 and costs by Judge John Matthias in traffic court Monday on charges of leaving the scene of an accident.

Police said his car hit Mrs. Concetta Sulprizo, 52, 194 Lechner-av, on W. Broad-st at Lechner-av, Nov. 19.

LETTERS TO THE EDITOR

Dear Mr. Hartley:

Before another day goes by, we want to thank you for your intelligent presentation of the many campaigns situation in your editorial of Jan. 25, "Don't Gripe, Just Give."

Those who gripe at the number of drives overlook, among others, two very important factors.

First, any cause, to bear the public scrutiny inherent in an independent financial campaign, must have a worthy program. To stand on its own two feet at campaign time, it must establish itself during the year through its good works. For during a drive for funds, if at no other time, the aims, accomplishments, and program of the "cause" are summarized and reemphasized for public analysis—praise or criticism. Further to compete, for its share of financial support, with John Doe's many obligations, it must constantly better its program of public service.

Second, besides raising money, intelligent campaign publicity has a real educational value.

Here at the Columbus Tuberculosis Society, although we try to keep Franklin Countians informed year-round of our activities, during the Christmas seal sale we receive more requests for free talks, free films, and free pamphlets, and more inquiries about our free chest X-ray program than at any other time. This proves that as we present our case for public support, we are doing an important job of informing Joe Doe—perhaps more forcefully, and at a time when psychologically he may be better prepared to listen—as to our facilities and how they may be used.

Yes, we feel that "many campaigns" are important to the healthy growth of private organizations depending upon public support. And we think that the average citizen is bound to agree, if he views each drive not as a demand upon his pocketbook, but as an opportunity to give after he has judged the cause on its own merits.

Most sincerely,
Gerald D. Fry,
Executive Secretary
Columbus Tuberculosis Society

Six Fined--

(Continued from Page 1)

pended on a second charge of having no license on a dog.

Charles Ross, 3552 Dover-rd, violation of quarantine in harboring a dog, fined $10 and costs of $8.85. Fine and costs suspended on a charge of having an unlicensed dog.

Melvin Harter, 3657 Plainview-dr, violation of quarantine, fined $10 and costs of $8.85.

Justice of the Peace Brown pointed out that in levying the fines he had assessed the minimum penalty according to law but that heavier fines would be assessed should the public continue in ignoring the current rabies quarantine.

In the meantime Franklin County Health Board revealed Tuesday that the number of positive rabies cases has mounted to a total of 35. The latest case was found Monday at the residence of Everett Eckard on Roberts-rd near Walcutt-rd.

Said one official in commenting on the fines being levied against dog owners who have ignored quarantine regulations, "This is but the beginning. We intend to enforce the regulation with every means possible and if minimum fines do not cause dog owners to exercise more restraint over their pets, then heavier fines will be imposed. Rabies is a killer of both pets and humans and we must deal with it as forcefully as is possible."

st segments; a proposed new bridge spanning the Olentangy River south of the Spring-st bridge; the construction of a new street from the new bridge, running along the Scioto River bank to connect with Long-st, carrying eastbound traffic from Olentangy River-rd to Long-st. The old bridge and road on W. Spring-st would carry one-way traffic to the west.

Also included in the plans are a Hague-av underpass at the New York Central tracks. The underpass will extend from Sutton-av to Valleyview-dr at a cost of about $400,000; and extension of Frank, Clime and Georgesville-rd to Sullivant-av.

Next week the metropolitan committee will begin meeting several times a week to consider the "packaged" plan and to "tie up the loose ends," according to Chairman Paul R. Gingher. He said that the major problem is whittling down recommendations to fit state law limitations.

NAVY Reserve Training Center
Beehive of Activity Twice Weekly

Manning the 40 mm. anti-aircraft gun are (left to right) Seaman Apprentice Paul T. Alspach, Canal Winchester; Seaman Apprentice Harold Kitts, 611 S. Fifth-st; Seaman Apprentice E. Ritchie, 64 Popular-av, Newark, O.; and Seaman Recruit R. Frame, 293 Union-st, Newark.

Over 500 men in Columbus and central Ohio desert their wives twice a week, but not to go out with the "boys." Instead they don their "blues" or "whites", depending on the season, and report to the Naval Reserve Training Center at 240 N. Sandusky-st.

When the Naval Reservists pull out of the four-lane traffic stream on Sandusky into the large parking lot located on the north side of the training station, they leave civilian life behind them. Starch goes into tired, civilian backs, shoulders brace back and everyone's strictly "Navy."

Entering the low, light blue and cream painted building, located in the corner formed by the junction of Olentangy River-rd and Sandusky-st, the reservist reports "aboard."

Interestingly, the training station is located on the site of the former Rickenbacker Park. The park, a flying place for model airplane enthusiasts, was dedicated to a Columbus boy who made good in the air force, Captain Eddie Rickenbacker.

Once inside the center and after reporting aboard for duty, the reservist joins the brigade, battalion or one of the three divisions. He then reports to his classes or his duties for the evening.

The building, commissioned Mar. 1, 1950, is compartmented into classrooms ranging from small 12 by 15 foot rooms where administrative and instructional equipment is stored to a massive drill room almost filled with torpedoes, 40 mm. anti-aircraft guns and rocket launchers.

Once the night's duty begins the building seems to hum with activity. In one room officers map out training plans for future meetings, while a few doors down the hall, men tend the transmitting equipment with which the center contacts the 4th Naval District headquarters, for orders each Tuesday and Thursday.

In the room immediately next to the transmitting room, a young blonde WAVE was seated, transcribing international code played to her on a tape recording. On opposite sides of a table next to her sat two radiomen, one sending code while the other received, testing each other's ability.

Further down the corridor, through massive doors, is the drill hall. On the observer's left are two multiple rocket-launching platforms, both constructed of structural steel. On the right is the Standard 40 mm. anti-aircraft gun, flanked by a Mark-13 destroyer torpedo, approximately 20 feet in length.

One training device in the room that catches the eye is a curtained cubicle in which a projector flashes aircraft on a screen at which two trainees fire flexible guns, resembling 50 mm. machine guns.

The reservists range from high school boys intent on picking their service before they're called to duty to top businessmen, who feel it their duty to be ready for recall.

Training offered at the Naval Reserve Training Center includes basic seamanship, gunnery, electronics, radar-sonar training, communications, clerical and administrative work, commissary, engineering and medical training.

All men entering training begin as seaman recruits. Their first duty is to go through basic seamanship and when they have completed this initial phase, they specialize and enter one of the above named categories as seaman apprentices.

Graduating from one of the eight schools at the center, they "strike" for one of the 20 offered ratings. These ratings include boatswain's mate, electronic technician, metalsmith and hospital corpsman.

To train the naval fledglings, the center uses the most modern means and techniques, including mock-ups, actual equipment and all forms of visual aids.

Requirements for entering training are consent of parents for boys of 17 to 18 years of age; and the usual physical and mental requirement. The only requirement of training other than attendance at the regularly scheduled drills for which a reservist is paid one full day's pay, is the two-week training cruise which each reservist must take every summer. During this two week period, the reservist receives full pay and allowances.

After the recruit becomes an apprentice and starts living "navy, by the book" it doesn't seem so odd to see a naval surface training unit located on a park dedicated to an air corps "great."

Grouped before one of the Naval Reserve Training Center's radio transmitters in the radio room listening to Lt. Glen O. Furry, 495 Columbian-av, officer in charge of communications, lecture on the transmitter are Seaman Recruit Jack Conrad, 152 N. Wayne-av, a 12B student at West High School; Don C. Smith, 394 S. Ogden-av, 11A student at West High School; Lt. Furry; and Wave Radioman 3rd Class Marjorie Swinehart, 350 W. 7th-av.

"What happened to Joe?"
"He was fired," someone answered.
"Who will fill his vacancy?"
"Joe didn't leave a vacancy."

Mr. Henpeck: "My wife went through my pockets again last night."
Neighbor: "What did she find?"
Mr. H.: "What all explorers find—material for a lecture.

Ricky Wilkinson is the small son of Mr. and Mrs. D. M. Wilkinson of 1852 Genesee-av. He was three years old Jan. 8. One of his birthday gifts was a dollar which was sent to him by a polio victim, friend of his mother. When somebody came soliciting funds for the polio drive, Ricky gave his dollar all by himself, bless his heart. We are all pretty proud of Ricky.

Heard on the radio: A church displayed this sign: "C H - - C H." Below the sign was written "What is missing?" Answer: "U R."

If you like wholesome and happy "home folks" and down to earth, natural humor, you'll love what you'll see over WTVN each week day from 12 till 1. The show is "Dad and Blanche." Included in the cast of the show are Mr. and Mrs. Meachum (Dad and Blanche); Mrs. Meachum's brother, James Hicks; Tommy Nott and others. Dad and Blanche do not act in this show—they are just being themselves. They are the kind of folks you'd like for your next-door neighbors; the kind you like to go back home to visit. You would like to exchange recipes with Blanche and swap tall stories with Dad. If you needed help in the night, they would be there. When I interviewed Blanche for this column, Dad was painting in the kitchen and was wearing one of Blanche's smocks. He kept kibitzing and once Blanche was too modest about the poetry she has written, calling it "corny." Dad spluttered around and said it isn't corny, it's good! I bet it is too. The Meachums have two grandsons, aged 6 and 8, whom they both idolize as grandparents have a habit of doing. Dad and Blanche are very kind to shutins. A large part of each show is dedicated to shutins, and they are always eager to advertise any worthy project for the benefit of the handicapped. The Meachums have been in radio since 1923 and on WTVN since May, 1950. These busy people also operate two dry cleaning establishments, known as "Dad's Cleaners." Watch Dad and Blanche. You'll be glad you did.

Before winter drove him inside, a stolid citizen used to lean against a post beside a filling station, just outside a small town near Columbus. (That's stolid, not solid.) Rain or shine, the man leaned there. When he ate, slept or worked seems to be a mystery. He simply leaned and watched the world go by. One day last fall, Pop stopped at the station so I had a chance for a close up, and the watcher was the watchee. Couldn't read his mind of course, nor his poker face, but I've wondered to this day what his reactions—if any—would be to a gun shot behind him, a vermouth cocktail, one of the more potent Shavian epigrams, Dick Tracey or the offer of a job.

"Chivaho" is an interesting mimeographed magazine from the print shop of V. A. Hospital, Bldg. 3, Chillicothe. The print shop is operated under the supervision of therapists and physicians for the benefit of patients who receive the medicinal and educational help through the graphic arts, according to Jason D. Palmer, therapist. Dr. H. H. Botts is manager and honorary editor; Cora Leach is editor. The publication carries poems, book reviews, schedules of special service activities, sports pages, and many other items that are entertaining and educational.

From the Joke Page of "Sanaire," published by patients at Benjamin Franklin Hospital: "Helen: 'When you are out driving do you allow a fellow to kiss you?' Frances: 'Listen, if he can kiss me and still drive, then his kisses don't interest me'."

If you are fortunate enough to know Edgar H. Wilson, editor of the above-mentioned "Sanaire," you might ask him if his favorite d-j (Candy, WBNS) has played "The Thing" for him recently, incidentally, Candy is sweet, and a very popular Girl Disc Jockey.

Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the foods he likes he's in mighty sorry shape—imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Damillot, 3414 E. 5th-st, Dayton, O., used to be, but since he has been taking HADACOL, he says he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Damillot found that taking HADACOL helped his system overcome a deficiency of Vitamins B-1, B-2, Niacin and Iron.

Here is Mr. Damillot's statement: "My first bottle of HADACOL convinced me that HADACOL was what I needed for the gas on my stomach at nights. I couldn't keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs, and other foods that never would stay with me. I also can sleep well at nights. Thanks to HADACOL. I will never be without it and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time."

The Gate Post

By Pat Martindale

Amid the hustle and bustle of our lives today, we parents sometimes forget to take time out to teach our children that "Manners Maketh Man." However, the Glenwood Recreation Center has come up with a new program for the younger set that will not only help parents solve such problems but will create much fun for the "junior."

A Supper Club will start on Tuesday at 5 for boys and girls 8 to 12 years old. The purpose of this club is to encourage the youth to prepare and serve a simple well balanced meal. Table manners and graces will be taught. No fees will be charged and the City Recreation Department will furnish the food.

Hilltop and West Side children are invited to join the Supper Club.

* * *

Beginning Jan. 31 and every Wednesday thereafter a noon program is being planned for men only. Activities will start at 11:30 and any man having time during his lunch hour is invited to take advantage of this new program.

* * *

Beginning Tuesday, Jan. 30, from 7 to 10 p. m. a new adult program will commence. Gym activities and other facilities of the center will be available. You may bring your family or a group of friends to enjoy an evening with you at the center.

* * *

The public is invited to watch the basketball games played by the following leagues: the West Church League on Monday, the Hilltop Boys' Independents on Friday evening, the Hilltop YMCA Girls on Wednesday and the Glenwood Intermediate League Thursday at 7. The Boys' Junior Leagues play on Monday and Wednesday at 4 p. m. The City League plays at the center on Sundays. The St. Mary Magdalene and St. Aloysius grade school league play their home games with the West Church Leagues on Friday at 4 p. m.

These Folks Once Suffered, Too!

Mary Helen Deomes was rundown and fatigued due to a lack of Vitamins B_1, B_2, Iron and Niacin.

Mrs. Verna Riley, suffered stomach distress due to a lack of Vitamins B_1, B_2, Iron and Niacin.

Mr. Grady Thomas suffered from nagging pains due to a lack of Vitamins B_1, B_2, Iron and Niacin.

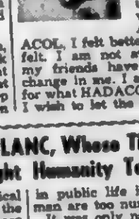
TODAY THEY HAVE RELIEVED THE CAUSE OF THEIR SICKNESS

Aches and Pains, Stomach Disturbances, Indigestion, Fatigue, Due to a Lack of Vitamins B_1, B_2, Iron and Niacin in Their Systems

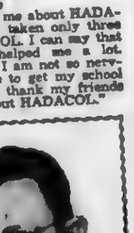
Why Settle for Symptomatic Relief When HADACOL Has Helped People Like These with Such Deficiencies

Mrs. Dennis Deomes, 111 Florence Street, Hot Springs, Arkansas: "My little girl has taken four $1.25 size bottles of HADACOL. She is three years old, was pale, nervous, had no appetite. Didn't care to play like other children. At night, she would awaken many times frightened and nervous. She would only sit around days and was very easy to cry. I was worried, because she was so pale and had no appetite at all. Then, I had heard of the wonders that HADACOL had done for so many people, both young and old. So I decided to give it to my little girl. I did so, and the third day after she began taking HADACOL, she was more cheerful and began to eat. She awoke hungry on the 3rd morning, and has been both eating and sleeping fine ever since, and isn't nervous at all. She is as cheerful as any child can be. Thanks to the makers of HADACOL, we are a HADACOL family. My little girl's name is Mary Helen Deomes."

Mr. Grady Thomas, Route 7, Somerville, Alabama: "My age is 39, I was sick for a long time. Could not sleep at night. After taking three bottles of HADACOL, I felt much better and now I can sleep all night. My wife says she believes I could sleep a week. I can do a full day's work on my farm. Before taking HADACOL, I couldn't work more than an hour or two at a time. I am very thankful for learning about this product."



Mrs. Marjorie Mullins, Jewellridge, Virginia: "I feel like HADACOL has helped me in many ways. My health was very poor, till I decided to give it a trial. I got one economy size bottle. It helped so much, I decided I wouldn't be without it. So now I am on my 4th large bottle. Before I took it, I wasn't able to do my housework, and care for my family. Every month, I would have to give up and think I was going to die. But thanks to HADACOL, I never feel those weak spells any more. I tell my neighbors about it. I do my housework, my washing and never felt better. I am 43, but don't feel like my age is getting me down now. I am the mother of eight children and have been a widow for 10 years. I worked hard and sent my children to school, and now they are old enough to help me."



Mrs. Verna Riley, 514 Missouri Avenue, Jeffersonville, Indiana: "I had been sick off and on for a long time. I am now 51 years old. After I heard about HADACOL, I have taken two bottles I don't have that fullness in my stomach and I can eat anything I wish. I sleep much better at night now. Myself, I wouldn't do without HADACOL. My family also takes HADACOL."

Lloyd E. Schaulz, 4045 Erie Avenue, Houston, Texas: "Before I took HADACOL, I did not know what it was to sleep for over an hour at night. Since using HADACOL I sleep all night without pains. I have taken three bottles of HADACOL and the relief has been wonderful. I have started on my fourth bottle."

Mrs. C. H. Strack, 695½ West Second Avenue, Pine Bluff, Arkansas: "Before using HADACOL, I was rundown, nervous, and had upset stomach. My friends could not understand the way I was acting. After I took HADACOL, I felt better than I have ever felt. I am not at all nervous and my friends have remarked at the change in me. I am forever grateful for what HADACOL has done for me. I wish to let the whole world know how much I praise HADACOL."

Bessie Hollingsworth, Box 5, Simms, Louisiana: "I am ten years old. I have been sick for a good while. I was nervous. I could not sleep at night. I did not want to study my school lessons. Then, some of my friends told me about HADACOL. Now I have taken only three bottles of HADACOL. I can say that HADACOL has helped me a lot. Now, I can sleep. I am not so nervous. I do not hate to get my school lessons. I want to thank my friends for telling me about HADACOL."

SENATOR DUDLEY J. LEBLANC, Whose Tireless Efforts For Relief Of Suffering, Have Brought Humanity Today's Great HADACOL

Senator LeBlanc in all of his political activities has always championed the cause of the oppressed, and the poor and underprivileged.

He was the first candidate for Governor to advocate a specific Old Age Pension . . . and today in Louisiana, he is known as the Father of the Old Age Pension. In the course of his long, lone fight he has had his critics, but to those who opposed him he has continually stated, "If you do not believe in Old Age Pensions, remember the mandate of the Lord himself—'Honor thy Father and thy Mother that thy days may be long upon the land which the Lord thy God giveth thee.'"

Senator LeBlanc is known as a friend of the veterans. He introduced and successfully passed the law that created the State Service Commissioner whose duty it is to see that every service man receives his just compensation from both State and Federal governments. His activities in public life in behalf of the working man are too numerous to mention here.

It was only natural that in his sincere desire to serve the people, that Senator LeBlanc would seek and find a product that would tend to assist the poor and ailing, that would help them lead a more happy and contented life. His tireless study and effort resulted in today's wonderful HADACOL.

Why Wait?

Why experiment, why give up, why suffer from a lack of Vitamins B_1, B_2, Iron and Niacin? Why not make up your mind to start taking HADACOL today with the positive assurance that it will help you if you suffer from such deficiencies or the Senator will gladly send back your money. You have to be satisfied, and since Senator LeBlanc has proven by his past activities that he is your friend, you know you can depend on what he says and what he does. Ask for HADACOL now. Trial size $1.25; large family or hospital size $3.50.

Senator Dudley J. LeBlanc

Christmas Cards Still Serving Useful Purpose

What's more useless than a Christmas card after New Year's eve?

Most people look forward toward receiving Christmas cards, just as they look forward to Christmas reunions and celebrations.

But what can you do with Christmas cards after Christmas Day?

An answer was supplied when Max Graf, 56 W. Brighton-rd began the "Christmas Cards for Spastics" drive. Mr. Graf, a representative of the Archbar Grotto of Columbus, collects the cards and distributes them to victims of cerebral palsy who make cut-outs from the cards as a form of manual therapy.

Used in this manner, cards which were designed to bring color, cheer, and an uplifting influence into someone's life, continue their usefulness.

Cards donated to spastics may be brought to the Hilltop Record office at 2465 W. Broad-st.

The Rea-Bow Association News

By "The Janiter"

The jitney supper held in the Rea-Bow hall Saturday, Jan. 27, under the direction of Alice Brokamp was very successful. After the supper the association met in a special meeting and named Harry Thacker as MC for Saturday, Feb. 3. Mrs. Thacker was placed in charge of the canteen. Emerson Miller was named MC for Feb. 10, the night of the "Gay Nineties Party." On this night prizes will be awarded for the best dressed. Mrs. Miller will be in charge of the canteen for this event.

Tuesday, Feb. 16, the installation of officers will be held. Leslie Graham will be MC. This night will be "Founders Night" also, when the present members who were members and assisted in organizing the Rea-Bow Association five years ago, will be honored. George W. Wolfe, founder and president of the association will speak on the history of the association. Music will be by the Rea-Bow Rangers, with Jack English, sightless piano player as guest. Marjorie Thompson and Mrs. Alice Brokamp will be vocalists. Homemade cake, ice cream and coffee will be served.

Friday, Feb. 9, in the office of the County Commissioners, a hearing will be held on the petitions for city water in Rainbow Addition, filed by the association in Nov. 1949. Chief Moffitt of the Franklin Township Fire Company has given this project his indorsement, as well as the trustees.

Marjorie Thompson, the beautiful and talented sightless singer, sang at the TB hospital, Thursday, Jan. 25. Miss Thompson was called back time and again by the patients for encores. Other entertainers who went to the hospital were not permitted to entertain, due to their youth. Miss Thompson has received a letter from the Ohio Federation of Music Clubs thanking her for her part in the show sponsored by the club at the Veterans' Hospital at Chillicothe Dec. 19.

The letter read in part, "May you experience the satisfaction and enjoyment of realizing that through your unselfish generosity of your talent, time, and thoughtfulness you have fulfilled the purpose of Christmas. In expressing our thanks we are also thanking you in behalf of the patients and members of the staff at the Chillicothe Veterans Hospital." The letter was signed by Barbara Lemon and Mary Lou Constans.

The ladies of the association will hold a plastic party for the benefit of the association Thursday, Feb. 22.

Mrs. Mack Flynn, Mrs. Homer Freeman and Mrs. Harry Thacker have been appointed as a committee to plan the next jitney supper to be held Feb. 24. It was decided at the last meeting that in spite of the increased cost of food the jitney suppers were still "jitney" suppers.

The hypocrite is the guy who put the "sin" in sincerity.

Ticklers *By George*

"But you said to round up everybody that looked suspicious!"

"SMALL BUSINESS"

By E. WILSON HARDER

As Jimmie Durante says, "Everbody's getting in the act." Leaders of independent business, even labor, looking at the newest proposal of the Food and Drug Administration, are wondering "What meat doth this Caesar eat that he waxes so great?"

• • •

It's amazing but true. The Food and Drug Administration wants to force down the standards on white bread. Washington observers say, "Next thing we know Stalin will be announcing his conversion to Christianity."

G. W. Harder

• • •

Congress passed the Pure Food and Drug Act to protect the public from inferior products. The Pure Food and Drug Administration enforces the Act. Acting in this capacity, great good has been done. But the bureau was never given policy-making powers.

• • •

Here's the proposed order: White bread with a wheat germ content of more than 1.5% can no longer be called white bread, even though it is white.

• • •

Here's the background: The commercial baking business is practically the only mass food industry not almost totally monopolized by 3 or 4 combines, but a few huge bakery corporations are trying to change this.

• • •

However, almost every town has an independent baker who survives bone-crushing competition because he puts out a better bread than the baking combines. The amount of wheat germ in the flour is a big factor. However, if by bureaucratic edict no one could bake a better loaf of bread, it's easy to see that national monopoly in the baking industry would

©National Federation of Independent Business

Paul Dunbar, commissioner of the Administration, has received scores of protests on this bureaucratic move to force on the public a poorer quality bread.

• • •

The Senate Small Business Committee, headed by Hon. John Sparkman, may launch an investigation to ascertain why a bureau is trying to help the would-be bread monopoly; by what legal right the bureau attempts this action.

• • •

In fact, this bureaucratic kicking around of Congressional prerogatives and wishes is making many solons indignant, especially when so many of these subversions of bureau authority directly aid huge financial interests.

• • •

As reported last week, the sale of a government industrial alcohol plant in Kansas City for a small amount to Schenley during a war period, after Sen. Johnson, Chairman of the Preparedness Sub-Committee, had been assured the sale was stopped, is leading many Congressmen to step and think where the nation "founded for the people, with the people, and of the people" has drifted. Angry Congressmen, supported by independent businessmen and other citizens, could change this trend. This thought is growing: "What will we gain to fight an obnoxious foreign system if we permit an obnoxious system to take root at home?"

• • •

The question has been asked, "What will be the effect of the government action in taking over all rubber supplies on tire dealers and tire users?"

• • •

This question is involved: many factors have to be weighed; more facts must be brought to light, before a sound answer can be drawn. In the next week or two this column will bring you the answer.

Since 1910, more than 17,750,000 American boys and men were active in the Boy Scouts of America.

POLIO—A GROWING SHADOW

CASES REPORTED SINCE 1936

SHOWN IN 3-YEAR PERIODS

*Including 1950 estimate of 30,000 cases.

During the three-year period 1948-1950 patient care alone cost more than $80,000,000 in March of Dimes funds.

The chart above reveals polio's ever-increasing threat to the American people and the enormous cost of patient care borne by the National Foundation for Infantile Paralysis. This year, the forward march of polio presents an especially urgent problem to the March of Dimes: the purchasing value of the dollar has shrunk to 66 cents in comparison with pre-war days, while polio cases have nearly quadrupled.

"Bill" Hiermer Retires From NYC After 46 Years

"Bill" Hiermer

W. J. "Bill" Hiermer, 1982 Fairmont-av, a life-long resident of the West Side and a Hilltopper since 1918, retired as a conductor on the New York Central Railroad recently. He retired after 48 years with the line.

"Bill" as he was known to most of his regular passengers on the train that he ran between Columbus and Toledo, began with the road as a news butcher. He was soon promoted to brakeman, freight conductor and finally to passenger conductor.

Recalling the "big ones that got away", Bill says that he's going to Michigan, when he gets an opportunity, and hook every fish he missed. His hobbies are fishing, hunting and working among his flowers.

The Low Down On High Ridgers

By One of Them

Ready for a little gossip? Well, here we go, so lend an ear,—or I should say an eye.

MRS. E. F. CORNWELL does so much good for the Children's Hospital. We give her a hand here and congratulate her on being elected publicity chairman of Twig 84.

Pretty JUDY THIRTYACRE from over here on Belvidere is quite popular among us High Ridgers as a "baby sitter." A "plug" here for you, little lady. She graduated from West High last week. This popular girl has "personality plus." She was one of the 10 of her class to be named to the Excelsior, the school honor society. Oh—to be young again!

"Shows is go ya," we Hi Ridgers have SOME intelligent people in our neighborhood. I'm not a good example myself — but JULIUS WRIGHT on Hillionia has just come out this quarter with flying colors at Ohio State. Engineers, teachers, lawyers are our future Hi Ridgers.

Behind the scenes in a beauty parlor we see where HARRIETT BOYER got her long hair cut short and had a permanent. She looks 10 years younger. "Quite lovely" her husband says.

"Now that's a compliment when a HUSBAND says a thing like that," says my wifey. She wonders why I never compliment her? How could I? Her buck teeth, hook nose, and the hair net she wears don't help much. 'Course I can't complain. She has to look at "an ole pumpkin head every day,"—that's what she calls me.

ERNIE BROKAW bought a motorcycle for his son NEIL, and Dad himself fell off on his first ride and skinned his ankle.

Speaking of injuries, ARNOLD BOLUM is recovering from a tonsilitis operation. He got along fine. In fact he talks just as fast as he did before.

And JOHN McWILLIAMS, MARY LOU BROWN, and IMOGENE GRUMWOLD fell on the ice this week-end. (No doubt other Hi Ridgers that I haven't heard about yet, also took some tumbles. However, these three weren't hurt, just bruised and that's bad enough.)

Florida bound—or already there are Mr. and Mrs. Howard Gaskill. Have fun! Wish I was heading down there, myself.

See you next week!

Mrs. Bessie Growden and daughter, Nancy, were guests of Mrs. Rose Evans on Monday evening. Mrs. Evans was entertaining in honor of Mrs. Lucille Merkle of Cleveland. Mrs. Merkle is a sister of Mrs. Growden.

WHY??

Controversy Is Stalemating Drive Against Rabies Epidemic

Within the past week a heated controversy has arisen over the question of compulsory immunization of dogs in Franklin County in an effort to halt the current epidemic of rabies which is prevalent in this portion of the county and city.

Storm center of the argument is the Franklin County Court House, where this past week-end the prosecuting attorney's office issued an edict branding the proposed compulsory measure which had the sanction of Columbus City Attorney Richard W. Gordon and five county health agencies as "unreasonable, discriminatory and unlawful."

County Health Inspector Howard Reynolds wasted no time in answering the charges of the prosecuting attorney by stating, "We didn't ask the prosecutor's office if the epidemic constitutes an emergency. That is up to the health department to determine. We are interested in protecting humans."

The Hilltop Record has campaigned editorially for passage of such a regulation. It is felt that with such regulatory measures in effect, control can, and will be, exercised over the incidence and spread of rabies, which has been termed by health experts as one of the most dreaded of diseases to both human and animal.

The prosecutor has labelled this measure which is definitely an asset to the community as "unreasonable, discriminatory and unlawful."

According to Webster the definitions of those terms are:

Unreasonable—(1) acting without or contrary to reason. (2) not according to reason, irrational. (3) exceeding what is reasonable, immoderate; exhorbitant.

Discriminate (discriminatory) — (1) to note the difference between; observe a difference. (2) To set apart as different; differentiate, distinguish. (3) to make a distinction, treat unequally or unfairly.

Unlawful—contrary to or in violation of law; illegal, illicit, also illegitimate.

As to the term unreasonable it is difficult to understand the line of thought that would brand a regulation designed to protect life and well-being of the populace as well as their pets as being contrary to reason or exceeding that which is definitely a logical step toward control of a killer as deadly as or even deadlier than those persons charged with murder now in the county jail. The proposed regulation would require that all dogs, three months of age or older, be given anti-rabies vaccine once each year. Is it unreasonable or irrational to protect the health of the dog and prevent that pet's bringing rabies into the home?

The second term of discriminatory as used is evidently aimed at that part of the regulation which would levy a penalty of $100 fine against any dog owner for violation of the regulation and 90 days in jail after the first offense. The term is also evidently slanted toward the expense that would be incurred in giving the shots to dogs. Again we question the terminology and line of thought in turning down this measure. Any rule or regulation to be made enforceable must have teeth and there surely can be no difference in levying a penalty in this instance to insure obedience to the measure than there is in the law which brings a fine for overtime parking. As to the cost involved, $2.50 is but a small sum to insure the health of your pets and your family.

Is it unlawful to make an effort to stamp out rabies? Is it unlawful to act toward betterment of public health? How can the measure be contrary to, or in violation of law as defined by Webster when there is no law it transgresses? Is it unlawful for the general public to demand a measure for its own protection?

A further point is that the prosecuting attorney is not the office to determine whether or not an epidemic exists . . . that is solely the responsibility of health authorities who are fully qualified to determine that which is dangerous to public well-being.

News From Down Florida Way

Two interesting epistles from the sunny southland came to our desk this week. Ed Melvin writes from Ft. Lauderdale and sends a whole batch of ads for oil heaters clipped from the Miami papers.

"Wish you damyankees would stop blowing your cold breath down here," he writes. "As I write this it is 30 outside and feels like 10. Two honest police officers in Miami reported snow there yesterday, but weatherman (loyal chap) said 'No.' Anyway bathing beauty pictures in the papers have given way to ads for oil heaters. Wonder if Doc Miller would send me those red flannels he displayed recently at the Kiwanis meeting."

Mose and Mildred Williams also write from the sunny state and tell us how the Record gets around at Bradenton. Mrs. Payne passes her paper on to Bina Martin, who gives it to Blanche and John Rings, who pass it on to Stella Jenkins, all former Hilltoppers. Next thing I know our circulation man will be trying to prove to me that it will pay to have him go down there and sign those people up. Anyway we hope they all enjoy the Record.

Hilltop Man Loses Leg In Accident

A teenage driver was arrested Tuesday on charges of reckless operation of a motor vehicle and speeding after an accident in which a Transit Co. bus driver lost his leg.

Richard F. Ramey, Jr., 17, 2778 Cleveland-av, driver of an auto which struck Edward Klein, 31, 161, S. Burgess-av, as he put the trolley poles back on the wires in the 800 block of Cleveland-av, was arrested on the charges.

Klein was thrown against the bus, stopped near the bus company's car barn, and his leg was almost severed. He was given first aid by police and emergency squadmen and taken to White Cross Hospital, where his right leg was amputated just below the knee.

Fire Razes Trailer Home At Rome; Four Are Left Homeless

Fire rendered a family of four homeless early Wednesday morning at Rome when an oil heater overflowed in the trailer home of Walter Jewett, 483 Lawrence-av, causing damage estimated at $2,000.

Prairie Township volunteer firemen who answered the call at 4 a. m. Wednesday battled the fire in near zero temperatures for more than an hour.

Homeless as a result of the early morning blaze were Walter Jewett, his wife and two small children.

Columbus' Oldest 'War Baby' Found Living On West Side

The oldest war baby in Columbus and perhaps in the United States is Charles Seaman, 622 S. Wayne-av, who will celebrate his 85th birthday next July.

Mr. Seaman, a spritely, mustached, jovial octogenarian, lives with his daughter, Mrs. Edith S. White, at 622 S. Wayne-av.

Mr. Seaman's father, Levi Seaman, gave his first son the nickname "War Baby" because he was born exactly one year from the elder Seaman's mustering out day, July 8, 1866.

Mr. Seaman's father was discharged from Company K, of the 115th Ohio Volunteer Infantry unit, recruited at Massillon, O. He was mustered out of the Union Army at the end of the Civil War at Camp Chase, located here on the West Side.

The discovery of the oldest "war baby" came after a group of the Ohio Circle Ladies of the G.A.R. attended a local radio quiz program. Hearing the group on the air, Mr. Seaman phoned them and they in turn notified this paper of their find.

Reminiscing about his youth, he told of his employment in Ohio, Georgia, Tennessee, Illinois, Iowa, and his return to Ohio to work at the State School at Orient as a stationary engineer. "I worked until I got tired of one place or job and then I moved along," he said.

A resident of the West Side, since he came here to live with his daughter in 1943, he seemed to have only one complaint about life:

"I was always weak in spelling. I used to always wind up at the foot of the class in a spelling quiz."

But listening to his recital of names, dates and places, and the answers to contests conducted by local newspapers, this reporter could only believe that if he was weak in spelling, he certainly must have been strong in history.

West High Teacher Is Named Hilliards Village Clerk

Kenneth Love, a teacher at West High School, has been named as the new clerk of the village of Hilliards. Love replaces Guy Hamilton, the former clerk, who recently resigned his post to return to duty with the air force.

Prior to his appointment as clerk Love was a member of the Hilliards Board of Public Affairs. Ed Patterson was appointed to Love's position with that board.

HBA Names 3 To Administer Claggett Fund

The Hilltop Business Association announced this week the appointment of three trustees to supervise the management and distribution of a $10,000 bequest made to the organization by the will of the late Ira M. Claggett, realtor of 2624 W. Broad-st.

Named as trustees of the fund, which is to be used by the organization for aid to physically handicapped young men under the age of 30 were C. H. Campbell, 91 S. Westmoor, Jerry Watson, 3117 W. Broad-st, and Dr. E. E. McNamee, 2543 Sullivant-av. Phillip V. Stout, 2532 W. Broad-st, was named as legal counsel for the newly named trustees.

A stipulation in the will of the late Mr. Claggett specified that the fund was to be used at the discretion of the Hilltop Business Association for those physically handicapped who can qualify as worthy. The will further specified that not more than $2500 was to be granted to more than one person.

Ohio Conveyor Belt Line Is Kiwanis Topic

The speaker for the Kiwanis luncheon Thursday, Feb. 8, will be H. H. McEowen, safety director of the Pennsylvania Railroad, Columbus Division.

McEowen will discuss the pros and cons of the proposed "Belt Line" for Ohio. This is a timely topic and of interest to all because of the establishment of such a transportation facility may necessitate adjustments by many industries and businesses.

McEowen, a native of Columbus, has been associated with the Pennsylvania Railroad for 31 years, and is well qualified to speak on transportation topics.

Past President Phil Stout will be chairman of the day and introduce the speaker.

Rome Business Group To Meet Tuesday

Rome Business Association will hold its regular February meeting Tuesday evening, Feb. 13, at 7 p. m. in the parish hall of St. James Lutheran Church, 1683 Rome-Hilliards-rd.

Dinner will be served by the ladies of the church.

New Assistant Is Added To Staff Of Hilltop YMCA

E. V. Donaldson

A shortage of man power in carrying on the work of the YMCA has brought E. V. Donaldson, 1301 Ashland-av, out of retirement to act as assistant secretary of the Hilltop Branch of the YMCA.

Donaldson for the past 42 years has been engaged in YMCA work, starting first in the work following his graduation from Southwestern College in Kansas in 1905, and gradually rising in position to the staff of the Ohio-West Virginia area as Boys' Work Secretary.

Excepting for a brief interim in the armed services during World War I Donaldson has devoted his entire life's span to work among boys and providing guidance to them.

In his role at the local "Y" Donaldson modestly says "I'm just filling in and helping out because I know that help is needed and that younger men are not available."

And Donaldson despite his 42 years in service of the YMCA has still other qualifications to make him understanding in the ways of youth. He is the father of three children and grandfather of two.

Cowboys Lose To South High 72-61

West High Cowboys went down to defeat Tuesday night at the hands of South High to the tune of 72-61 at the South gym.

West led at the close of the first period, 17-15, but fell behind for keeps with less than two minutes elapsed in the second canto.

Bob Thornton, benched in the first quarter and West spark at the final gun, ending with 19 tallies, tipped in a rebound early in the second period to give West a 19-15 lead, but South then caught fire.

Tutoring Still In Vogue

Hilltopper Keeping Lost Art Alive By Coaching Students

Ask any school boy what a tutor is and he'll probably answer that it's a royal family or the body type of an automobile. Tutors, private teachers, went out of popularity with the advent of the modern, open-to-all educational system.

Tutors are not, however, all old-fashioned or passe. An outstanding example is Gosnell Layman, 109 S. Burgess-av, who is as up-to-the-minute as an F-86 jet fighter.

Mr. Layman, a small, light, greying man of 57, a former coach and teacher at West High School, tutors high school and college students, athletes, works as a clerk in the state welfare department, and officiates in all high school athletic leagues.

A resident of the Hilltop for 27 years, Layman began his tutoring career when he was a student at Georgetown College in Kentucky. During his sophomore and junior years at Georgetown, he taught plain geometry at the Georgetown Academy.

His philosophy on teaching is a bit unorthodox, but seemingly effective; he says, "They (teachers) waste too much time teaching subjects, that I get across to the boys in five or six lessons."

Asked how his system worked, he answered, "I've got a blackboard in the basement. When we're working on math problems, everyone at the board writes each step on the board together then we go back through the problem and analyze each step. Eyes, muscle, mind . . . that's the way it works."

Coaching boys for tests for the air force entrance exams, the navy, the Naval Academy and West point is one of Mr. Layman's major jobs.

"Say a boy's going to take one of those tests and he's short on math," he said, "well usually I only

Hilltop Parking And Traffic Plans Discussed

HBA Group Studies Local Parking Problem

Parking problems which are confronting the Hilltop on both W. Broad-st and Sullivant-av were the main order of business discussed Tuesday evening by the Better Business Committee of Hilltop Business Association.

Headed by Jack Aikire, the committee met with City Council President Henry Koontz to discuss ways and means of effecting control measures over the parking and traffic situation on both main Hilltop thoroughfares. Representatives from both W. Broad-st and Sullivant-av business firms were also on hand to add their voice to the discussion.

A tentative plan was agreed upon and at present details are being worked out before formal announcement will be made.

Called to attention of the committee also was the Tuesday evening meeting of the Hilltop Business Association when C. F. Weimer, civilian defense director, will outline to the organization a mobilization plan for defense.

Kiwanis License Tag Sale To Begin Mar. 1

Will it be one tag or will it be two seems to be the paramount question confronting most motorists these days as the "Ides of March" draw nearer and the 1951 auto license tags begin to blossom.

Regardless of the number of tags to be dispensed, however, the local Hilltop Kiwanis Club is now preparing for the onslaught of Hilltop motorists at the C. C. Robinson Co., Broad-st and Wayne-av, for the period beginning Mar. 1 throughout the month.

Annually the local Kiwanis organization has held the sale of tags on the Hilltop and this year is to be no exception to the rule with club members and members of the Kiwanikwe assisting.

License tags this year however will be made available the year around to Hilltoppers since the Hilltop Business Association is now recognized as an agent for the necessary numerals which will permit Hilltoppers to drive their cars for this next year. Under an existing agreement the local Kiwanis Club has shared its privilege of dispensing the tags with the HBA with the Kiwanis Club holding sway in the sale of tags throughout the month of March and the business group taking over the balance of the year.

All moneys earned by the Kiwanis Club, according to Harold Fox, chairman of the license sale committee this year, will be used primarily for youth service work of the Hilltop Kiwanis Club.

Binns Bus Case Postponed Again

The often-postponed taxpayer's suit on the Binns-blvd bus "back-around" was postponed Monday by Common Pleas Judge Myron B. Gessaman until Feb. 17. The suit for a permanent injunction to prevent the Mound-st buses from turning around at Mound-st and Binns-blvd was postponed last week so that a new attorney might familiarize himself with the case.

The plaintiff, Charles S. Blackmore, 689 Binns-blvd, contends that the back-around at the western end of the recently extended bus line violates the city's traffic code.

Ole Man Winter Doesn't Stall Our Want Ads

Let it snow, let it snow . . . Record Want Ads still retain their famous "pulling power" despite the wintry elements.

Last week Robert E. Parks, 186 N. Roys-av, advertised the following items for sale in our Classified Section: One Duro woodturning lathe, 3 ft. One grinding stone. Two electric motors, lathe and motors mounted on table, ready for use. Excellent condition.

At a time when everyone's mind was turning to thoughts of hibernation, Mr. Parks experienced no difficulty in selling the items. A total of five persons responded to his ad.

Be satisfied—use Classified. Call Ra. 1125.

Glenwood Paper Drive Rescheduled

Because of the inclement weather last Saturday the Glenwood Recreation Paper drive was postponed until Saturday and Sunday, Feb. 10 and 11. Pick-up will be made in the district of Sullivant-Broad and Wayne-Central, Saturday, and Sullivant-Broad and Wayne-Hague on Sunday.

Hilltop Girl Scout Area Split; Two District Chairmen Named

SHOWN ABOVE are the two new Girl Scout district chairmen in the Hilltop area. At left is Mrs. Paul Blakely of District 8, and Mrs. Warren Weeks of District 10.

Announcement was made this week that the Hilltop area would have two new Girl Scout districts and two new district chairmen to govern the new districts have been named. Reason advanced for the splitting of the area into two districts was that the district had outgrown itself and had become too huge and unwieldy.

Mrs. Paul Blakely, 638 Wrexham-av, is the newly elected chairman for Girl Scout District 8, which includes troops in John Burroughs School, Grove City School and Wilson School.

Mrs. Warren Weeks, 238 Haldyav, is the new chairman of Girl Scout District 10. This district covers West High School troops, St. Aloysius, St. Mary Magdalene and West Broad Street School.

Mrs. Martin Meisner, 592 Salisbury-rd, has just been elected as president of the Franklin County Girl Scout Leaders' Association.

Heart Fund Drive Starts On Hilltop

Mrs. Howard Hagens, 141 N. Powell-av, is in charge of a group of Hilltop women who are assisting in the Heart Fund Drive being conducted in Columbus and Franklin County in February.

Although no house-to-house solicitation is planned for the drive, the women assistants will place plastic containers in the form of hearts in offices and stores in their communities. Funds will be used for research and community services in the field of heart diseases.

Feb. 10 has been set for the drive in the downtown district when members of Pi Beta Phi, Kappa Alpha Theta, Delta Gamma and Alpha Phi sororities will be stationed at prominent corners to receive contributions.

Hillcrest, Linden Baptist To Exchange Speakers

An exchange of lay speakers, between Hillcrest Baptist Church and Linden Baptist Church, will take place Sunday, Feb. 11, at 7:30 p. m. Two laymen from each church will give personal religious testimony.

The speakers are as follows:

Hillcrest men at Linden: Gilbert Coffman, assistant manager of the Life Insurance Co. of Virginia; William Gurina, boiler erector, P. A. McIntyre Construction Co.

Linden men at Hillcrest: William Miller, civil engineer, adjutant general's office, Fort Hayes; Truman Kline, meat department manager, Kroger's Town and Country Store.

Rea-Bow Water Mains Hearing Is Set For Friday

The Rea-Bow water mains hearing is scheduled for Friday by county commissioners to determine if more than a mile of mains and 15 fire hydrants will be installed.

Costing an estimated $39,300, the proposed mains would be about 6400 feet long, partly six inches and partly eight inches in diameter. Included in the total figure is $2400 for 15 fire hydrants, to be located as follows:

One each on Whitehead-rd and Vadis-st., both between Clarendon and Highland-avs; four each on Clarendon and Midland-avs, and five on Whitethorne-av, all extending from Whitehead-rd to the alley north of Eakin-rd.

"That area now has storm sewers, but no sanitary sewers," Mitchell pointed out. "Residents took out a petition for sanitary sewers in 1947, but it was never returned. If they desire sanitary sewers now, it would be a good idea for them to come to my office and take out another petition, as the original may have been lost."

Provided there are no objections or other delays, bids probably will be opened and contracts signed for the Rainbow-Rea mains and hydrants projects about May 1, Mitchell believes. Current shortages of cast iron pipe indicate that delivery could not be expected for three or four months, with laying of the mains to begin in August or September.

$30,000 Granted For Expressway Plans

Completion of planning for the proposed $39,000,000 system of express highways throughout Columbus and the West Side was apparently assured Tuesday when Senator John W. Bricker was told by the U. S. Community Facilities Service in Washington that the Regional Planning Commission here has been granted $30,000 to defray planning costs. The commission had requested $115,169 for planning.

3 Rabid Dogs Found In City, One In County

Further evidence that an epidemic of rabies does exist in this area was revealed early this week when health authorities disclosed four more cases of rabid dogs and a total of 15 more persons required to take anti-rabies treatment.

Three of the cases were found within the city limits with all three dogs diagnosed as positive rabies cases. Two of the dogs were taken at the residence of Harry Smith, 211 Stevens-av, and six in that family are now taking rabies treatment.

The other city case was found at the residence of Stewart Bricker at 212 Schultz-av. Nine members of that family are now taking rabies treatments. The fourth case discovered was a stray dog picked up Tuesday afternoon in the 2400 block of McKinley-av.

The proposed County Board of Health regulation requiring immunization of dogs against rabies is "unreasonable, discriminatory and unlawful," Prosecuting Attorney Ralph J. Bartlett ruled Saturday.

Bartlett noted that bills to require immunization of dogs against rabies "have consistently been defeated" in the State Legislature.

Differing with Bartlett's opinion was Columbus City Attorney Richard W. Gordon, who had approved the wording of an identical regulation proposed by the Columbus Board of Health which was printed in the Hilltop Record earlier. He said:

"Bartlett's decision probably will nick the movement to get an immunization regulation passed by Columbus, Arlington, Grandview Heights, and county boards of health. But I doubt if it will stop it altogether."

Following an outbreak of rabies in this area last December, the five health districts sought to join together on immunization regulations.

Despite the prosecutor's ruling Gordon said he felt individual health districts within the county could pass the proposed regulation.

Dr. Mitchell said the county health board had hoped the regulation could be adopted on a countywide basis, but that the county board of health would abide by Bartlett's ruling.

Camp Chase Post 98 Prepares For Defense Program

Camp Chase Post 98 of the American Legion this week sounded a call to its membership to rally to the cause of a Civil Defense program which has been outlined by national and local agencies in an over-all preparedness program.

Donald A. Novak, vice commander of the Camp Chase unit and chairman of the post's Civil Defense committee, this week sent to all members of the post a questionaire requesting the availability of each member for voluntary service and emergency work.

Novak said that the American Legion, along with other veteran organizations, has been called upon to be ready to do its part in the Civil Defense program and that the questionaires mailed this week are a measure designed to speed up the work of organization.

In Passing

By ESTHER WEAKLEY

"In the character of Lincoln, and even in the accessories of his last moments, there is something so homely and innocent that it takes the question, as it were, out of all the pomp of history and the ceremonial of diplomacy—it touches the heart of nations and appeals to the domestic sentiment of mankind."

From an address in the House of Commons, May 1, 1865.

Last week I heard a radio personality (not local) say in a condescending, pompous voice, "Boys in Korea, we have not forgotten you." Now isn't that BIG of us! Wonder how many pints of blood this character has given. He should read a letter which came from a Marine sergeant this week. This letter, incidentally, is NOT in my unanswered mail file; letters from Korea are answered the day they are received. The sergeant was also in World War Two, but he says of the Korean affair, "This is the most disgusting situation I have ever witnessed."

Two worthy and timely quotations: "Not until we can love all races, and all so-called nationalities, as Christ loved them, are we on the road to peace on earth," by Sir Wilfred Grenfell, and "There is no defense or security for any of us except in the highest intelligence and development of all," by Booker T. Washington.

Scene in a restaurant: A fond mother, father, grandmother and grandfather were all concentrating—purpose, operation stuffing Junior's spinach down Junior. Junior—age one—just wasn't having any. His little jaws were locked and no amount of coaxing or bribing could make him open up. Finally, in desperation grandma ate the spinach for demonstration purposes, but Junior wasn't impressed. When it was discovered that grandma had consumed all the spinach they ordered more for Junior. We left then for that was where we came in. Did Junior eat the replacement or did his family give up?

Excerpts from unanswered mail: From a teacher—"Yesterday, while contemplating my draft status, I wrote this poem portraying the dilemma of youth and the futility of any hopes and plans we might have" . . . From a d-j—"This beats working for a living and is lots more fun. It's almost as good as a lamp-shade on your head for laughs at a party when you can ad lib over 'John, Marsha.'" Anyone who has heard "John, Marsha" knows what he means.

Brahm's "Cradle Song" is a tradition in our family. My grandfather's mother sang it to him; he sang it to my Dad; I attempted to sing it to my son. My granddaughter—almost three—loves it too. She spent last week-end with us and when I unscientifically rocked her to sleep (just once didn't hurt, kids) she asked me to sing "Lullaby." I tried. After five minutes of it, the embryonic music-critic said drowsily, "Whistle it, Grandma." Now I can sympathize with Margaret over in Washington.

This poem seems appropriate for Valentine's Day; it's a favorite of mine:

THE SECRET HEART
Across the years he could recall
His father one way best of all.
In the stillest hour of night
The boy awakened to a light..
Half in dreams, he saw his sire
With his great hands full of fire.
The man had struck a match to see
If his son slept peacefully.
He held his palms each side the spark
His love had kindled in the dark.
His two hands were curved apart,
In the semblance of a heart.
He were, it seemed to his small son,
A bare heart on his hidden one,
A heart that gave out such a glow
No son awake could bear to know.
It showed a look upon a face
Too tender for the day to trace.
One instant, it lit all about,
And then the secret heart went out.
But it shone long enough for one
To know that hands hold up the sun.

Camp Chase Post News

By John Martindale

Perhaps you may remember in last week's issue I mentioned that I wondered whether anyone reads this column. It seems some do because six people told me they do, and not one of them has to read it like my wife does. One person even wanted to know who wrote it for me, and another wanted to know what connection I have with The Record. Don't blame it on them and if you don't like it just tell the Post Commander and he can fire me, my pay will be just the same as his anyway.

Did you get your post bulletin? Besides Bill Ferguson's "Coming Events and Past History" which was worth your reading time and more there was a page by our Third Vice Don Novak plus an inclosure. Hope you didn't fil that stuff in "File 13" because that was all V.I.B. (very important business).

Some of you that have been in the Legion for a few years will remember the Disaster mobilization plans that worked so very effectively in old Camp Chase Post. This ground work that Don is working on now is for a double-headed plan for Civil Defense and Disaster.

Camp Chase Post has a big responsibility in this community and we can meet any and all such responsibilities if we do it right. Right now we have to take inventory and see just what we have. We need to know about YOU, and what you can do. It may be that your physical condition may have certain limitations, if so, please note that some place on the questionnaire. If you can't do one thing it may be that you can be of great help another way. You don't have to fill in that paper and send it in but just do it anyway because it may sometime mean a heap to some one if help is needed.

Are you planning to attend the Past Commanders' Banquet? It was in 1929 that Camp Chase Post was organized and each year a new commander has been elected. For each of them it was the same, 365 days work, salary zero. So each year the Post has a banquet for them (at the same price it costs you) and it's a joint affair for the Past Presidents of the Auxiliary. Of course you don't have to be a has-been to attend this and you will get your money's worth. By being there you will help to make them feel that you have not forgotten the work they did on that job you gave them.

Nothing pleases the smart motorist more than a reputation for being wreckless.

Freedom's Champions

And now, February has arrived with Americans still hopeful and striving with every possible resource for a Universal and lasting Peace that seems always to be just within reach but equally as elusive as the will-o-wisp.

In turning the page of the calendar we note two dates printed in red signifying that during this month of February we honor two great Americans who strived for the very things that we today believe a surviving and successful democracy of free men should possess.

George Washington, first president of this great country, soldier, and statesman will live forever as a truly great humanitarian. The many and varied stories of his life and achievements will forever surpass the greatest of legends.

Abraham Lincoln stood for honesty and humility and his belief that, "The government of the people, by the people, for the people, shall not perish from this earth." The Lincoln saga which emblazoned itself across the pages of American history will live forever in the hearts and minds of freedom loving Americans for all time.

Both of these men were Presidents of the United States—both are outstanding examples of what opportunities freedom offered and still offers to Americans regardless of financial status—both characterized what Americans believe in, honor and pray for . . . both symbolize the immortal qualities which Americans regard with reverence — both strived for contentment and world wide understanding.

Washington, the Father of his country . . . Lincoln, its Saviour, have inspired men for scores of years to move forward for a patriotic cause and for the freedom of rights for all men, regardless of religion, race, station in life or political affiliation.

Our men in the armed forces may fall, may be defeated and may perish, but the cause for which they die continues to live and their souls go marching along with it—with Washington and Lincoln.

In the defense of freedoms right,, they shall not have died in vain.

A New "Closed Door" Policy

"SMALL BUSINESS"

By C. WILSON HARDER

This question is asked, "Will the government's action taking over purchase of all rubber result in tire rationing?"

• • •

From the facts on record, there should be no tire rationing. This current government action should avert such a move, provided the government acted in time to stop the situation the international rubber cartel was plunging the nation into.

• • •

In World War II the tire shortage almost brought all production to a stop. Workers, suppliers were unable to move. Here are some of the facts that caused the government to act:

C. W. Harder

• • •

Tire stocks, all kinds, on Oct. 30, 1950, were estimated at 4.4 million units, compared to 10.9 million units at time of Pearl Harbor. In December 1940, U. S. production of synthetic production was 3,000 tons annually. In October 1950, synthetic production was 45,000 tons. In June 1951, it is hoped to produce 65,000 tons. In October 1950 total rubber consumption was already up to 112,558 tons per month.

• • •

Here's the $64 question around Washington. During World War II synthetic rubber production was high. Yet by October 1950, synthetic consumption outstripped production. What happened in five years?

• • •

Sincere government career men fought to build up synthetic production; were sniped at by the big American, British and Dutch factors that have a monopoly on natural rubber.

• • •

The motive for monopoly opposition to continuing synthetic production has now become clear.

• • •

In June 1950, just before Korea, crude rubber was 26.6c per pound. By October it was 78.1c.

• • •

This runs into important money.

• • •

For example, one of the "Big Three" in American rubber operating plantations reveals it is now producing 64 million pounds annually in Liberia. Thus the virtual tripling of price means another $32 million yearly to this corporation.

• • •

So here's the way needless tire rationing can be avoided:

• • •

Everybody who depends on automotive transportation, in business or on the job, should demand their Congressmen make a full investigation; rush production of synthetic rubber. The result would be some scandals, but far fewer pedestrians.

• • •

The move to end or curtail the Marshall Plan is gaining impetus in Washington. Paradoxically, government hired press agents for the Marshall Plan are doing a great deal in this direction by disclosing what is going on.

• • •

For example, ECA Bulletin 1963 reveals that, although copper is supposedly critically short, over a million dollars worth was given to Holland this month.

• • •

And at a time when more taxes are asked for defense, the same bulletin covers this item:

• • •

French North Africa has just been given $260,000 worth of [illegible]

• • •

These reports are the basis for a new slogan around Washington paraphrasing a Churchill wartime speech:

• • •

"Never before have so few given so much to so many."

Letters To The Editor

The Hilltop Record invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Dear Sir:

"That which hath been is now, and that which is to be hath already been; and God requireth that which is past."

Those words from Ecclesiastes 3:15 are a searchlight, and using them in Bible history, we see Pharaoh destroying new-born sons of the Hebrews in Egypt. Herod destroyed all children of two years old and under in Bethlehem and coasts thereof; but today the leaders destroy the cream of young manhood!

As a nation are we proud (?) to have our rulers listed with Pharaoh and Herod?

We err, because we know not the Scriptures, nor the power of God. Matt. 22, 29.

Four Teams Tied For Lead In Hilltop YMCA Cage Loop

By Dave Miller

Burgess EUB pulled an upset last Wednesday evening, defeating heretofore undefeated Arrows, 38 to 36, in a thrilling double-overtime affair to feature the four-game program at John Burroughs school in the fourth evening of the rapidly-improving Hilltop "Y" Intermediate League.

As a result of the Burgess win, the Arrows, Burgess, Highland, and Hoge are tied for first place in the loop standings, each with three wins and one defeat.

The Arrows, sailing along with consecutive wins over West Park, Hillcrest and Hilltop C. of C., were stamped as the league's "Cinderella" team by remaining as the only undefeated team in the league. However, after their loss to Burgess last week, they still have rough assignments in Highland, Hoge and St. Paul's.

Burgess-Arrows

Excitement was at a high pitch in the night's opener which saw the Arrows as the last of the undefeated teams in the "tight-as-a-drum" first place loop race.

Burgess tried to sew up things early, grabbing a 13-6 margin at the first period and a convincing lead of a dozen points at halftime. However, the Arrows started to click, and they pulled up to 28-23 at the third period and the regulation time ended in a 32-all deadlock. The first overtime was at a 34-all standstill, and with only 25 seconds elapsed in the "sudden death" overtime, Burgess' Durward Vincent intercepted an Arrow pass and dribbled in for the winning basket.

Hoge-Hilltop

Closeness was just another thing again in this one. Hoge led all the way, and although threatened in the final period on numerous occasions, managed to pull through a 31 to 30 squeeze.

Hoge led at the first quarter, 10-6, and led by one point at halftime. However, the ultimate winners outscored Hilltop, 7-2, in the third canto to cinch the verdict although outscored by five markers in the final quarter.

Ted Collins was high for Hoge with 12 points while Bob Shivers topped Hilltop with 11—nine coming in the final half. The latter still leads the league with 51 points while Collins is in the runner-up spot, seven points behind.

West Park-Highland

In a rather dull affair, Highland had little trouble in handing West Park their second win as against the same number of defeats. The final score was 36 to 20.

Dave Lazenby, Lee Grabill and Bill Killian combined to lead the Highland attack, as these three together pumped for 28 of their team's tallies. Lazenby had 10, while Killian and Grabill had eight apiece.

St. Paul-Hillcrest

In a game expected to be rather dull, since both teams were of the lower division in the loop, St. Paul edged scrappy Hillcrest 56 to 49 in the season's highest scoring game thus far.

Hillcrest, defeated in four games, and St. Paul, winless until their recent game, hooked up in a real offensive battle, and produced more excitement than some of the higher bracket teams.

Hillcrest led all the way until the final period, when St. Paul outtallied their opponents, 17-10, to take the verdict. Hillcrest led, 10-8, 22-19 and 39-38, in the first three periods but the winners were too much in the clutch.

Miller of Hillcrest was high point man with 23, with Joe Balthaser of St. Paul close behind with 20, and his teammate, Bob Harrison, grabbing 18. Phil Redick also bagged 14 for Hillcrest.

Big scores! Big scores! Big scores! Many big scores have been shot at Hilltop Recreation. The latest was Floyd Winn's 289-664. In his big game he left the 8 pin and spared it, threw 10 strikes in a row, and left another 8 pin. Thrift Finance, backed by Winn, shot a nice 994 in a 2741 total.

Last Monday night Herb Awe tried to be a one-man team as he smothered 257-627 to pace Kent Brothers Builders to a fine 1079 in a 2750 total. The scores of the members of the team are as follows: Floyd McCoy 189, Loren Heselton 189, John Kuhl 227, Lou Kallos 207, and Herb Awe 257.

In the K of C 6:30 Jack Goetz had 231-634, Charlie Neeshan came up with a 234 while Jack Sexton totalled 611. Ohio State Construction Co. built a 922-2733.

Guy Seydnor covered 223 while Paul Crosier had 598. Kent Builders were high again with 932-2705. Bill Frasure came up with 248-602 as Wahl Builders had 920-2614.

Frances Patridge had 201, Mary O'Dowd the same, but Edna Latscha had 522, Seiller's Department Store shot 822 and Viereck Florists totaled 2330. Nell Humphries had 223 and Laura Steele a 504. Westgate Electric coupled 778-2222.

Marian Ferguson came up with 195 and Cyl Crosson 505. West Side Motors had 805-2343. Incidentally, this team took first place in the women's city tournament.

have time to give him six or seven lessons before he goes, so I teach him what he wants."

When Mr. Layman was asked how he knew what to teach for these exams, he answered, "It's fairly simple: I study the general types of math needed for his type of service and by the process of elimination, I come up with questions paralleling theirs. I use the same process for tests in other subjects and other fields."

As an example, the ex-OSU instructor pointed to six boys he coached for the air corps examinations during the last war. All six of the boys passed the exam and one of them wrote him, telling him that he had given them over two-thirds of the questions on the test.

Besides coaching his pupils for military examinations, Mr. Layman teaches sociology, economics, history, psychics, chemistry, accounting, zoology, English, German, pyschology and mathematics through analytics and differential calculus.

Genius and Mr. Layman's tutoring has paid off for his three sons, all of them veterans of World War II, graduated from West High School with honors and his oldest son, John, graduated from Case Institute of Applied Technology in 1950 with honors. His other two sons are now attending Case Tech in Cleveland. All are in the field of metallurgical engineering.

During the past few years, Mr. Layman's tutored several of the outstanding athletes of Ohio State University so that they could bring their grades up to remain eligible for sports.

But, coaching athletes isn't the hardest job he has, according to Layman. "The big thing," he said "is to instill confidence into them. Once they have confidence, they can see that no course is really hard. Teaching can make or break the student."

Lenten Tips for '51

By BETTY BARCLAY

There's never danger of monotony with fish, if you know a few tricks about cooking and serving it. Attractive and varied garnishes, sauces to add variety and flavor, and good recipes for baking, broiling and frying, all add to its interest. One of the easiest of all sauces for fish, and one of the best, comes in an eight-ounce can. It is a rich tomato spaghetti sauce, made with meat or mushrooms. The mushroom kind, of course, is better with fish. Just open the can and heat up the sauce and serve with fried, broiled or baked fish. Or pour it over fish that's ready for baking, if you want to turn baked fish into a real chef's treat. Another way to turn fish into a real chef's treat is to flake leftover fish and heat it up in the canned spaghetti sauce with mushrooms. Then serve it in a ring of boiled rice or on toast.

Provencal Fish Pie

1½ teaspoons salt
1 large onion, chopped
¼ teaspoon chopped parsley
1 can (7 oz.) drained flaked salmon or tuna fish

1 recipe Easy-Mix Flaky Pastry

Few grains pepper
1 cup light cream or top milk

Peel potatoes. Cut in very thin slices and place in bowl. Add salt, onion and parsley, and mix all together. Cover and let stand while preparing pastry. Line oblong baking dish (10 x 6 x 2 inches) or 9-inch pie pan, using ½ the pastry rolled ⅛ inch thick. Drain potato mixture and add fish. Fill pastry-lined dish. Dot with butter and season lightly with pepper. Cover with top crust. Seal and flute edges. Make several slits in crust to permit escape of steam. Bake in moderate oven (375° F.) about 1¼ hours or until potatoes are tender. Remove from oven. Turn off oven. Slowly pour cream into pie through slits. Return pie to oven for 10 minutes longer. (Potatoes will absorb most of cream.) Pie may be prepared several hours in advance and held in refrigerator until ready to bake. Cut into squares or wedges. Makes 6 servings.

Easy-Mix Flaky Pastry: Sift together in bowl 2 cups sifted all-purpose flour and 1 teaspoon salt. Combine ⅓ cup salad oil with 5 tablespoons ice water in measuring cup. Beat with fork until thickened and creamy. To avoid separation, immediately pour (all at once) over entire surface of flour mixture. Toss and mix with fork. The dough will be moist. Form into ball; divide in half.

Shape each half with hands into a flat round. Place between 2 squares of wax paper (about 12 inches square). Roll out dough to fit baking dish. Remove top sheet of wax paper; invert dough over dish; peel off bottom paper. Roll out top crust.

Spanish Omelet

2 tablespoons quick-cooking tapioca
¾ teaspoon salt
⅛ teaspoon pepper
¾ cup milk
1 tablespoon butter
4 egg yolks, beaten until thick and lemon-colored
4 egg whites, stiffly beaten

Combine quick-cooking tapioca, salt, pepper and milk in saucepan. Place over medium heat and cook until mixture comes to a full boil, stirring constantly. Add butter. Cool slightly while beating eggs. Add egg yolks and mix well. Add very gradually to egg whites, folding in thoroughly.

Turn into hot, buttered, 10-inch skillet. Cook over low heat 3 minutes. Then bake in moderate oven (350° F.) 15 minutes. Omelet is sufficiently cooked when a knife inserted comes out clean. Cut across at right angles to handle of pan, being careful not to cut all the way through. Fold carefully from handle to opposite side. Turn out on hot platter; place Spanish Sauce between folded layers and around omelet. Serve at once. Makes 6 servings.

Spanish Sauce. Melt 6 tablespoons butter or other fat in saucepan. Add ¼ cup each chopped onion and chopped green pepper and saute until onions are golden brown. Add 1 teaspoon salt, 2 teaspoons sugar, dash of cayenne, 1 cup canned sliced mushrooms, and 2 cups canned tomatoes. Cook over medium heat 15 minutes, or until vegetables are tender.

Tomato Cheese Rice

1 package (1⅓ cups) pre-cooked rice
¼ cup chopped onion
2 tablespoons butter
2½ cups (No. 2 can) tomato juice
¾ teaspoon salt
Dash of pepper
1 bay leaf
1 cup grated American cheese

Saute pre-cooked rice and onion in butter in saucepan until onion is golden brown. Add tomato juice, salt, pepper, and bay leaf. Bring to a boil, cover, and simmer 10 minutes. Remove bay leaf. Add cheese and blend. Makes 4 or 5 servings.

Chocolate Milk Drink

1 package chocolate rennet powder
3 cups cold milk

Beat contents of package of chocolate rennet powder and cold milk with a rotary beater or shake in milk shaker or fruit jar until dissolved. To make more readily digestible, let stand 15 minutes before drinking.

Variations: Add a few drops of peppermint extract OR 1 tablespoon honey to basic recipe above. Serve with cookies, if desired.

Hoge Memorial Cage Quintet Takes Lead In Jr. 'Y' League

Hoge Memorial continued to dominate play in the games of the Hilltop "Y" Junior League staged last Monday evening on the John Burroughs court.

The local church five swamped West Junior Hi-Y under a barrage of points to easily take their fourth straight win of the season. The score was 41 to 16. The loss was Hi-Y's third in four games thus far.

Hoge, recently jolted by the loss of Joe Hutchison and Jack Buchingham, as both were called up to the West Junior varsity, seemed to have little trouble without their stars.

In other games, the Panthers grabbed their third win as against only a single setback as they subdued West Torch Club, 34 to 30 in hhe night's second game.

In the night's opening contest, Glenwood nearly doubled the score on Burgess EUB, 41 to 21. The win set Glenwood's mark at 3-1 while the loss was Burgess' fourth in a row.

High scoring honors for the night were divided between Jackson of the Panthers and Sensenbrenner of Hoge, each bagging 14. Witter of Hoge grabbed 13 while Steece of Burgess, Brownlee of Glenwood, and Seagraves of Panthers, each netted an even dozen.

Grandpa's Tales Finally Beaten

Old Timers' Stories of "The Big Snows of the Nineties" Need Revision After This Winter's Onslaughts

THE WIND BLEW AND THE SNOW FLEW . . . Pictured above is W. Broad-st during the height of the miniature blizzard last Thursday morning.

Old timers still swap tales of the mighty snows that fell during their youth, but tales of this year's winter will top them all, when their grandchildren, as old men, sit around the fire and spin tales about the old-time winters.

Yes sir, today's youngsters will really have tales to tell their children about the winter of 1951.

It all began with the usual mild fall weather. Amateur weather forecasters checked the fur on animals, the fuzz on caterpillars and the spots on moths; their collective ideas seemed to be that we were in for a mild winter—no good old-fashioned blizzards in sight.

Sure enough, the weather man seemed to be on the side of Jupiter Pluvius instead of Old Man Winter. We had rain, showers and snappy nights, but no real sign of winter.

Shoppers wore spring coats as they did their Christmas shopping early. Shoe stores were piled high with unwanted galoshes and even low-cut shoe rubbers went begging for buyers. Flowers and trees had nerve enough to bud and some even blossomed.

Then came the annual day when all Columbus, West Side included, went foodball mad; the day when the Ohio State football team met mighty Michigan.

Visitors poured into town for the annual gridiron event. Residents prepared thermos jugs of coffee, sandwiches, and dug out blankets, so they could watch the game in comfort.

THEN . . . WHAMMY!!! The Great Snow began. Twelve inches of the "infernal stuff" blanketed the city and snuffed out its transportation system, business life and brought its activity to a sudden halt.

Four days later, when the city dwellers began to venture out in cars without chains, their country cousins were still digging. Milk and bread supplies ran dangerously low and neighbor began to borrow from neighbor. West Siders learned their neighbors' names and many became fast friends as they shoveled off their sidewalks and dug out each other's cars.

Old Man Winter wound up then and lowered the boom. It got cold and before long it became even colder. Weatherman Ted Pierce pulled up his coat collar, tightened his muffler, blew on his hands and announced a record had been set for snowfall during the month and further, a record "cold spell" had settled upon Columbustown for the month, too.

A light snowfall, a cold snap, a light snowfall, a cold snap . . . winter life settled into a frigid routine. Everyone inquired solicitously about everyone else's colds, flu, grippe and described various treatments that "always puts me on my feet again in a day."

A "white Christmas was followed by more sniffles, sneezes, coughs and snorts. Drug clerks happily dispensed cold remedies and doctors listened to thousands of patients describe their symptoms in nasal tones.

Publishers of almanacs that had predicted a long, hard winter, crowed over their accuracy. Those whose publications had called for a mild winter remained silent.

About two weeks ago, our friendly weatherman announced that a short warm spell was due. It was mighty nice while it lasted; but it didn't last long enough.

Old Man Winter was just winding up for the piece de resistence . . . and brother did it hit!

A freezing rain fell first. Everyone slipped and slid, slid and slipped, slipped and slid again—and occasionally hit the ground.

Sleet followed the rain. Snow followed the sleet and more snow followed the first snow. It covered the ground, the cars, the streets; it fell, piled and drifted in a strong wind. It kept falling and blowing until eight inches helped snarl traffic, closed schools, gave oldsters a backache and youngsters a holiday.

Sleds skidded wildly down hills, snowballs flew in neighborhood snow fights, while older, wiser minds speculated on the easiest way to heave eight heavy inches of snow off their property in below zero weather.

And now, lest ye make merry o'er the community's return to a near norm; remember what the Groundhog Club of Punxsutawney, Pa. found when they tramped through the deep snow to check their weather prophet on Gobblers' Knob, Friday: upon seeing the long rays of the sun, they knew old prophet groundhog was seeing his shadow.

The last anyone heard of the club's members, they were buying more long underwear, snowshovels and tickets to Florida. Rumor has it that the groundhog accompanied the south-bound members, to make his predictions from a warmer clime.

The Gate Post

By Pat Martindale

During the past few months the Glenwood Recreation Center has tried to get across to this community the importance of good clean fun and entertainment for the youth. They feel that this is an asset to the communtiy as well as to the "youngster", but they also want to take this opportunity to point out the importance of parents sharing time with their children in their activities. The responsibility of being a parent doesn't end with supplying the proper food, clothing and shelter. Children, especially in these times of uncertainties, need to be brought closer to their parents and parents need to share their interests to understand today's youth.

In the overcrowded situation present in many homes, there exist no recreation facilities, therefore the Glenwood Recreation Center cordially extends an invitation to all Hilltop and West Side families to take advantage of the game and social rooms and gymnasium at the center. Parents are also invited to come to the center and watch any classes their children may participate in.

• • •

Plans are being made for the week-long open house at the Glenwood Center during the last part of February. All people desiring to appear on the talent show to be given that week are asked to contact Pat Mathews, RA. 7416, before Feb. 26.

• • •

Craft programs for the adults are being highlighted on Wednesday evening from 7 to 9. If you have ever wanted to learn basket-weaving, metal-tapping, shell craft, gymp-braiding, glass etching and textile painting, now is the time. There is no fee and materials are furnished.

• • •

On Wednesdays the center opens at 11:30 for the business men's noon hour. This program opened to men only is planned for fun and relaxation for those who have a little time during their lunch hour.

• • •

Square dance instructions are given on Thursday evenings from 7 to 9. Young and old are entitled to join this class. Why not bring the entire family or your friends and learn together?

• • •

A foul shot contest is now open to boys and girls in three groups, juniors up to 12 years old. Intermediates 13 to 15 and seniors 16 to 18. The center's champion will be determined and entered in the city foul shoot championship contest, Mar. 3, at Glenwood Center.

• • •

The first meeting of the Glenwood Supper Club for girls and boys 8 to 12 years old was held yesterday in the social room at the center. Eight boys and girls were present to enjoy the meal planned and prepared by Shilla Neel, Beckey Radcliff and Shirley Ritter. The girls served "Bags of Gold" which have a basic tomato soup and dumplings with cheese. At the club's next meeting a discussion on balanced diet will take place. Boys and girls interested are invited to be present Tuesday, Feb. 13, at 5 p. m.

The Low Down On High Ridgers

By One of Them

The EARL COSGROVES received quite a shock! But it was a wonderful one—at that. After forgetting he bought a ticket for a chance on $2,000, EARL was practically electrocuted by shock on the phone when he was told he won it.

Of course, we all know he'll split it up among us Hi Ridgers! Congrats, EARL! My guess is a new car will soon be parked in front of your home. Good investment, I'd say.

And speaking of new cars, O. M. WILMER drives a new DeSoto now. He's gotten quite a lot of practice in this snow bound territory.

HELEN CURTIN deserves a hand. You know what she did this past month? Sewed up 10 fancy aprons for the rummage sale and they got more money out of them than the dresses that they had on display.

Quite a novel way E. FLOYD has of clearing off the ice from his windshield. Just give him a bum anytime, and he'll demonstrate for you.

Got a post card from GENEVIEVE and CLAYTON TAYLOR in vacationland Florida. "You've got nothing on us," they write. "It's probably warmer on Wrexham than it is down here." Who's kidding who?

CORDRAYS are still with us. After deciding to move to Cinci, they couldn't resist the urge to stay on the Hilltop. Hi, neighbors!

Did you ever remove a tank? Well, some people find out the hard way. HAL MERCI and brother, BOB, thought they had all the water out, and "ker-plunk" it dropped and cracked the cement floor-ing in their basement. BOB bruised his foot—in fact, smashed it. They had more water in the basement than was spurting out before. Now HAL has a stone lined tank that will "never wear out," so he says.

Clicking away at the typewriter again is RUTH FLAVIN. She says it's nice to work after a seven year's vacation (?) of housework.

Why Settle for Symptomatic Relief When HADACOL Has Helped People Like These with Such Deficiencies

Mrs. Dennis Deomes, 111 Florence Street, Hot Springs, Arkansas: "My little girl has taken four $1.25 size bottles of HADACOL. She is three years old, was pale, nervous, had no appetite. Didn't care to play like other children. At night, she would awaken many times frightened and nervous. She would only sit around days and was very easy to cry. I was worried, because she was so pale and had no appetite at all. Then, I had heard of the wonders that HADACOL had done for so many people, both young and old. So I decided to give it to my little girl. I did so, and the third day after she began taking HADACOL, she was more cheerful and began to eat. She awoke hungry on the 3rd morning, and has been both eating and sleeping fine ever since, and isn't nervous at all. She is as cheerful as any child can be. Thanks to the makers of HADACOL, we are a HADACOL family. My little girl's name is Mary Helen Deomes."

Mr. Grady Thomas, Route 2, Somerville, Alabama: "My age is 59. I was sick for a long time. Could not sleep at night. After taking three bottles of HADACOL, I felt much better and now I can sleep all night. My wife says she believes I could sleep a week. I can do a full day's work on my farm. Before taking HADACOL, I couldn't work more than an hour or two at a time. I am very thankful for learning about this product."

Mrs. Marjorie Mullins, Jewellridge, Virginia: "I feel like HADACOL has helped me in many ways. My health was very poor, till I decided to give it a trial. I got one economy size bottle. It helped so much, I decided I wouldn't be without it. So now I am on my 4th large bottle. Before I took it, I wasn't able to do my housework, and care for my family. Every month, I would have to give up and think I was going to die. But thanks to HADACOL I never feel those weak spells any more. I stomach and I can eat anything I wish. I sleep much better at night now. Myself, I wouldn't do without HADACOL. My family also takes HADACOL."

Mrs. Verna Riley, 514 Missouri Avenue, Jeffersonville, Indiana: "I had been sick off and on for a long time. I am now 51 years old. After I heard about HADACOL, I have taken two bottles. I don't have that fullness in my stomach and I can eat anything I wish. I sleep much better at night now. Myself, I wouldn't do without HADACOL. My family also takes HADACOL."

Mrs. C. H. Strach, 605½ West Second Avenue, Pine Bluff, Arkansas: "Before using HADACOL, I was rundown, nervous, and had upset stomach. My friends could not understand the way I was acting. After I took HADACOL, I felt better than I have ever felt. I am not at all nervous and my friends have remarked at the change in me. I am forever grateful for what HADACOL has done for me. I wish to let the whole world know how much I praise HADACOL."

Bennie Hollingsworth, Box 8, Simms, Louisiana: "I am ten years old. I have been sick for a good while. I was nervous. I could not sleep at night. I did not want to study my school lessons. Then, some of my friends told me about HADACOL. Now I have taken only three bottles of HADACOL. I can say that HADACOL has helped me a lot. Now, I can sleep. I am not so nervous. I do not hate to get my school lessons. I want to thank my friends for telling me about HADACOL."
SENATOR DUDLEY J. LEBLANC, Whose Tireless Efforts For Relief Of Suffering, Have Brought Humanity Today's Great HADACOL
Senator LeBlanc in all of his political activities has always championed the cause of the oppressed, and the poor and underprivileged.
He was the first candidate for Governor to advocate a specific Old Age Pension . . . and today in Louisiana, he is known as the Father of the Old Age Pension. In the course of his long, lone fight he has had his critics, but to those who opposed him he has continually stated: "If you do not believe in Old Age Pensions, remember the mandate of the Lord himself—'Honor thy Father and thy Mother that thy days may be long upon the land which the Lord thy God giveth thee.'"
Senator LeBlanc is known as a friend of the veterans. He introduced and successfully passed the law that created the State Service Commissioner whose duty it is to see that every service man receives his just compensation from both State and Federal governments. His activities in public life in behalf of the working man are too numerous to mention here.
It was only natural that in his sincere desire to serve the people, that Senator LeBlanc would seek and find a product that would tend to assist the poor and ailing, that would help them lead a more happy and contented life. His tireless study and effort resulted in today's wonderful HADACOL.
Why Wait?
Why experiment, why give up, why suffer from a lack of Vitamins B1, B2, Iron and Niacin? Why not make up your mind to start taking HADACOL today with the positive assurance that it will help you if you suffer from such deficiencies or the Senator will gladly send back your money. You have to be satisfied, and since Senator LeBlanc has proven by his past activities that he is your friend, you know you can depend on what he says and what he does. Ask for HADACOL now. Trial size $1.25; large family or hospital size $3.50.

World Day of Prayer

Focuses Attention On Power of Supplication

Two Services Planned By Hilltop Churches

This year, as perhaps in no other years, the World Day of Prayer which is to be observed tomorrow has special significance. Increasing the power of prayer is being brought into focus and one of the leading educators in Ohio has this to say concerning it:

"Prayer is one of the oldest customs of the human race, it is one of its most universal customs and it is one of the most persistent. It is important that in our understanding of prayer we realize not only what prayer is, but what it is not.

"Prayer is not magic, nor is it a weapon. Theodore Roosevelt, in his memoirs, tells of uttering this prayer when he was a boy in Civil War Days — 'Dear Lord, please grind all Southern troops to pieces'—it was a sincere prayer, but not a legitimate one. Nor yet again is prayer a bribe. Unless the words of our prayer are matched by the sincerity of our deeds prayer is but an empty gesture.

"Thus it follows that there are some things prayer does not do. In the first place it does not change God, but rather it may change the situation so that God can do what otherwise would be impossible. Furthermore prayer does not do anything for us which we ought to do for ourselves — although at times we find ourselves in the position of the small boy who having handed in his examination paper, included in his evening prayer this petition, 'Oh Lord, please make Boston the capitol of Connecticut.' In other words, prayer will help us to do what we should try to do, but prayer is not a compensation for lack of human effort.

"What then is prayer? Prayer is contact with God. Any experience that reminds us of God is in some sense and to some extent a prayer. In such instances—as for example hearing the sudden song of a bird, unconsciously and without preparation we pray. Prayer is also fellowship with God. At this stage of prayer there is likely to be conversation if we teach ourselves to listen correctly. It is from such experiences that we gain perspective and all the rest of life looks more purposeful. Again, prayer is the quest for the will of God. Having had contact with God we than seek his will, striving to overcome ignorance, arrogance, stubbornness and selfishness which are barriers to that seeking.

"The question is often asked as to what we do when we pray for others—or in other words—intercessory prayer. How can a prayer we make in our own community have any effect upon a person or situation anywhere in the middle of Korea, India or the other side of the globe? By looking at the world around us it would seem that God, for reasons best known to himself has left many tasks incomplete; many values unrealized; many purposes unfulfilled until such time as the right man could come at the opportune moment and in the right way do something about it. God provides the basic material and powers but expects man to contribute his brain and brawn to achieve the finished product. God never built a bridge, wrote a book nor painted a picture.

"This being true, could it not be that in that unseen but real area which we call the spiritual world that somewhat the same situation prevails? In the sight of God, is it not possible that all powers look alike whether they be physical power, mental power or spiritual power we call prayer."

"The belief that there are situations existing outside of ourselves, next door—or in the other side of the world, which wait upon our prayers before the best results can be obtained, has given rise to the World Day of Prayer. It is thus in faith, humility and stillness of spirit that the Christian women of the world will gather tomorrow in their respective places to worship and become a part of the annual observance which falls on the first Friday of Lent, starting when the sun rises over the Fiji Islands and continuing until sunset over Alaska and the Tonga Islands."

Here on the Hilltop two worship services will be held. The first at 2 p. m. in the Highland Avenue Friends Church will be conducted by Mrs. Phillip Johnson who has served as general chairman for arrangements. The second service will be held in the evening at 8 o'clock at the Burgess Avenue Evangelical United Brethren Church. The evening service is in response to requests from employed men and women who are unable to attend the day service, and those participating include Mrs. Jack Hostetter, chairman, Rev. Irwin H. Lane, Rodman Johnson, Mildred Harper, Oakley Wiseman, Katherine Johnson, Maxine Barnes, Mrs. Horace C. Toller, Mrs. Edward Hakola, Mrs. Clarence Hune, Mrs. James Huntler, and Mrs. Sam Daugherty.

Music will be by the Oakley Avenue Baptist Choral Group under the direction of Mrs. W. O. Colwell.

Local news events for the observance have been handled by Mrs. R. C. Witherspoon and Mrs. Robert Gibbon.

Special Services Sunday At Burgess EUB

The significance of this Sunday, Feb. 11, in the Burgess Avenue EUB Church is that the church calendar stresses "Race Relations Day." From the pulpit the pastor, Rev. Irvin Lane will touch upon this subject. It is also the Sunday for recognition of Lincoln. The pastor's sermon subject will be "Abraham Lincoln and the Man He Set Free." Tied into this sermon will be our faith in God that makes such freedom possible.

It will be the day when the Boy Scouts will appear in a body and sit in a reserved section of the church. The scouts will have their leaders present with them, will sing a special number, and give the scout pledge.

The junior choir, directed by Mrs. William Clifford, and accompanied by Marolyn Matthews, will render special music for the morning service. Their number will be an arrangement of "Sweet Hour of Prayer."

At the evening service the pastor will deliver another sermon centering around "Race Responsibility" and will be using as his theme, "Great Personalities From the Other Side." The young people after their dismissal from Youth Fellowship will sit in a group for the evening service and will form a Youth Choir for the evening service.

At an earlier hour (5:30) the young people will congregate in the basement for a Valentine Youth Meeting and will be assisted by Mrs. Mary Ann Ryerson for this meeting.

Hoge Schedules Lenten Services

A series of Lenten services is being held at Hoge Memorial Presbyterian Church each Wednesday evening at eight o'clock during the weeks preceding Easter. The general theme for the series will be "Making God Real in Human Experience."

Westgate Church Will Feature Bishop By Radio

While Bishop Hazen G. Werner rounds the Cape of Good Hope on his way to India to inspect the state of foreign mission work in the Far East, he will address Ohio Methodists by radio. His message tape recorded some weeks ago will be broadcast on Sunday, Feb. 11 at 11:15 a. m.

All Ohio Methodist churches have been asked to incorporate the broadcast in their worship service and Westgate Methodist Church will feature his broadcast next Sunday. The program will originate at station WRFD in Worthington and will be picked up and relayed by 28 stations in Ohio. In Columbus WBNS and WVKO will carry the program and in Cincinnati WLW will carry it. Bishop Werner's message will be entitled: "You Can't Build a Curtain to the Sky."

After a fifteen minute worship service Bishop Werner's message will be tuned in, after which the pastor, Rev. Norman L. Schreiber, will speak briefly on the topic: "Fishers of Men."

The Semper Fidelis Class of Hilltop Lutheran Church will meet Thursday, Feb. 8, at 8 p. m. in the church lounge. Mrs. Burleigh Emrich will lead the devotion service and hostesses will be Mrs. John Hallsteine and Mrs. George Ruffing.

Congregation Recognizes Pastor's Achievements

FOR A GOOD JOB—Rev. Joseph B. Shellhaas (shown above at the right), pastor of the Glenwood Methodist Church, receives a watch from Common Pleas Judge Cecil J. Randall on behalf of the members of his congregation for his accomplishments and service in the church during the past 11 years.

Eleven years is a long time for a man to work on any project, but it wasn't too long a time for a busy man like Rev. Joseph B. Shellhaas, 74 Highland-av, pastor of the Glenwood Methodist Church to work for his doctor's degree in philosophy and to work for his church.

Last week Dr. Shellhaas received a gesture of appreciation from his congregation for work in both fields. He and his wife were quite surprised when they arrived at the church for the annual Family Night dinner and program and found instead an appreciation dinner with more than 325 guests present.

Rev. Shellhaas is the spiritual leader of the largest Protestant church on the Hilltop. The Glenwood church has 3400 members. It is the second largest Methodist church in the city, as well as the second largest in the state.

For his success in both the ministerial and academic fields, Common Pleas Judge Cecil J. Randall presented a watch to the pastor and in recognition of Mrs. Shellhaas' work, Clyde D. Moore, a member of the church board, presented her with a huge bouquet of flowers.

Rev. Shellhaas, or Doctor Shellhaas, whichever you prefer, received his doctor's degree on Dec. 22. Rev. Shellhaas, a holder of M. A., D. B. and S. T. M. degrees, wrote his 600-page thesis on "The Life and Philosophy of the French Philosopher, Alfred Fouille." Rev. Shellhaas had to learn both the German and French languages to do research on his thesis.

Farthest North units of the Boy Scouts of America are a Troop and Explorer Post of Eskimo boys at Barrow, Alaska, sponsored by the town council.

BIBLE COMMENT

Jesus Prayed for Peter, Who Was Unpredictable

There are some men whose characters and actions are as unpredictable as New England weather. Others are so settled in their ways that their attitudes and actions in any given situation could be easily predicted.

Peter was of the former sort. Within him were great forces and possibilities for both good and evil. He was at once a model of humility, a swaggering braggart, a courageous crusader and a weak-kneed repenter.

It was, perhaps, because of his impulsive nature that Jesus playfully chose to call Simon, Peter, meaning a rock. As we well know there was nothing rocklike about Peter's personality.

"Simon, Simon," said Jesus, "Satan hath desired to have you that he may sift thee as wheat; but I have prayed for thee, that thy faith fail not; and when thou art converted, strengthen thy brethren."

So Jesus prayed for him and that was the source of Peter's power.

Yet something went amiss for the Peter who had boasted that though all men might forsake Jesus, yet would not he, thrice denied that he knew Jesus.

The Peter who stood up on the day of Pentecost and preached the bold and courageous sermon which saved three thousand later wept bitter tears of shame.

The Peter who dashed his enemies with the simple words, "We ought to obey God rather than men," later found it necessary to assure his Lord that "Thou knowest all things; thou knowest I love thee."

Yet, with all of his inconsistencies, faults, and defeats at the hands of temptation, Christ prayed for Peter.

What greater inspiration could we ask than to know that Christ prays for all Peters everywhere? And that Peters everywhere can become truly rocklike by seeking their own answers in prayers.

Your confidence has built this insurance agency. Your faith in the protection service offered by this agency is the key to its steady growth. Our credo is simple . . . to offer adequate protection at the lowest possible cost consistent with good business. It's Nifty to be Thrifty

By BETTY BARCLAY

Being smart with our money is always wise but it is particularly important today with food and other commodity prices at their peak. So economy-minded dishes for economy-minded folks are of special interest, and doubly so when they are appetising and filling.

Surely, not one of us would think of throwing out any left-over roast and yet we do wish to serve it in an attractive way. Here, then, is a recipe that will please your family; and thanks to the cereal that is used as an extender it will fill them, too!

Savory Cabbage Meat Rolls
(using left-over cooked meat)
12 large cabbage leaves
2 cups ground meat, cooked
1 cup crushed 40% bran flakes
¼ cup chopped onions
½ teaspoon salt
⅛ teaspoon pepper
½ teaspoon celery seed
1 teaspoon Worcestershire sauce
1 egg, unbeaten
⅓ cup meat stock or
½ cup hot water and
1 bouillon cube
1½ cups canned or stewed tomatoes
8 strips bacon

Wash cabbage leaves and cook in boiling salted water 3 to 5 minutes. Drain and sprinkle each leaf with salt. Mix together meat, cereal, onions, seasonings, egg, and meat stock. Divide into 6 equal parts.

To make cabbage rolls, fit together 2 cabbage leaves; arrange portion of meat mixture on this, roll, and fasten with toothpick. Place rolls in greased baking dish. Add tomatoes. Place strips of bacon on top. Bake in moderate oven (375° F.). 40 minutes, or until done. Makes 6 servings.

The Date of Easter

The question is frequently heard, "What is the rule for determining on what day Easter falls each year?" Well, it seems that the rule now in use is an old one, actually dating from the Council of Nice, in the year 325 A. D. In order to clear up much confusion and many conflicting practices of that early time, the Council prescribed: (1) That Easter must be celebrated on the same Sunday by all throughout the world; (2) that this Sunday must follow the 14th day of Paschal moon; and (3) that the Paschal moon is to be considered that moon whose 14th day follows the spring equinox. That is the formula for determining the date of Easter. In practice it means that Easter is the first Sunday after the full moon that occurs on or next after Mar. 21. Consequently, at the earliest, Easter will be on Mar. 22, and at the latest on Apr. 26.

Former Hilltopper Refuses Scholarship

It's hard to win a $1000 award, but it's harder to refuse one that you've already won.

Rev. William Lee, a former Hilltopper and a graduate of West High School, won a $1,000 scholarship to any of 10 European universities of his choice.

Rev. Lee, a student at Drew University in Camden, N. J., where he is working on his Doctor of Philosophy degree, had to turn down the award in spite of the fact that he and his wife had been planning to go to Europe for some time.

The future "Dr.", father of two children, had to refuse the award because he had previously accepted a pastorate at Maple Shades, N. J., for a period of two or three years. He felt his responsibility to his congregation came first.

The former Hague-av resident is already a holder of an M. A., B. A. and B. D. degrees from Olivet College, Miami University and Oberlin.

Seven Hilltop Men Join Columbus Real Estate Board

The board of trustees of the Columbus Real Estate Board has approved the membership applications of seven men who have been operating as real estate men in this community.

They are Harry T. Jeffries, associated with Theodore J. Sayer, 271 S. Central-av; George W. Mowery, Howard S. Bennett, Jr., Edward J. Smart, Walter M. Skenyon, Walter T. Farris and Samuel K. McKain, associated with Howard S. Bennett of Gateway Realty, 2705 W. Broad-st.

Another Killing Is Reported!

The killing spree among Hilltoppers continues unabated. No week passes by without more names being added to the steadily growing list. And—in case anyone should ask you — we're happy about the whole thing; delighted, in fact! Now, before you brand us sadistic, heartless, bloodthirsty, and a few other names, we'd better explain.

We're referring to the constant killing of ads in our Classified Section — ads that were scheduled to run two or more issues, but were cancelled (killed) because of immediate results. Here's a recent example:

Mrs. Neva Lower, 1457 Union-av, placed her ad to run Feb. 1 and Feb. 8. It was in the "For Rent" column and read:

Nice sleeping room, home privileges; no other roomers. Near transportation. References exchanged. RA. 3033.

The first ad did the trick. Mrs. Lower called to "kill" the second run and express her pleasure with the quick response her Record ad brought. You, too, can benefit from the result-producing power of Record Classified. To place your ad, dial RA. 1125.

Hilltop Service Clubs Planning Big Paper Drive

Next Christmas season the Hilltop area will be the best lighted and best decorated of any in the city if the Hilltop Business Association and other service organizations of the community can carry out plans they have for a mammoth paper drive in April.

Cooperating with other service organizations of the Hilltop and currently laying plans for the drive is HBA chairman, Clarence Story, assisted by a committee composed of W. E. Jones, Robert Trott, W. O. Hane, Joseph Birnbirch, Jack Boyer, Ed. O. Melvin and Fred Hatcher.

The waste paper drive date has been set for Sunday, April 22, and will start at noon on that date, in order that Hilltop folk will be able to attend church in the morning and have their newspapers set on the curb in time for the collection.

Although complete details of the drive have not as yet been arranged Chairman Story urged that Hilltoppers who wished to aid the clubs in their drive for funds to provide Christmas decorations keep newspapers and magazines in separate bundles. He asked that on the date of the collection that the bundles of newsprint and magazines be placed on curbs in front of homes or in case of bad weather on front porches.

Stressing the fact that this waste paper drive is to be an all out community effort for a worthwhile cause, he asked too, that trucks and personnell be volunteered whenever possible for the drive, in order that it be completed as quickly as possible on Apr. 22.

Further along the ditch, in front of attractive houses and lawns, were whiskey bottles, beer bottles, tin cans, paper and garbage, obviously thrown from moving cars. Commissioners Okay Hamilton Ditch Projects

All claims for damages were dismissed by county commissioners last Friday, when they authorized the improvement of the Hamilton Ditch which runs from near Hilliards to Alton.

The improvement of the 13½ mile long ditch calls for it to be cleaned, widened and deepened at an estimated cost of $48,700.

The projected improvement caused such controversy among residents in the area served by it that hearings on it had to be postponed twice.

Flames Destroy Filling Station At West Jefferson

A spectacular fire which required the combined efforts of firemen from Columbus, Prairie-twp, London and West Jefferson to control late Sunday evening, destroyed Martin's Shell Service Station at West Jefferson. Damage caused by the fire was estimated at $[illegible].

During the course of battling the flames fire equipment was called from Columbus Naval Air Station but was later recalled to its base.

Leonard Martin, owner of the station, said an automobile started the fire.

Eleven More Arrested As Quarantine Violators

Eleven more Hilltop dog owners this past week were hailed into the court of Justice of the Peace William S. Brown on charges of violation of the current rabies quarantine. The hearings on the eleven were held Saturday and fines and costs levied which totaled $110 in fines with costs totaling $96.80.

Arrest of the Hilltop residents was made after repeated warnings by Franklin County Health and Humane Society officials that such action was forthcoming if dog owners did not keep their dogs on their premises and under restraint during the current epidemic now raging in this section of the county.

More Signatures Are Needed For Improvement

Although no objections were presented on the Rainbow-Rea Addition's proposed water mains and fire hydrants at a hearing before the county commissioners, formal approval was delayed until later this week.

The 6400-foot-long mains and 15 hydrants, costing an estimated $39,300, would be the first installed in that residential area west of Cemetery and south of Mound-st.

Some residents at the hearing asked whether the mains and hydrants would serve the area along Eakin-rd, within the limits of the project. But Sanitary Engineer Denzo T. Mitchell pointed out that not enough signatures were obtained from persons living in that area. If they desire mains and hydrants to serve their section, he pointed out, they should obtain a petition from his office.

Meanwhile, Commissioners C. P. Lauderbaugh and Nathan A. McCoy, Jr., approved application of Brookshire Park, Inc., a housing development that will eventually include about 100 homes, to install 2600 feet of sanitary sewers. The project site is about half a mile west of the proposed Rainbow-Rea installation.

Sewers will be placed in Richardson-av, in the area bounded by Mound-st, south; Regina-av, north, and an easement north of Vandenberg-rd, from Richardson-av, east to Warren-av, west.

Installation of water mains in the project was approved by commissioners Jan. 19.

West Grads Give Intercom Set-up For School Stage

Recent graduates of the January, 1951, class of West High School appropriated funds to purchase a switchboard plug-in ear phone and speaker unit, to make necessary inter-communication of the movie-projection booth at the rear of the school auditorium with the stage, Principal I. F. Young said today.

Long needed, to synchronize projection-booth activities and stage directives, the project, underwritten by the January, 1951, class, provides more efficient performance on the school platform.

A. E. Buchanan, history teacher, was faculty adviser for the class.

East Slaughters West By 78-58 Score

East High School's rampaging Tiger quintet moved a notch closer to the City League basketball title Tuesday night when they slaughtered a hapless West five by a score of 78-58.

West tried valiantly throughout the contest but the fast pace set by the East cage squad was too much for the locals. Jerry Trabue was top scorer for the West team, garnering a total of 16 markers.

Tiny Tot Post Office Operates In Local School

By Burr Van Atta

Turning the old lace fringed valentine into an educational aid is quite a trick, but it was accomplished at the West Broad St. School with a minimum of effort and a lot of fun for all the children.

The process of turning the educational trick went something like this: the children in the 2B class studied about postmen and the post office, they visited the Hilltop Post Office Station and found out its methods of operation; then they returned to their classroom and built their own miniature post office.

Naturally, with Valentine Day so near, they decorated their mail receiving and handling station with red bunting and white hearts, but the spirit inside the lilliputian office was the same as that of the Hilltop Station, next door.

The children drew and colored their own valentines. They printed original verses on the valentines and sealed them in envelopes addressed to their classmates. Their classmates' names and addresses in the classroom were posted on a large directory on one side of the [illegible].

The young poets and artists then took their envelopes to the imitation post office and purchased blue, crayon-colored squares of cardboard which were pasted on the envelopes as stamps. The stamps were purchased with red cardboard coins. Stamps come in two denominations: 2 and 3c.

After the letters were stamped they were handed to the postmaster, who stamped the date onto the letter and cancelled the stamp with a cancelling stamp made from a potato. The postmaster then sorted the letters into compartments numbered for each of the children's tables.

To carry out the theme of a "real" post office, postmen picked up the sorted mail each day and delivered it on their own "beats".

Looking over this list of activities, an "old-fashioned school marm" might be tempted to snort "nonsense", but with this project the children have had lessons in writing verse, art, addressing and mailing letters, handling money, counting and adding by 2's and 3's, when they buy and sell stamps, and they have learned the work the postmen and post office do.

After the trip to the Hilltop Post Office and the first day of operation of the "Valentine Post Office", the next day's postman, Steven Keller, informed his mother that she would have to set their alarm clock for an earlier time than usual, because he had to come to school early to cancel and sort the mail for the next day. He remembered that the real postman told him that he does his sorting at 6:30 [illegible].

Wish the real post office sold 2 and 3c stamps for red cardboard coins, don't you?

The day's postmaster and his assistant are shown in the 2B classroom at West Broad Street School in their "Valentine Post Office". Arrayed before them are the cigar box full of crayon-colored cardboard "stamps", cardboard money and cancelled letters, and the postmaster is wielding the potato stamp canceller.

Mail line forms to the right as the postmaster and his assistant sell stamps, take the letters and cancel stamps.

Local Barber Nears Quarter Century Mark Plying His Trade

Barber Cunningham

In 24 years time Dean W. Cunningham, barber, at 2494 W. Broad-st, has seen a wide variety of people sit down in his chair to be shorn of their locks and be bereft of that hirsute appendage commonly known as beard or whiskers. During the past four years of that time he has shaved and clipped the hair of many Hilltop folk and in the 20 years prior saw a continuous parade through his chair at the Central YMCA.

By an odd circumstance his shop is now located within two doors of another YMCA, that being the Hilltop Branch which has just occupied quarters at 2302 W. Broad-st.

When not engaged in dispensing tonsorial splendor to the many old and young who find their way to his small barber shop Cunningham devotes his time to his two hobbies. The first is his two children, both of whom are now married, and the other a pursuit of the "finny tribe" which each summer draws himself and his wife to the lakes of Canada. In fishing, he finds his relaxation and sole sport in "trying to catch the big ones, before they get away."

During the off seasons when fishing is not in vogue and he daily plies his trade of barbering, Cunningham and his wife are found at their Hilltop home at 2521 Ridge-av.

Boy Scouts Still Flourish

The Boy Scouts of America is dedicated to enriching the nation by helping its boys and young men to grow physically, mentally, morally and spiritually, said Dr. Arthur A. Schuck, Chief Scout Executive of the Boy Scouts of America, in his massage to the nation on the occasion of Boy Scout Week, just ended.

The Boy Scouts of America is observing its 41st anniversary. From a small start in 1910 the movement has grown steadily in numbers and influence so that today Scouting is organized in every part of our great country.

More than 16,500,000 registered members have been identified with the movement since it was incorporated in Washington, D. C. in 1910. Simply stated, the Boy Scouts of America is dedicated to the high purpose of enriching the nation by helping its boys and young men grow physically, mentally, morally and spiritually so that our heritage of freedom will be strengthened in the citizens of tomorrow.

This year is dramatic historically for the Boy Scouts of America. It is succeeding in the crusade to "Strengthen Liberty" by giving more boys richer experiences in Scouting under trained leadership.

The Boy Scout Movement is flourishing in America because it enjoys the good will of all citizens. We hope they shall always merit it."

"SMALL BUSINESS"

By S. WILSON HARDER

Last week, we reported the House Small Business Committee has severely criticized the apathy of the Federal Trade Commission in enforcing the Anti-trust laws.

• • •

Congressmen can only enact Anti-trust laws to protect the economy and the consuming public; cannot enforce them. That is the function of the FTC set up 35 years ago to prosecute Anti-trust violators.

C. W. Harder

• • •

Investigation reveals that up until 1947 the FTC, finding a violator, issued a "cease and desist" order, then sat back and waited for a compliance report, in the meantime playing office politics.

• • •

Action stopped there, or as the report states: "they (FTC) spend all their time awaiting new files, do not find out whether they have effectively disposed of the old ones."

• • •

It would take little more money to enforce Anti-trust laws. Present appropriation for the Compliance Division is only $69,935. Even tripling this amount would be small change by present government standards.

• • •

FTC will probably get more Anti-trust enforcement funds. But FTC will first have to convince Congress there is life in the commission for nobody gives hay to a dead horse . . . except some bureaucrats.

• • •

In another week the President will present his tax plan to raise another 16½ billion to meet his budget plan for 74½ billion.

Congressmen of both parties can't decide whether to be amused or concerned by the budget message. They can't decide whether the budget is planned to promote defense, promote socialism, or accelerate bankruptcy.

• • •

There's little doubt the military will get close to the 42 billion. But offhand, Congressmen point to where 9 billion of the 16½ billion requested new taxes can be cut off.

• • •

The items: Marshall Plan 5 billion, proposed Brannan Plan 1½ billion, proposed socialized medicine program 1 billion, at least. These items total 9 billion. Another 7½ billion could be lopped off non-essential expenditures to make new taxes unnecessary.

• • •

Washington statisticians are amusing themselves showing how many families would be financially better off if the bread winner dropped dead.

• • •

The example: a family of four, husband white collar worker getting $440 a month. Non-smoker, non-drinker. Has $10,000 GI insurance. Been covered by Social Security since 1937. Must own car used part time in making salary.

• • •

His monthly expenses: Federal income tax $31.90; Social Security and Unemployment Tax $10; State income and auto tax $5.10, his share of family food and shelter $45, lunches $15, clothing, cleaning, etc., $14.50, car $65, medical and dental $5, GI insurance premium $7, haircuts, razor blades, etc., $5.75. Total $203.65.

• • •

But dead, Social Security pays his family $150 per month, GI insurance $50. Total $200, tax free. Family gains $2.65 per month. Gruesome, but illuminating.

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

OUR STATE OF MIND

Sometimes we hear some one say our ideals are changing. If they are, is the change regressive or progressive? This is a moot question and the answer depends on the kind of yardstick is used.

There are three agencies in our country that have done much to mold our standard of life. They are the church, the home and the school. The ideals which these agencies hold forth determine what is in the minds of the individuals composing them. "As a man thinketh in his heart, so is he."

These agencies will be considered separately and in each case only the high spots can be mentioned. So, as all agree that the church is, or should be, the guiding light to our thinking, we will consider it first.

In a province of the Roman Empire in western Asia the Savior was crucified. Just before His death He commanded His disciples to go into all the world and preach the gospel to every creature. Their missionary zeal spread the "glad tidings" to all parts of the Roman Empire. In time St. Augustine carried the message to England.

In the course of events Henry VIII became king of England. He, like many of the rulers of today, had a mania for power. To gratify his personal ambition, he divorced some of his wives to remarry and thus form alliances. His actions resulted in a bitter controversy between the king and the church. Cromwell, his chief counselor, advised the king to denounce the church and establish a new one having a creed to suit his selfish purpose. The king did this.

In the meantime Martin Luther had nailed his theses to the Wittenberg door. His followers, together with those of Calvin, Knox, Zwingle and other leaders, were called Protestants. In England both Catholics and Protestants rejected the creed of Henry's church. One group sought to purify it and were called Puritans. Another group separated from the church and were called Separatists. The Puritans came to America and settled at Salem, Massachusetts. The Separatists first went to Holland and then to America. They settled at Plymouth Rock. Because of their wanderings they were called Pilgrims. Both groups came to America for religious freedom, but such was not the case.

The Puritans were more radical in their belief. All people who did not agree with their "I am right" policy were severely punished. The cruel use of the stocks, the pillory and the whipping post were instituted. People who were too outspoken were banished from the Colony. Such a fate befell Roger Williams, Ann Hutchinson, the Quakers and others. Their severity was the work of the leaders, and not the people.

At the outset of religious activities in America, that monster, intolerance, reared its ugly head and in a greater or lesser degree has come down to the present. Generally speaking, however, freedom of religious thought guaranteed by our constitution has been enjoyed.

But as a result of this religious freedom, differences of opinion on the interpretation of the Bible have caused the organization of many denominations. This development of dogmas is natural and human for it is the finite mind trying to grasp the thoughts of the infinite, something impossible for any human being to do. Now this is the sad part of it. In a few cases the leaders have become so veneered with their conceit and self-righteousness that they compel people to subscribe to their creed before they can become members of the church. In some extreme cases they go further and declare that no one can take part in any activity of the church unless they are a member of that church even though they are a member of some other church. Certainly such views are approaching the borderland of intolerance, if not in the land. In such extreme cases people are denied the right of worship according to the dictates of their conscience, but are subjected to a policy little short of dictation.

Paul, the author of 14 of the 27 books of the New Testament, writes in Romans, 11th chapter and 33rd verse: "O the depth of the riches both of the wisdom and knowledge of God! How unsearchable are his judgments and his ways past finding out!" If any one thinks that he has the key that unlocks the fathomless depth of God's word, let him read and meditate on these words, "His ways are past finding out." It will soften his thinking and cause him to consider the other fellow's views of the Bible.

But not only should we direct our thinking to Paul's words. The searcher for truth ought to turn to the 17th chapter of John's Gospel and read that wonderful prayer of Christ, giving earnest study to the 20th and 21st verses. "Neither pray I for these alone, but for those who SHALL believe on me through their word; that they may be ONE, as Thou, Father, art in me, and I in Thee, that they also may be in us: that the world may believe that Thou hast sent me."

These are the words of Christ in his prayer for unity in Church activities of those who shall believe in Him. His prayer is being fulfilled today. People are beginning to realize that non-essentials in creeds do not save souls.

They have reached that point in their thinking where they are willing to subordinate their personal views of man-made creeds and join with others that the church may regain its proper place in the world. Bear in mind that we said subordinate our views for the sake of unity and not surrender them. Only those of Puritanic minds oppose the trend of the times.

After all, what is in a name? Do the formalities of creeds save souls? When Christ comes to claim His church, will we be known as denominationalists?

A star of hope is seen rising in the East and that hope is for the consummation of Christ's prayer.

Intolerance is regressive, tolerance is progressive. Which shall it be?

Rome School Insurance Contract Placed

The contract for $400,000 worth of insurance on the new consolidated school shaping south of New Rome was divided evenly between two Columbus firms by the Prairie Township School Board this week, Board Clerk Lawrence Karnes reported yesterday.

The firms were Bates & Co. of 209 S. Third-st and Atkinson-Dauksche Agencies of 33 N. High-st.

The insurance is of the blanket, risk-coverage type and will be valid through 1951. The $422,000 school on Norton-rd is expected to be completed this year. Construction was commenced Jan. 1.

The building is being financed by a $231,000 bond issue in 1947, and by a $248,000 issue in 1950.

Lady — I left my pass at home, but I'm one of the officers' wives.

"Lady," said the sentry, "I'm sorry, but I couldn't let you pass even if you were his only wife."

Hobby Takes Over

Clements Abandoned Contracting Business To Manufacture Cabinets

At the location above the sign on the window indicates Ralph Clements' hobby that grew into a business enterprise.

Ralph Clements, 320 Powhatan-av, for twenty-five years followed the trade of contractor on the Hilltop and during that period of time adopted a hobby of building custom made cabinets and installing them in the homes he built. Today the hobby has become the main business and contracting has fallen by the wayside.

Last summer Clements gave up the contracting business after he built the brick building at 3428 Sullivant-av, which he owns. One-half of the front store room became a retail store for home appliances and the other half has been devoted to the sale of custom made cabinets.

The one time hobby has now grown into a healthy business that keeps Clements, his son-in-law and co-owner, Robert South and four cabinet men and a salesman on the proverbial run at all times. Until he became engaged in this new avocation he had lived at Rome for a twenty-year period, but the hobby that became a business took too much time and he moved closer to the business. At Rome he was also the owner of the Knotty Pine Confectionery on W. Broad-st.

The Customade Cabinet Shop at the Sullivant-av location is currently holding its open house for Hilltoppers who were unable to attend last week due to the inclement weather. Featured here also is a complete painting information course.

West Tankmen Defeat Central

Two ten-point men led the West High School swimming team to a 60-51 point win over Central High swimmers last Wednesday.

The West High tankers were paced by Ed Whitehead and Lee Addis, who both accumulated 10 points each to lead the West club to victory in the southern division of the Columbus High School Swimming League at the Ohio State University Natatorium.

Chuck Martin led the defeated Central High School team with his individual high score of 10 points.

Strikes and Spares

By Gene Urban

New pins proved to be no problem to the better bowlers in their respective leagues. Tommy Wolfe and Tubby Speakman each connected for 235. George Phillips out-bowled them both as he had 233-205-215 for an extremely good 653. Hirsch & Hirsch Insurance hit for 1047-969-960 for a season high Hilltop total of 2976. The Vee-Dee-Ers connected for 1006. These scores all came from the Businessmen's League.

In the Tuesday Niter's Bernie Deems had 237 while Bill Kirby shot 200-214-202—616. Kent Builders had 880 as Stewart and Neff transacted 2522.

Bill Frasure was in the limelight again with 201-210-235 — 646. Schmelzer's Bar had 941 and Hilltop Van & Storage moved 2672. Danny Burden shot a 221 as Clarence "Hook" Martin had 606. Allen Milk covered 933 and Ben Brew Beer soaked up 2642.

Les Yerian came up with 216 and Art Helms had 565. Lockhart's Grill posted 889 and Wahl Builders built a 2518. All of the 600's during the week are as follows: George Phillips, 601; Tubby Speakman, 608; Zeke Shea, 618; and, Herbe Awe, 622.

Marian Ferguson connected for 184-212-203—579 to pace the fairer sex. Westgate Electric had 812 and Reeb's Confectionery a nice 2247. Babs Smith shot a 189 and Helene Stuart a 509. Corner Cafe came in with 781 and Viereck Florist had 2269. Marguerite Steward was high again with 181-503 to pace Chubby's Market to 786-2284.

Hilltop 'Y' Basketball Lead Knotted In Three-way Tie

By Dave Miller

Burgess, Highland and Hoge Memorial remained in a three-way tie following games played last Wednesday evening in the Hilltop "Y" Intermediate Basketball League staged at John Burroughs School.

Arrows, another of the above three fighting for a top rung, went down in defeat for the second consecutive week—this time by a 29-26 score against Highland. Burgess, Highland and Hoge now each hold a 4-1 mark while the Arrows and Hilltop have 2-2 records.

Hoge-Hillcrest

Hoge took their third straight win following their upset loss to Burgess several weeks ago by easily turning back Hillcrest, 47 to 33, in the night's opener.

Hillcrest made a game of it for the first two periods, trailing by only 9-7 at the first quarter, and 23-16 at halftime. However, the winners out-pointed the Baptists, 18-4, in the third canto to spell the difference although the latter outscored Hoge 13-6 in the final period. Hillcrest missed 18 free throws in the game.

Fred Laderer of Hoge was high with 10 points as teammates Ron Ackers and Phil Cunningham each netted eight. Jack Galloway, Phil Redick and Miller, all of Hillcrest, hit nine apiece.

Hilltop-St. Paul

In the night's most exciting game, Hilltop took a real thriller from St. Paul's, 29 to 28, in a game which had no title-bearing.

The game was decided from the free throw lane as Hilltop could net only five of 10 free throws while St. Paul's sank eight of 14, missing five of those in the final quarter as Hilltop netted three of five foul shots in the same quarter.

St. Paul led most of the way, in fact up until the last 30 seconds when the fouls came fast and furious—fast enough to decide the game. St. Paul missed two valuable gratis tosses in the last three seconds as Jack Taylor was the hero for Hilltop, sinking a free throw with one second left in the game.

Taylor was high scorer with 12, while "Sonny" Chappalear led St. Paul with 10.

Burgess-West Park

Burgess' all-around teamwork was compared to West Park's Arlowe Bryant, who was a one-man gang for the losing West Park cause. The final score was 35-34.

The EUB's led all the way, holding a 9-5 first period difference and a 21-12 halftime lead. Both squads tallied eight markers in the final quarter.

"Kid" Bryant of West Park, top scorer of the fray, tallied 15 of his team's 24 markers. Mo Dobbs and Terry Horn each had eight for Burgess while teammate Durward Vincent hit for one less.

Highland-Arrows

Highland Friends knocked Arrows from the select circle of the league in the night's finale, defeating the previous league-leaders, 29 to 26.

The Arrows threatened their dangerous fourth period comeback near the end of the game, out-tallying Highland in the quarter, 12-6. However, the first period was the decider.

In the initial quarter the winners bagged eight points compared to only one marker by the Arrows and the game was on fairly even scoring terms for the balance of the game.

Dave Lazenby and Jim Smith of Highland and Dick Robinson and Gilbert Suttle of Arrows (Dietrech Markets) were tied for scoring laurels, each netting eight points.

For the Convalescent?

Have you ever wondered what you could give a sick friend? You've already given flowers, books and fruit. Have you ever thought of giving them an aquarium of tropical fish to watch? Many doctors have recommended the tropical fish hobby to relax their minds and cause them to forget their illnesses and troubles.

If you have someone who is ill and you wish further information on this subject make it a point to stop at Trabert's Aquarium, 2341 W. Broad St. Open daily from 12 to 8, Sunday 1 to 6.

The Low Down On High Ridgers

By One of Them

This week we get the news at large from our question box, such as:

Did you get your free ticket to the Westmont, MRS. MARSH? Your name appeared as a winner in the Record ads.

AILEEN HALE, did I hear right that THE fraternity pin is an engagement announcement? Lucky HENRY WILDER.

Is your dog still going to be a junior collie, NETTIE BROWNLEE? When you bought him last summer, they told you it would stay small. It's as big as Two ever seen.

Didn't I tell you that EARL COSGROVE was car hunting? Yep, he traded his old Plymouth for a '50. Sharp, too!

NELLIE FISCHER, are you home from the hospital by the time this is printed? Last week they put your leg in a cast and promised you could go home by ambulance in a week.

What good are thermometers if they break in zero weather? JUD WHEATON'S did just that. But his little son caused it, I guess. Result? He bought a new one so he could see how much more to shiver this week in this next cold wave.

Why was MRS. RONALD MILLER'S bridge party postponed? Because of the treacherous weather. It was held last Sunday night and all proceeds went toward the Heart Fund.

Who writes this column? Just ask the question box. The answer appears at the top of my column every week.

I LEARNED A SECRET from MY COAL MAN

"He pointed out that the price of a ton of coal hasn't a great deal to do with what it actually costs me every year to heat my home. I followed his advice and buy only Scarlet Flame now. Because it lasts a lot longer, gives more heat and saves trips to the basement, Scarlet Flame is really the most economical fuel I have ever burned."

Newest business on the Hilltop is a plastic retail outlet, 2576 Sullivant-av, owned by Mrs. Mildred Hoelcher, 150 S. Westgate-av, and operated through the day by her daughter, Marilyn Hoelcher, '49 West High graduate and former Ohio State University student.

The Hoelcher showroom is stocked with more than 800 different plastic goods, including the latest patterns in spring draperies, curtain sets, cottage sets; shower curtains and bathroom window curtains in many pastel shades, card table covers, aprons of many attractive styles, plastic raincoats, galoshes, cake covers, baby blankets, canister sets and a host of other practical items. Toys of many kinds may also be seen.

A baby gift department is the answer to remembering the new arrival and is a solution to the eternal problem of "what to give?"

The February issue of the Glenwood Echo is now available at the center for the asking. Featured in this issue is a fun page for the younger children. Schedules for all sports activities and dates for club meetings are given.

Teen-agers may join the newspaper club by attending the meetings on Tuesday evenings at 7. Anyone may contribute news to the paper.

These Folks Once Suffered, Too!

Mary Helen Deomas was rundown and fatigued due to a lack of Vitamins B_1, B_2, Iron and Niacin.

Mrs. Verna Riley, suffered stomach distress due to a lack of Vitamins B_1, B_2, Iron and Niacin.

Mr. Grady Thomas suffered from nagging pains due to a lack of Vitamins B_1, B_2, Iron and Niacin.

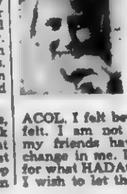
TODAY THEY HAVE RELIEVED THE CAUSE OF THEIR SICKNESS

Aches and Pains, Stomach Disturbances, Indigestion, Fatigue, Due to a Lack of Vitamins B_1, B_2, Iron and Niacin in Their Systems

Why Settle for Symptomatic Relief When HADACOL Has Helped People Like These with Such Deficiencies

Mrs. Dennis Deomas, 111 Florence Street, Hot Springs, Arkansas: "My little girl has taken four $1.25 size bottles of HADACOL. She is three years old, was pale, nervous, had no appetite. Didn't care to play like other children. At night, she would awaken many times frightened and nervous. She would only sit around days and was very easy to cry. I was worried, because she was so pale and had no appetite at all. Then, I had heard of the wonders that HADACOL had done for so many people, both young and old. So I decided to give it to my little girl. I did so, and the third day after she began taking HADACOL, she was more cheerful and began to eat. She awoke hungry on the 3rd morning, and has been both eating and sleeping fine ever since, and isn't nervous at all. She is as cheerful as any child can be. Thanks to the makers of HADACOL, we are a HADACOL family. My little girl's name is Mary Helen Deomas."

Mr. Grady Thomas, Route 2, Somerville, Alabama: "My age is 59. I was sick for a long time. Could not sleep at night. After taking three bottles of HADACOL, I felt much better and now I can sleep all night. My wife says she believes I could sleep a week. I can do a full day's work on my farm. Before taking HADACOL, I couldn't work more than an hour or two at a time. I am very thankful for learning about this product."



Mrs. Marjorie Mullins, Jewellridge, Virginia: "I feel like HADACOL has helped me in many ways. My health was very poor, till I decided to give it a trial. I got one economy size bottle. It helped so much, I decided I wouldn't be without it. So now I am on my 4th large bottle. Before I took it, I wasn't able to do my housework, and care for my family. Every month, I would have to give up and think I was going to die. But thanks to HADACOL I never feel those weak spells any more. I tell my neighbors about it. I do my housework, my washing and never felt better. I am 43, but don't feel like my age is getting me down now. I am the mother of eight children and have been a widow for 10 years. I worked hard and sent my children to school, and now they are old enough to help me."

Mrs. Verna Riley, 514 Missouri Avenue, Jeffersonville, Indiana: "I had been sick off and on for a long time. I am now 51 years old. After I heard about HADACOL, I have taken two bottles. I don't have that fullness in my stomach and I can eat anything I wish. I sleep much better at night now. Myself, I wouldn't do without HADACOL. My family also takes HADACOL."

Lloyd E. Scheults, 4045 Erie Avenue, Houston, Texas: "Before I took HADACOL, I did not know what it was to sleep for over an hour at night. Since using HADACOL I sleep all night without pains. I have taken three bottles of HADACOL and the relief has been wonderful. I have started on my fourth bottle."

Mrs. C. H. Strack, 605½ West Second Avenue, Pine Bluff, Arkansas: "Before using HADACOL, I was rundown, nervous, and had upset stomach. My friends could not understand way I was acting. After I took HADACOL, I felt better than I have ever felt. I am not at all nervous and my friends have remarked at the change in me. I am forever grateful for what HADACOL has done for me. I wish to let the whole world know how much I praise HADACOL."

Bennie Hollingsworth, Box 5, Simms, Louisiana: "I am ten years old. I have been sick for a good while. I was nervous. I could not sleep at night. I did not want to study my school lessons. Then, some of my friends told me about HADACOL. Now I have taken only three bottles of HADACOL. I can say that HADACOL has helped me a lot. Now, I can sleep. I am not so nervous. I do not hate to get my school lessons. I want to thank my friends for telling me about HADACOL."

SENATOR DUDLEY J. LEBLANC, Whose Tireless Efforts For Relief Of Suffering, Have Brought Humanity Today's Great HADACOL

Senator LeBlanc in all of his political activities has always championed the cause of the oppressed, and the poor and underprivileged.

He was the first candidate for Governor to advocate a specific Old Age Pension . . . and today in Louisiana, he is known as the Father of the Old Age Pension. In the course of his long, lone fight he has had his critics, but to those who opposed him he has continually stated, "If you do not believe in Old Age Pensions, remember the mandate of the Lord himself—'Honor thy Father and thy Mother that thy days may be long upon the land which the Lord thy God giveth thee.'"

Senator LeBlanc is known as a friend of the veterans. He introduced and successfully passed the law that created the State Service Commissioner whose duty it is to see that every service man receives his just compensation from both State and Federal governments. His activities in public life in behalf of the working man are too numerous to mention here.

It was only natural that in his sincere desire to serve the people, that Senator LeBlanc would seek and find a product that would tend to assist the poor and ailing, that would help them lead a more happy and contented life. His tireless study and effort resulted in today's wonderful HADACOL.

Senator Dudley J. LeBlanc

Why Wait?

Why experiment, why give up, why suffer from a lack of Vitamins B_1, B_2, Iron and Niacin? Why not make up your mind to start taking HADACOL today with the positive assurance that it will help you if you suffer from such deficiencies or the Senator will gladly send back your money. You have to be satisfied, and since Senator LeBlanc has proven by his past activities that he is your friend, you know you can depend on what he says and what he does. Ask for HADACOL now. Trial size $1.25; large family or hospital size $3.50.

THAT Constant "TOUCH OF" BRONCHITIS
Frequently what is known to medicine as "bronchiectasis" is misdiagnosed as bronchitis.
In health, the air-cells of the bronchial tubes are lined with little hair-like "cilia" that automatically remove secretions. In certain diseases, these air-cells lose their elasticity and become dilated. Secretions accumulate and decompose, and are dislodged only by fits of coughing. Drainage must be established and infection relieved before the trouble will clear.
Another condition sometimes called "bronchitis," is a weakened heart muscle causing a "wet lung" and a consequent cough. Exercise makes this type of cough worse. Rest, heart tonics and an intelligent search for the cause, is the way to cure this type of so-called "bronchitis."
Irritation from pollen, and other things causing hay fever and asthma, sometimes causes irritation diagnosed as "bronchitis."
People sometimes have "bronchitis" caused by a slow-moving tuberculosis, and go about with a "hacking" cough, endangering the lives of others through contagion and their own lives by delaying correct diagnosis and treatment for the real cause.

Congregation Fetes Preacher At Parsonage

Evangelist Plum

Last Friday evening approximately 70 members of the congregation from West Broad Street Church of Christ, 3361 W. Broad-st, gathered at the residence of Evangelist C. D. Plum, 3372 Camp Chase-dr, pastor of the church, and presented him with an electric toaster in appreciation of his services.

Though not a stranger to the Hilltop, having conducted a number of gospel meetings here, this is the first time Evangelist Plum has been a resident here. He began with the West Broad Street Church of Christ on the first Sunday of this year.

Evangelist Plum has done resident work in Hundred, W. Va., Moundsville, W. Va., Wheeling, W. Va., Parkersburg, W. Va., and Belpre, O. He has conducted gospel meetings in the states of West Virginia, Ohio, Texas, Mississippi, Missouri, Kansas, Oklahoma, Indiana, Michigan, Pennsylvania, Kentucky, Virginia, Tennessee, Alabama, Florida and Delaware. His evangelistic work has also carried him into the Dominion of Canada.

Besides being a former school teacher, before his preaching career, along with his preaching he is now a staff writer for one of the religious papers of the Church of Christ, The Gospel Advocate, published at Nashville, Tenn.

Guest Pastor To Speak At Friends Church

Rev. Nelva Jacobs, co-pastor of the Springfield Friends Church will be the speaker in the morning service of the Highland Avenue Friends Church here. The service is to be of missionary nature and is sponsored by the King's Daughters Class which is taught by Mrs. Evangeline Stainey. Members of the class will participate in the program of the morning.

Rev. Jacobs is an able speaker and one who has had a deep interest in mission during her service as minister in the Friends Church.

Bible Comment:

Leadership Shaped the Fate of Israel

WITH Israel now undergoing the greatest expansion in its long history, you may have wondered when and how a people become a nation.

In contrast to today's vast influx of homeless refugees, Israel grew slowly in its beginning. The final stage of its development, however, was swift and strong because of the arrival of strong leaders on the scene.

The consciousness of the people was tribal, racial and religious, rather than national. And when the religious life was at a low ebb, as it was repeatedly in the lapses of the people into idolatry, the lines of distinction between the Israelites and their idolatrous neighbors weakened.

Among the many leaders to hold the reins of the ancient nation were Joshua and Deborah, the woman Judge. Both exercised great and beneficial influence but it was not lasting for afterwards came evil days.

High Priest Eli, too, seemed to have been endowed with personal integrity and loyalty to the people. The news of the nation's military disaster so overcame him that he fell from the balcony where he was sitting and was killed.

But the greatest leader of all was Samuel, who combined religious fervor with shrewd political leadership. It was under Samuel that the Israelites attained their strongest national consciousness.

It was from Eli that Samuel received counsel and encouragement which is amazing in that Eli was not very successful in raising his [illegible].

In studying the feats and foibles of Israels' many leaders it becomes apparent that a nation is only as strong as its chief executives. With this in mind, let us hope that the present-day leaders of Israel look to Samuel as their inspiration and are conscious of their great mission in once again making Israel one of the chief nations of the world.

Missionary Circle Hears Cleveland Church Pastor

The Frances DeVol Missionary Circle of Highland Avenue Friends Church held its regular monthly meeting in the parlors of the Friends Rescue Home last Monday evening. Gertrude Roush, president of the society, presided. Guests were present from the Sullivant Avenue and Fourth Street Friends Churches.

The address of the evening was given by Mrs. Mamie Headland, of Boston Heights, Cleveland. The Headlands are pastors of one of the new churches of the Friends Work. Her message was that of challenge and conditions in the church extension work today. The refreshments for the evening took the form of a tea. There were 40 ladies present.

Despite all books and advertisements there is no easy way to anything worth having or knowing.

CREMAINS

Cremains are the cremated remains of a human body and should be treated with the same revered care given other bodies.
Cremains should be either interred in a grave or inurned in a niche in a columbarium, never scattered. Regardless of where the remains were cremated, your funeral director can furnish you with a bronze urn, and we are pleased to furnish you a niche in our columbarium at prices ranging from $20 up, or a space in which to inter the cremains from $5 up.

Tornstedt Resumes Full Scale Operation

The General Motors-Tornstedt Division Plant was back in full operation Monday with exception of the lock department, according to Paul L. Jones, resident manager. The plant had been operating, according to Jones, on a partial basis for several days because the railroad strike had cut down shipping of materials and finished products.

W. Jefferson Plans Water Survey

A survey of the cost of extending the village water supply of West Jefferson to a southwestern subdivision was announced by Mayor Homer Braithwaite. The subdivision contains 40 to 50 homes.

The survey, ordered by the village council, is scheduled to begin in about two weeks.

If the knocking at the door is unusually long, it isn't opportunity —it's relatives.

The Rea-Bow Association News

By "The Janitor"

The Gay Nineties party, held by the association in Rea-Bow hall Saturday, Feb. 10, was attended by many. A community sing of the old songs was held. Mr. and Mrs. Norman Brokamp of 939 Clarendon-av, stole the show when they entered the hall, dressed in costume and riding a bicycle built for two. Winner of first prize for the best costumes were Norma Doughty, 1063 Whitethorne-av, ladies, and Arthur Reed, 1451 Hamlet-st, men. Marjorie Thompson favored the folks with several vocal selections.

This Saturday will be "Family Night" at the hall, with round and square dancing, singing and other entertainment.

Plans are being made for the big February jitney supper to be held Saturday, Feb. 24.

The ladies will hold a plastic party at the hall on Feb. 22.

Last Sunday evening, some members attended the religious community singing, led by Thomas Daniels. Starting next Sunday, Feb. 18, Mr. Daniels will conduct these religious gatherings for singing and Bible study. These meetings will be held at 2:30 in the afternoon, and are non-denominational. They are open to the public, and all are invited.

Friday, Feb. 9, about fifty people attended the hearing on the petition for city water in the Rainbow Addition, at the county commissioners' office. Not one objection was voiced on this much needed improvement. The meeting was very short, and Mr. Mitchell, Franklin County sanitary engineer, said of the meeting, "That was very nice."

This improvement makes the third major improvement brought to the Rainbow Addition by the Rea-Bow Improvement Association Inc. since it was founded five years ago by George W. Wolfe, its current president. The other two were a voting booth and storm sewers.

Before the association was founded and sought the booth, residents of the Rea and Rainbow additions were compelled to go several miles to vote. Now the booth is in walking distance to all the voters in these two communities.

Many of the people who opposed the storm sewers are now members of the association.

Robert Warner, 496 S. [illegible] av, who had a stroke, [illegible] at his home.

Family Altar League Names New Board

Bishop Hartwell

Announced this week was the appointment of Bishop Herman Hartwell, 282 S. Princeton-av, as president of the board for the Family Altar League and the naming of 12 other members to the board of that organization, which is engaged in year-round welfare work, prison work, shut-in visitations and other spiritual guidance work.

Since 1908 Bishop Hartwell with the aid of his wife, Anna, has been providing spiritual and material aid to men in prisons and their families. This work was interrupted for a period of time in 1925 when a stroke incapacitated him for four years.

In 1931 and 1932 Bishop Hartwell organized and operated a feeding station which served needy children of three schools. The station, known as the Franklin Family Service, served Franklinton, Feiser and Bellows Schools on the West Side.

Bishop Hartwell, a member of the Ohio Probation and Parole Association, the Ohio Welfare Conference and the Franklin County Ministerial Association, organized the Family Altar League in 1935 and later the Family Altar League Missionary Church.

Others elected to the board in addition to Bishop Hartwell were Rev. Lyle Brown, chairman; Mrs. Anna Hartwell, treasurer and missionary director; Mrs. Clara Richart, secretary; Mrs. Mamie Matthews, assistant secretary; Rev. Helen Confere, field representative; Harold Mercier, field representative; Evelyn Swisher, youth worker; Mrs. Martha Davis, youth worker; Mrs. Purdum, missionary; Rev. Evelyn Swisher, Rev. Peavey and D. Moore.

The contributor wrote: "The enclosed are original and have never been published."

The editor (returning them) replied: "I can quite believe it."

Camp Chase Post News

By John Martindale

By the time this number of The Hilltop Record goes to press another Past Commander-Past Presidents banquet will be history for Camp Chase Post and Auxiliary. This year's honored guests, Past Commander Robert Daggett and Past President Lillian McVay, will have formally joined the ranks of the Camp Chase "pasts."

We are glad to note that the HBA has appointed Jack Alkire to head their committee to study the parking and traffic problem on the Hilltop. With the streets in the condition they have been for several weeks it would seem that the parking and traffic is all snafu. It seems to be every man for himself. Your safety and mine don't stand much chance that way. Controls as the result of intensive study and planning can play such a large part in our safety. Safety is like Americanism, too much can't be said about it and all of it must start at home and right with the individual. We must feel it and live it or it means nothing to us. Without this, all the planning and controls are of little use. As one Legionnaire to another I ask you to plug for more and more safety here on the Hilltop. Tighten up on your safety habits and then talk it up so that others may do their part. For one thing try sticking out your hand and not your neck.

The Spectator
By C. C. Hartley

Pre-Spring Notes: That big second annual nut festival sponsored by the Hilltop Kiwanis Club at Hilliards High School comes March 1 promises to be every bit as much fun as the last one, which was a honey . . . Mrs. Julia Baiser out California way writes that she passes her Record on to Earl D. Griffith, former Hilltopper . . . Surprising how many people find they can't do without the Record even though some of them think so sometimes . . . A local business firm is scheduled to change hands to a very prominent local man in a couple of weeks . . . Rose and Ed Ferguson left last Thursday for Phoenix, Arizona, for an extended stay . . . Don and Wanda Rice are down Florida way visiting the former's parents while they are at Ft. Lauderdale . . . Reliable sources say Kitty Cline has a bright new diamond she is displaying on the proper finger but she isn't announcing a date for the big event as yet . . . People should tell us about some of these things: for example, Dr. and Mrs. Ed Morgan appeared on Bert Parks' "Break the Bank" program last week and walked off $200 richer by answering many tough questions but were unable to break the bank . . . Rev. Joe Shellhaas is teaching a class in philosophy at OSU . . . Jerry and Gracie Spears and family have purchased the Joe Ferguson home in Uppity Arlington but swear they won't attempt to raise as large a brood as did Jumpin' Joe . . . Vern Fiscus had been a most unfortunate soul for the past several times he has attended public dinners and came up as last man being served, with substitutes being thrown at him, soooo, last Thursday nite at the Kiwanikwe installation dinner he sat RIGHT IN FRONT OF THE KITCHEN DOOR . . . George Armour has taken a job with the U. S. govt. and will take up his abode in Lima, O. . . . Comes a sunshiny greeting from St. Petersburg from Mrs. Martha Merriman . . . Mrs. Ursula Roberts sends word to renew the Record subscription to her mother, Mrs. Mary A. Bryan, 90 years of age, saying "she does enjoy the paper so much." Thanks a million!

• • •

Briefly Told: Tommy Heyl has been promised a musical billet in the service with Uncle Sam . . . Many thanks to those persons who have responded to our appeal for sales tax stamps, and we can use plenty more—so send them along . . . Mrs. Stella Leach is reported on the sick list . . . Chuck Detrick expects to be back on the job about Mar. 1 after undergoing an operation recently . . . Wylie Phillips has bought a trailer and is off for California . . . Art Hall is the new accountant at Seiller's . . . Women are reporting that collection of salt and peppers in the Harmony Gift Shop is "out of this world" . . . New hours are being announced this week by Andy Anderton out at Anderton's Restaurant, Hague and Broad, with the restaurant now being open daily until 2 a. m. and closing on Sundays at 9 p. m . . . Thanks to Art Wollerman for calling me to see Venus at the tip of the moon, which was quite a spectacle . . . The W. O. Hanes are about to remodel their kitchen . . . Thanks to A. L. Holzbacher for the envelope of stamps received . . . Charlie Maus advises that the Sunday nite mystery tune is "If All The Stars Were Pretty Babies" . . . Carl Henry is leaving the Record and his job in classified will be taken over by Lorene Washburn, which now leaves us needing a good assistant for the bookkeeping department . . . Charley and Mary Kent will shove off for California for a visit soon . . . Charley Ross, who owns the Ross Cleaners, has been named in charge of the downtown business solicitation for the Red Cross.

HERO
Cub Scout Johnny Sears Honored For Life Saving Stint Last Summer

Pictured with Johnny Sears, the first known local Cub Scout to be considered for the Scout courage award are, left to right, Paul Dawson, Johnny Paul Sears and John Nippert, Southwest District Boy Scout Chairman, who represented the scouting district in the presentation of a gold cup to the boy.

It's hard to be a hero, but sometimes it's even harder to wear a hero's laurels, or at least so it must have seemed to Johnny Paul Sears, 381 S. Warren-av, when he was honored at the annual Cub Scout Blue and Gold Dinner given at the John Burroughs Elementary School on Sullivant-av, Thursday.

Johnny blushed and flushed during the presentation of a gold trophy cup inscribed, "Awarded to Johnny Paul Sears, June 1950, for thoughtfulness, courage and alertness in saving the life of a Cub Scout," but like a true hero he smiled through every minute of the ceremony.

Presenting the gold cup to 11-year-old Johnny, John Nippert, 632 S. Hoys-av, district Scout executive, quoted from the June 15th issue of The Hilltop Record:

"Johnny Paul Sears' quick action and clear headed thinking saved the life of one of his playmates at the Westgate Evangelical Bible School, as his small, sturdy hands pressed against a severed artery in the right arm of Paul Dawson, 10, to stem the flow of blood."

The accident occurred early Tuesday morning (June 13) as the Bible School boys played football. Johnny Sears carried the

1951 License Tags Go On Sale Mar. 1

"You must have your certificate of title or memorandum certificate of title with you in order to get your 1951 auto license plates," said Harold Fox, chairman of the Hilltop Kiwanis committee in charge of issuing plates again this year at the C. C. Robinson Store, W. Broad-st and Wayne-av. Fox added that sale of the necessary plates will begin on Mar. 1.

Another point stressed by the Kiwanis chairman was that "you should check your title before coming for your tags to see that it has a stamp mark on it for last year's tags. If the title is not stamped you should bring your registration card as well as title in order that tags can be issued."

Kiwanians and members of the Kiwanikwe will aid in the distribution of tags locally for the month of March following which license tags may be procured at the Hilltop Business Association offices at 3183 W. Broad-st.

Bartlett Won't Change Mind

A further block in the path of realization of a compulsory immunization regulation for Franklin County was set up last week when Franklin County Prosecutor Ralph J. Bartlett refused to reverse his opinion that the proposed regulation is illegal.

County Health Commissioner Dr. H. L. Mitchel had previously asked Bartlett to reverse his original opinion in the matter and to give reconsideration to the measure. Mitchell cited the prosecuting attorney a regulation for compulsory immunization which is currently in effect in Cincinnati.

Bartlett's aide Robert Barnhart who authored both the prosecutor's rulings in the matter stated that Cincinnati is a charter city and therefore its ordinance does not conflict with state statutes.

Barnhart in his opinion said that state law does not give a board of health district authority to adopt such a regulation and lashed out at the board of health with an observation that if the board of health cannot now enforce a quarantine against dogs in a portion of the county, that he did not see how it would be expected to enforce compulsory immunization of dogs.

Walcutt Speaks To Kiwanis Club

Sen. Roscoe Walcutt

Senator Roscoe R. Walcutt, president pro-tem of the 99th General Assembly is scheduled as the principal speaker before the Thursday noon-day luncheon meeting of Hilltop Kiwanis, according to announcement by Sam Morrison, program chairman.

Senator Walcutt has served on many of the standing and special committees of the general assembly and has been a chairman of a number of them. During the last session he was the Republican minority leader. Recently he received the unanimous vote of the legislative correspondents in their selection of senators who had performed outstanding service in legislative enactment.

Subject of Walcutt's speech for the Thursday session was not revealed but it was inferred that it would be a timely topic of keen interest to all. Tom Boyer is slated as chairman for the day at the Thursday meeting.

Minstrel Acts Still Sought

If you've had that yen to go on stage, now is your chance.

Applications are still being accepted by the committee in charge of preparations for the 22nd annual showing of the Hilltop Minstrel Show which is to be staged April 12 and 13 at West High School.

C. Carlton Hartley, chairman of the Hilltop Business Association Committee which annually sponsors the community event says, "The field is still wide open for those who would like tryouts. It is important, however, that applications be made as soon as possible so that those selected to participate can start getting ready."

The Hilltop Men's Chorus has already begun its practice session at Glenwood Methodist Church and has tentatively mapped out its part of the minstrel program. They practice each Monday evening and are still taking singers into the group.

If it's a dance team, comedy skit or vocalizing that is your forte and you'd like to become a part of the Hilltop's big annual show just fill in the coupon on page 2 of today's edition of the Record and mail it today.

As a result of a recent Supreme Court decision, State Liquor Director, William C. Bryant announced last week the closing of a local store along with three other such agencies in the state.

Purple Heart Is Awarded To Hilltop Marine

Pfc. John W. Kelly, 20, West High School graduate and son of Floyd E. Kelly, 146 S. Hague-av, last Wednesday in a ceremony at the Presidio in San Francisco was decorated with the Purple Heart Medal for injuries received in the Korean War.

Pfc. Kelly was a member of the Marine reserve unit which departed Columbus on Labor Day. He was serving with a weapons company in the First Marine Division in Korea.

He wrote his father from a Yokasuka hospital on Dec. 12 stating that he had suffered head and back injuries and that his feet were frostbitten while fighting in the Chosin Reservoir area.

Before leaving for active duty with the Marine Corps last September Kelly was employed by the Shoe Corporation of America in Columbus.

Brick Throwing Thieves Raid Local Jeweler

One hundred and eighteen dollars worth of merchandise was stolen from a Hilltop jewelry shop and $100 damage inflicted by brick-wielding thieves late Saturday or early Sunday morning.

Fritch Jewelers, 2478 W. Broad-st, were robbed of three watches, a pen and pencil set and numerous articles damaged by burglars who tossed two bricks through a large front show window. Damage to the window was estimated at $100.

Better Local Bus Service Is Proferred At Hearing

Two schools of thought on the current bus line transportation system's ills were expressed during the past week with the Hilltop sharing the spotlight in both instances.

Highlight of the week was the meeting held at Columbus City Hall when testimony outlining what riders want was taken by the special investigating committee of city council last Thursday. All sections of the city were represented with exception of the East Side, and representatives outlined to the committee the thoughts on the bus question which community public hearings have developed.

Jack Morris, secretary of the Hilltop Business Association, and Lowell Sullivant, 2211 W. Broad-st, as representative of Hilltop Kiwanis Club, were representatives from this community in attendance at the meeting.

Morris, acting as spokesman for Hilltop and West Side bus riders, called for better north-south service on the Hague-av crosstown line, the Broad-Sullivant loop, extension of service to the General Motors plant on W. Broad-st and express service from the far west side.

The Broad Sullivant loop, suggested by Morris at the meeting, would mean that trolleys on this segment of the city would only operate into the downtown section and return to the Hilltop. His proposal was that a loop system be set up whereby a trolley would proceed east on Sullivant-av through the downtown section to Fourth-st, north on Fourth to Broad, west on Broad to Hague, south on Hague to Sullivant and complete the cycle.

On Broad-st trolleys would proceed east on Broad to Third-st, south on Third to Town-st, west on Town to Sandusky, south on Sandusky to Sullivant, west on Sullivant to Hague, north on Hague to Broad and again east on Broad. This method coupled with an extension of the Hague crosstown bus would provide easy access to any point on the Hilltop and West Side.

The other action concerning the bus line service was spotlighted by Mayor James A. Rhoades, Safety Director Donald D. Cook and City Council's action to kill the Mound-st bus line suit.

Filed with Common Pleas Court was a denial of charges brought by Charles S. Blackmore, 689 Binns-blvd. The city asked dismissal of his amended petition filed Feb. 5 in which he maintained the Binns-blvd "back-around" authorized by council was illegal and constituted a "nuisance".

Blackmore's suit to force discontinuance of the "back-around" followed council's action of Dec. 11, in permitting Columbus Transit Co. to employ the "back-around" procedure after Roys-av residents protested a loop route by way of Roys-av, Eakin and Wiltshire-rds.

HCC Plans Annual Easter Party For School Children

The annual Easter party for all elementary school children in the Hilltop area will be held Monday, Mar. 26, at the Glenwood Recreation Center, according to an announcement made this week by officers of the Hilltop Community Council which sponsors the event.

Plans for the affair are now in the process of being worked out and will include movies and other entertainment as well as the traditional Easter egg hunt. Each child attending the party will be given a treat of candies and fruit.

While all plans for the party have not as yet been completed by the committee in charge, it was announced that following an established custom of previous years, surplus candies and fruits remaining from the party will be given to the Juvenile Research Bureau.

Mrs. Dorothy Thompson, 220 N. Oakley-av, is chairman of the event and assisting are Mrs. Elise Wright, 140 Columbian-av; Mrs. Grace Ward, 223 N. Warren-av, and Mrs. Alice Page, 65 N. Powell-av.

Four Point Parking Plan Is Asked For Hilltop By HBA Committee

Need 50 Signers To Get Hilliard Service Started

According to Mayor Lester Armentrout of Hilliards, fifty more families are needed to sign up for $1 per month garbage service, before the village can get collections under way.

Acceptance cards from 130 families have already been received from villagers indicating their willingness to pay the fee. Four haulers are interested in providing the service for fees ranging from 75 per cent to 90 per cent of the amount paid, according to the mayor.

Councilmen ordered a two-hour parking limit established throughout the central part of Main-st and double parking was outlawed. Plans are also underway to add 60 more water meters to the 280 now in use.

New Fire Chief Named At Dublin

Announcement was made this past week of the appointment of Harold Shriver, 11 S. High-st, Dublin as fire chief for that community to succeed James Moffitt who resigned in mid-January to become first fire chief of the newly organized Franklin-twp fire department.

Richard Litzinger of 6410 Riverside-dr was named as assistant fire chief to Shriver.

Ask 1-Hour Parking Ordinance For W. Broad and Sullivant-av

Monday evening the executive committee of the Hilltop Business Association in cooperation with City Council President Henry A. Koontz, tossed a specific plan for controlled parking measures into the laps of Columbus City Council Traffic Committee for their consideration.

The four point program handed the committee was the result of a study of parking problems on W. Broad-st and Sullivant-av by the association and a desire on the part of the business group and the merchants of this area to forestall any contemplated necessity of a ban on parking from 4 to 6 p. m. on those streets affected.

The business association committee is submitting its proposal to city council expressed the thought that the institution of a one hour limit parking program in the Hilltop area would greatly alleviate the present traffic situation as well as to be of great value to business establishments.

The parking plan proferred Monday evening would be based upon a lenient enforcement and in cases of flagrant violators, the members of the association would notify the Columbus Police Department for remedial action to be taken.

The four point parking plan offered to council through its President Henry Koontz recommended:

(1) One hour limit from 8 a. m. to 6 p. m. with parking signs to be installed on W. Broad-st on the north side from Highland-av to Roys-av; from Westmoor-av to Westgate-av; and from the east side of the driveway at 3179 W. Broad-st to Algonquin-av.

(2) On the south side of W. Broad-st from Highland-av to Burgess-av; from Ogden-av to Roys-av and from Westgate-av to Algonquin-av.

(3) On Sullivant-av on the north side from Central-av to Guilford-av; from Eureka-av to Burgess-av and from Harris-av to Powell-av.

(4) On the south side of Sullivant-av from Harris-av to Hague-av.

Legion's Annual Million Dollar Party Scheduled

What is the real worth of the American Dollar today?

The members of Camp Chase Post and Auxiliary No. 36, American Legion and their friends will learn the answer (at least for one night) next Saturday evening, Feb. 24, at 6:30 p. m. when they stage their annual Million Dollar Party in the post clubrooms.

Upon presentation of one American dollar bill it will be exchanged for a whole bale of phony bucks (at deflated value, of course) and then the fun will begin. You will be charged 500 bucks for a buffet luncheon to be served by the Auxiliary. If you insist on pie or ice cream it will cost you another 5000 bucks and that's still less than it would cost in Rubles in Russia.

If after eating you would care to speculate with your remaining bucks you will be given an opportunity to try your luck in amassing

Common Sense Is Needed

★ ★ ★

A Suggestion Is Offered For Settlement Of Current Controversy And Better Bus Service

Currently before the Franklin County court is a taxpayers' suit to halt the back around methods employed by the Columbus Transit Co. at the terminus of its Mound-st bus line at Binns-blvd. Hearings on the suit have been made and postponements have followed in order that one side or the other can make better presentation of the evidence.

The existence of the court case and its constant postponements creates interesting news copy for newspapers, provides attorneys with more fees for services, gives some added publicity on a controversial question and keeps the Columbus Transit Co. in the public spotlight. BUT . . . it does not answer the needs of this community for adequate transportation facilities nor does it give to the people of that particular segment of the community the type of bus service they want and are paying for, at the increased bus rates.

It seems that the entire muddle could be very satisfactorily settled by the use of some common sense logic.

HERE IS A SUGGESTION. Extend the present Hague-av crosstown bus line to run south on Hague-av to W. Mound-st, turn west on Mound-st and proceed to Binns-blvd, continue north on Binns-blvd to Sullivant-av, then proceed west on Sullivant and complete the present loop around Westgate Park, thence back to Hague and south across Broad-st to its northern terminus in Valleyview.

Adoption of this route would eliminate the controversy raging about the Mound-st bus turn around. The Mound-st bus would have as its western terminus Hague-av, where connections could be made. Adoption of this route would enable the residents of that area to have bus transportation to the Sullivant-av and W. Broad-st shopping areas without the necessity of travelling downtown and back.

WHY NOT BE SENSIBLE ABOUT THIS WHOLE MATTER AND GIVE THE PUBLIC WHAT IT WANTS?

Patrol Checks Drivers' Licenses

— Ohio Dept. of Highways

"Better check your driver's license before it is checked for you by the State Highway Patrol." That's the word Highway Director T. J. Kauer has passed along to some 12,000 Ohioans whose licenses are lapsing each week. The new Ohio law calling for three year licenses places the responsibility for renewal upon the individual motorist. This affects all drivers whose birthday has occured since October 1, 1950. Kauer has ordered the Patrol to make road checks enforcing the drivers license law.

Policyholders' Dividends Again Increased by Sun Life of Canada

ANOTHER RECORD YEAR FOR LEADING INTERNATIONAL LIFE COMPANY

Four hundred and forty-one million dollars of new life insurance was issued by the Sun Life Assurance Company of Canada in 1950, the largest amount written by any Canadian life company during the year, and over $68 million (18.4%) more than the total for the preceding year. The volume of new insurance written during 1950 was greater than any of recent years and represents the substantial total of $1,736,000 for each working day. George W. Bourke, President of the Sun Life, in releasing the 80th Annual Report announced a further increase in policyholders' dividends effective April 1, 1951, bringing the total amount payable this year to more than $18 million.

Benefits at New High

The report reveals the strong position of the Company and the continuing expansion of its business and services. Total Sun Life insurance in force now amounts to $4,462,000,000, or $275 million (6.6%) more than a year ago. Group business now in force is $1,085,000,000, an increase of 13.8%. Over $88 million of new Group business was written in 1950 compared with $62 million in 1949. Payments to Sun Life policyholders in 1950 amounted to $121,476,000, a new high, bringing to $2,361,860,000 total benefits paid since the Company's first policy was issued in 1871.

Distribution of Business

The international character of the Company's business is illustrated by the amount of insurance and annuities in force in the various countries where the Sun Life operates: United States 38%; Canada 41%; Great Britain 12%; other countries 9%. More than 47% of the total assets of the Company are invested in the United States. The rate of interest earned on Sun Life assets in 1950 was 3.61% as against 3.48% in 1949 and 3.30% in 1948.

Mr. Bourke, in his review of the year, discussed the value of life insurance in the fight against inflation, and pointed out that life insurance premiums, while serving to provide protection for individuals and families, also add to savings which, in turn, benefit the nation as a whole through investments for essential purposes. The business of life insurance reflects the voluntary co-operation of the millions of men and women whose confidence and faith it enjoys. In return, the companies have established traditions of service and integrity which are outstanding in the annals of human endeavour.

Steps Against Inflation

Mr. Bourke offered five suggestions as important countermoves against inflation: (1) Purchase only what is necessary. (2) Increase productivity by greater efficiency and maximum effort. (3) Finance defence and other necessary national expenditures on the pay-as-you-go principle. (4) Avoid wasteful government expenditures and duplication of service. (5) Increase personal savings.

A copy of the Sun Life's complete 1950 Annual Report to Policyholders, including the President's review of the year, may be obtained from J. W. Worrel, Hilltop Representative, 98 N. Westmoor Ave.

Young George Washington

Young George Washington, laced and prinked,
Handsome in velvet and buckled shoon,
His greatcoat warmly silver-linked,
And humming a merry tune,
Thought of the girls in their pretty gowns,
Sitting demurely in pews, with eyes
Downcast on their prayerbooks, under the frowns
Of their mothers, maiden-wise.
The boys from college were locked up tight
In the gallery at Bruton Church, but the girls
Peeped over their shoulders with saucy eyes bright,
And a wicked shake of their curls.
The boys grew restless as the parson droned.
The girls were still now, the oldsters nodded,
But young George had his knife, well honed,
And there was the rail, broad and full-bodied.
He carved away with his nimble fingers;
His knife was sharp, and cut in deep.
There among many, his name still lingers,
"G. Washington," angular, steep.
It is good to see, this record he left,
And makes him live for us, mischievous, young;
A bright clear thread in the warp and weft,
A song that was gaily sung.

Mary Willis Shelburne, in
Ted Malone's "Adventures in Poetry."

Nice Trick If You Can Do It!

"SMALL BUSINESS"

By C. WILSON HARDER

Watch for investigation of tin plate situation, especially if the recent order curtailing tin usage results in small canners and packers having difficulty in getting tin cans.

• • •

Among other questions will be this one, "Why, when the tin reduction rule was announced, did ECA Bulletin #1937 announce almost concurrently that through the Marshall Plan, $200,000 worth of tin plate secured in USA was given to French North Africa?" This equals an entire year's supply for 15 to 20 medium small fruit and vegetable canners.

C. W. Harder

• • •

During World War II many small food packers lost markets to big corporations because they could not obtain sugar.

• • •

Yet, with the nation presumably on the verge of a global war once again, Agriculture Secretary Brannan reduces the amount of sugar that can be marketed in the nation during 1951 to 8 million tons, or 700,000 tons less than used in 1950.

• • •

There is no shortage of sugar. The ruling was made to stabilize prices, the Secretary says.

• • •

Housewives who paid 4c per lb. for sugar in 1940 will continue to pay 12c or more. If total war comes the Sugar Trust will once again determine who will stay in business. This upholding of monopoly by bureaucracy will get close scrutiny in Congress.

• • •

Alcohol befuddles many, but in high officialdom alcohol seems to especially befuddle. That's the substance of a Senate preparedness committee report on the amazing deal whereby Schenley secured a government industrial alcohol plant in Kansas City valued at $2,508,000 for $700,000.

• • •

A month after Korea, the Government Surplus Administration opened bids for the plant. Schenley won with an offer of $701,000. Three days later Sen. Johnson, Chairman of the Committee, and Jess Larson, GSA head, conferred. Three days later a "freeze order" was issued. But on the same day, August 17th, GSA wired Schenley acceptance, who took possession of the plant on August 23rd. No one knows yet how it happened.

• • •

But this is known. The synthetic rubber program needs 125 to 135 million gallons of alcohol.

• • •

On the first request, Office of Rubber Reserve did not receive a gallon from distillers. For the last two months of 1950, 10,000,000 gallons were requested. Prices ranged from 90c to $1.25 per gallon. So the government bought French alcohol at a price of 48½c per gallon. Sen. Johnson will undoubtedly carry this probe further . . . watch for developments.

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

To the Editor:

I want to say that I am with you and all the folks of the West Side 100 per cent on the question of the rabies epidemic and think all dogs should be immuned against rabies and owners of dogs should be compelled to have this done or forced to keep them off the streets; if nothing more can be done.

I see a lot of dogs each day and I have counted as many as 12 and 15 in a single pack. I have seen two such packs in less than 30 minutes and I have on several occasions had to fight them off.

I like the West Side best of all Columbus and there are many things that could be done to improve it. A good cleaning up for one thing. I plan to call on you in the near future and talk over with you some things about Columbus and especially the West Side.

Yours for a better West Side

Some one has said that next to Jesus, mother is the sweetest word in the English language and next to mother is the word home. The origin of home is found in God's word, the Bible.

When God created man, He planted a garden in Eden and put man in it as his home. In this act of God are several things that should be thoughtfully considered.

Some of these are as follows: First, the home is a divinely ordained institution. Second, the home is designed to be a sacred place for at that time God gave the world the marriage ceremony. Quote, "Therefore shall a man leave his father and his mother, and shall cleave unto his wife, and they shall be one flesh. Third, God placed the responsibility of the guidance and care of the home on man. He told Adam to dress the garden and to keep it. Fourth, the life lived in the home rested upon man. The word man as here used includes both sex. Again we quote, "Male and female created He them, and he called their name Adam." The word man, in the original Hebrew, is Adam, and means man.

Here we have God's standard of the home as set forth in His word. What a responsibility is placed upon the parents who determine by parental example the kind of home they have in which to raise children.

Man was created with a dual nature. As then, so today, he is a product of the dust and of divinity. So man enters life with two elements in his nature. He is a mixture of the elements of the ground which form the body, the temple of the soul and the divine breath, the real man, the spirit, the image of God.

But God did not leave man helpless. He gave him a mind with a faculty called conscience that he may know right from wrong — good from evil. He was also invested with a will which enabled him to choose the way of life. By right of choice he could follow "the works of the flesh" or "the fruits of the spirits."

Then God gave man dominion over the animal and vegetable life. In reality He appointed man to be His agent to manage the material things which were created by God.

As we view the conditions the world is in today, it would seem that the only thing we can say is, what a mess man has made of things. "Choose ye this day whom ye will serve.

J. A. DOWNEY

Mistress — "Good gracious, Annie, what's all this mess in the oven?"

Maid — "I dropped the candles in the water, ma'am, so I put them into the oven to dry."

Miss Teeler — "It's just too bad. You said you wouldn't give away the secret I told you."

Miss Tongey — "I didn't give it away, I merely exchanged your secret for another."

Nothing was expected to "give" last night in the loop as Hillcrest was to oppose Burgess. Hilltop played Highland, Hoge met West Park and Arrows were matched against St. Paul's.

West Park-St. Paul

St. Paul, playing the first quarter with only four men, still managed to bump West Park, 47-26, and hand them their fifth setback in six games. It was St. Paul's second win in six.

A 19-point third quarter spelled the big difference in the fray as Joe Balthaser of the winners racked 11 of those 19. From there St. Paul stretched a normal 17-13 halftime lead into a 36-17 third period margin to cinch matters.

"Sonny" Chappelear of the winners had 16 as teammates Balthaser and Bill Harrison hit 12 and 11, respectively. "Kid" Bryant topped the losers with 10.

Hoge-Arrows

The Arrows gave the Hoge team quite a scare for the initial 10 minutes of the game before the latter finally emerged as 38 to 26 winner.

Hoge was behind, 6-8, at the first period's end, but gathered an 18-13 lead at halftime to sew up matters. An 11-point final quarter, with Ted Collins hitting seven of them, helped stage considerably.

Collins of Hoge and Dick Robinson of the losers each finished with 12 tallies as Ackers hit for one less.

Hillcrest-Highland

Paced by Bill Killian and Dave Lazersky, who each hit for 14 tallies, and the combined rebounding of Jim Smith and Lee Grabill, Highland Friends easily disposed of winless Hillcrest in the night's third game. The score was 51-34.

There was never any doubt as to the outcome, especially after the Highland team hopped to a 13-13 first period lead although the losers grew to within seven points at halftime.

Miller of Hillcrest was high with 16 points as Killian and Lazersky of Highland each hit 14. Phil Redick of Hillcrest bagged nine and Jim Smith of the winners had one less.

Hilltop-Burgess

In the night's closest game, Burgess grabbed its fifth win of the season, staving off a last quarter spurt by Hilltop Church of Christ to win going away, 32 to 27.

The first quarter finished in a 7-all deadlock, and Burgess held a meager 18-14 halftime margin. Both fives netted only five points in the third period, but in the final quarter, when the pressure was on, Burgess had too much.

Hilltop drew within two points of Burgess on four occasions in the last quarter, but never could quite catch them—especially after losing stalwarts Jack Taylor and Bob Shivers on personals in the final period.

John Boig of Burgess had 11 for high scoring honors as Jim Rose led Hilltop's scoring with 10. Shivers, the loop's high scorer, netted seven, as did Mo Dobbs of Burgess.

Hilltop Team To Enter Cage Tourney

Pictured above is the Hilltop "Punks" A. C. team, who again will enter in the Senior Knothole Basketball Tournament to be held in March. Front Row, left to right: Manager Bill Gilliland, Co-Capt. "Kid" Bryant and Harry Hubbard. Second row: Al Shade, Ron Perley, "Mort" Steele, Mascot Joe Gossett, and Co-capt. Dave Miller.

First Fish Picture Of Season

Carl Schmeizer, 281 N. Ogden-av, grins with pride as he poses beside this "big one that didn't get away." The "big one" is a sailfish, 113 pounds in weight and nine feet in length which Schmeizer landed while fishing in the Pacific waters off Acapulco, Mexico, where he and Joe Florio, Sullivant-av hair stylist, spent their vacation in January. Schmeizer is associated with Schmeizer's Shade Factory at 2283 W. Broadst. He said the sailfish put up a 20-minute battle before it could be landed.

West-Aquinas Contest Proves Thriller In Overtime Period

In one of the most thrilling basketball contests ever staged locally, West edged the last-place Aquinas Terriers, 56 to 55, in a thrilling overtime fracas.

The tempo was fairly slow for the initial stages of the contest, but the final five minutes—including the three played in the overtime—were staged with fans of both the teams standing and cheering as loudly as possible.

The game couldn't have been any closer. West led at the first period's end, 13-12, but from here onward, the game was tied at the next trio of intervals, at 21, 41, and 51—the regulation time.

The loss to Bob McQuade's Terriers was their tenth of the season while West was gathering in their fourth league verdict in nine games. The Cowboys were to have encountered North Tuesday and Central last night and Linden this Friday, which will complete their 1950-51 campaign.

Throughout the game West would grab a three or four point lead, lose it, regain it, and so on—until things got pretty monotonous for Coach George Williams.

This was especially true in the big third period as the two teams found the nets to their liking—each five punching the cords for 20 points in the period after the half ended in a 21-all deadlock. In the third period, the score was knotted on seven different occasions.

As the fourth quarter neared its end, the contest really got exciting. Smith tipped one in for the Cowboys to make it 51-49, but with 16 seconds left, Paul Bean sank a drive for the visitors to send the game into the fifth period.

In the overtime, Schmidt started things with a one hand push, but Trabue quickly matched that. Johnson sank a free throw for the eventual difference just previous to last minute buckets by Burkley and Smith. West stalled the remaining 40 seconds — losing the ball once, but Aquinas didn't shoot.

West made 22 of 71 shots as Aquinas sank 23 of 62 attempts. The difference came about the free throw lane—West hitting 12 of 22 as the Terriers meshed nine of 15.

Jerry Trabue was high scorer with 20 tallies with Roger Smith close behind with 19. Jack Schmidt was Aquinas' big gun with 17—although John Masdea caused plenty of trouble with 12 before fouling out near the end of the regulation fourth period.

I LEARNED A SECRET from MY COAL MAN

"He pointed out that the price of a ton of coal hasn't a great deal to do with what it actually costs me every year to heat my home. I followed his advice and buy only Scarlet Flame now. Lenten Luncheon Sandwich

Tops for your Lenten luncheon menus is a hearty corn meal cheese sandwich with savory tomato sauce. "Bread" for this delicious sandwich is corn meal slices, mild flavored and nubby textured. The cheese is pasteurized process American slices, noted for excellent flavor, perfect melting, and easy separation. And each slice in the factory wrapped, brand identified half-pound package is identical in shape and thickness, which adds to the attractiveness of the finished sandwich.

Corn Meal Cheese Sandwiches

¾ cup corn meal	1 egg, beaten
¼ cup cold water	Fine cracker crumbs
1½ cups salted boiling water	Butter or margarine
½ pound package pasteurized process American cheese slices	1 can tomato soup, undiluted
	1 bay leaf
	Dash of mace

Mix corn meal with cold water. Stir this into the boiling water. Cook five minutes over direct heat, stirring constantly. Cook an additional 30 minutes over hot water, stirring occasionally. Pour into a small loaf pan and chill. When firm cut into ½-inch slices.

For each serving place a slice of cheese between two slices of corn meal. Dip into the well-beaten egg, then in cracker crumbs. Brown on both sides in butter or margarine in a skillet, or broil both sides of each sandwich with melted butter or margarine and brown in a moderate oven, 350 degrees.

Serve with sauce made by simmering the undiluted tomato soup with bay leaf and mace for half an hour. Remove bay leaf. Makes six servings.

W. Broad Street School News

The sixth grade class of Room 202, West Broad Street School, enjoyed a trip to the Ohio State Museum on Monday, Feb. 5. They traveled in the board of education school bus.

An interesting class in pioneer life in Ohio was conducted by George Jenny. The children found many contrasts between the ways of living of the pioneer and their own ways of living.

This trip was the first phase of an intensive study of Ohio by this group of children.

The class has completed a study of the solar system. Scientific explanations of phenomena such as day and night and others in nature were compared to the explanations given in myths of people of long ago.

Merlin The Magician is Community Theatre Project

No child on Hilltop will want to miss the third performance of the Community Junior Theater series, on Saturday, Feb. 17, at Memorial Hall at 10 a. m.

"Merlin the Magician," a tale of King Arthur's Court, will be presented by the National Youth Theatre of New York. The play tells how Merlin saves Prince Arthur from the evil hag of Grimey Castle.

Among the many colorful characters to be seen are Merlin; the prince who is turned into a crow; the little doll girl; the evil hag and her wicked pet cat; Graymalkin; and Merlin's apprentice, Jeremy.

On stage, during the course of the play, Merlin performs magic tricks which delight the entire audience. This is not a magic show but a complete production with three sets and colorful costumes.

Tickets may be obtained at the door the morning of the show.

New West High School Pupil Tells Details of Life in England

By Myron T. Seifert

Fifteen-year-old Terence Ellis, new 10B student at West High School, who has been in this country but two months, has traveled 4,000 miles to attend the Hilltop school.

For Terence West High School is still a dream, and the United States is truly a land of opportunity.

The modest teen-ager is "thrilled beyond words" that he is privileged to enjoy our ways of life, and is sincerely appreciative for the "chance" to live here.

Let's let Terence tell his story in his own manner:

"I was born at a seaside resort thirty miles from London called Southend on Sea, Essex, known to navigation as the Thames Estuary.

I came over here on the Maurtetania on Dec. 1, 1950. You may ask why I left England to make my home in America; well, we had a tough time, which started in 1939, the start of the war. Southend had the longest pier in the world; it was a mile and a quarter long. During the war the Germans tried to bomb it but never succeeded. They had some near "misses" in London.

Terrence Ellis

London is a very old historical city. They bombed most of the old churches and chapels, a part of Westminster Abbey and Buckingham Place. The Tower of London was slightly damaged.

The most frightful event I had was when a German plane dropped a bomb across the street and blew up the houses.

There were always dog fights in the air. Once there was a fight and a Nazi Dornier was shot down and crashed in the road. Two airmen were found in the trees minus their heads. My dad was in the fire brigade and he had to be there in case fire started.

During the war school was awful. When the sirens sounded you dropped everything, stood up and obeyed the teacher, and you marched to the shelters which were built under ground outside the school. So take my advice, always obey your elders, 'they know.'

Then we had the V-1. "They were planes without pilots but were filled with high explosives and powered by rockets with a flame about 20 feet long; when the flame goes out the plane dives to earth and explodes. Then Hitler used his V2; it was a rocket which you do not see but only hear.

England has many very old castles which date back to the Romans, and the buildings are of the Norman and Tudor style. The fields are green all the year round and flowers bloom from March to September.

England was rationed with food from 1939 until 1949. The weekly ration per person was six ounces of sugar, four ounces of tea, one egg, two ounces of bacon, two ounces of fat, four of margarine, one pound jar of jam. Bread was not rationed but in short supply.

You see, my dad's sister and brothers came to the United States in 1927, and when my uncle, an American, came over to England, they asked my dad to come over here. He said, "Yes," and after a hard struggle he got my mother and brother and I out because he knew that there was a "future" ahead for me here.

The traffic in England drives on the opposite side—the left.

It is a law in England that no police shall carry guns. They carry a small truncheon about a foot long. There is a speed limit for trucks, of thirty miles an hour. It might seem slow to you but we get there in one piece.

We have one enemy in England which the scientists are trying to beat, and that is fog, which starts about November and on some days visibility is nil. Our climate is moderate; we get to freezing point but never zero and summer is around 68 and 70.

Hilltop Girl Aids Otterbein Freshmen

Announcement was made this week of the selection of Vergene Braithwaite, daughter of Mr. and Mrs. J. Clyde Braithewaite, 84 Derrer-rd as one of eight sophomores to serve as junior counselors to new freshman next year at Otterbein College in Westerville.

The Hilltop girl is majoring in physical education and is a member of the Women's Athletic Association, Life Work Recruits, Education Club, YWCA and Kappa Phi Omega Sorority.

The Low Down On High Ridgers

By One of Them

What are a few of our neighbors doing? Well, a few are travelling so they won't be included in our column. Well, we'll fool 'em and enter them right now.

ESTHER STODDARD has gone on the rocks. I mean—to the Rockies, in a little town there to visit her sister whom she hasn't seen for three and one-half years. "It was well worth waiting for" she writes to some of her friends.

MRS. BERNARD FLOYD and her girl friend (I didn't get her name) drove to Miami, Fla., where they are having a good time. (I wonder if that's why she bought that new Hazel Bishop lipstick that just won't wipe or kiss off on absolutely anything. Hubby trusts her tho.

MARYELLA WILSON tried to peel off a couple of fingers when she was peeling potatoes. Explanation? She says her fingers must have been the same color as the potato—(dirty, I guess she means) but somehow she sliced off the seven thicknesses of skin, that 'tis said we have. She had such a time making the blood stop she was almost a victim of the FIRING SQUAD. — oops! I mean EMERGENCY SQUAD!

People getting married every day. Why? I don't know. But we won't discourage MILLIE JOHNSTON and CLARK NOLAN. They seem like a happy-go-lucky pair. They've set the date for today—George Washington's birthday. Wonder if they'll have a cherry cake? The (battle)-axe will already be present. We're teasin' you MILLIE, we know you two will never give each other a cross look, ever.

JOHN EASTON is getting a kick out of his seven-year-old son who gave him a dozen pencils with his name on them just this last Christmas. Little JOHNNIE has used (and lost) all of them at school already. Did MOMMIE have anything to do with the purchase we wonder?

MAMIE REYNOLDS has blue nail polish she uses oftener than any other color. Why? It was a gift from a friend down South, and MAMIE uses it as a polish remover. Clever girl!

MRS. HENRIETTA HOUSER is convalescing from a heart ailment and is now up and around at home. She says she's never going to let her "ticker" get the better of her again.

Speaking of hearts, last week I bought my wife a Valentine present. Yes sir,—a heart-shaped box of candy. I forgot she was on a DIET, and she blew her top because I ate her Valentine present. Can't win!

Dairy Queen To Give 1000 Free Cones

Mr. and Mrs. Henry Lefebure, operators of the Dairy Queen Store, 2185 Sullivant-av, announce that 1000 free ice cream cones will be served up to the youngsters of the community when the reopening of their establishment is made on Thursday, Mar. 1.

Lefebure said that the official opening will be made at 3 p. m. and that the first one thousand youngsters to visit the store will each receive a free ice cream cone.

Hilliards 4-H Club Elects Doris Bohlen

Doris Bohlen was elected president of the Hilliard Buttons and Bows 4-H Club at its annual election of officers held Thursday, Jan. 18, at the home of Toni Murray, Hilliards.

Other officers elected at that time were Suzanne Flickenger, vice president; Alice Ray, secretary; Kathleen Rhoades, treasurer; Gail DeWolfe, recreational leader, and Toni Murray, news reporter.

Mrs. William Lamb, 275 Buena Vista-av, gave a bridal shower party for Frances Hart, daughter of Mr. and Mrs. Clarence Hart, Hilliard, at her home on Friday evening. Mrs. Oscar Baker was assisting hostess.

CARD OF THANKS

PATTON—We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from our many friends in our sad bereavement in the loss of our beloved husband and son, Pat Patton.

Mrs. Ella Patton
Mr. and Mrs. W. W. Patton

CARD OF THANKS

JORDAN — In the midst of our sorrow, the loss of our dear mother, Rozella Ann Jordan, we cannot forget our many friends, relatives, the West Hill Church of Christ, who through their kindness and sympathy helped to ease our grief. To them we extend our most sincere thanks.

Mrs. Hazel Clark and family.

Southwest District Scout Executives Planning Many Summer Activities

Southwest District officers and committee members of the Boy Scouts of America met Tuesday, Feb 20, in a spirited meeting at the Sullivant Avenue Airport restaurant, where a dinner and program followed.

Good fellowship and exchange of ideas for improving the Boy Scout movement, especially on the Hilltop, were much in evidence.

Officers of the Southwest District of Boy Scouts of America made plans to attend the annual planning conference of the Central Ohio Council which will be held at the council office Wednesday, Feb. 28. Planning meetings of the six operating committees and district commissioners will be held from 4:15 to 6 p. m.

The local advancement committee, which assists the boys in climbing the ladder of scoutdom from the tenderfoot through the merit badge laurels to Eagle Scout, is headed by Larry Daniels. Serving with Daniels are Myron T. Seifert, Herbert Deems and John Shorer.

Lists of local experts, authorities on various phases of merit badge requirements, are being set up by the committee to lend assistance to the boys who hope to qualify for the merit badge awards. The list comprises civic minded citizens on the Hilltop who are desirous of seeing boys progress in the Boy Scout movement, and are taking time out to give the boys the benefit of their experiences.

Southwest District officers are John E. Nippert, district chairman; Bob Miller, district vice-chairman; Harold L. Fox, camping and activities chairman; Curtis G. Wilcox, organization and extension chairman; William Harold Coon, leadership training chairman; Larry G. Scales, finance chairman; Paul Vernon Haught, Jr., health and safety chairman; Larry Daniels, advancement chairman, Loren Galloway, commissioner; Frank Hess, acting scout executive; Jack Sensenbrenner, member-at-large; and Harry Drake, member-at-large.

The Gate Post

By Pat Martindale

"As busy as bees' is a good description of the Glenwood staff and participants of the recreation center this week as everyone is diligently preparing for "Open House Week" Feb. 26 to Mar. 2. The Hilltoppers and West Siders are asked to underline these dates on their calendars as a "must attend" week.

Last week's paper drive was successful in spite of the bad weather. This was realized and the TV set for which the paper drive was conducted is near reality. A big thank you is in order to the Hilltoppers who so generously contributed their scraps to the drive and to the teen-agers who aided in the collection.

The Teen-room is open every Monday evening from 7 to 10 for social activities and on Tuesday evenings for the Newspaper Club meetings. All teen-agers are invited.

A ping-pong tournament is now in progress at the center. It is open to all age groups. You may bring your own group if you desire.

The second round of the boys' intermediate basketball league is in progress. The games are very close. A new team, the Aquinas Devils, has been added to the league to replace the Burkes Bombers. The first round winners, the Hotshots, lost two games in the second and the Pepperdines, who did not win a game in the first round, won their first game Thursday from the Devils, 28 to 30.

The Junior girls' basketball teams will practice on Thursday at 4 p. m.

We again remind the adults that Tuesday evening has been set aside for them. Gymnasium activities and other facilities are available.

On Wednesdays, from 11:30 to 1:30, the center is open to the business men for a noon hour of relaxation and fun.

West Sponsors Paper Drive

By Myron T. Seifert

West High School is launching a Hilltop-wide paper salvage drive, Wednesday, Feb. 28, Principal L. F. Young announced today.

Two thousand students on that day plan to cart tons of old newspapers, magazines, cartons, etc. to school, where it will be processed for sale to a local paper company.

Proceeds go to replenish the school treasury, in turn to be converted into necessary projects about the school. Patriotic motives spur the teen-agers in their efforts to also help in the current civil defense efforts.

Hilltoppers are urged to call West High School if they have a supply of paper, and arrangements will be made to pick up the paper. West High's telephone number is Ra. 0633.

Death Car Driver Gets Probation

A suspended sentence to Mansfield Reformatory was given Robert F. Cochran, 17, 3064 Sullivant-av in Franklin County Juvenile Court last week as a result of a fatal auto accident Dec. 31 at Hague-av and W. Broad-st.

Cochran was the driver of an auto involved in the accident which claimed the life of Leo B. Shott of 429 Hanford-st.

Cochran was charged before the court with second degree manslaughter and failure to have a drivers license. Genevieve Taylor, Juvenile Court referee who presided at the trial of the youth stipulated that Cochran may not drive a car for a period of five years.

2 Local Roads Listed By Elbin In Building Plan

Franklin County roads urgently need reconstruction to meet the demands of modern traffic, which has increased from 28 to 205 per cent, in the last decade, Franklin County Engineer Guy Elbin said today.

To meet some of the more urgent needs, Elbin has asked Franklin County voters to approve bond issues totaling $2,500,000 to finance the construction of the Spring-Sandusky interchange and seven other county construction projects. The bonds will be up for voter approval in a special election.

Local projects in the construction plan are:

Frank, Clime and Georgesville-rd—estimated cost $400,000. Project: Beginning at State Route No. 104 and extending west to Georgesville-rd, north on Georgesville-rd to Sullivant-av east, about 6.0 miles, straighten road for better sight and fewer dangerous curves, widen and surface with asphaltic concrete, wider berms and improve drainage. Traffic survey shows 1,976 vehicles a day compared to 973 in 1939, an increase of 103 per cent.

Wilson-rd and Trabue-rd—estimated cost $250,000. Project: Beginning at National Road (U.S. route 40) and extending north to Trabue-rd, east on Trabue to Columbus-Marysville road (U.S. 33), about 4.3 miles, straighten road, widen and surface with asphaltic concrete, new berms, extend present drainage and added roadside drainage. Traffic survey shows 1,667 vehicles a day compared with 1,199 in 1939, an increase of 40 per cent.

High School Review — No. 1

Interest Is High In Y-Teen, Hi-Born Againers And Triangle Clubs At West High School

By Myron T. Seifert

Editor's Note: Important in the lives of West High Senior students are the legion of extra-curricular activities in which hundreds of students have an active interest.

Students, low on the scholastic ladder, find recompense in having a part in one or more of the wide variety of clubs, (in addition to athletics) which meet out of school hours to promote their objectives. Many on the top scholastic rungs emerge in many extra-curricular activities.

Strip the school program of its clubs, frequently dubbed as "frills," and many students, aver that, you kill school spirit.

To familiarize readers with the versatile blue-print of clubs open to West High students, we submit a series of informational stories on school clubs, approved by faculty advisors of the respective groups, first of which appears today!

Y-TEENS

Y-Teens is the high school branch of the YWCA, an international organization, with membership open to all girls in the senior high school.

Y-Teens share the purpose of the total YWCA which is to promote friendship with people of all races, religions, and nationalities, and to grow in the knowledge and love of God. This purpose is expressed through service to others.

The symbol of the club is an equilateral triangle with an elongated globe of the world. The three sides of the triangle represent the three sides of the well-rounded personality growing physically, mentally, and spiritually. The globe represents the international scope of the organization and the need for world fellowship.

Regular meetings are held in the gym during junior high assemblies and are designed to meet the needs of the members. A cabinet of fourteen girls meets weekly with the president, vice-president, secretary and treasurer to plan activities and are advised by the club sponsors, Mary Murphy, Mozelle Warren, and Mary Heeter.

Dues of 50 cents a year per member are paid to the Central Y office for state and local use. Worth-while projects for the club are financed from profits made by members selling refreshments at all home football games.

A get-acquainted party, or picnic, is held every fall; a banquet honoring graduating seniors is given in January at the "Y", and in May, at the school cafeteria.

Y-Teen and Hi-Y clubs together, sponsor two Lenten services which feature special Easter messages given by local pastors. These programs are open to all pupils. The Easter Assembly for the student body is planned by Y-Teens.

Y-Teen members volunteer for city-wide drives such as the sale of poppies, Forget-me-nots, Navy Tags, the Lily Parade, and aid in collecting money for the Heart Fund. They answer many calls from the American Red Cross throughout the school year. The Links program, which is a city-wide Y-Teen function, offers an opportunity for other service to the community and acquaints the girls with civic problems.

HI B.A. CLUB

The West Hi B.A. Club was organized in 1948 as an interdenominational Christian group for the encouragement of the highest standards of Christian conduct for all West High students. Its name stands for "High School Born Againers," a term used in St. John 3:7 in the Holy Bible.

Its program includes prayer, Bible study, and Christian fellowship. The club is connected with no particular church but is an active, alert and interesting club for all Christians.

The Hi B.A. Club is open to all junior and senior high students. They meet every Monday and each Friday except the first Friday of the month. The adviser for the club is Mrs. L. S. Will.

TRIANGLE CLUB

The Triangle Club is a drafting group limited to a membership of thirty. The requirements are: A or B in drafting; 10B rank or above exclusive of 12A; not more than one E on grade cards.

The purposes of the club are: to stimulate interest and scholarship in drafting, to furnish opportunities for social contacts, and to provide more personal relationship between the faculty and pupils.

The accomplishments of the club include statewide drafting competition through Ohio State Fair, Triangle "A" awards, and victory drafting award for high scholarship.

Meetings are held weekly on Friday morning, at 8:15. In addition there are a basket picnic and farewell to seniors affair.

The faculty adviser is C. S. Kennedy.

Junior Cagers Garner Fifth Loop Victory

By Dave Miller

West Junior cagers romped to their fifth loop win of the season last Friday afternoon on the Cowboys floor as they tripped a completely outclassed Crestview five, 54-43.

It was the locals' fifth win as against three defeats thus far in the City Junior High League. Coach O. D. (Red) Lehman of the Broncos hopes for a 7-3 mark in this week's set of games.

However, they have two tough hurdles to jump in Roosevelt, (scheduled yesterday at West) and Everett, to be encountered in the season's finale tomorrow afternoon on the West court.

The win Friday was a beaut, as the Broncos worked together to pull the game out. The early stages were rather close, in fact the visiting Northsiders were ahead a good portion of the time until West pulled ahead in the third period.

The score was knotted at 14-all at the first quarter's finish, and West led only 27-23 at the half-time intermission.

Jimmy Vincent, Bill Holsclaw, Jim Kimball and company then started, in for West. They shot to a 39-26 third period lead over Bob Burgett's Crestviewers, and the game was "in the bag" — especially after Vincent pumped in five buckets during the final quarter to more than cinch matters.

Vincent was high scorer of the fray with 17 tallies. Bill Holsclaw had 11 and Jim Kimball netted 10 also for West. "Lefty" Jordan paced the visiting team with 12 tallies.

K of C Councils Plan Open Retreat Next Week

The Rea-Bow Association News

By "The Janitor"

The association will hold its February jitney supper this Saturday Each article of food is home prepared, brought to the hall and sold for five cents a serving, hence the word "jitney" supper. Mrs. Mack Flynn of 150 Cypress-av, is chairlady. Supper will be served from six to eight p. m.

After the supper the association will hold a short business meeting to plan the social activities for the month of March. At 8:45 the regular Saturday night social will be held, with both round and square dancing, community singing and other entertainment for young and old. Mack Flynn will be the MC for this social. Mrs. Alice Brokamp will be in charge of the carnival. It will also be award night when a beautiful homemade quilt and a large crocheted table cloth will be awarded, along with other prizes.

A very nice social was held last Saturday at the hall. Arthur Reed was MC and there were no call spots. The evening was closed at midnight with everybody dancing one of the oldest dances, "The Virginia Reel".

The religious services held on Sunday night under the direction of Thomas Dawes of Little-av, have been very nice. This Sunday night's service will be held at 7:30. Special singers will be at the service. All are invited to these religious meetings.

Mr. Robert Warner, who suffered a stroke, is improving, as is Norman Brokamp who has been ill.

The association is attempting to get Highland-av, Whitehead to Mound repaired. This street, only about 150 feet long, becomes almost impassable before anything is done.

No written objections have been filed against the city water mains that have been sought by the association for the Rainbow Addition. Mr. Wolfe wishes to point out, however, that the press has been in error when they called this improvement the "Rea and Rainbow Community Water Mains." Rea Addition is not included in this improvement, because not enough signers can be obtained in that addition to secure city water, but the association is willing at any time to assist in securing the petitions for that community. The association has secured the petitions from Mr. Mitchell for water on Eakin-rd. These are in charge of Mrs. Paul Hale, on Eakin-rd. These petitions will be filed whenever enough signatures are secured, but will be a separate project than the Rainbow water project. The confusion is caused by the fact that the Rainbow water petitions were taken out and filed by The Rea-Bow Improvement Association.

The Rea-Bow Association News

By "The Janitor"

The association will hold its February jitney supper this Saturday. Each article of food is home prepared, brought to the hall and sold for five cents a serving, hence the word "jitney" supper. Mrs. Mack Flynn of 139 Cypress-av, is chairlady. Supper will be served from six to eight p. m.

After the supper the association will hold a short business meeting to plan the social activities for the month of March. At 8:45 the regular Saturday night social will be held, with both round and square dancing, community singing and other entertainment for young and old. Mack Flynn will be the MC for this social, Mrs. Alice Brokamp will be in charge of the canteen. It will also be award night when a beautiful homemade quilt and a large crocheted table cloth will be awarded, along with other prizes.

A very nice social was held last Saturday at the hall. Arthur Reed was MC and there were six duti spots. The evening was closed at midnight with everybody dancing one of the oldest dances, "The Virginia Reel."

The religious services held on Sunday night under the direction of Thomas Danley of Little-av, have been very nice. This Sunday night's service will be held at 7:30. Special singers will be at the service. All are invited to these religious meetings.

Mr. Robert Warner, who suffered a stroke, is improving, as is Norman Brokamp who has been ill.

The association is attempting to get Highland-av, Whitehead to Mound repaired. This street, only about 150 feet long, becomes almost impassable before anything is done.

No written objections have been filed against the city water mains that have been sought by the association for the Rainbow Addition. Mr. Wolfe wishes to point out, however, that the press has been in error when they called this improvement the "Rea and Rainbow Community Water Mains." Rea Addition is not included in this improvement, because not enough signers can be obtained in that addition to secure city water, but the association is willing at any time to assist in securing the petitions for that community. The association has secured the petitions from Mr. Mitchell for water on Eakin-rd. These are in charge of Mrs. Paul Hale, on Eakin-rd. These petitions will be filed whenever enough signatures are secured, but will be a separate project than the Rainbow water project. The confusion is caused by the fact that the Rainbow water petitions were taken out and filed by The Rea-Bow Improvement Association.

These Scenes Of The 1913 Flood Damage Could Be Repeated Again On West Side

FOURTEEN MILLION DOLLARS DAMAGE AND NINETY-THREE LIVES were lost in the flood of 1913. Those figures could easily be multiplied tenfold in any flood occurring now.

Statistics released by the Scioto-Sandusky Conservancy District reveal that any flow of water, merely two-thirds the size of the 1913 flood, could easily inflict damage far surpassing the disaster of 37 years ago.

According to the commission's statement "certain channel improvements and protective works were constructed following the 1913 flood, to provide parts of the community with a higher degree of flood protection. The limitations of available funds, however, restricted the extent of the works and they were not designed for protection against a flood of the 1913 magnitude. The section of the city which would suffer disaster is the WEST SIDE of the city, and unfortunately many people are not aware of the fact that the present facilities are inadequate to protect against serious damage and loss of life."

The commission's statement continues, "The present safe capacity of the Scioto channel above the confluence (junction) of the Olentangy is little, if any greater, than it was in 1913."

As a final indictment of Columbus complacency, the statement declares, "a repetition of the 1913 flood would result in property loss far in excess of the 1913 figure, because of the increased development in flood areas and the large increase in property values. Loss of life could well be greater because of the false sense of security that presently exists."

The figures released by the Conservancy District reveal that the embankments protecting the West Side will be topped by water when the flow of the Olentangy River reaches 60,000 cubic feet per second. Water flow was 85,000 cubic feet per second in the 1913 flood.

The first embankments to go out or to be overtopped by the force of 60,000 cubic feet of water per second would be in the vicinity of Dry Run and Grandview-av.

The official plan for the Scioto-Sandusky Conservancy District sums up the Columbus flood situation thusly.

1. The present capacity of the main Scioto River through metropolitan Columbus is 60,000 cubic feet per second, or less. (The 60,000 feet figure is the maximum estimate.)

2. Flood water will begin to enter the West Side in the vicinity of and upstream from Grandview-av when the flow tops the 60,000 cubic foot flow mark.

3. Water will begin to flow through the spillway section on the west side of the river between the Pennsylvania Railroad bridge and West Broad-st when the flow at that point reaches about 100,000 cubic feet per second. (Adding the flow of the Olentangy to the Scioto River, the 100,000 cubic foot flow would be reached quite early in any flood approaching the size of that of 1913.)

4. It is assumed that the levees between Frank-rd and the sewage pumping station would go next.

5. Following the failures of the levees along Frank-rd, the embankments along Washington-blvd, just upstream from Greenlawn-av, would be topped.

On the Scioto River, above the mouth of the Olentangy River, the low point on the south side is the levee along Dry Run, which empties into the river a few hundred feet west of Grandview-av. Overtopping of this area would mean another disaster of the caliber of 1913 to the West Side.

In addition, a repetition of such a flood would cause floodwaters to flow across Dublin-rd east of the Waterworks pumping station and west of Grandview-av and overflow lands between the Scioto and Olentangy Rivers, including highly developed areas and important streets and roads.

In realization of these facts, the Board of Directors of the Conservancy District has accepted a series of planned, controlled watersheds, foremost in which stands the Mill Creek Dam.

The dam itself, if authorized by Congress, will be constructed entirely of federal funds, but only on condition that the Conservancy District provides for local channel and levee improvements within the city limits. The present estimated cost for such improvements is $400,000.

The total figure of $400,000 breaks down into annual assessments on the city of about $21,300 plus interest and maintenance costs. The annual estimated charge will be $24,300.

Statistics on the proposed Mill Creek Reservoir call for the flood control storage to contain 66,700 acre-feet of water, which is equivalent to 6.9 inches of water from the watershed. The conservation paying for its construction will certainly be cheaper in lives and money than paying for the losses of another 1913 flood.

While the cost of the proposed pool (normal water level) will contain 11,500 acre-feet of water and will cover about 950 acres.

The dam will be located on Mill Creek, about a mile and one-half from its outlet into the Scioto River, near the headwaters of the present O'Shaughnessy Reservoir. Land for this development will be purchased in Delaware and Union Counties.

News of Rome

By Mrs. James W. Whalen

Hearty congratulations are extended to the fine young people of the fourth, fifth and sixth grades who participated in the WBNS-TV Quizdown on Saturday and won with an excellent score of 3050 as compared with the score of the youngsters from Alton, which was 2808. The Rome participants and victors were Billy Fasse, Joyce Evans Pearce, Mahlon Brumfield, Robert Ebright, Gerald Conrad, Gary Dougherty, Dick Harrison, Dickie Suver and Patricia Denman. They are surely worthy of their very wonderful prize—a 19-volume set of the World Book Encyclopedia.

Mrs. David Haueisen, 4601 W. Broad-st, entertained the members of the Rhoda Guild of St. Paul's Lutheran Church at her home on Wednesday evening at 8 o'clock. Mrs. Luther Walz had the topic, "City Missions," and gave a fine dissertation. Assisting Mrs. Haueisen were Mrs. Jack Swinehart, Mrs. Charles O'Brien, Mrs. Nelson Russell and Mrs. Herman Weber.

Mrs. R. S. Hammel, 37 Lawrence-av gave a birthday party in honor of her son, Robert's, seventh birthday on Saturday at 3 p. m. Guests and classmates present were Virginia Whalen, Richard Meckstroth and David Armstrong.

Mr. and Mrs. Harold Grasmilich of Hilliards entertained their euchre club Saturday evening in their home. Guests present were Mr. and Mrs. Howard Anderson, Mr. and Mrs. Luther Walz and Mr. and Mrs. Harold Kaderly.

Mr. and Mrs. Floyd Grimm, 234 Lenox-av, Mr. and Mrs. Willis McKenzie and children and Carolyn Sherrick of Darbydale were Sunday guests of Mr. and Mrs. Wilbur Grimm of Linden.

Mrs. Loraine Craft of Grove City entertained Mrs. Allen F. Burns, Mrs. Jack Elliott, Mrs. Leroy Scheenover, Mrs. A. Sampson and Mrs. Joseph Coulter, Sr., in her home with a "copper party" Thursday evening. Mrs. Joseph Coulter, Jr., assisted Mrs. Craft.

Mr. and Mrs. G. Willard Whitman and sons, Jimmie, David and Tommy, of Corsicana, Tex., were guests of Mr. and Mrs. James W. Whalen and family on Tuesday. Mr. Whitman has returned east to continue his studies on air conditioning at Syracuse, N. Y.

Mrs. Clara Hennis of West Jefferson has been a guest this week of Mr. and Mrs. W. F. Hackensmith and family.

Mr. and Mrs. Ellis Heffman and family were dinner guests of Mr. and Mrs. L. C. Bausch were celebrating their 48th wedding anniversary.

Mr. and Mrs. Floyd Grimm, 234 Lenox-av, were guests of Mr. and Mrs. Floyd Baughn of Washington C. H. and Mr. and Mrs. Pearl Baughn of Bloomingburg on Sunday. Pearl Baughn is on the sick list.

Robert Burns, son of Mr. and Mrs. Allen F. Burns, 167 Pasadena-av, was elected to the Franklin Honor Society after an excellent banquet held at Canal Winchester Monday evening. Other members of this society present were Margaret Phillippi, Ann Elliott, Karen Myers, Patty Rings and Carl Hankinson. Representatives from 11 districts were present. Other members from Rome were Robert Thompson, David Warner, Winona Evans, Eddie Eberhart and George Anne Terry.

The pupils in Miss Weber's third grade class were pleasantly surprised by a birthday party given by Mrs. W. E. Hackensmith and Mrs. James W. Whalen on Thursday afternoon. Every student received a birthday crown and the birthday children for December, Kaye Olson, Virginia Freeman, William Hackensmith, David Gardner, January, Larry Schroeder and Catherine Shamer, and February, Terry Pugh and Jimmie Whalen, received crowns with the number of stars thereon indicating their respective ages and, were placed at a special table of honor. Special heart cakes iced in delicate pastels and favor cups gave the party a festive air to the obvious delight of all the children. Winners in the games and of the prizes were Kaye Olson, Marian Smith, Thomas English, Rex Lamb, Jimmie Whalen and Thomas Mandelar.

The following ladies from Rome attended the special telecast, "Look to Lazarus", Friday, and enjoyed the period frocks which were modeled during the program: Mrs. Allen F. Burns, Mrs. Floyd Armstrong, Mrs. W. F. Heckensmith, Mrs. James W. Whalen and Mrs. George Terry.

Mr. and Mrs. Allen F. Burns, 167 Pasadena-av, attended the annual CIO banquet at the Seneca Hotel Saturday evening for the officers and their wives in this organization.

We are sorry that Mrs. L. W. Johnson, 61 Lawrence-av, has returned to Mt. Carmel Hospital, but she has all the best wishes of the people in the community for a very quick recovery. Friends may communicate with her at the above address.

Mrs. James Long, music director for Prairie Township, is planning to have another music festival during the music week in May and will give "Thirty Minutes with Schubert" this year.

Everyone enjoyed the PTA meeting Thursday evening and was happy to have an opportunity to become acquainted with the representatives of the Alton PTO and the Galloway PTO and the members of their teaching staffs. The program was enthusiastically enjoyed by everyone and the speaker for the evening, Robert Darrow, principal of Barrett Junior High School, was excellent. A vote of thanks is extended to the program committee, Mrs. Malcolm Pennell and Mrs. Floyd Armstrong, as well as the very efficient hospitality committee, chairman of which is Mrs. Thelma Royer. It was very pleasant to learn from Mr. William Lamb that there will definitely be a new school in 1952.

FACTS FROM AN OPEN BOOK

A careful look back at the development of the Hilltop reveals that most of the fine developments that have made this an outstanding community have been fostered in the original by local independent business people. Through the years they have continued to provide the leadership necessary to bring about further improvements.

Such improvements include churches, schools, organizations, fire protection, safety, welfare, street improvements, street lighting, school lights, transportation, park developments, playgrounds, and all the things that have accumulated to make this a fine community.

A further look about you will reveal that the community that is most progressive is the one that has the best individual business firms and people who whole-heartedly support these businesses.

There is a teamwork evident in progressive communities and in most every such community the people look to their business people to carry the ball.

A progressive leadership that has been evident throughout the years has in turn resulted in increased property values to those thousands of local people who own their own homes here on the Hilltop.

And so it is, that we should pause to remember, that when we patronize our local individual business people we are helping ourselves.

Survey Reveals West Students Employed In Myriad of Jobs

By Myron T. Seifert

Come 3:30 p. m. daily and Saturdays that stream of West Senior High pupils who migrate in every direction when school lets out are not all care-free play boys and girls.

In fact, a recent survey at the Hilltop school shows that many of these rollicking teen-agers are assuming part-time job responsibilities—doing a creditable job for their employer, and learning practical occupations not always learned in text books.

Most of the employed students find satisfactory work here on the Hilltop. Their "mines of diamonds," (they realize) may perchance be found in their "own back yards" here in this community.

Daily, Hilltop merchants, and business men seek out West High students for a wide variety of jobs. Hilltop business men will tell you, for the most part, these folks will fill the bill.

Reasons for part-time employment among students are many and varied.

Chief purpose, of course, the students admit, is to "make extra money."

In many cases the "extra money" goes to implement the already tight purse strings of mother, dad, brother and sister at home.

Those college bound [illegible] for that post-high school education.

These youngsters learn first hand, the habits of thrift, and many are already "salting away" investments in U. S. bonds, a savings account or banking with some eventual plan in mind.

Kinds of industry Hilltop youths follow often are very interesting. Here's what some have reported:

Don Bauman, stock boy, Canpretta's Market; Byron Bell, filling station, Bells Sohio Service; Gene Burch, sells pop at basketball games, Arch Turner Concessions; Gene Burch, collects advertising bills, Hilltop Record; Terry Hitt, sells pop at basketball games, Arch Turner Concessions; Barbara Neff, clerk, Gray's; Martha Merriman, clerk, Seiller's; Grace Durlinger, dad's store, Nowell's Grocery; Elizabeth Alberts, Mayer's Grocery; Ray Fenner, Richer Dairy; Bill Eltzorth, Fifth Avenue Theater; Don Dolder, Dolder Grocery; Jim Graham, Broadmoor Dairy; Lee Grabill, Moore's Stores.

This poem has long been one of my favorites:

HANDS OFF!

My son is up in the sweet-gum tree;
His jeans are caught on a middle limb,
And motherhood is prodding me
To rescue him.

But Butch is there, the gang's along,
And, though a broken bone seems certain,
Lord, keep me here where I belong—
Behind this curtain!

There might be one radio fan in Central Ohio who hasn't heard "Stump Us" over WBNS. Judging from mail received by the program, one is all there is. Ray Roese, Roger Garrett and Bill Corley conduct the show, which is heard each afternoon at 3:30. This delightful program celebrated its first anniversary Feb. 16. Listeners send in titles of songs they think the three artists might not be able to sing or play. If the three do not know the song or have forgotten it, the listener who submitted the title receives a fine prize. According to Mr. Roese, they are only stumped about 40%. Ray is a former Hilltopper; his mother still lives on Harris-av. He and his wife moved from Sylvan-av in 1946. Bill Corley, also a former Hilltopper, is the well-known sports-caster and is on various other WBNS shows. Roger Garrett is too popular as an organist to need an introduction from me. Since Ray is the one interviewed for this, I managed to drag out a few details about this local-boy-who-made-good. Did you ever notice that the more a man has done, the less he wants to talk about, himself and his accomplishments? I knew from being a WBNS fan that Ray also has a television show called Jamboree, (each Saturday evening at 6:30 (WBNS-TV) and that he takes part in The Early Worm show each morning at 10; that he did a show in Hollywood in 1940, with Al Pierce. I also remembered from somewhere that Ray was the first male radio vocalist in Columbus, and did a one-hour show twice a week, 'way back when, in a garage on Tenth-av, near University Hospital. He did tell me that he attended the old West High School and has been with WBNS about 25 years. If you aren't already a "Stump Us" listener, as Ray would say—Get With It!

This is from "Medical Economics: About 2 a. m. one cold night a certain patient phoned me and said 'Doc, can you come over right away?' 'I have a terrible toothache!' As politely as I could, I answered 'My dear lady, what you need is a dentist, not a physician.' To which she calmly replied, 'Yes, I know—but I just hated to call a dentist at this hour of night'."

Tuesday, a wrestling and tumbling show after the basketball game Tuesday; another crafts exhibit from 7 to 9 p. m. Wednesday; and a talent show featuring "Garthur Snodfrey" Friday evening, followed by [illegible] and square dancing which will wind up the evening and end the center's "Open House Week."

Pat Mathews, who is in charge of an extensive handicraft program, the girls' tumbling classes, the new Supper Club for juniors and the Golden Age Club, acts as organizer and head of the Newspaper Club which gathers material for the publication.

With Jeanne Williams as teenage organizer, the social room has been redecorated, bowling classes for beginners were started at the Hilltop Bowling Alley and beginners' tap-dancing classes were begun.

Last, but not least, the center now has a community voice in the "Gate Post" a weekly column by "Pat" Martindale, appearing in this paper.

The Glenwood Recreation Center is sponsored by the city recreation department, and all programs and entertainment are free of charge.

These Folks Once Suffered, Too!

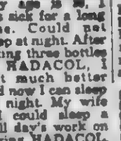
Mary Helen Deemes was rundown and fatigued due to a lack of Vitamins B_1, B_2, Iron and Niacin.

Mrs. Verna Riley, suffered stomach distress due to a lack of Vitamins B_1, B_2, Iron and Niacin.

Mr. Grady Thomas suffered from nagging pains due to a lack of Vitamins B_1, B_2, Iron and Niacin.

TODAY THEY HAVE RELIEVED THE CAUSE OF THEIR SICKNESS

Aches and Pains, Stomach Disturbances, Indigestion, Fatigue, Due to a Lack of Vitamins B_1, B_2, Iron and Niacin in Their Systems



Why Settle for Symptomatic Relief When HADACOL Has Helped People Like These with Such Deficiencies

Mrs. Dennis Deemes, 111 Florence Street, Hot Springs, Arkansas: "My little girl has taken four $1.25 size bottles of HADACOL. She is three years old, was pale, nervous, had no appetite. Didn't care to play like other children. At night, she would awaken many times frightened and nervous. She would only sit around days and was very easy to cry. I was worried, because she was so pale and had no appetite at all. Then I had heard of the wonders that HADACOL had done for so many people, both young and old. So I decided to give it to my little girl. I did so, and the third day after she began taking HADACOL, she was more cheerful and began to eat. She awoke hungry on the 3rd morning, and has been both eating and sleeping fine ever since, and isn't nervous at all. She is as cheerful as any child can be. Thanks to the makers of HADACOL, we are a HADACOL family. My little girl's name is Mary Helen Deemes."

Mr. Grady Thomas, Route 2, Somerville, Alabama: "My age is 56. I was sick for a long time. Could not sleep at night. After taking three bottles of HADACOL, I felt much better and now I can sleep all night. My wife says she believes I could sleep a week. I can do a full day's work on my farm. Before taking HADACOL, I couldn't work more than an hour or two at a time. I am very thankful for learning about this product."

Mrs. Marjorie Mullins, Jewellridge, Virginia: "I feel like HADACOL has helped me in many ways. My health was very poor, till I decided to give it a trial. I got one economy size bottle. It helped so much, I decided I wouldn't be without it. So now I am on my 6th large bottle. Before I took it, I wasn't able to do my housework, and care for my family. Every month, I would have to give up and think I was going to die. But thanks to HADACOL I never feel those weak spells any more. I tell my neighbors about it. I do my housework, my washing and never felt better. I am 43, but don't feel like my age is getting me down now. I am the mother of eight children and have been a widow for 18 years. I worked hard and sent my children to school, and now they are old enough to help me."

Mrs. Verna Riley, 814 Missouri Avenue, Jeffersonville, Indiana: "I had been sick off and on for a long time. I am over 51 years old. After I heard about HADACOL, I have taken two bottles. I don't have that fullness in my stomach and I can eat anything I wish. I sleep much better at night now. Myself, I wouldn't do without HADACOL. My family also takes HADACOL."

Mrs. C. H. Strack, 604½ West Second Avenue, Pine Bluff, Arkansas: "Before using HADACOL, I was rundown, nervous, and had upset stomach. My friends could not understand the way I was acting. After I took HADACOL, I felt better than I have ever felt. I am not at all nervous and my friends have remarked at the change in me. I am forever grateful for what HADACOL has done for me. I wish to let the whole world know how much I praise HADACOL."

Bessie Hollingsworth, Box 8, Simms, Louisiana: "I am ten years old. I have been sick for a good while. I was nervous. I could not sleep at night. I did not want to study my school lessons. Then, some of my friends told me about HADACOL. Now I have taken only three bottles of HADACOL. I can say that HADACOL has helped me a lot. Now, I can sleep. I am not so nervous. I do not hate to get my school lessons. I want to thank my friends for telling me about HADACOL."

Lloyd E. Schmitt, 4945 Erie Avenue, Houston, Texas: "Before I took HADACOL, I did not know what it was to sleep for over an hour at night. Since using HADACOL I sleep all night without pains. I have taken three bottles of HADACOL and the relief has been wonderful. I have started on my fourth bottle."

SENATOR DUDLEY J. LEBLANC, Whose Tireless Efforts For Relief Of Suffering, Have Brought Humanity Today's Great HADACOL

Senator LeBlanc in all of his political activities has always championed the cause of the oppressed, and the poor and underprivileged.

He was the first candidate for Governor to advocate a specific Old Age Pension . . . and today in Louisiana, he is known as the Father of the Old Age Pension. In the course of his long, long fight he has had his critics, but to those who opposed him he has continually stated, "If you do not believe in Old Age Pensions, remember the mandate of the Lord himself—'Honor thy Father and thy Mother that thy days may be long upon the land which the Lord thy God giveth thee.'"

Senator LeBlanc is known as a friend of the veterans. He introduced and successfully passed the law that created the State Service Commissioner whose duty it is to see that every service man receives his just compensation from both State and Federal governments. His activities in public life in behalf of the working man are too numerous to mention here.

It was only natural that in his sincere desire to serve the people, that Senator LeBlanc would seek and find a product that would tend to assist the poor and ailing, that would help them lead a more happy and contented life. His tireless study and effort resulted in today's wonderful HADACOL.

Senator Dudley J. LeBlanc

Why Wait?

Why experiment, why give up, why suffer from a lack of Vitamins B_1, B_2, Iron and Niacin? Why not make up your mind to start taking HADACOL today with the positive assurances that it will help you if you suffer from such deficiencies or the Senator will gladly send back your money. You have to be satisfied, and since Senator LeBlanc has proven by his past activities that he is your friend, you know you can depend on what he says and what he does. Ask for HADACOL now. Trial size $1.25; large family or hospital size $2.50.

Sacred Lily of India Flourishes In Home of Flower Hobbyist

Fay Green and his Sacred Lily of India are shown above. Mr. Green's hobby is growing flowers.

Fay Green, 698 S. Wayne-av, raises flowers for a hobby and the more unusual the flower, the greater his interest.

Green is shown in the picture above with the Sacred Lily of India. The lily, a native of India, grows along river banks in the country where its tremendous demands for water can be met.

The plant, worshiped at certain seasons of the year, assumes different characteristics in winter and summer. During summer months, the plant sends up a waist high stalk topped by foliage resembling a palm tree. In the hot months, it must be given large amounts of water daily and it produces no blooms.

As long as it retains its palm-like semblence, on cloudy and rainy days its leaves point upward and fold in upon themselves.

During the winter, the plant's appearance is completely altered. It is taken from the ground after the first heavy frost and placed in a pot with no dirt. From the time of its removal, until it is again planted outdoors, it is not watered. After about two months indoors, it sends forth the stalk and bloom shown in the picture

The stalk is a dusty tan in color and is dotted with spots resembling leopard spots. The bloom is about 12 inches across and the protruding stamen (the vertical pollen bearing shaft rising from the bloom) is about 16 inches in length. Both the bloom and stamen are of a texture and color like morocco leather.

The plant blooms yearly. The bulb is fifteen years old and when taken from the ground weighed 16 pounds.

Mr. Green, the grandfather of 10 and great-grandfather of 10, retired from the New York Central Railroad in October, after 38 years with the line. For the past 34 years he had worked for the railroad as an engineer. The 68-year-old great-grandfather has been a Hilltopper since 1926.

Red Cross Drive Is Sermon Topic For This Sunday

Men and women of all faiths will assemble in the churches of their choice this coming Red Cross Sabbath and Sunday, Feb. 24 and 25, to ask for divine blessing of the Red Cross 1951 campaign and program. Clergymen will keynote their messages on the urgency of this year's fund drive.

A goal of $385,000 must be attained between the opening date, Feb. 28, and Mar. 21, when the campaign winds up in Franklin County. A kick-off rally to be held Feb. 28 in the governor's reception room at the state house will signal the opening of the drive.

This year, campaign volunteers are seeking $68,500 more in Franklin County than in 1950 to cover the expenses of the Red Cross' expanded program. Because of the Korean explosion, Red Cross facilities again are being organized practically on a wartime basis. Every service has been geared toward this national emergency, the rapid enlargement of the armed forces and civil defense.

Bible Comment:

Paul's Words Prove The Early Christians Were Not Perfect

IT is a common misconception that the early Christian church was composed of pure and perfect Christians. This notion, however, is quickly dispelled with a reading of the New Testament epistles of Peter, James and Paul.

So unpopular and often persecuted was the new faith that it would seem that only the most sincere and devout could cling to a faith "blackballed" by a major portion of the society.

Yet there were many who called themselves Christians in the hope of "getting something for nothing." This is proved by Paul's admonition against feeding those who would not work, the sort of converts who in our time have been called "rice Christians."

It was because Paul was so determined to check any abuse of the basic Christian principle of mutual love and mutual aid that he pointedly stated, "Every man shall carry his own burden."

Paul had to be careful for some of the converts had formerly been idolators in cities of licentiousness. The fact that they had been washed of their sins did not prevent lapses into the evils of a tempting environment; and some apparently did not accept, or realize, the true nature of the Christian way

Like certain elements of society existing today, there were also those always ready to corrupt the purity of Christian faith and substitute their own philosophies of ease and indulgence

Then, as now, the man who "put on the Lord Jesus" required a strength that could not easily be corrupted.

"Tommy's" Favorite Flavors

If you were to ask "Tommy", or "Trudy", what two of their favorite flavors were—time and time again the answer would be "chocolate" and "peanut butter". They have been childhood favorites for generations—and rest assured are STILL relished by "Dad", no matter how ancient he becomes.

Here's a dessert combining these flavors, with milk and rennet powder, that is sure to be popular with all. It's highly recommended for parties, not only because children love it, but because it's so light and digestible—with no nightmares even after second helpings. What's more, it's easy for Mother to prepare too, and believe me, that's a selling point any time.

Chocolate Peanut Butter Rennet Desserts

1 tablespoon peanut butter
2 cups milk (not canned)
1 package chocolate rennet powder

Set out 4 or 5 dessert glasses. Mix peanut butter with milk. Warm milk slowly until lukewarm, stirring constantly. Test a drop on the inside of your wrist frequently. When it feels Comfortably Warm (110° F.) — not hot, remove at once from heat. Stir in entire contents of package of chocolate rennet powder at one time. Mix until powder is dissolved — not over one minute. Pour at once, while still liquid, into dessert glasses. Do not disturb for about 10 minutes, while milk sets. Then chill in refrigerator until serving time. If desired, just before serving, garnish with chopped peanuts or whipped cream.

"Do I really need my coat brushed?" asked the passenger in the Pullman.

"Does you'" exclaimed the porter with great emphasis, "Boss, you'se broke!"

King Winter Spotlights King Cotton

THE arrival of King Winter is a cue for King Cotton to go north.

Although generally considered a summer fabric, cotton has successfully stolen this year's snowy fashion scene by virtue of its light weight and versatility.

The cotton boucle tweed suit (right), for instance, makes a practical, crush-resistant travel costume. Featuring a belted, button-front blouse, the suit achieves graceful lines with a slim tapering skirt.

Black accessories, a gold choker and novelty bracelets further compliment the pert ensemble.

For the outdoor girl en route to a winter sports resort, a corduroy suit won accolades at the National Cotton Council showing in New York.

The New York designers teamed a boxy braid-trimed jacket and slim skirt with a tattersall-checked corduroy weskit (left).

Light-colored gloves and a velvet-trimmed tailored felt hat gave added zest to the smart and practical outfit. And the jacket may be worn as a separate with harmonizing or contrasting skirt. The skirt, too, can do double duty in the wardrobe.

Both creations, previewed in New York, seem to indicate that Cotton is on the march and will henceforth move north for the winter as soon as the birds streak south.

George Washington's Life Portrayed By Students of W. Broad Elementary School

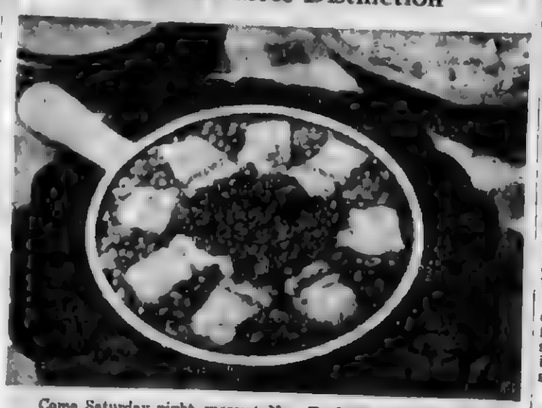
GEORGE WASHINGTON, THE FATHER OF OUR COUNTRY, is pictured above as he accepts the flag of our country in a play produced by fourth graders at the West Broad Street Elementary School. The principals in the play are, left to right, two soldiers, Kenneth McKenzie and Stanley Smith; George Washington, David Langdon; Betsy Ross' daughter, Barbara Harler; and Betty Ross, Sheri Harler.

George Washington may only be the "father of his country" and the boy "who could not tell a lie" after chopping down his father's cherry tree to you and me, but to the children of the West Broad Street School, he is much more. he's a character, a person in whom they have put a breath of life through their stage production of part of our first president's life.

Not only has this graphic portrayal of Washington's life given the children a better grasp of his life, it has also given them a view of the period in which he lived, the clothes that he and his contemporaries wore, the friends and compatriots with whom he worked and perhaps more important, it has given them a broader scene of the formative period of the United States of America.

How could one small play, produced the day before a national figure's birthday, make understanding the man and his period in history easier for elementary school children?

The answer is simple:



The fourth graders at West Broad Street School read stories and histories on the life of George Washington. From these stories, they prepared a dramatization of an important segment of his life, the scenes between Washington and Betsy Ross during the designing and period of completion of the flag.

When the script was finished, properties had to be constructed and costumes designed. The fourth graders pitched in and offered all their help. Every child had some part in the preparation of the play or in its actual production. They had to consider house design, clothing, furniture, hair dress, shoes and manners of the time. They had to project themselves into Washington's period.

The production in celebration of our first president's birthday went smoothly when it was presented Wednesday morning in the school's auditorium. The assembly program consisted of Washington's Prayer; a song, "While the Flag is Floating O'er Us"; the dramatization divided into two scenes directed by Adaline Millikin; a song "George Washington"; the Pledge of Allegiance and the singing of "The Star Spangled Banner."

You know, history looks a wee bit more pleasant these days.

Boston Baked Beans Served With Molasses Distinction

Come Saturday night, many a New England household sits to a repast of appetizing, molasses-sweetened baked beans plus brown bread. Since to savor these two foods is to pass the word along, enjoyment of them has spread across the country. The molasses called for in the baked bean dish is unsulphured . . . the sweet, aromatic kind New Englanders have been using since colonial days.

Here are the steps to make a savory baked bean dish for the family. The canned brown bread may be sliced and served hot or cold.

Baked Beans
(Quick Method)

4 cups (2 lbs.) dried beans
Cold water
1 large onion
4 teaspoons salt
½ cup unsulphured molasses
½ teaspoon pepper
2 teaspoons dry mustard
3 tablespoons Worcestershire sauce
½ pound salt pork

Wash beans. Cover generously with cold water; soak overnight. Add onion, salt, and if necessary, additional water to cover beans; bring to boiling point in covered saucepan. Remove onion; reserve. Simmer beans until tender. Drain; save 3 cups bean liquid (add additional water to make 3 cups, if necessary). Mix bean liquid with molasses, pepper, mustard, and Worcestershire sauce. Turn beans, onion, and salt pork into large casserole or bean pot. Add liquid mixture. Cover. Bake in moderately slow oven (325° F.) 1¾ hours. Uncover. Lift pork to top of beans; bake 20 to 25 minutes to brown pork. YIELD: 16 servings.

Old Fashioned Baked Beans

Simmer beans only until beans are half done (skins break). Bake in slow oven (300° F.) 6 to 8 hours.

TRUCKLOAD OF TROPHIES—surrounding the winner, Harvey Willord of Elyria, Ohio, hints he's a strong contender in the National Chicken-of-Tomorrow Contest this year. The Poultryman will ship 720 hatching eggs to the University of Arkansas late this month for incubation. Like entries from other states, the chicks will be reared under uniform conditions and in June the national champion will get first prize of $5,000 staked by A&P Food Stores, plus even more valuable national spotlighting as a breeder of superior meat-type chickens.

Boy Hero—

ball and young Dawson attempted a tackle, crashed through a basement window of the church, cutting a deep gash into his right arm and severing an artery.

Johnny Sears quickly grasped his playmate's arm above and below the cut and pressed his thumbs deeply in the arm to halt the bloow flow until the fire department emergency squad arrived.

Squadmen said that the quick action of the Sears lad in all probability had saved a life and commended him on the spot for such prompt and clear headed action."

A member of Cub Scout Den No. 2, Pack 88, Johnny is a sixth grade student at John Burroughs School. He received his first aid training from Mrs. Charles Meddles, 507 Binns-blvd, Cub Scout den mother.

Johnny is the son of City Policeman Larry Sears, who is assigned to duty with the Police Emergency Squad. Johnny says that he plans to be just like his dad and join the police force when he's old enough.

Since both Johnny and his dad have saved lives, it looks like the old saying, "like father, like son," still holds water.

a fortune at various games. Ladies, too, will be permitted to play.

Refreshments and entertainment will be provided and the famous "Mystery Chest" which has been faithfully guarded by William E. Boothe of 58 Haldy-av, since last year's party, will be returned with added treasure and be awarded to someone present to guard and protect the secret of its contents until the 1952 party.

At a given time all speculation will cease and an auction will be held with payment to be made in phony bucks for a wide assortment of merchandise.

The committee in charge of the party consists of John West, chairman; Dewey Stout, hydramatic chairman for the post and Madge Martindale, chairman for the auxiliary.

Hilltop and West Side Should Support Bond Issue

Residents of the Hilltop and West Side should be giving careful attention to the matter of the $11,500,000 school bond issue that will come up for a vote in April. The building program that will result from the passage of this issue will mean much to this entire community.

A few pertinent facts as to the need of this money and the resulting expanded program follow:

Our population in Columbus has increased from 306,000 in 1940 to 374,000 in 1950. This is an increase as large as two cities the size of Newark or Lancaster or one city the size of Springfield.

In 1944 there were 69 dwelling units built in Columbus. In 1950 there were 4849 dwelling units erected.

Birth statistics show that Columbus has had 24,689 children born in the last 10 years, more than in the previous 10 years. The school year 1951-52 will find 1900 more youngsters starting kindergarten and first grade than we have in school this year.

All three new Columbus school buildings built since World War II are now overcrowded and are even using their basements.

You can do your part to correct this situation by voting "yes" when this issue comes up. If you are not registered to vote, you must do so by March 15 at the board of elections.

Is There Going To Be An All Sports Banquet?

Last May the athletes of West High School were entertained to a very successful All Sports Banquet sponsored by five Hilltop organizations.

As of this date we learn that nothing has been done to set the wheels in motion to sponsor this affair again this year. If the affair is it be held again it appears that some wheels should be put into motion immediately.

Coming Events Cast A Shadow Before Them

On Friday morning the Ohio Liquor Control Board will hear objections from local people to the granting of another liquor permit on the Hilltop out in the West High and West Broad School areas.

Already it has been made known by several persons in that community that if such a permit is granted they will exercise their rights to take the matter to the people of those precincts and ask that certain peecincts be voted dry.

It is certainly hoped that the liquor department will be able to accurately analyze the feelings of the people of this community.

Church And School Heads Protest Liquor License

Local Leaders Rap Proposed Permit Grant

A strong protest by Hilltop clergymen and school officials is expected to be made Friday morning against the granting of a liquor license to Albert Hawraney at 2814 W. Broad-st by the Ohio Liquor Control Board.

Rumblings of the protest were noted more than two weeks ago when announcement was first made of the intentions of Hawraney to transfer a liquor license to the W. Broad-st location. Two inspections have been made in that period of time by liquor department agents to determine the proximity of the license location to schools [redacted] churches in the locality.

Protest against the proposed license will be based upon the fact that West Broad Street Elementary School and Westgate Evangelical United Brethren Church are both within the 500 foot limitation provided by state law which prohibits a liquor spot if complaint is registered against granting of a license within that radius.

At the Friday hearing, which is scheduled for 10 a. m. in Room 103 at Ohio Liquor Department headquarters, 33 N. Third-st, Hilltop ministers and school heads are expected to lodge a strong protest against the granting of a license for the W. Broad-st location on the grounds that it is in too close proximity to schools and churches.

Present at the meeting will be Rev. Harold Dutt, pastor of Westgate EUB Church; Rev. A. J. Wold, pastor of Hoge Memorial Presbyterian Church; Rev. Joseph F. Lorens, pastor of Community Christian Church; Rev. C. T. Langholz, pastor of St. John Lutheran Church; Irvin H. Young, principal of West High School, and Matilda Stuart, principal of West Broad Street Elementary School.

Who's Afraid of a Lion—As Long As He's Caged

Young Jimmy Whalen, 26 Buena Vista-av, Rome, observed his birthday Wednesday in grand style. He met the much publicized "Fearless Fagan" of Mills Bros. Circus at Ohio State Fairgrounds and opined that he "wasn't afraid of any ole lion." Mills Bros. Circus as a gesture to Jimmy and his school mates of Rome School entertained the lad and the pupils of the first four grades of that school with a performance Wednesday afternoon. Jimmy, who is observing his ninth birthday, observed of "Fearless", "He's sure got awful big teeth." Jimmy's parents are Mr. and Mrs. James Whalen.

Noble L. Allen Is Selected Minstrel Show Interlocutor

Jovial and rotund Noble L. Allen, 3456 W. Broad-st, funeral director has been selected as interlocutor for the 22nd Annual Hilltop Minstrels which are to be held at West High School on April 12 and 13, according to C. Carlton Hartley, chairman of this year's production.

As interlocutor for the presentation Allen will keep the show moving at a fast pace in keeping with the tempo of the old time minstrel show which is planned for this year under the direction of Lee Koontz. The entire pattern of the show is to be based upon the popular types of productions which brought fame to such names as Al G. Fields, and others, according to Koontz.

In the meantime, more applications are still being accepted from Hilltop folk who have a desire to become thespians in this annual community project. Chairman Hartley pointed out that tryouts for the show will be held at 2 p. m. Sunday, Mar. 4, at West High School auditorium and asked that all interested persons who would like to become a part of the show appear at that time. He added that if an application has not been made that they would still be accepted at that time.

County Health Board Invokes New Measures

Franklin County Health authorities Tuesday morning took direct action to curb the epidemic of rabies in Franklin County by invoking an immediate quarantine regulation on the entire county and ordering the immunization of all dogs of three months or over against rabies.

The compulsory immunization order by county health authorities followed closely the action last week of Columbus City Board of Health in ordering a 90-day dog quarantine and compulsory immunization of all dogs within the city limits. The new quarantine order becomes effective immediately.

Maximum penalties upon conviction of violating either of the regulations are a $100 fine, or 90 days imprisonment, or both. No person may be imprisoned however for a first offense.

Action of Franklin County health officers this week in ordering a six months quarantine on all dogs in the county and immediate compulsory immunization of dogs, brings to the staff of The Hilltop Record the sense of pride that goes with a job "well done".

Several months past, The Hilltop Record opened the campaign for a measure of compulsory immunization of dogs. Since the first urgings for such a measure by the Record a serious rabies epidemic has given credence to the editorial plea of this newspaper . . . and now the campaign has successfully terminated in passage of the measure.

A newspaper's first service is to the public it serves. Your Hilltop Record is proud to have had an opportunity to serve in this campaign of educating the public to the danger of rabies and its control. Again the Record has looked to its motto, "Where there is no vision the people perish."

City and county health and police officers and the Columbus Humane Society dog officers will act as the enforcement agencies to see that the new regulation is strictly complied with by dog owners.

The immunization order applies to any person who keeps or harbors a dog or dogs, within the limits of Franklin County. It orders the immunization of animals before June 1, and each 12 months thereafter.

The action of the county health board Tuesday in which four of the five-member group was present, completely ignored rulings made in the past two weeks by County Prosecutor Ralph J. Bartlett and passed the measure although he had ruled it unlawful. No comment was immediately available from the county prosecutor's office concerning the action of health officers.

Health board members following their Tuesday action, stated, "This measure is definitely constructive to the betterment of public health. To ignore it or permit it to die because of a legal ruling would be a gross injustice to the general public which is definitely confronted by the danger of rabies in Franklin County."

At least 35 cases of rabies have been found in the county, mostly in the northwest section. More than 100 persons exposed to the disease in Franklin County have been given anti-rabies treatment.

Franklin County health authorities in their action this week have given added support to a bill now in the Ohio Legislature which would require immunization of dogs throughout the state.

In Spring Time All Kiwanians Become - NUTS

The month of March heralds the coming of spring. Spring will bring warm weather, warm weather can best be described as balmy and balmy is the right word to describe the annual Kiwanis NUT Festival.

The NUT Festival, scheduled for Thursday, Mar. 1, at 6:59½ p. m., at the Hilliards Brain Factory (Hilliards School) is produced by the agricultural committee of the Hilltop Kiwanis Club. Music for the event will be furnished by Al Bettinger's orchestra and, according to information received at this office, cost of admission is 1,000 rubles.

Information released by "Farmer" Cunningham on entertainment, revealed nothing.

The evening seemed, at press time, to be shrouded in secrecy, but our files reveal that entertainment at the festival has ranged from live pigs at the dinner to a small scale riot among the band members. Guests for the evening are cordially insulted by one and all.

According to Agricultural Chairman Hartley, "Anything May happen and I can promise that it will."

Improvement Is Slated For W. Broad Soon

A $75,000 widening and resurfacing project will begin on W. Broad-st, between Hague-av and Southampton-rd in June. Plans call for a one coat resurfacing job and widening of the street from its present 50 feet to 62 feet.

According to City Engineer Robert F. Werner, the 14-block W. Broad-st job will be paid for in a three-way split: the city will pay 15 per cent, the state 35 per cent and the federal government will pay the remaining 50 per cent, because Route 40 is a national road and holds priority for defense traffic.

Police Cruiser Dispersal Objective In New Plan

Projected plans presented [illegible] of the West Side demands that the mayor's office call for the closing of the only police substation in the West Side area, to be replaced by three new substations, evenly distributed throughout this part of the city.

The only substation now in use on the entire West Side is located behind the Glenwood-av Fire Station at 1093 W. Broad-st. From this one station operate the cruisers and cruiser patrolmen who shoulder the responsibility of stamping out crime, covering accidents and meeting emergencies in this section.

In spite of the fact that the garage-like structure is the only substation in the city of Columbus termed "liveable" by Police Inspector Scully, the expanding area cruisers be "based in their areas of operation."

The plan calls for cruisers to operate from three city parks: Sunshine, Glenwood and Westgate. Cruiser No. 3 will use Sunshine Park, cruiser No. 4 will use Glenwood Park and cruiser No. 20 will use the Westgate Park, if the plan is accepted.

According to Inspector Scully, the usage of the city parks has a multifold purpose: to keep order in the parks, give the cruisers a better chance to cover their assigned areas, afford a convenient spot for crew changes and writing reports, and to put the cruisers into the areas they serve.

Under the present set-up, a cruiser may have to drive four to five miles to cover one call. Under the suggested plan, a mile and one-half should be the maximum distance each patrol will have to be responsible for.

One of the problems involved in the changeover is shelter for the cruisermen. Temporarily, the patrolmen may use the shelter houses at Sunshine and Glenwood Parks. Emergency shelter at Westgate Park may be afforded by a city election booth.

Wednesday, city officials toured the parks, attempting to iron out wrinkles in the plan before its final drafting.

A past president of the National Association of the Study and Care of the Feeble-Minded and past president of the Columbus Academy of Medicine, he was recognized as an authority in the field of neurology by his associates.

Kinsman No. 617, F. and A. M.; the Scottish Rite; Mt. Vernon Commandery No. 1, Knights Templar, and Aladdin Temple of the Shrine. Damage Suit Settlement Ends Trial

A $24,000 damage suit in Common Pleas Court against a Columbus attorney was dropped Friday when a $1,000 settlement was reached.

Mr. and Mrs. Harold Boring, 117 N. Warren-av, dropped their suit against Attorney Kenneth Little, 40 W. Gay-st. The damage suit claimed that Little had failed to properly represent them in a case which caused them to lose [illegible] lease to a sheriff's sale.

The Borings said they were "not satisfied with the settlement" but had "learned certain facts which gave them no choice but to accept."

Sohio Plans To Build New Pipe Terminal Here

Standard Ohio Company of Ohio Division Manager J. P. Sharkey announced this week that his firm will start construction on a new pipeline terminal on the West Side as soon as conditions permit. Sharkey said that the new terminal will cost between $500,000 and $1,000,000 to build.

Sohio now has a terminal on W. Broad-st at the New York Central Railroad tracks which connects with pipelines carrying gasoline and oil from refineries in Lima, Springfield and Dayton.

In announcing the new terminal in this community Sharkey declined to specify the exact location of the proposed construction, nor would he indicate when it would be completed. He did, however, say that construction would begin immediately and that he hoped it may be finished within a year.

It is not certain whether the company will continue to operate its present terminal in addition to the proposed new facility. It is believed that such action will depend solely upon the demand for the facilities.

Two Year Fight By Joan Height Residents Ends

Two years of periodic protests by residents of the Joan Heights subdivision near Valley View have succeeded in convincing county commissioners that flooded yards, basements and crumbling roads must become a part of the past.

For the purposes of the new lodge's initial inspection, work will be conferred in the Master Mason degree, under the direction of Worshipful Master Fletcher Wright.

During his lifetime Dr. Turner contributed much to Masonic bodies, especially on the Hilltop. By virtue of his unselfish motives and membership of almost 2000 and is rated among the most active Mahis services to Freemasonry it was decided by members of the petitioning group to perpetuate his name in identifying the new lodge.

Achievements of Dr. Turner are many. He was a Mason for more than 65 years, during which time he served as top official in many bodies. He was first master of West Gate Masonic Lodge, master of Vinton Masonic Lodge, high priest of West Gate Royal Arch Masons, illustrious master of royal and select masters and held active membership in the Knight Templar and Scottish Rite bodies.

His Masonic honorary affiliations included the 90 year medal of the grand lodge, Masonic Veterans Association, Order of High Priesthood and Order of the Silver Trowel.

Story Of Clarence Story Is Business, Hobbies, Children

After 23 years in business on the Hilltop, Clarence Story, owner of Story Cleaners, 2420 W. Broad-st, feels only appreciation for his customers. Reflecting on the years he has worked for Hilltoppers he said:

Clarence Story

"I am deeply grateful to the people of the Hilltop for supporting me and my family throughout the years."

Story, a short, serious, graying man, opened his W. Broad-st store in 1945. His shops have always been located within "rock-throwing" distance of the spot he now occupies.

Married, the father of a son and daughter, Story resides at 185 Binns-blvd. His daughter is a student at West High School, while his son, Don, will graduate from Ohio State University in August.

No hobbyist, Story finds time only for hunting and fishing. Each year he goes to Canada for a two-week fishing trip, while he takes a week off each winter to go to Pennsylvania to hunt big game. He manages to get out into the local fields for a day or two during the hunting season on small game.

Story declares that he is a loyal rooter for West High and Ohio State ("haven't missed a Michigan game in years"). He is a member of the Quarterback Club, Hilltop Business Association, and the West High Band Parents.

Errant Stork Doublecrosses Hilltop Church Women

'OFT GANE AGLEY . . . Mrs. Leonard Echols (far right on phone) is shown talking to Mrs. Hydinger, while other members of the shower committee look on. Shown, left to right, are Mrs. Bernard Lasher, Mrs. Herbert Pfaltzgraf; Mrs. E. J. Reilly holding Mrs. Echols' daughter, Lois; Mrs. Howard R. Thompson, Mrs. F. S. Jester and Mrs. W. H. Hallsteins. (Journal photo)

THE BEST LAID PLAN 'A MICE AND MEN . . . A shower to be held for Mrs. John Hydinger Thursday night really became a surprise shower when David John Hydinger forced his mother to attend the shower via phone. Mrs. Hydinger, new son, and Rev. Hydinger are shown above. (Journal photo)

Old Man Stork is a most independent creature, or at least so the women of the Hilltop Evangelical Lutheran Church learned last Thursday evening.

The church women had decided to give a surprise shower for Mrs. John Hydinger, wife of the pastor of the church. Since the Rev. and Mrs. Hydinger were expecting their baby next month during Holy Week, the women decided to give the shower Thursday, about one month before the baby's arrival.

Mrs. Leonard Echols and her committee worked hard decorating the church and making arrangements for the party's success.

According to the group's plans, Rev. Hydinger was to tell his wife that they were going to Mrs. Echols' home, Thursday evening. When they drove by the church, he was to make some excuse for stopping a moment and going in. Plans called for him to bring his wife into the church, too, so that she would find herself in the party before she realized what was happening.

Things didn't quite work out according to schedule, for by the time the ladies of the church had finished decorating, wrapping the gifts and preparing for the party, Mrs. Hydinger had presented Rev. Hydinger with his second son, David John Hydinger.

The Hydingers have another boy, James, three years of age.

A few of the women, members of the shower planning committee, knew of the addition to the pastor's family, but most of the women attending, arrived at the shower prepared to give Mrs. Hydinger a surprise and instead, she gave them one.

You never know about Old Man Stork.

Members of the committee arranging the shower were Mrs. Echols, 291 S. Richardson-av; Mrs. Bernard Lashar, 626 Crescent-rd; Mrs. Herbert Pfaltzgraf, 200 N. Warren-av; Mrs. E. J. Reilly, 108 N. Brinker-av; Mrs. Howard R. Thompson, 847 S. Harris-av; Mrs. F. S. Jester, 94 S. Westgate-av, and Mrs. W. H. Hallsteins, 96 S. Warren-av.

The Rea-Bow Association News

By "The Janitor"

The jitney supper held in Rea-Bow Hall Saturday, Feb. 24, was very successful. The association wishes to thank all those who attended. After the supper, a business meeting was held, and Mrs. Ralph Thompson of 1665 Franklin-av, was named chairlady of the March supper. Mrs. George Wolfe of 856 Midland-av will assist Mrs. Thompson. Master of ceremonies for the March socials were appointed by Mr. Wolfe, association president. Those named are, March 3, Charles Rayburn, 152 Cypress-av; March 10, Norman Brokamp, 939 Clarendon-av; Mar. 17, Ralph Thompson, 1666 Franklin-av; Mar. 24, Jack Young, 956 Midland-av, and Mar. 31, George Wolfe, 856 Midland-av. Special events are planned for the St. Patrick's social.

After the meeting the social was held, under the direction of Mack Flynn, of 159 Cypress. Henry Birtcher of Whitethorne-av won the quilt, and Mrs. Jack Young of Midland-av was the winner of the crocheted table cloth. Mrs. John Toy of Hilliards won the crocheted table cloth that was awarded as a door prize. Round and square dancing was enjoyed until midnight.

It was happy birthday for Mack Flynn, and wedding anniversary to Mr. and Mrs. Charles Rayburn and Mr. and Mrs. Homer Freeman.

Two large evergreen trees have been planted in front of Rea-Bow Hall, and plans are being made for redecoration of the hall, inside and out.

Six families became new members of the association Saturday night. They are Mrs. Lucille Adkins, 726 E. Third, Mrs. A. Lang, 684 N. High; James Adkins, 2062 Whitehead-rd; Paul Reed, 122 E. Lincoln; Martha Manning, 2079 Whitehead-rd, and John O. Reed, 1561 Oak-st.

The association was sorry to hear that Howard Hoffman of 1046 Thomas-av, suffered a broken back in a fall from the roof last Saturday.

Marjorie Thompson of 1665 Franklin-av is recovering from a throat infection.

Mrs. John Doughty, 1073 Whitethorne-av, has been named chairlady of the Ladies Sewing Circle. Mrs. Doughty has selected Thursday of each week as the day the ladies will meet at the hall. Time will be 1 p. m.

The association is conducting a waste paper drive. All money raised from this drive will go into the regular fund, and it goes for the expenses to maintain the association.

Mrs. William McDonald of Valleyview-av, has donated a beautiful quilt to the circle.

Rabies — What Is It In Animals?

Rabies is an acute infectious disease that may affect humans, dogs, cats, all domesticated farm animals, and wild animals such as rats, foxes, wolves, coyotes, skunks, and squirrels.

The virus which causes rabies may gain entrance to the body through a bite wound or the saliva from an infected animal. After the virus reaches the blood stream it then passes on to the nervous system and finally to the brain. The time it takes for the virus to reach the brain after gaining entrance to the body may be from a few days to several months, depending on location of the bite. The laboratory test is a microscopic examination of the brain cells to see if the so called Negri Bodies are present in the cells. There has never been known a definite recovery in a case of rabies in animals.

There are two definite forms of rabies in animals. The dumb form and the excitable form. There is no set of symptoms that the layman can go by except a noticeable change in disposition and tone of voice of the animal. In the dumb form you usually find a paralysis of the throat and lower jaw. The saliva may be infectious as long as seven to 10 days before other symptoms show up.

It is very difficult some times for the veterinarian to make a clinical diagnosis of rabies at the first look at the animal but by observing the animal two to three days clinical symptoms may appear and the animal seldom lives longer than 10 days.

The farmer should also be aware of the fact that the disease is being spread by foxes to all types of farm animals and causing considerable loss.

We must all realize, of course ,that rabies is a real problem and unless we adopt measures to prevent and control rabies, it will continue to be a public menace.

By Jove! He Just Made It!

"SMALL BUSINESS"

By C. WILSON HARDER

Congressional leaders privately advise small business leaders, "Tell your people not to be panicked by lurid reports and sell their businesses as many did early in World War II."

• • •

Scare headlines by publicity seeking bureaucrats are putting a false front on raw material supplies; many statements are made hoping to stop planned investigations, they say.

C. W. Harder

• • •

This is the year bureau heads may roll, lopped off by the House and Senate Small Business Committees now gaining power through greater support from increasing organization of independent businessmen.

• • •

First target in the battle to end material shortages for both civilian and military supply will be the Marshall Plan. Congressman Fred L. Crawford of Michigan on the floor of Congress has called attention to public bitterness over the diversion of the American substance.

• • •

In a recent speech in St. Louis, Stuart Symington, Chairman of the National Security Resources Board, said since V-J America has given nearly thirty billion dollars to aid foreign nations, equal to 80% of the total national debt at Pearl Harbor. But right now, besides the squandering of American taxpayers' dollars, squandering of so-called critical materials creates genuine alarm.

• • •

Examples: Copper is said to be critical, yet in January, 1951, Marshall Plan officials gave $6,635,000 worth of copper to Germany, Austria, Netherlands. Cotton is said to be short, but $20,100,000 worth was given to France in that same month. Tin is said to be short, yet $3,000,000 worth was given to the Netherlands in January; $200,000 worth to French North Africa the previous month.

• • •

Many Congressmen want to find out why we give away materials said to be short. The annual report of the Senate Small Business Committee headed by Senator John Sparkman of Alabama, just issued, indicates no one has been able to explain why these materials should be short.

• • •

The Committee refers to the study by 18 leading economists at Harvard School of Business who find that the present economy can support an army of 6 million men.

• • •

So far, the only statements on shortages have been made by bureaucrats, and by monopoly officials busy cutting off supplies to independents.

• • •

Besides curtailing gifts of supposedly critical materials abroad, fair distribution is needed at home.

• • •

This is one reason why the House Small Business Committee headed by Rep. Wright Patman (T.) bitterly criticizes Federal Trade Commission failure to enforce Anti-trust laws.

• • •

This committee says the FTC needs more money because it needs better men: a very strong statement.

• • •

These are just a few of the points mentioned by Congressmen when they state:

• • •

"If small businessmen keep up present active interest in government, just as Big Labor and Big Business have always done, their problems will be far less . . . and the Nation won't lose any wars either."

READER COMMENT

Letters To The Editor

The newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Dear Editor:

In an article in a recent issue of the Hilltop Record the statement was made that man entered life with two distinct elements in his nature. He is a mixture of dust and divinity. This mixture is found in all men — all human beings.

These elements meet in two contrasted lives—Cain and Abel. Cain is a child of the dust. He represents that type of mankind whose life is dominated by the "works of the flesh," some of which are covetousness, greed, envy, hatred, drunkenness, and murder. Abel's life was governed by the "fruits of the spirit." Some of these are love, peace, meekness, gentleness, humbleness, tolerance, and temperance.

These two characters, Cain and Abel, mark the beginning of two classes of society. One class has gone in the way of Cain and follow one or more of the "works of the flesh." The other class has followed in the footsteps of Abel which leads to moral and righteous life.

Cain was selfish and utilized all the gifts of life for his own advantage. His aim was to gain power and accumulate wealth. He is what the world calls a successful man. His way of life is the ideal of many today.

From an earthly standpoint of view, Abel's life was a failure and his work cut short. But the voice of Abel still cries from the soil that buried him. The ideal he left, kindled a spark which found its way through the ages until it gained its full fruition on the cross of Calvary.

These two classes of mankind spread until they have today inhabited the whole earth. We are brought face to face with problems which the people only can solve. They can not be solved by the U. N. nor by treaties, nor by laws. These are not the solution of the problems. They are only a means to an end.

The nations of the world directly or indirectly are engaged in war. The causes of these wars are the works of the flesh, selfishness, greed, lust for power, etc. Too many people have gone in the way of Cain. Crime, law-breaking, corrupt politics, youth problems, disunity of Christian forces.

Most people want to see these evils corrected. They want Peace. They are asked to pray for peace and better conditions. Would it not be better to pray for repentance? Elijah prayed for rain after Israel repented and his prayer was answered. When people repent and get back to God, the home will be as God intended and these problems will be solved.

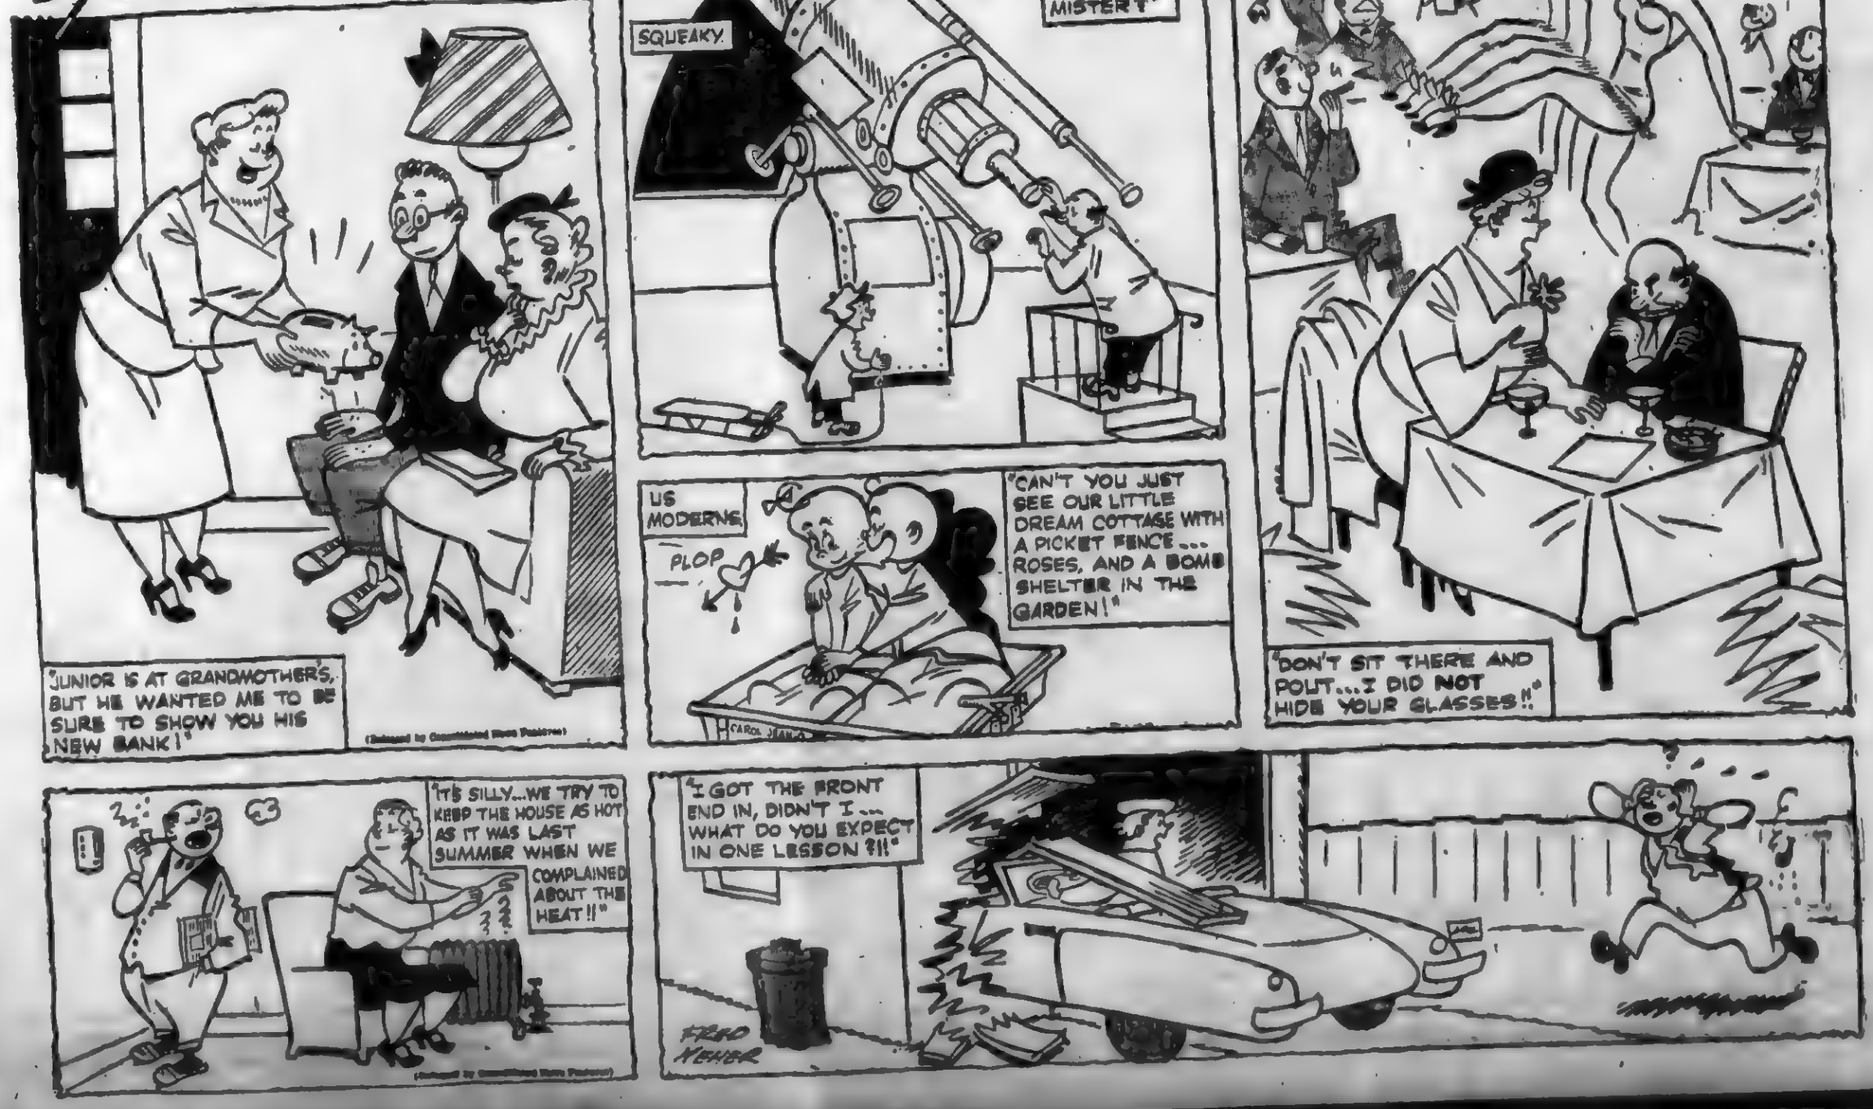
Tetanus, or Lockjaw, is preventable, when steps are taken in time. It is caused by a germ that thrives best where oxygen, or air, is excluded. The germ lives indefinitely exposed to oxygen, but they reproduce best in a penetrating wound, where other germs or dirt have brought about formation of pus.



The normal habitat of the tetanus germ is the intestinal tract of the horse, and is found widely around stables, horse lots, wherever fertilizer has been used on lawns or flower beds. In short, the germ may be anywhere, particularly out-of-doors.

The tetanus germ being a scavenger, finds the oxygen-free, pus-filled wound an ideal home. These wounds do not have to be large, but these germs multiply and pour their poisons into the system, where it attaches itself to the nerve trunks and goes to the brain.

A small dose of "tetanus antitoxin" given in time, will prevent tetanus. In any case of a wound, you should put the responsibility on your doctor. He will not give you antitoxin, unless you need it, but he is best qualified to judge.

Burgess, Hoge, Highland Tied For "Y" Intermediate Crown

By Dave Miller

About the only thing of interest in the games played in the Hilltop YMCA Intermediate Basketball League last Wednesday was the individual scoring champion.

Bob Shivers, who paced the league all season after his 21 points in the opening game, was edged out on the last night of the season last week by Hoge's sharp-shooting Ted Collins.

Entering last Wednesday's final sets of games, Shivers had 66 and Collins 63. So, in the opening game, Shivers bagged 16 points, and Collins needed 19 to tie and at least one more to win. As it resulted, Collins hit 23, and won, 89-82.

The expected took place as far as results were concerned. Burgess, Hoge, and Highland ended in a three-way first place deadlock, each with 8-1 markings, and Arrows finished in fourth to grab the final spot in the Class A group. The final four clubs will formulate the Class B and the teams will enter in a single-elimination tournament, the winner of each class pairing with that division's all-star team.

Hilltop-Highland

Despite a 16-point performance by Bob Shivers of Hilltop, Highland edged out a 32 to 27 victory in the night's opening contest.

Hilltop held a surprise 6-4 first period lead, but the final winners grabbed a 14-12 halftime margin which they increased to 26-23 by the next period to sew up the game.

Jim Smith, playing an excellent game, both on rebounding and scoring, had 15 points for Highland. Teammates, Dave Bill and Dave Lazenby each had six.

Hoge-West Park

Interest was at a low ebb in this one. The first place Hoge squad led all the way, scoring 18 points in the second period and 16 in each of the last two quarters to easily snare a 56-36 victory over highly-outclassed West Park.

Ted Collins of Hoge was the top subject of the game, needing at least 10 points to win the league's scoring crown, and after Hoge grabbed an 8-1 first period lead, most of the concentration was on Collins, who came through with 16.

His teammate, Ron Ackers, gathered 15 while Bob Schwartz paced the losers with 12.

Arrows-St. Paul's

Arrows snared a first division berth by virtue of their 32 to 26 win over sixth-place St. Paul.

It was a close one all the way, but the Arrows outscored St. Paul, 8-3, in the final quarter to sew up matters. The winners held only a 24-23 lead entering the last period, but that was the tale-telling quarter.

Fred Kerner of the Arrows was high scorer with 13. Sonny Chappelear of St. Paul and Marry Stump of the winners each had seven.

Burgess-Hillcrest

Points poured through the nets in the night's finale like water down a drain. Burgess sewed up their first place tie by virtue of their 72-58 win.

Burgess led all the way, holding a 32-20 half-time margin, and although outscored, 19-17, in the final period, the decision was hardly in doubt. Thirty-one personals were called in the game in addition to the 130 points scored.

Mo Dobbs of Burgess was high scorer with 22, closely followed by Miller of Hillcrest, who hit 20. Phil Rodick of the losers hit 21.

SPORTS LANT S

By Dave Miller

With the end of every athletic season, thoughts of many coaches, players, and followers of respective teams—be it amateur, high school, or college—usually turn to the nominating of all-star teams.

West, of course, will be represented again in the City League nominations as well as the West Junior squad, eligible for All-Junior High berths.

From West Senior, West will probably have three or four nominations. Forwards, Jerry Trabue and Bob Thornton, both in their first varsity seasons; and center, Roger Smith and guard, Jerry Johnson. The other starter, guard, Russ Friend, has played only a half-season and probably won't be in for honors.

The above four are all good ballplayers, and how many they have scored will mean very little. Trabue, the league's top scorer, will no doubt receive a unanimous vote. Jerry was an all-city junior high cager in 1948-49, and last year, after playing a half year of junior high, played on both the reserve and varsity teams.

Thornton and Smith are both excellent rebounders, which will give both much praise from opposing coaches. Johnson, coming into his own at the guard spot this last semester, will also receive some votes.

Elsewhere in the City League, East should be well represented. Second-place individual scorer, Rollie Harris, will be unanimous, without much doubt, in addition to teammates Romie Watkins and Bill Truss.

North has two top-flight cagers in Don Forsyth and Bobby Gardell; South has Chuck Haws, Jack Keller and Jimmy James; Linden will be represented by Paul Burns, Bob Vannett, and Harold Hines; Aquinas, John Masdea, Jack Schmidt and Paul Bean or Dick Burkley; Central, Mary Hairston, Ted Alexander, and Bob Smith.

Bob Strawser of South, John Masdea of Aquinas, and Romie Watkins of East are the returning boys of this season back from last year's All-City first team. Of these three, only Watkins seems sure of a berth this year.

Masdea couldn't seem to get the football out of him all year; and Strawser, a speedy and lanky guard, suffered a knee injury that has slowed him all year. To prove the fact, Masdea scored 164 points last year as a junior, but this year, completing a tremendous athletic career at Aquinas, he scored only 133.

Harris of East; Schmidt of Aquinas, Vannett of Linden, and Truss of East were second team choices on the all-city team last year, and all will be represented on one of the squads this year.

Although all three local papers pick an all-city squad the coaches are the ones who make the choices. In this process, the coach is asked to select eight boys on teams No. 1 and 2, forbidding him to pick his own players. In another list he lists his own players in accordance to importance to the team.

Here are our nominations:

First team, F — Jerry Trabue, West; F—Marv Hairston, Central; F—Jack Keller, South; C—Rollie Harris, East; C—Dan Forsyth, North; G—Romie Watkins, East; G—Jack Schmidt, Aquinas; G—Bob Gardell, North.

Second team, F—Ted Alexander, Central; F—Chuck Haws, South; F—Roger Smith, West; C — Bill Truss, East; C—Paul Burns, Linden; G—Jimmy James, South; G—Harold Hines, Linden; G — Dick Burkley, Aquinas.

West Jr. Cagers Finish Season With 6-4 Record

By Dave Miller

West Junior completed another successful year last Friday afternoon by trouncing a highly-favored Everett five 47 to 20, in a City High League game played at West.

The tilt completed the 1950-51 cage season for both squads, West ending up with a 6-4 record; Everett, a 3-7.

"The squad this year displayed plenty of spirit although they were rather lacking on talent at the beginning of the year," states junior high mentor O. D. (Red) Lehman.

"They certainly have something to be proud of. They battled with teams much superior to themselves, but only lost one of the four games really. That Barrett game (a 5-29 trouncing) was the only one they were disheartened in. We certainly gave Mound (31-34), and Roosevelt (36-40), a battle down to the wire."

The other loss was to McKinley, 42-26, but the final score does not explain the closeness of that one.

The six wins by the local juniors were over Everett (41-20); Starling (39-33); Indianola (34-33); Franklin (33-26); Crestview (54-43); and Champion (42-36).

OSU Pen and Brush Club Members Aid Juvenile Delinquents Toward Self Expression Via Art

Posing with oil and water-color paintings done by members of classes they teach at the State Bureau of Juvenile Research, 2280 W. Broad-st, are (left to right) Martha Michaels, Janet Bauer and Joanne Harrison. All three girls are students in the school of education and members of the Pen and Brush Club at Ohio State University.

Each Monday night six Ohio State University students toss their books into the corner, ignore impending tests and ride the city busses from Ohio State University to the State Bureau of Juvenile Research, 2280 W. Broad-st, to teach art and artistic self-expression to children detained at the bureau.

The students, all members of the Pen and Brush Club and majoring in education at Ohio State University, are Jean MacInnis, Joanne Harrison, Harold Schneider, Janet Bauer and Don Boyer.

Using teaching methods and processes taught them at OSU, the six have raised the older club group (11-18 years of age) from 30 to 60 members since the classes began in January. Children held at the bureau join these classes voluntarily and more are joining at each class meeting.

Ignoring the title "sissy" attached to art by boys, the older classes are comprised of about 45 boys and only 15 girls.

Looking at their works in oil, (shown in the picture above) one can easily realize that the students have enthusiasm for their painting. Certainly the expressive intensity found in the oils reveals that the students can open their minds to the world through the brush, if in no other way.

Describing the practical, as well as the recreational side of the art club at the bureau, Mrs. Virginia Calhoon, 2862 Elliott-av, supervisor of cottage life and recreation at the Bureau of Juvenile Research, stated in an interview, "It's important that we see the children in varied settings, as in group and club work. Their club work gives them a chance to express themselves and gives us a chance to study them and their method of self-expression."

Continuing, Mrs. Calhoon said, "Most centers of this sort seem to emphasize shop and manual work. I feel that carpentry and woodworking aren't too useful to us."

"All that most of these children have encountered in their lives has been failure. There is too much chance of failure in shop work, unless a child is inclined toward it. No painting, however, is ever a flop, because the child who made it can see in it just what he wishes, so it's never a failure to him. Besides, children in the younger groups (5-10 years of age) rarely have the ability to successfully work with wood; but any of them can paint or sketch," she added.

The younger groups work on manila paper with crayons and pencil, while the older groups use tempera colors, soy bean paints, charcoal, pastels, pencil, and oils.

The young group looks more like a kindergarten class than an art club in a juvenile bureau. The children laugh and play during the two hour class period. They bite their tongues, twist their feet, bounce up and down in their chairs, but their major effort goes into their sketches.

The older group is a more restrained, serious group. Quietly, the boys and girls in the class work on their paintings. One boy will perhaps be painting a lush forest scene, another a painting of Roman warriors, while a third boy sitting next to them contrasts the solemn beauty of a cathedral with a neighboring tenement, replete with the washing on the line.

Contrasts in the mind are often most easily discerned through contrasts in the paintings.

Legion Auxiliary Presents Flag To Juvenile Bureau

Presentation of an American flag to the Juvenile Research Bureau highlighted the regular meeting of Camp Chase Auxiliary No. 98, American Legion, last Friday evening. Mrs. Edna Johnson, 94 Belvidere-av, of the Americanism committee, made the presentation of the flag to Ensign William M. Stubbs, business manager of the bureau, who had just been recalled to active military duty.

The presentation was made possible by Mrs. Clara Eccles, 139 N. Wayne-av, who received the flag from the war department at the death of her husband, James Eccles, who served in the first World War.

Another interesting feature of the meeting was a quiz panel on "Know Your America", conducted by Mrs. Edgar G. Planck, in which members asked questions from the floor.

April 24 Will Be Recognition Day

Enthusiasm has been mounting among junior-senior students in regard to Recognition Day, which will be held at West High School Tuesday evening, April 24.

Industrial arts, fine arts, home arts, and science classes have been planning this Spring Show for some time.

Recognition Day is to give the parents an opportunity to see what work has been accomplished by the students during the year.

Students juries will select work which they feel worthy of recognition.

Winning works will go on display for the parents to review.

Recognition Day will become an annual part of West's program.

West Teachers Bowl Over North

West High bowling team won two games from the league leaders, North High School, at Riverview February 12.

The West team was tied for second place in an eight-team league.

The four bowlers who are teachers here at West are C. W. Michel, Adolph Kittel, O. D. Lehman, and E. Thoburn Stone. Mr. Lehman helped rack up these two wins by rolling 203. The high team game was 703.

Workman Hurt In 15-Foot Fall

Howard Hoffman, 28, 1046 Thomas-av, was hospitalized Saturday, when he fell from the roof of his home and fractured his back.

Hoffman was repairing the roof when he slipped and fell the 15 feet to the ground. He was taken to Mt. Carmel Hospital by a fire department emergency squad.

West Hi Cagers End Season With 75-63 Win

West's basketballers hit their peak of the year last Friday evening in the local gym as they soundly trounced Linden McKinley, 75 to 63, to draw a climax to the 1950-51 cage season's regular schedule.

The Cowboys were to oppose the same McKinley team in the Central District Class A Tournament Tuesday evening, and the result of that game can be found elsewhere in today's paper.

The Cowboys were a tough outfit to beat in the Linden game last Friday, though. The win was the Cowboys' fifth in 12 starts in the City League, while it set their overall record at 10-9. It marked the third straight "even" season for Coach George Williams.

This season and last had some marks of being the same. The Cowboys again had the City League's top scorer. Last year, Phil Young gathered the title, while teammate Bill Thrush was runner-up.

This year, 11-B Jerry Trabue snared the honors, edging out East's junior center, Rollie Harris, on the last day of the season. Trabue finished with 227; Harris had 225.

Trabue's big total this week aided matters considerably for the six foot-two inch junior. He bagged 18 Tuesday, against North; 28 Wednesday, opposing Central, and then his record-breaking 31, last Friday.

Trabue set a West individual scoring record Wednesday with his 31, breaking the old mark.

Camp Chase Post News

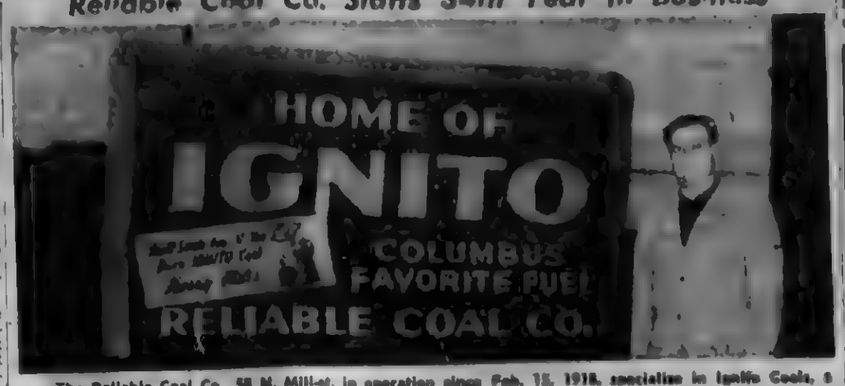
By John Martindale

Where were you between 7 and 11 p. m. on Feb. 24? If you were among those who attended the post's million dollar party you will agree that old CC Post did it again. Some folks really had the surprise of their lives.

You have all heard that song called "The Thing" and know that the UH-UH-UH sure must be something no one wants any part of. Can you imagine winning (?) it, Kate Smith, the wife of our commander was sure stumped when she won that big box and was told she would have to keep and take care of the Thing. Curiosity got the better of her and she opened it to find Marlo (Commander Smith) and a bottle labeled Hadocol. We had our suspicions but now the truth is out—it is no wonder they fussed so much about not wanting that UH-UH-UH.

Charlie Weidner turned out to be the lucky Post member to win the "Treasure Chest" to guard and keep its contents a secret and bring it back next year to pass on to some other lucky member.

Did you ever win a live pig? Grace (Mrs. George A.) Ward sure did just that. She might have known just what to do with it down in Mississippi, where George found her, but little Gracie didn't know what to do with a pig up here in Columbus with so many Yankees all round—so she sold the little feller.



Every one had a time, John West, Dewey Stout and Madge Martindale with, their hard working committees, made up of Post and Auxiliary members, deserve a lot of credit for a job well done.

You and I know, however, that there is more to the Legion than having a pack of fun. Just how much of a jolt do we need to get us working mad? Did you read the article on page three in the February issue of the Ohio Legion News about the Chillicothe VA Hospital? Be sure to read it and think it over. There is a situation we sure need to get working mad about.

Veterans' organizations are all dedicated to helping the veteran and his family when they are in real need. Here in Ohio we have veterans being locked up in jail because they are ill, mentally ill, while their families try in vain to get them into a hospital.

Here is a real need and we can and must do our part to correct it.

Ah 'Tis Spring —

The Birds Return To Hilltop; Several Familiar Species Seen

March is with us again. With March came the return migration of the birds to the North.

Seen recently in the Hilltop area were the following birds:

HAWK-EYED EAGLE — This bird's habitat ranges in the winter from poolroom to TV set. Rarely ventures into the open except in March when he may be found on all street corners ogling passing females. This bird does little constructive work, continually sits on his tail and prays for high winds and war-time material shortages.

EAGLE-EYED HAWK — Closely resembles the Hawk-eyed Eagle, but always stands on the opposite corner from him.

LUSCIOUS LOVEBIRD — The lovebird, particularly this specific specie, migrates to Florida or California whenever possible. Upon encountering bad weather, this bird usually flies to Reno, Nev., to take advantage of its singular climate. Luscious Lovebird is most frequently whistled at by Hawk-eyed Eagle and Eagle-eyed Hawk on windy days. The lovebird can almost always be found out at night.

LAUGHING LOON — The loon is an often cursed bird. His sense of humor may be compared only to that of the Laughing Hyena. A loon may be found in every crowd. He can easily be located by an insane laugh that is heard whenever a hat is blown away, gusts snatch valuable papers out of people's hands or when a new hair-do is ruined by March blasts.

BANTAILED BUZZARD — The buzzard is generally regarded as a loathsome bird who decries everything. If business is good and food easily found, he expects a crash. If the weather's fair, he expects snow. His cry is "crash or boom, there's naught but gloom." He is an introverted Laughing Loon.

ROBIN REDBREAST — Considered common by many, some experts claim that the redbreast is disappearing. He is noted for diligence, early hours, and consistent hard work. The redbreast is our most popular bird.

HAPPY HEN—The hen is usually found in the vicinity of the redbreast. She winters where she can, pecks out her daily work wherever she is and scratches for herself. She is independent, thrifty, and when first sighted this spring was squawking loudly about the price of feed.

KIWI—A small, active, noisy bird that constantly pesters its parents for an extra worm, a raise in allowance, or permission to stay up late and watch a Hopalong Cassowary show.

WOODY WOODPECKER — The true woodpecker is the final assurance of spring's arrival. He puts in long hours pecking on front doors. He frequently wears out resistance by a constant repetition of his knock. When he's in the neighborhood, husbands are frequently sent to the door to meet his tap-tap-tapping with sales resistance. Unless opposed by the Bantailed Buzzard, the woodpecker usually drills into an opening, and stays put 'til he makes his point.

Those from other cities are David Fuller, 11A, in 302, from New Albany, and Arlene Miller, 10A, in 317, from Dayton, Ohio.

Other new students are Esther Smith, James Conway, Phillip Cornwell, Alma Jean Kellar, and Donald Dildine.

AID AT GLADDEN
By Ila Fleming

When the 9B's were in their 8A English class last semester they started taking care of small children at Gladden community house after school.

This semester some new 8A's are also helping at Gladden. They are Sanda Hite, Sharon Mollenkamp, Glenda Riggs and Carol Smith. Three of the 9B's still helping there are Diane Johnson, Rita Nelson, and Beverly Swetland.

American labor unions of the late 1700's were among the first organizations to oppose imprisonment for debt, to favor free schools and equal rights for women, and to crusade for a 10-hour work day.

State School Patients Caught

Two of the teenage boys, Columbus State School patients, who admitted setting a $20,000 fire in a Westerville barn last Tuesday night, were recaptured Friday night, two hours after they had fled the W. Broad-st institution. This was the second time the boys had fled the institution within the past week.

State Highway Patrolman Clifton Copenhaver reported that the two boys, 16 and 17, escaped about 8:15 p. m. and were picked up as they walked along Route 40, half a mile west of New Rome.

My favorite shutin received orchids on Valentine Day. She isn't going any place to wear them so they're in the icebox, no doubt exchanging frigid glares with the butter, each claiming to be more expensive than the other. My friend Don Aiban could put this up to the nth degree (Fahrenheit, of course) but I'm not as clever as he is.

Previous stories about radio and television personalities which have appeared in this department have concerned those who are heard and seen. This will be sort of a peep behind the scenes, courtesy of Mr. John B. Moses, Program Director of Radio Station WHKC. There's an old cliche about the bigger the man, the easier he is to approach. Mr. Moses should have a big, shiny medal for his kindness to dumb interviewers. Nobody lucky enough to know him will doubt me when I say the interview was thoroughly enjoyable—to me—for he is known for his geniality. And is he tactful! We were introduced about 10 years ago and he couldn't possibly remember me but he said he did. He's good for what ails a deflated ego and would go far in the U. N. arena. But getting back to WHKC, Mr. Moses started there 16 years ago, as an announcer. During his eight years as a newscaster (7 a. m. news) he made many friends for the station. Now he handles only special events broadcasts, but wanted me to understand that his able staff of seven announcers could handle them; that he does them because he is usually "there"—Johnny-on-the-spot, if I may be forgiven. This busy man makes many personal appearances and M. C.'s numerous benefit performances; teaches classes in radio at Ohio State, Capital and Otterbein Universities and other schools; speaks before PTA groups; is vitally interested in many public service and civic programs, and works hard in their behalf. He is an avid listener to police and fire department radio broadcasts. When there is a fire he consults the city map, and any listener to WHKC knows the rest. He has on several occasions helped firemen "haul hose" at big fires in the city, and has served coffee and sandwiches to firemen and other workers in the Red Cross kitchen. He is a member of Box 15 Club, an honorary group of "fire buffs" who are scientifically interested in fires. Again getting back to WHKC—Mr. Moses is responsible for all programs carried by the station throughout its daily 19-hour operation with the exception of Mutual network shows, which comprise about 25% of the daily schedule. He is always happy to give time for the furtherance of any worthwhile project. According to an item in the last issue of "Sanaire," publication of Benjamin Franklin Hospital, Mr. Moses recently donated several hundred phonograph records for use on the hospital's radio station. This is a typical example of the man's kindness. He and Mrs. Moses live at 88 Linwood-av; are the parents of a daughter, 13, and son, 8. When he has time for hobbies, he likes fishing and photography. But I think "being a friend to man" is his chief hobby.

"Our Gal Sandy" Sanford, 2623 Glenmawr-av, one of the Courage, Incorporated's most tireless and enthusiastic workers, tells me the organization is to give a show at Central High School at 8 p. m., Apr. 24. Apr. 24, incidentally, has been proclaimed "Courage, Incorporated Day" by Mayor Rhodes. The Hilltop's Ruth McDonald of 2497 Steele-av, is producer of the show; Sally Flowers (WLW-C) and her musicians will furnish some of the music. Sally will M. C. the show. All proceeds will go into the Courage, Incorporated treasury, since all talent is to be donated. Admission will be one dollar. I wouldn't miss it—and you shouldn't either.

Excerpts from mail: From Stanley Stein, editor of "The Star," monthly publication of National Leprosarium at Carville, La.—Will you bring the condensation in February "Reader's Digest" of Betty Martin's book, "Miracle at Carville", to your friends' attention? . . . From a physician—When they asked me what cigarette I smoke, I told them my pipe . . . From Maree Myer, of Newark, a poet—Millions have been spent in this ers on warring but so little on the perpetuation of beauty and ideals.

West Junior High Student Wins In Annual Writing Competition

Sharon Robinson

Ella Sue Osborne of Hilliards High School, won first prize in the editorial division of the annual school press project, sponsored by the Columbus Tuberculosis Society, last week, while a special prize was awarded to Sharon Robinson of West High for her feature article.

Sharon, daughter of Mr. and Mrs. Art Robinson, 470 Hilliard-av, is the only junior high school student ever to participate in the project, open to all high schools in Franklin County with school newspapers.

A total of $97.50 in prizes, $15, $10, and $5 was awarded in each of three divisions—editorial, feature, and cartoon—for outstanding entries on one of two subjects: "How the Christmas Seal Fights Tuberculosis" and "What facilities Does My Community Need to Fight Tuberculosis?"

Other participants from West High, who received humorous cartoon books on tuberculosis, were Virginia Weber, Harry Hubbard, and Donna Young. Mrs. Thelma R. Kneer served as faculty adviser.

Local winners automatically enter state-wide competition with winners from other Ohio counties, and state winners vie for national competition.

Judges were Pauline Smith, former newspaper woman; Dr. William L. Potts, medical director of Benjamin Franklin Hospital; and James Fusco.

The school press project is a health education feature of the Columbus Tuberculosis Society.

Local Woman Unhurt In Auto Accident Friday

Mrs. Betty Ritchie, 166 N. Oakley-av, was taken to Grant Hospital for examination Friday, after she was involved in a collision with a truck on Lockbourne-rd. She apparently suffered no injuries and was released. Mrs. Ritchie, wife of City Patrolman Hurshel Ritchie, was on her way to work.

Local Restaurant Manager Stabbed

Frank Yonadi, 32, 328 S. Roys-av, manager of Phillips Coney Island, 747 N. High-st, was treated at White Cross Hospital last Wednesday for knife wounds in his arm after he was attacked by three men in the northside restaurant.

Released after treatment, Yonadi told police the five men entered the restaurant and threatened an attendant with a knife. When Yonadi called police, three of the men attacked him. The three were arrested by police and charged with assault and battery.

Numerous Hilltoppers Are Extending Their Education at Evening School

Hilltoppers are extending their educational opportunity this semester by attending Columbus Evening High School at Central High School three nights weekly between the hours of six and ten.

With a wide selection of courses, comparable to that of any high school in the city, Hilltoppers burn plenty of "midnight oil" in quest of a high school education.

Many attending are high school and college graduates who wish further training in a specialized subject.

F. D. Mason, Highland School principal, is also head at E.H.S.

Ages of Hilltoppers enrolled this term range from 16 to 65.

Local people attending Columbus Evening School are: Ellen Ervin, 31 S. Burgess-av; Jack Brink, 2654 W. Broad-st; George Woodson, 167 S. Warren-av; Mrs. Marie Fers, 409 Ryan-av; Elmer Schafer, 3111 W. Broad-st; Feliadelfo U. Perez, 2518½ W. Broad-st; Jean Mason, 2518½ W. Broad-st; Adeline Jennings, 267 S. Oakley-av; Garnet Blum, 203 Midland-av; Pat Hand, 638 Wiltshire-rd; Stephen W. Cox, 198 S. Ceremony Took Place In Alaska Uniting New Mr. and Mrs. Klein

Sgt. and Mrs. Harold W. Klein
(Jo-Ann Bergman)

The marriage of Miss Jo-Ann Bergman, daughter of Mr. and Mrs. LeRoy Bergman, 1479 Walsh-av, and Sgt. Harold W. Klein, son of Mr and Mrs. Frank Klein, 16 N. Warren-av, took place Dec. 24, 6:30 p. m. in the First Methodist Church of Anchorage, Alaska.

The vows were pronounced by Rev. A. E. Purivance before the altar decorated with two candelabra, and fern centered with two baskets of white chrysanthemums and pom-poms. The double ring ceremony was preceded by vocal selections.

The bride, given in marriage by Captain Edward Neolon, was attired in a lovely skinner satin gown, cut along tailored lines, with a high neckline, tailored collar, long sleeves tapering to a point over the hands, fitted bodice, with tiny satin covered buttons extending down front. A very full skirt terminating into a long graceful train and tailored satin bows trimmed the skirt. The English half veil of sheer bridal illusion draped from a satin demi bonnet, edged in lace ruching. Red and white roses formed her bridal bouquet, and she carried a hand made handkerchief, a gift of her grandmother.

Mrs. Joan Moore served as the matron of honor. Her gown was fashioned of moss green, Gros De Londres taffeta, with short sleeves, net yoke, fitted basque bodice, very full skirt appliqued of net. She carried a colonial bouquet of yellow Talisman roses.

Miss Loraine Dunne, flower girl, was attired in a pale yellow net gown and she carried white and yellow roses. She is the daughter of Mr. and Mrs .Thomas Dunne of Anchorage.

S.Sgt. Donald Moore served as best man. Ushers were Sgt. Don Milton and Sgt. Joe Free. They were all in formal uniform.

NEW-LENGTH HAIR STYLING TO BE VOGUE THIS SPRING

By Judy Jones

The Ohio Hairdressers Guild met recently with many Hilltop beauty salonists in attendance to hear hair stylists decree what was in store for Spring. The general trend seems to be for the hair to be swept away from the face and the longer back hair arranged to create and hold the interest.

Judy Banning

Arthur Mohler of the Westmoor Beauty Salon, 3090 W. Broad-st who attended the hairdressers' meeting, says, "Hair will be a little bit longer but still 'short'." Mr. Mohler predicts a "just-off-the-collar" length to be the most popular in the near future.

This off-the-collar length is, says Mr. Mohler, a good basic hair cut which could furnish the foundation for 10 or 12 hair styles. He also points out that with the rising popularity of hair-pieces it is necessary to have something to pin-to.

As for the chignon or hair piece, Mr. Mohler who has been in the beauty business 20 years, says that it can be a very expensive proposition with some examples selling at more than $100. However it is still probable that some women will buy and wear those which are within their budget.

Mrs. J. Curtis Allen, 221 N. Ogden-av, a retired beautician, believes that because of its simplicity and youthfulness girls like Judy Banning, 146 N. Terrace-av, will continue to wear their hair short, and bangs won't stop being popular with the younger set.

As for the co-ed or business girl, Mrs. Allen feels that her hair will give the illusion of being longer because the sides will be less curly and brushed back off the face.

Mrs. Gene Wolfe

Mrs. Gene Wolfe, 76 N. Ogden-av, who works with her husband at the Wolfe Electric Shop, is the type to which Mrs. Allen may have been referring when she said, "Housewives and club women will continue to wear soft curls around the face because it is the most flattering. Especially so with hair ranging in color from steel grey to white."

Mrs. Hazel Bercaw, one of the best-known Hilltop beauticians with her Salon and Gift Shop at 2842 W. Broad-st, attended the 23rd annual Guild meeting to formulate the following ideas:

"The hair will be only two in two and one-half inches long in back, dressed closer to the head with soft waves, curls or rolls on the front of the head to suit the profile of the lady."

Mary Lou Carlson, 645 S. Burgess-av, wears her hair in a soft wave to typify one of the possibilities with "new-length" hair.

Mrs. Bercaw predicts success for the new length. "If the beautician can execute her work instead of the customer trying to have a 'style' which is not becoming to her or which is hard to comb. This new style can be very simple to take care of and it is not necessary for any false hair to be used whatsoever."

A reminder: Spring, the season in which we either go bare-headed or wear new Spring hats, is just around the corner! And whether you are a teen-ager or a club-woman now is the time to condition your hair for new Spring beauty. So take the extra time to brush new life and glory into your hair, and have a professional job of thinning and trimming done.

Mary Lou Carlson

West Extra Curricular Activities Present Well Rounded Programs For Students

PHOTOPLAY CLUB

The Photoplay Club is sometimes mistakenly thought to be one that centers around the taking of pictures, but actually it was founded in October 1934, to promote an interest in good moving pictures and to develop an appreciation for the best in this art; to study the technical side of the moving picture and the different trades and vocations connected with it as an industry; and to aid in presenting good slides and films.

Students most likely to join Photoplay Club are those interested in the motion picture from an artistic, literary or technical angle.

The regular meetings fall on the third Wednesday morning of each month. Occasionally there is a special meeting after school, called by the adviser, Mrs. Delane Kittel.

A theater party downtown is usually a feature of each semester. The choice of film is decided by a combination of critics' estimates and club vote.

Dues in the Photoplay Club are 25c a semester, and club credit is given to any pupil who combines payment of the dues with the required percentage of club attendance.

The Future Teachers of America is a national organization with more than five hundred chapters. Of these, Ohio leads with 73 chapters.

The purpose are to learn about the opportunities in teaching, "to cultivate the qualities essential in a good teacher, to study the lives of great teachers and to foster the development of student leadership.

Membership is open to anyone who is interested in teaching and who has the necessary qualities of character, scholarship and leadership.

The faculty adviser is Pauline Sparrow.

The French Club

Purpose of the French Club is to increase the members' knowledge and understanding of French customs, civilization, and culture; to improve the members' ability to use the French language by providing additional opportunity for learning and speaking it; to provide opportunity for participation in group activities and democratic organization; and to foster the social activities of the members.

A program for the entire year is planned in September to carry out these aims, and every club member serves on a committee. The club meets regularly the second Tuesday or Thursday of each month, and special meetings are arranged to hear local speakers or to entertain pupils from other schools. The big social event of the year is the Mardi Gras, in February or March, given alternately by the French and Spanish Clubs for the students of these languages.

All students engaged in the study of the French language, and those having had one year, are eligible.

The faculty adviser is Leona Glenn.

Road Travels — Through Store Window Pane

Paved roads are generally solid, dependable, and they usually stay in one spot, but a piece of Route 40 must have gotten an urge to travel last Wednesday, because it left the road and entered Herb Riebel's store at 5590 W. Broad-st.

Entering the store the piece incidentally shattered a 10 by 14 foot plate glass window in the farm store.

Riebel said the piece of concrete from the highway went through the store window, which is 60 feet back from the road and landed against a counter inside the store.

According to Riebel, the State Highway Department had repaired the road in front of his store Tuesday, but that during the night an auto had apparently flipped the piece through the window.

Mr. Grady Thomas suffered from nagging pains due to a lack of Vitamins B_1, B_2, Iron and Niacin.

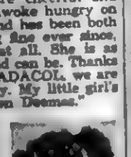
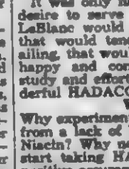
Why Settle for Symptomatic Relief When HADACOL Has Helped People Like These with Such Deficiencies

Mrs. Dannis Deemes, 111 Florence Street, Hot Springs, Arkansas: "My little girl has taken four $1.25 size bottles of HADACOL. She is three years old, was pale, nervous, had no appetite. Didn't care to play like other children. At night, she would awaken many times frightened and nervous. She would only sit around days and was very easy to cry. I was worried, because she was so pale and had no appetite at all. Then, I had heard of the wonders that HADACOL had done for so many people, both young and old. So I decided to give it to my little girl. I did so, and the third day after she began taking HADACOL, she was more cheerful and began to eat. She awoke hungry on the 3rd morning, and has been both eating and sleeping fine ever since, and isn't nervous at all. She is as cheerful as any child can be. Thanks to the makers of HADACOL, we are a HADACOL family. My little girl's name is Mary Helen Deemes."



Mrs. Verna Riley, 914 Missouri Avenue, Jeffersonville, Indiana: "I had been sick off and on for a long time. I am now 51 years old. After I heard about HADACOL, I have taken two bottles. I don't have that fullness in my stomach and I can eat anything I wish. I sleep much better at night. Myself, I wouldn't do without HADACOL. My family also takes HADACOL."



Mr. Grady Thomas, Route 2, Somerville, Alabama: "My age is 50. I was sick for a long time. Could not sleep at night. After taking three bottles of HADACOL, I felt much better and now I can sleep all night. My wife says she believes I could sleep a week. I can do a full day's work on my farm. Before taking HADACOL, I couldn't work more than an hour or two at a time. I am very thankful for learning about this product."

Mrs. Marjorie Mullins, Jewellridge, Virginia: "I feel sure HADACOL has helped me in many ways. My health was very poor, till I decided to give it a trial. I got one economy size bottle. It helped so much, I decided I wouldn't be without it. So now I am on my 4th large bottle. Before I took it, I wasn't able to do my housework, and care for my family. Every month, I would have to give up and think I was going to die. But thanks to HADACOL I never feel those weak spells any more. I tell my neighbors about it. I do my housework, my washing and never felt better. I am 43, but don't feel like my age is getting me down now. I am the mother of eight children and have been a widow for 10 years. I worked hard and sent my children to school, and now they are old enough to help me."

Mrs. C. H. Streck, 685½ West Second Avenue, Pine Bluff, Arkansas: "Before using HADACOL, I was rundown, nervous, and had upset stomach. My friends could not understand the way I was acting. After I took HADACOL, I felt better than I have ever felt. I am not at all nervous and my friends have remarked at the change in me. I am forever grateful for what HADACOL has done for me. I wish to let the whole world know how much I praise HADACOL."

Lloyd R. Schaultz, 4645 Erie Avenue, Houston, Texas: "Before I took HADACOL, I did not know what it was to sleep for over an hour at night. Since using HADACOL I sleep all night without pains. I have taken three bottles of HADACOL and the relief has been wonderful. I have started on my fourth bottle."

Bennie Hollingsworth, Box 8, Simms, Louisiana: "I am ten years old. I have been sick for a good while. I was nervous. I could not sleep at night. I did not want to study my school lessons. Then, some of my friends told me about HADACOL. Now I have taken only three bottles of HADACOL. I can say that HADACOL has helped me a lot. Now, I can sleep. I am not so nervous. I do not hate to get my school lessons. I want to thank my friends for telling me about HADACOL."

SENATOR DUDLEY J. LEBLANC, Whose Tireless Efforts For Relief Of Suffering, Have Brought Humanity Today's Great HADACOL

Senator LeBlanc in all of his political activities has always championed the cause of the oppressed, and the poor and underprivileged.

He was the first candidate for Governor to advocate a specific Old Age Pension . . . and today in Louisiana, he is known as the Father of the Old Age Pension. In the course of his long, lone fight he has had his critics, but to those who opposed him he has continually stated, "If you do not believe in Old Age Pensions, remember the mandate of the Lord himself—'Honor thy Father and thy Mother that thy days may be long upon the land which the Lord thy God giveth thee.'"

Senator LeBlanc is known as a friend of the veterans. He introduced and successfully passed the law that created the State Service Commissioner whose duty it is to see that every service man receives his just compensation from both State and Federal governments. His activities in public life in behalf of the working man are too numerous to mention here.

It was only natural that in his sincere desire to serve the people, that Senator LeBlanc would seek and find a product that would tend to assist the poor and ailing, that would help them lead a more happy and contented life. His tireless study and effort resulted in today's wonderful HADACOL.

Senator Dudley J. LeBlanc

Why Wait?

Why experiment, why give up, why suffer from a lack of Vitamins B_1, B_2, Iron and Niacin? Why not make up your mind to start taking HADACOL today with the positive assurance that it will help you if you suffer from such deficiencies or the Senator will gladly send back your money. You have to be satisfied, and since Senator LeBlanc has proven by his past activities that he is your friend, you know you can depend on what he says and what he does. Ask for HADACOL now. Trial size $1.25; large family or hospital size $3.50.

The Low Down On High Ridgers

By One of Them

Hi Folks! Before I forget, I want to mention our W. Mound bus schedule. Some of our neighbors wonder why they wait so long for it to show up. Well, the schedule was changed a little when our bus line was extended. And probably nine times out of 10 we just happen to get down to our bus stop a little late, that's all.

Now mark this down in your notebooks. The bus leaves Binns-blvd on the HOUR and every 15 minutes thereafter. So give it a couple of minutes to reach our section and you just can't miss.

The RICHARD MURRAYS have a blue Chevy—new, of course. To be on the safe side they bought a two-door. You know—so when daughter drives, the parents won't fall out.

Speaking of new cars, some of us Hi Ridgers must be "loaded." HARRY STEED has a new Ford; ED REED, a Kaiser; GERTRUDE and SOPHIE PENNEKAMP, a Plymouth; and FRANK CALLIGURI, a Buick.

MRS. MARY MICK "took over" at the Social Club of Robert Morris Chapter yesterday and did quite well. She's full of fun, and yet can hold as good a business meeting as any officer on the Hilltop.

Cupid brought us a newly married couple on Valentine's Day. The new bride and groom are MR. AND MRS. DALE SCOTT. Welcome! DALE is the office manager of the Keever Starch Co.

Today at 3 o'clock we Hi Ridgers will be eating ice cream cones at the opening of the Dairy Queen today. 'Tis a good sign that warm weather is ahead.

BUDD SAWYER found a pair of manicure scissors but he located it the hard way. One night last week he visited his neighbor, CHUCK BUXTON, at a late hour, and as he crossed the lawn in his soft-soled house slippers the sharp point of the scissors went into his foot. We all heard him screech. Don't cross lawns, BUDD, especially in the dark.

ANN McCALL, just returned from South America, and does she ever have a REAL TAN! Ann was visiting her aunt and uncle down there the past six months—a present from them when she graduated from OSU last year. She'll have a let..to tell us.

Mr. Lee is confined to Mt. Carmel Hospital. The Hoffman family recently lived on Whitethorne-av, Rainbow.

Johnnie Doughty, infant son of Mr and Mrs. J. Doughty, 954 Clarendon-av, is ill and is confined to Children's Hospital. Johnnie has a twin sister at home.

James Pack, 815 Clarendon-av, who is stationed at Fort Knox, Ky., with the U. S. Army, visited two days last week with his wife and baby back. He is confined to Mt. Carmel Hospital. The Hoffman family recently lived on Whitethorne-av, Rainbow.
